Customers speaking on R16

"The futuristic vision of OpenText Release 16 is what I call being ahead of the game. This release will enable us to collaborate, secure and digitize our business processes."

Sonia Diaz-Sotomayor
Senior Consultant, IT/IS
BELL CANADA

"The intuitive user interface with built-in collaboration in OpenText Content Suite 16 is just what our users have been waiting for! The enthusiasm our users have for this new release has translated into expedited buy-in from our management team."

Erin Gendron
Manager, Information Management Solutions
Oxford Properties Group

"The new role-based user interface in Content Suite 16 provides a rich user experience. It's going to make a major impact on user acceptance. Every Content Suite user will love this product!"

Praveen Nagarajan
Analyst
Phillips 66
