

Gulf Coast Ultra Deep Royalty Trust

2022

Federal Income Tax Information

GULF COAST ULTRA DEEP ROYALTY TRUST

FEDERAL INCOME TAX INFORMATION

This booklet provides 2022 tax information which will allow Trust Unit Holders to determine their pro rata share of deductions attributable to their investment in the Gulf Coast Ultra Deep Royalty Trust (the “Trust”). Each Trust Unit Holder is encouraged to read the entire booklet very carefully. The material herein is not intended and should not be construed as professional tax or legal advice. Each Trust Unit Holder should consult the Trust Unit Holder’s own tax advisor regarding all tax compliance matters relating to the Units.

Instructions for Schedules A, B, C, and D of this Booklet

Schedule A

For Trust Unit Holders who file income tax returns on the basis of the calendar year and the cash method during 2022, the Trustee has prepared Schedule A as an **EXAMPLE** which summarizes the distributable items required to prepare 2022 tax returns as if the Trust Unit Holder had held 100 Units during all of 2022.

Schedule B

Schedule B summarizes the distributable items on a one Unit basis. In accordance with the Trust Agreement, deductions for each quarter are deemed to be realized on the Quarterly Record Date for that quarter and are allocated to the Trust Unit Holders of record on that date. Therefore, Schedule B is prepared on a quarterly basis. Each Trust Unit Holder using Schedule B should compute his tax information by using the relevant information for each quarter for which he was a Trust Unit Holder of record. Then the results of all appropriate quarters should be combined.

Schedule C

Schedule C should be used by all Unit Holders to compute depletion. Calendar year Unit Holders who acquired their Units as part of the Agreement and Plan of Merger between Freeport-McMoRan Inc. (“FCX”) and McMoRan Exploration Co. (“MMR”) and continue to own those Units should use Schedule C, Part I. Schedule C Part I should also be used for the same Unit Holders noted above to calculate deductions attributable to abandonment/worthlessness losses. Other Unit Holders who acquired their Units subsequent to the Agreement and Plan of Merger should use Schedule C, Part II to compute depletion.

Schedule D

Unit Holders who acquired their units subsequent to the Agreement and Plan of Merger should use Schedule D on page 9 of this booklet to compute their abandonment/worthlessness loss. Schedule D summarizes deductions attributable to each Unit Holder loss associated with the abandonment or worthlessness of the royalty interest in properties that, based on facts and circumstances, have been abandoned or became worthless for tax purposes. Each Unit Holder using Schedule D should compute the deduction based on when their Units were acquired.

I. FEDERAL INCOME TAX INFORMATION

1. Reporting of Income and Deductions.

(a) *Direct Ownership Reporting.* Tax counsel to the special committee of the board of directors of McMoran Exploration Co. advised the Trust at the time of formation that, for U.S. federal income tax purposes, in its opinion, the Trust will be treated as a grantor trust and not as an unincorporated business entity. No ruling has been or will be requested from the IRS or another taxing authority. The remainder of the discussion below is based on tax counsel's opinion at the time of formation. As a grantor trust, the Trust will not be subject to tax at the Trust level. Rather, the Trust Unit Holders will be considered to own and receive the Trust's assets and income and will be directly taxable thereon as though no trust were in existence. Under Treasury Regulations, the Trust is classified as a widely-held fixed investment trust. Those Treasury Regulations require the sharing of tax information among trustees and intermediaries that hold a trust interest on behalf of or for the account of a beneficial owner or any representative or agent of a trust interest holder of fixed investment trusts that are classified as widely-held fixed investment trusts. These reporting requirements provide for the dissemination of trust tax

information by the trustee to intermediaries who are ultimately responsible for reporting the investor-specific information through Form 1099 to the investors and the IRS. Every trustee or intermediary that is required to file a Form 1099 for a Trust Unit Holder must furnish a written tax information statement that is in support of the amounts as reported on the applicable Form 1099 to the Trust Unit Holder. Any generic tax information provided by the Trustee of the Trust is intended to be used only to assist Trust Unit Holders in the preparation of their U.S. federal and state income tax returns.

(b) *Taxable Year.* Schedules B, C, and D are prepared by calendar quarter on a per Unit basis to permit Trust Unit Holders with taxable years other than a calendar year to obtain their tax information by computing the relevant information for each quarter during their taxable year and then combining the results of each quarter. In accordance with the Trust Agreement, deductions for each quarter are allocated to the Trust Unit Holders of record on the Quarterly Record Date. The taxable year of the Trust is irrelevant.

(c) *Unit Multiplication.* Because Schedules B, C, and D show only results per Unit, it will be necessary to multiply the results shown by the number of Units owned by the Trust Unit Holder during the applicable period to obtain the amount to be reported on his tax return. Deductions per Unit may be taken directly from the appropriate schedules.

(d) *Individual Taxpayer.* For Trust Unit Holders who held Units as an investment during 2022 and who file Form 1040, it is suggested that the items of income and deduction for 2022 be reported in the following manner:

<u>Item</u>	<u>Form 1040</u>
Royalties Received	Line 4, Part I, Schedule E
Interest Expense	Line 13, Part I, Schedule E
Depletion	Line 18, Part I, Schedule E
Administration Expense	Line 19, Part I, Schedule E
Abandonment or Worthlessness Loss	Line 19, Part I, Schedule E
Interest Income	Line 1, Part I, Schedule B
<u>Form 1040</u>	<u>Form 8960</u>
Schedule E Items (Royalties less deductions)	Line 4a, Part I
Schedule D Items (Capital Gain/Loss)	Line 5a, Part I

Royalty income is generally considered portfolio income under the passive loss rules enacted by the Tax Reform Act of 1986. Since all income from the Trust is royalty income, this amount, net of depletion, is portfolio income and, subject to certain exceptions and transitional rules, this royalty income cannot be offset by losses from passive businesses.

An individual having adjusted gross income in excess of \$200,000 (or \$250,000 for married taxpayers filing joint returns) is subject to the Net Investment Income Tax of 3.8% on the lesser of such excess or the individual's net investment income. Net investment income generally includes royalty income derived from the Units less deductions allocable to the royalty income (including depletion, interest expense, and administration expense and abandonment/worthlessness deductions). Also, any net gain from the disposition of Units is included in Net Investment Income for this purpose. The Net Investment Income Tax should be computed on Form 8960 for an individual.

See Exhibits I through III for examples of how to report the items listed above.

(e) *Widely Held Fixed Investment Trust Information.* The Trustee assumes that some Units are held by a middleman; as such term is broadly defined in U.S. Treasury Regulations (and includes custodians, nominees, certain joint owners, and brokers holding an interest for a custodian in street name). Therefore, the Trustee considers the Trust to be a non-mortgage widely held fixed investment trust ("WHFIT") for U.S. federal income tax purposes. The Bank of New York Mellon Trust Company, N.A. ("Trustee"), 601 Travis Street, 16th Floor, Houston, Texas 77002, telephone number 1-512-236-6545, is the representative of the Trust that will provide tax information in accordance with applicable U.S. Treasury Regulations governing the information reporting requirements of the Trust as a WHFIT. Notwithstanding the foregoing, the middlemen holding Units on behalf of Trust Unit Holders, and not the Trustee of the Trust, are solely responsible for complying with the information reporting requirements under the U.S. Treasury Regulations with respect to such Units, including the issuance of IRS Forms 1099 and certain written tax statements. Trust Unit Holders whose Units are held by middlemen should consult with such middlemen regarding the information that will be reported to them by the middlemen with respect to the Units.

2. Computation of Depletion. The Unit holder should ordinarily compute both percentage depletion and cost depletion from each property and claim the larger amount as a deduction on his income tax return. The Trustee and its independent accountants have estimated that percentage depletion for January through December 2022, will not exceed cost depletion. As a result, unit holders will not need to compute percentage depletion for 2022.

- (a) *Cost Depletion.* Each Unit Holder is entitled to compute cost depletion with respect to his share of royalty income received through the Trust based on his basis in the overriding royalty interest in certain productive oil and gas properties. Unit Holders who acquired their Units as part of the Agreement and Plan of Merger between FCX and MMR and continued to hold those Units through the 4th Quarter 2022 Record Date should compute cost depletion using the amount shown on Schedule C, Part I (on a per Unit basis).

All other Unit Holders must compute cost depletion by multiplying their Royalty basis by the depletion percentages listed on Schedule C, Part II, for each quarter for which they were a Unit Holder of record, and then combining the results for each quarter of 2022 that they held the units. Unit Holders who acquired Units after the Agreement and Plan of Merger, will have a Royalty basis equal to the purchase price of those Units. Unit Holders using Schedule C, Part II should compute depletion based on when the units were acquired.

3. Sale of Units. The sale, exchange or other disposition of a Unit is treated for federal income tax purposes as the sale of an interest in the underlying property of the Trust. Gain or loss is computed under the usual tax principles as the difference between selling price and adjusted tax basis of a Unit. The adjusted tax basis of a Unit is the original cost or other basis of the Unit reduced by any depletion allowed or allowable and the abandonment/worthlessness deductions allowed. The amount of gain, if any, realized upon the disposition of oil and gas property is treated as ordinary income to the extent of depletion claimed with respect to that property to the extent it reduced the Unit Holder's basis in the Units. The balance of any gain or any loss may be capital gain or loss depending on whether that Unit was held by the Trust Unit Holder as a capital asset, and either long-term or short-term depending on the holding period of the Unit. Capital gain or loss will be long-term if a Unit Holder's holding period for those Units exceeded one year as of the date of sale or exchange. A preferential rate of tax applies to long-term capital gains recognized by individuals, estates and trusts. Capital gain or loss would be reported on Form 1040, Schedule D. Individuals, estates and trusts may also be subject to an additional 3.8% tax on any gain recognized as a result of selling, exchanging or otherwise disposing of a Unit.

4. Abandonment or Worthlessness Loss Deduction. Each Unit Holder is entitled to compute abandonment or worthlessness loss with respect to his share of the Trust based on his basis in the overriding royalty interest in certain oil and gas properties (the "Royalty"). Unit Holders who acquired their Units as part of the Agreement and Plan of Merger between FCX and MMR and continued to hold those Units through the 4th Quarter 2022 Record Date should compute the abandonment loss deduction by using the amount shown on Schedule C, Part I (on a per Unit basis).

All other Unit Holders must compute the abandonment loss deduction by multiplying their Royalty basis by the abandonment percentages listed on Schedule D, Part I, for each quarter for which they were a Unit Holder of record, and then combining the results for each quarter of 2022 that they held the units. Unit Holders who acquired Units after the Agreement and Plan of Merger, will have a Royalty basis equal to the purchase price of those Units.

5. Reconciliation of Net Income and Cash Distributions - Reserve Account. The difference between the per Unit net income for a period and the per Unit cash distributions paid for that period is attributable to adjustments in the Reserve Account. The Reserve Account is increased by expenditures which are not deductible and by increases in the cash reserve established by the Trustees for the payment of future expenditures. The Reserve Account is decreased by the recoupment of capital items and by reductions in previously established cash reserves.

6. Foreign Persons. The federal income taxation of non-resident aliens and foreign corporations is highly complex, and it is recommended that these persons consult their own tax advisors.

II. STATE INCOME TAX INFORMATION

Trust Unit Holders may have state filing requirements as a result of their ownership of Units. The Trust owns overriding royalty prospects in Louisiana and the Gulf of Mexico. If needed, the apportionment data required to comply with state tax filings is below. Trust Unit Holders should consult their tax advisors concerning state tax compliance matters relating to their ownership of Units.

Royalty Income & Cost Depletion Sourced by State:

Louisiana - 100.00%
Other - 0.00%

Administrative expense and interest expense Sourced by State:

Louisiana - 100.00%
Other - 0.00%

Abandonment/Worthlessness Loss Deductions Sourced by State:
