Brucejack Gold Mine Project

65 km north of Stewart (British Columbia)

Reference number: 80034

Federal Responsible Authority: Canadian Environmental Assessment Agency

Proponent: Pretium Resources Inc.

Environmental Assessment Commenced: 2013-03-26

Environmental Assessment Type: Environmental Assessment by Responsible Authority

Status: Environmental assessment completed

Latest Update

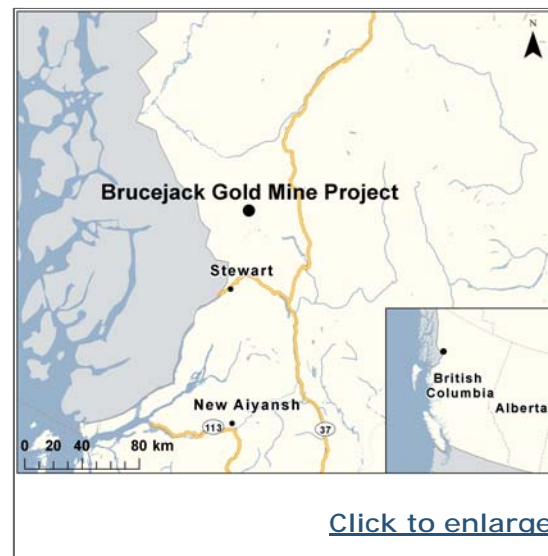

July 30, 2015 - The Minister of the Environment issued the [Environmental Assessment Decision Statement](#) to the proponent.

About the Proposal

Pretium Resources Inc. is proposing the construction, operation and decommissioning of a gold-silver underground mine located approximately 65 kilometres north of Stewart, British Columbia. The proposed project would produce approximately 16 million tonnes of mineralized material at a rate of up to 2,700 tonnes per day over a minimum 22-year mine life.
