

What's New on Hackster.io and element14? "Ask Avnet!"

Terms:

Ask Avnet, Avnet's on-demand intelligent agent is now available to users on the [Hackster.io](#) [1] and [element14.com](#) [2] communities, giving Avnet customer's the ability to leverage the extensive engineering knowledge base and design and supply chain support ecosystem across Avnet, Hackster.io and element14.

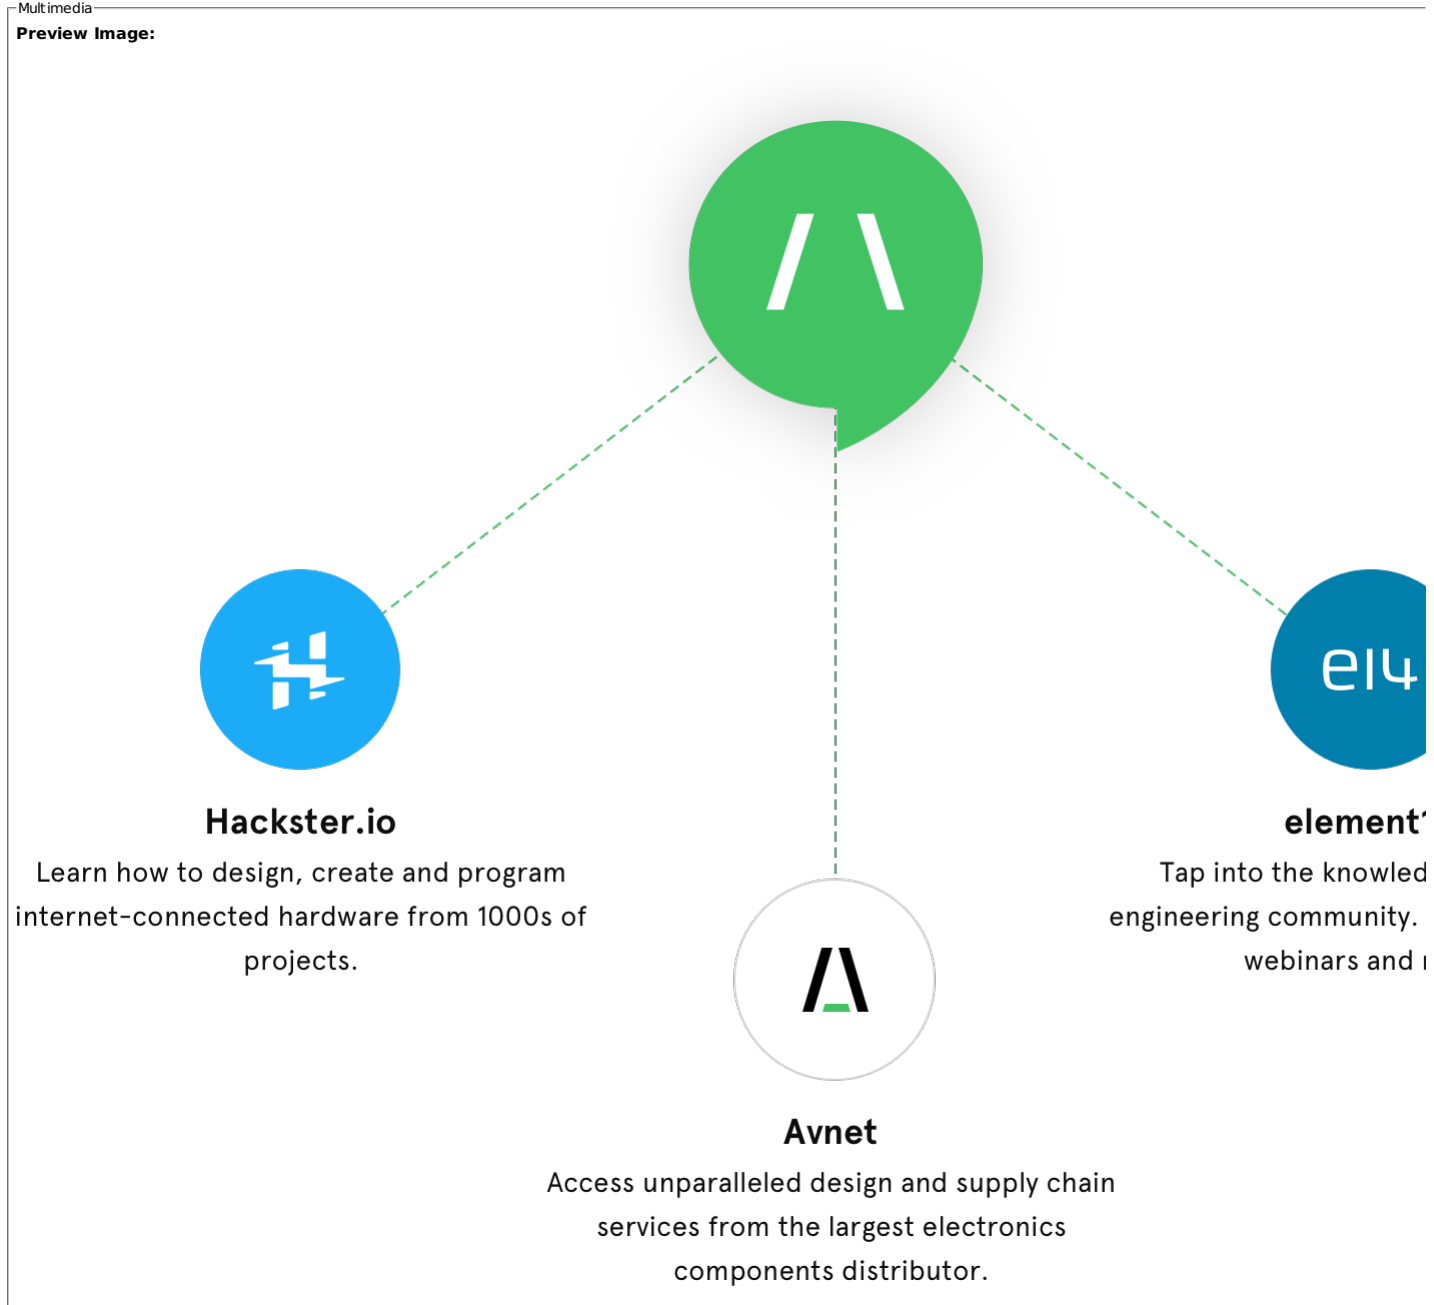

The Ask Avnet digital platform has been available on Avnet.com in the Americas since [November 2017](#) [3]. Now, customers can seamlessly connect between Avnet's diverse community sites for information on contests and design challenges, trending topics, projects or platforms and search for available products to purchase at Premier Farnell, Newark and Avnet.

Note to element14 community members: while internal testing of the Ask Avnet service continues, access to Ask Avnet will be limited to members located in the UK. However, any user who would like to utilize the service before the global launch can simply change their location setting in User Preferences to the UK. Once your preferences are updated, a small speech bubble should appear in the lower right corner of your page. Click on the bubble and "Ask Avnet!"
