

Avnet Connects with ODU-USA

Terms:

Avnet, a leading global technology distributor, and [ODU](#) [1], a worldwide leader in designing and manufacturing high-performance connector solutions and cable assemblies based in Camarillo, Calif., have announced the signing strategic agreement which authorizes Avnet to represent ODU-USA's entire connector solution portfolio, including ODU MINI-SNAP® and ODU MEDI-SNAP®, in the United States, Mexico and Canada.

Avnet's extensive ecosystem of interconnect products and solutions, and broad selection of design tools and value-added services, offers customers the support needed to optimize every layer of connection in their systems. In addition, Avnet's product management experts work closely with customers to ensure inventory is positioned to meet delivery requirements in the most efficient and cost-effective manner possible.

Offering more than 80,000 combinations of product that continues to grow through custom specific designs, ODU-USA's advanced connectors are found in a variety of challenging application environments including medical, industrial, test and measurement, military and security, eMobility and energy.

ODU-USA advanced connector solutions can be purchased from Avnet at <https://www.avnet.com/shop/us/m/odu> [2].
