

Live Stream Event: A Maker's Guide to Bill of Materials Management

Terms:

Watch Dragon Innovation CEO Scott Miller, Nov. 7, on Hardware Studio

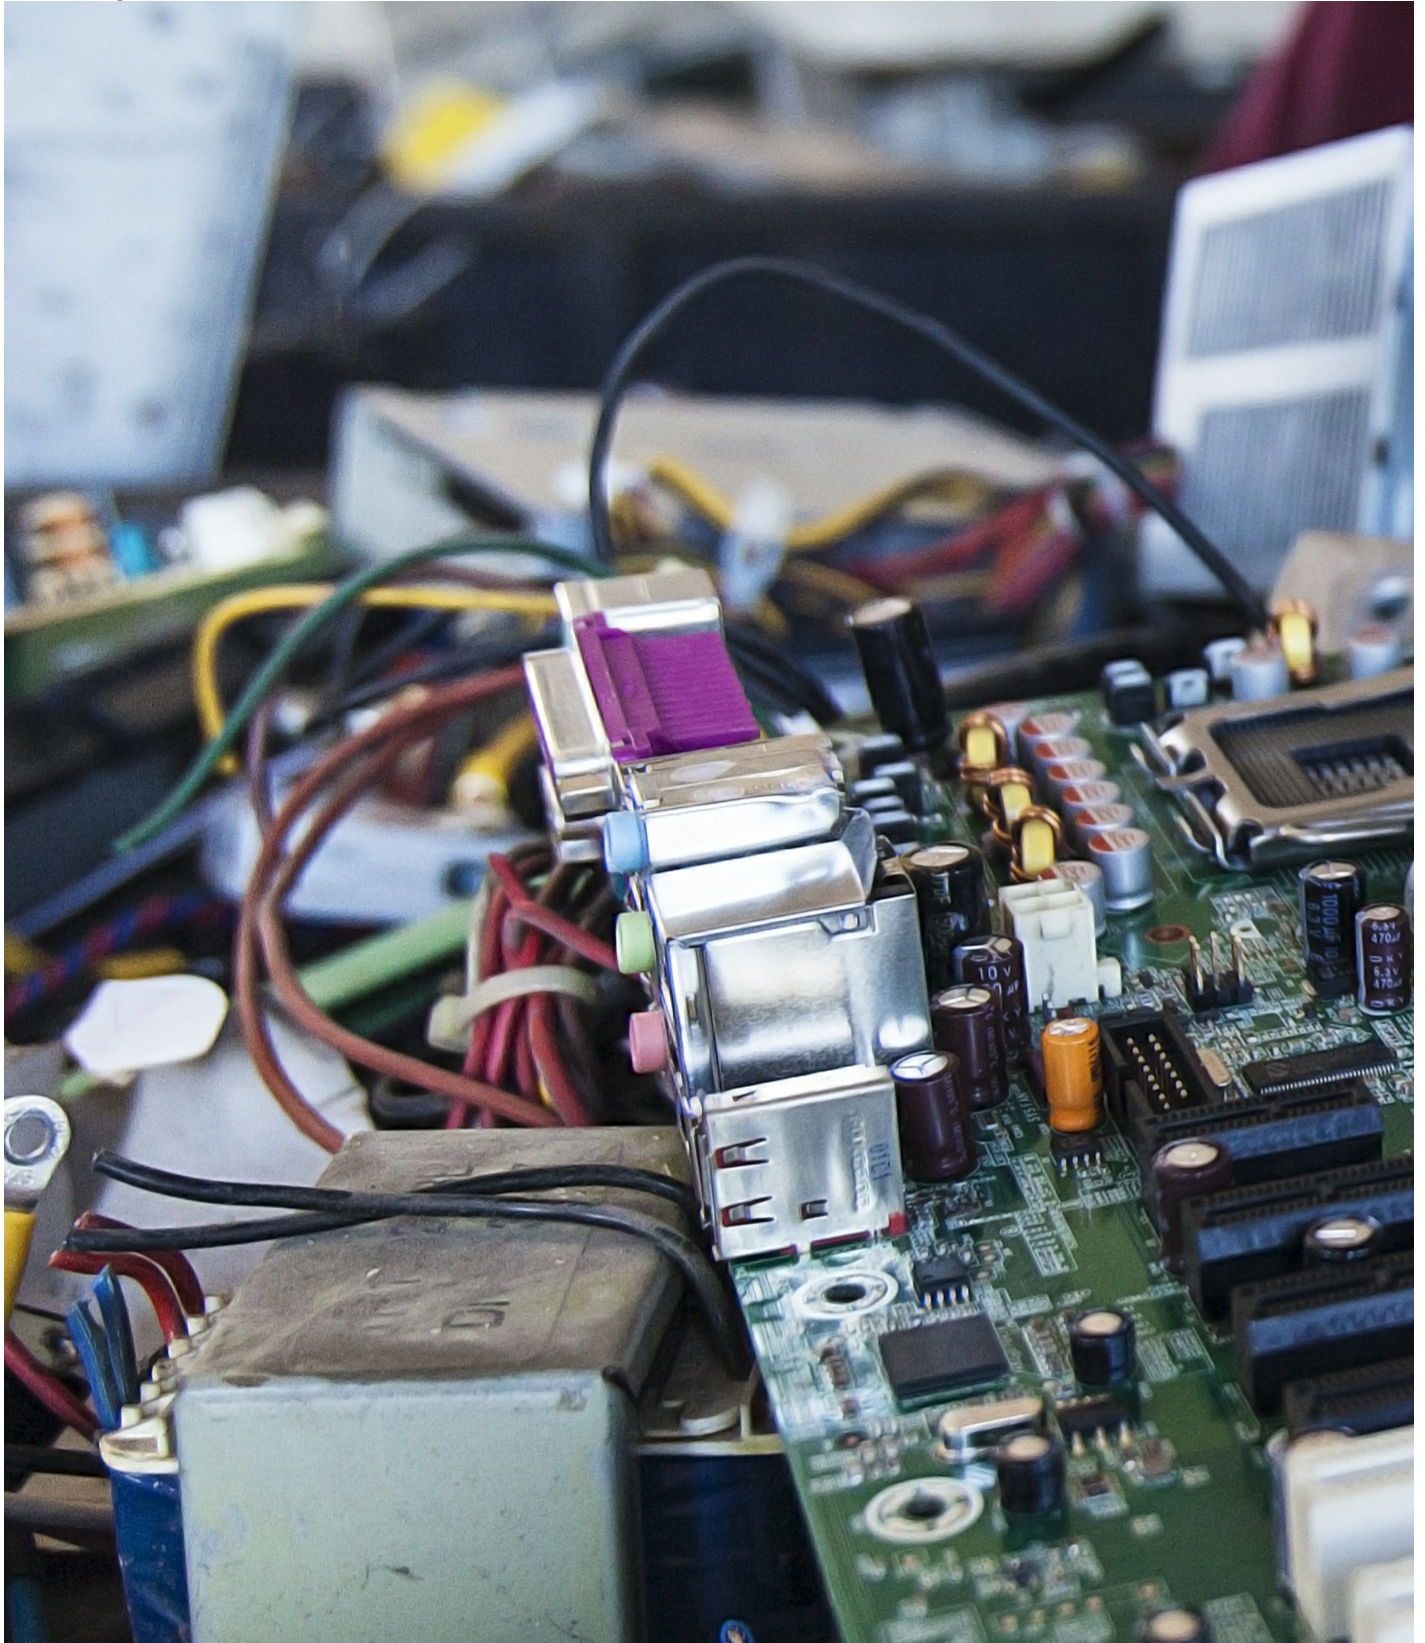

Developing a bill of materials (BOM) is a crucial step in a hardware team's journey from prototyping to manufacturing. On Nov. 7, 2017, 1pm (EST), Dragon Innovation CEO and co-founder Scott Miller will be hosting a live stream seminar on [Hardware Studio](#) ^[1] demonstrating how a well structured and researched BOM can help teams see into their manufacturing future, providing valuable insights that enable them to avoid costly mistakes and common pitfalls. Mark your calendar and go to <https://hardware.studio/livestreams/using-bill-materials-crystal-ball> ^[2] to view the stream or submit a question.

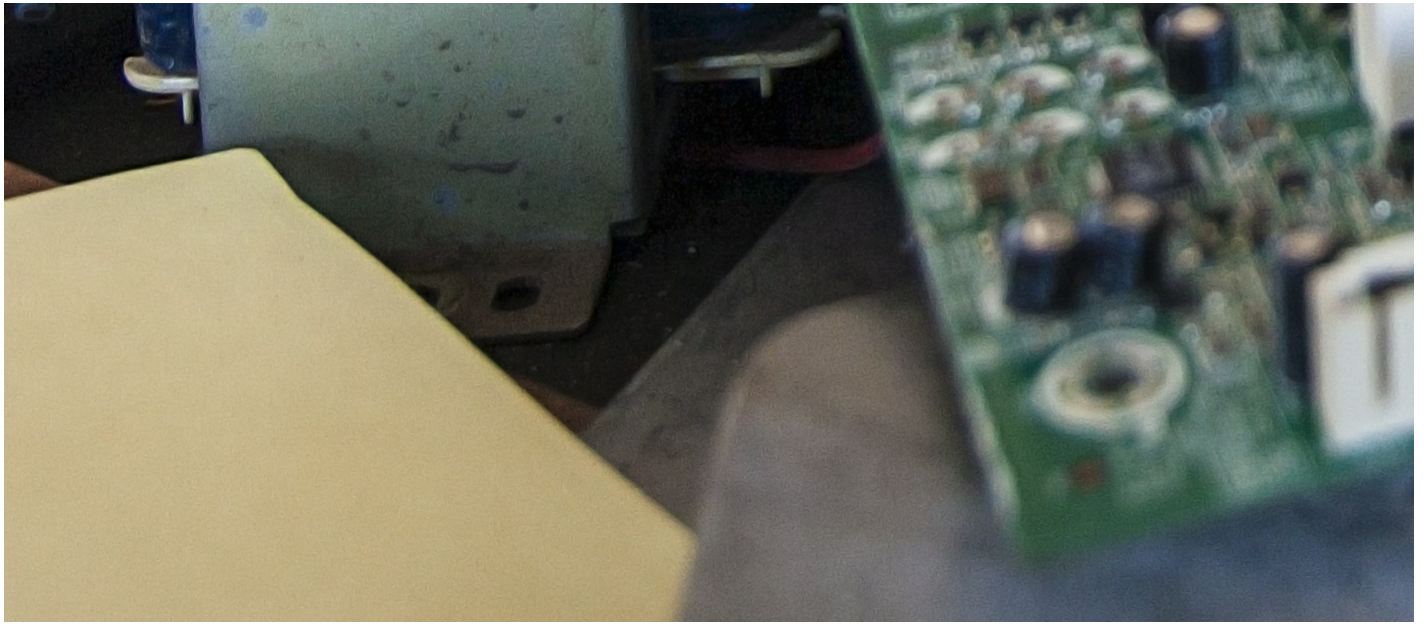

Hardware Studio, a joint venture between Avnet, Avnet's Dragon Innovation division and Kickstarter, is part of Avnet's growing ecosystem of communities, tools, resources and services, guiding customers through each phase of the technology product lifecycle. For examples of how this ecosystem has helped bring innovative new products to market, visit : <https://www.avnet.com/wps/portal/us/company/about-avnet/success-stories> ^[3].

Visit Avnet's [Supply Chain Services](#) ^[4] page to learn more about the ways Avnet's expert team can support customer's full range of supply chain requirements.
