Membership

The Committee shall consist of at least three members, composed solely of directors deemed by the Board to be independent and who meet independence and experience requirements of the New York Stock Exchange; provided however, that the Company may avail itself of any phase-in rules applicable to newly listed companies in connection with an initial public offering. Accordingly, each member shall, in the judgment of the Board, have the ability to read and understand the Company's basic financial statements. At least one member of the Committee shall, in the judgment of the Board, be an "audit committee financial expert" in accordance with the rules and regulations of the SEC, and at least one member (who may also serve as the audit committee financial expert) shall, in the judgment of the Board, have accounting or related financial management expertise in accordance with New York Stock Exchange listing standards. No member of the Committee may serve on more than two other public company audit committees unless the Board determines that such simultaneous service will not impair the ability of the member to serve effectively on the Committee. The Board shall recommend nominees for appointment to the Committee annually and as vacancies or newly created positions occur. Committee members shall be appointed by the Board and may be removed by the Board at any time. The Board shall designate the Chair of the Committee.

Responsibilities

The basic responsibility of the members of the Committee is to exercise their business judgment to act in what they reasonably believe to be in the best interests of the Company and its shareholders. In discharging that obligation, members should be entitled to rely on the honesty and integrity of the Company's senior executives and its outside advisors and auditors, to the fullest extent permitted by law. In addition to any other responsibilities which may be assigned from time to time by the Board, the Committee is responsible for the following matters.

Independent Auditor

- The Committee shall be directly responsible for the appointment, compensation, retention, termination, and oversight of the work of any accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company (subject, if applicable, to shareholder ratification). Each such accounting firm shall report directly to the Committee.
- The Committee shall pre-approve the audit services and non-audit services (including the fees and terms thereof) to be provided by the Company's independent auditor pursuant to pre-approval policies and procedures established by the Committee. The Committee may delegate its authority to pre-approve services to the Chair of the Committee, provided that such designee presents any such approvals to the full Committee at the next Committee meeting.
- The Committee shall discuss with the independent auditor its responsibilities under generally accepted auditing standards, review and approve the planned scope and timing of the independent auditor's annual audit plan(s) and discuss significant findings from the audit and any problems or difficulties encountered, including any restrictions on the scope of the auditor's activities

or on access to requested information, and any significant disagreements with management.

- The Committee shall evaluate the independent auditor's qualifications, performance and independence, and shall present its conclusions with respect to the independent auditor to the full Board on at least an annual basis. As part of such evaluation, at least annually, the Committee shall:
 - obtain and review a report or reports from the Company's independent auditor:
 - describing the independent auditor's internal quality-control procedures;

 - describing all relationships between the independent auditor and the Company consistent with applicable requirements of the PCAOB regarding the independent auditor's communications with the audit committee concerning independence; and
 - assuring that Section 10A of the Securities Exchange Act of 1934 has not been implicated.
 - review and evaluate the lead audit partner of the independent auditor team(s), as well as other senior members;

internal control over financial reporting which are reasonably likely to affect the Company's ability to record, process, summarize and report financial information and any fraud involving management or other employees with a significant role in internal control over financial reporting. The Committee shall also review any special audit steps adopted in light of material control deficiencies and shall solicit the input of the independent auditor and internal auditor as it deems appropriate.

- The Committee, or the Chair of the Committee, shall review the type and presentation of information included in the Company's earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies, paying particular attention to the use of non-GAAP financial information.
- The Committee, or the Chair of the Committee, may review any of the Company's financial information and earnings guidance provided to analysts and ratings agencies and any of the Company's other financial disclosures, such as earnings press releases, as the Chair of the Committee deems appropriate.

The Committee shall meet and discuss these matters with management and others as appropriate, including the General Counsel of the Company.

CFIUS Matters

Risk Management

- The Committee shall oversee the Company's approach to the risk-related matters and set any financial limits requiring Board pre-approval.
- The Committee shall receive quarterly summaries and review, no less than annually, the Company's enterprise risk committee reports, its enterprise risk assessment and determine any matters that may require escalation to the Board.

- At least annually, the Committee shall evaluate its own performance and report to the Board on such evaluation.

Authority and Delegations

The Committee is authorized (without seeking Board approval) to retain special legal, accounting or other advisers and may request any officer or employee of the Company or the Company's outside counsel or independent auditor to meet with any members of, or advisers to, the Committee.

The Committee shall have available appropriate funding from the Company as determined by the Committee for payment of:

- compensation to any accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company;

Limitations Inherent in the Committee's Role

These are responsibilities of management and the independent auditor. Furthermore, while the Committee is responsible for reviewing the Company's policies and practices and regular reporting with respect to risk assessment and risk management, it is the responsibility of the Chief Executive Officer and senior management to provide day-to-day oversight of risk management functions, recommend to the Committee the appropriate level of the Company's exposure to risk and provide guidance where appropriate.

Amendment

The Committee shall review its charter annually and recommend any changes to the Board for adoption.
