In-Service Joint Ventures	20

Except as otherwise noted, all property-level operational information presented herein on pages 7 to 15 includes in-service wholly owned properties and in-service properties owned by consolidated and unconsolidated joint ventures (at our share). Development projects are not considered in-service properties until such projects are completed and stabilized. Stabilization occurs at the earlier of: (1) the projected stabilization date; or (2) the date on which a project's occupancy generally exceeds 93%.

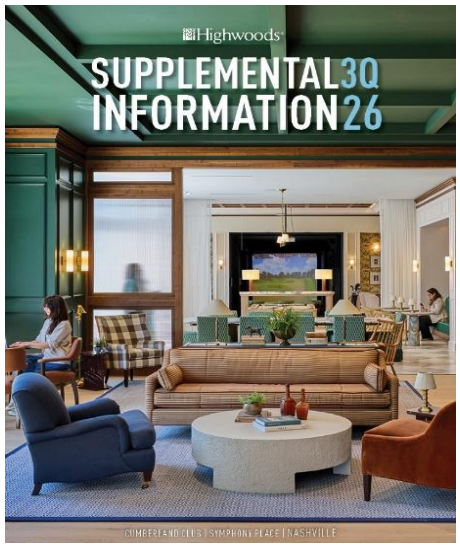

Some of the information in this document may contain forward-looking statements. Such statements include statements about our plans, strategies and prospects such as the following: the expected financial and operational results and the related assumptions underlying our expected results; the planned sales of non-core assets and expected pricing and impact with respect to such sales, including the tax impact of such sales; the anticipated total investment, projected leasing activity, estimated replacement cost and expected net operating income of acquired properties and properties to be developed; and expected future leverage of the Company. You can identify forward-looking statements by our use of forward-looking terminology such as "may," "will," "expect," "anticipate," "estimate," "continue" or other similar words. Although we believe that our plans, intentions and expectations reflected in or suggested by such forward-looking statements are reasonable, we cannot assure you that our plans, intentions or expectations will be achieved.

Factors that could cause our actual results to differ materially from Highwoods' current expectations include, among others, the following: the financial condition of our customers could deteriorate; our assumptions regarding potential losses related to customer financial difficulties could prove incorrect; counterparties under our debt instruments, particularly our revolving credit facility, may attempt to avoid their obligations thereunder, which, if successful, would reduce our available liquidity; we may not be able to lease or re-lease second generation space, defined as previously occupied space that becomes available for lease, quickly or on as favorable terms as old leases; we may not be able to lease newly constructed buildings as quickly or on as favorable terms as originally anticipated; we may not be able to complete development, acquisition, reinvestment, disposition or joint venture projects as quickly or on as favorable terms as anticipated; development activity in our existing markets could result in an excessive supply relative to customer demand; our markets may suffer declines in economic and/or office employment growth; increases in interest rates could increase our debt service costs; increases in operating expenses could negatively impact our operating results; natural disasters and climate change could have an adverse impact on our cash flow and operating results; we may not be able to meet our liquidity requirements or obtain capital on favorable terms to fund our working capital needs and growth initiatives or repay or refinance outstanding debt upon maturity; and the Company could lose key executive officers.

This list of risks and uncertainties, however, is not intended to be exhaustive. You should also review the other cautionary statements we make in "Risk Factors" set forth in our 2025 Annual Report on Form 10-K and subsequent SEC filings. Given these uncertainties, you should not place undue reliance on forward-looking statements. We undertake no obligation to publicly release the results of any revisions to these forward-looking statements to reflect any future events or circumstances or to reflect the occurrence of unanticipated events.

All financial information contained in this document is unaudited. This supplemental includes non-GAAP financial measures, such as funds from operations (FFO), earnings before interest, taxes, depreciation and amortization for real estate (EBITDAre), Adjusted EBITDAre and net operating income (NOI). Definitions of FFO, EBITDAre, Adjusted EBITDAre and NOI and an explanation of management's view of the usefulness and risks of FFO, EBITDAre, Adjusted EBITDAre and NOI can be found in our third quarter earnings release.

In-Service consolidated net operating income (NOI)	**$ 146,571**	$ 135,850
In-Service net operating income (@ HIW share) 1/	**$ 148,089**	
Same property cash NOI growth	**0.2%**	-3.6%
Funds from operations per share	**$ 0.89**	$ 0.86
Weighted average common shares outstanding, diluted	**112,323**	110,522
Per share stock price at period end	**$ 29.02**	$ 31.82
Annualized dividend per share	**$ 2.00**	$ 2.00
Balance Sheet:		
Leverage (including preferred stock) based on gross book assets 2/	**39.8%**	42.2%
Net debt-to-Adjusted EBITDAre	**6.07x**	6.36x
Net debt plus Preferred Stock-to-Adjusted EBITDAre	**6.12x**	6.41x
Unencumbered NOI % (wholly-owned properties)	**85.1%**	86.6%
Unencumbered NOI % (@ HIW share)	**82.2%**	85.2%
Credit facility availability	**$ 749,900**	$ 529,900
Cash and cash equivalents	**$ 279,205**	$ 26,262
Restricted cash	**$ 19,480**	$ 15,481
Operations:		
Quarter-end occupancy (@ HIW share)	**87.0%**	85.3%
Second generation office square feet leased	**1,232**	1,049
Second generation office GAAP rent growth 3/	**28.8%**	18.3%
Average cash rental rate per square foot for in-place leases	**$ 34.84**	$ 33.62

	Nine Months Ended 9/30/26
Investment Activity:	
Building acquisitions	**$ 108,400**
Building dispositions	**$ 382,425**
Land acquisitions	**$ -**
Land dispositions	**$ 4,000**
Development pipeline (@ HIW share)	**$ 230,000**
Pipeline leased % ($ weighted @ HIW share)	**95.0%**

1/ This number represents our in-service consolidated net operating income of $146.6 million from above, plus $6.2 million for our share of unconsolidated joint venture net operating income (see Page 20), less $4.6 million for our partners' share of consolidated joint venture net operating income (see Page 20).
2/ Debt and gross book assets were reduced by our cash and cash equivalents, mortgages receivable from loans to unconsolidated affiliates and loans to third parties as seller financing.
3/ GAAP rent growth is calculated by comparing average cash rent psf over the term (GAAP rent) of the new lease to the average cash rent psf over the term related to the previous lease in the same space. Adjustments are made if and to the extent necessary to illustrate the current and prior deal on a consistent gross lease basis.

The Company

Highwoods Properties, Inc., headquartered in Raleigh, is a publicly-traded (NYSE:HIW), fully-integrated office real estate investment trust ("REIT") that owns, develops, acquires, leases and manages properties primarily in the best business districts (BBDs) of Atlanta, Charlotte, Dallas, Nashville, Orlando, Raleigh, Richmond and Tampa. Our vision is to be a leader in the evolution of commercial real estate for the benefit of our customers, our communities and those who invest with us. Our mission is to create environments and experiences that inspire our teammates and our customers to achieve more together. We are in the work-placemaking business and believe that by creating exceptional environments and experiences, we can deliver greater value to our customers, their teammates and, in turn, our shareholders. For more information about Highwoods, please visit our website at: www.highwoods.com

1/ Net of interest income

2/ Adjusted EBITDAre is calculated as EBITDAre adjusted for gains or losses on debt extinguishment and land sales, land impairments, proforma NOI adjustments for property changes within period and our share of the same adjustments for unconsolidated affiliates. "Proforma NOI adjustments for property changes within period" means proforma NOI adjustments assuming any acquisitions, dispositions and developments placed in service within the current period had occurred as of the first day of such period.

3/ Adjusted EBITDAre (annualized) is Adjusted EBITDAre multiplied by four. Certain period specific items are not annualized.

4/ This number as of 9/30/26 represents our consolidated mortgages and notes payable balance from the balance sheet, plus or minus the following adjustments: an increase of $249.5 million for our share of debt owed by our unconsolidated joint ventures to third parties, a decrease of $8.8 million for our joint venture partner's 20% share of the debt at our consolidated Midtown West joint venture, and a decrease of $37.4 million for mortgages and notes receivable from loans to unconsolidated affiliates (after eliminations) and loans to third parties as seller financing.

5/ Includes our share of consolidated and unconsolidated affiliates.

6/ Net debt is calculated as mortgages and notes payable at quarter-end less cash and cash equivalents, preferred investments and 1031 restricted cash at quarter-end.

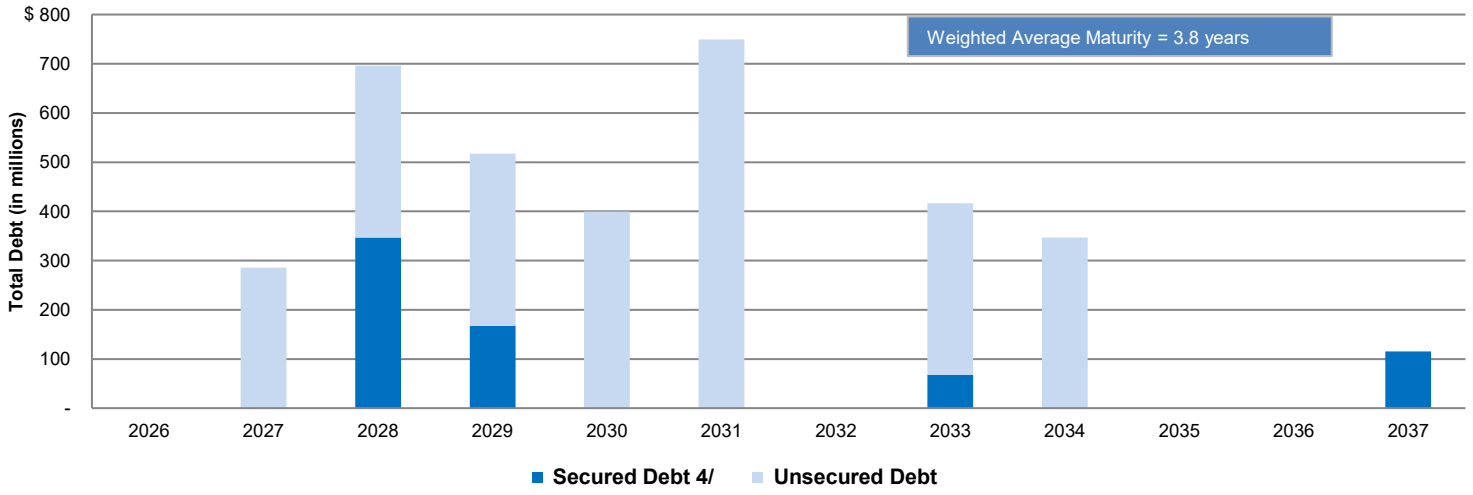

7/ Net debt at quarter-end divided by Adjusted EBITDAre (annualized).

8/ Net debt plus Preferred Stock at quarter-end divided by Adjusted EBITDAre (annualized).

Secured and Unsecured Debt

Fixed and Variable Rate Debt

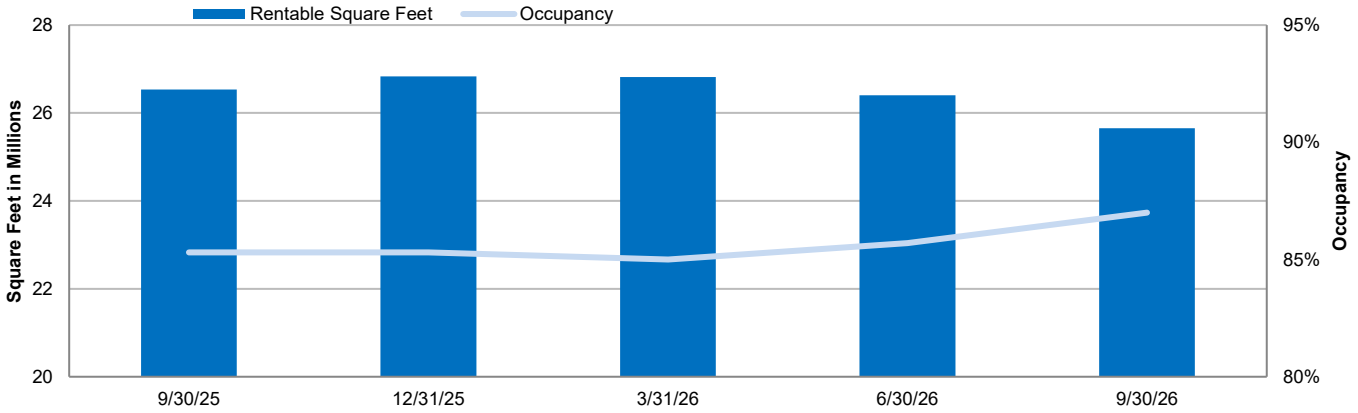

1/ Secured asset relates to a consolidated joint venture in which we own an 80% interest.
2/ Effective rate includes the impact of the swaps that were settled for ($6.6) million upon issuance but excludes the impact of underwriting fees and expenses.
3/ Effective rate includes the impact of the swaps that were settled for ($5.1) million upon issuance but excludes the impact of underwriting fees and expenses.
4/ Effective rate includes the impact of the swaps that were settled for $7.2 million upon issuance but excludes the impact of underwriting fees and expenses.
5/ Effective rate includes the impact of the swaps that were settled for ($0.5) million upon issuance but excludes the impact of underwriting fees and expenses.
6/ Effective rate includes the impact of the swaps that were settled for $7.3 million upon issuance but excludes the impact of underwriting fees and expenses.
7/ Floating rate loans based on SOFR.
8/ The $200 million bank term loan has a maturity date of January 2031 including two twelve-month extension options.
9/ The $150 million bank term loan has a maturity date of June 2031 including two twelve-month extension options.
10/ The $750 million credit facility has a maturity date of January 2029 including two six-month extension options.

Average Cash Rental Rates for All In-Place Leases as of:

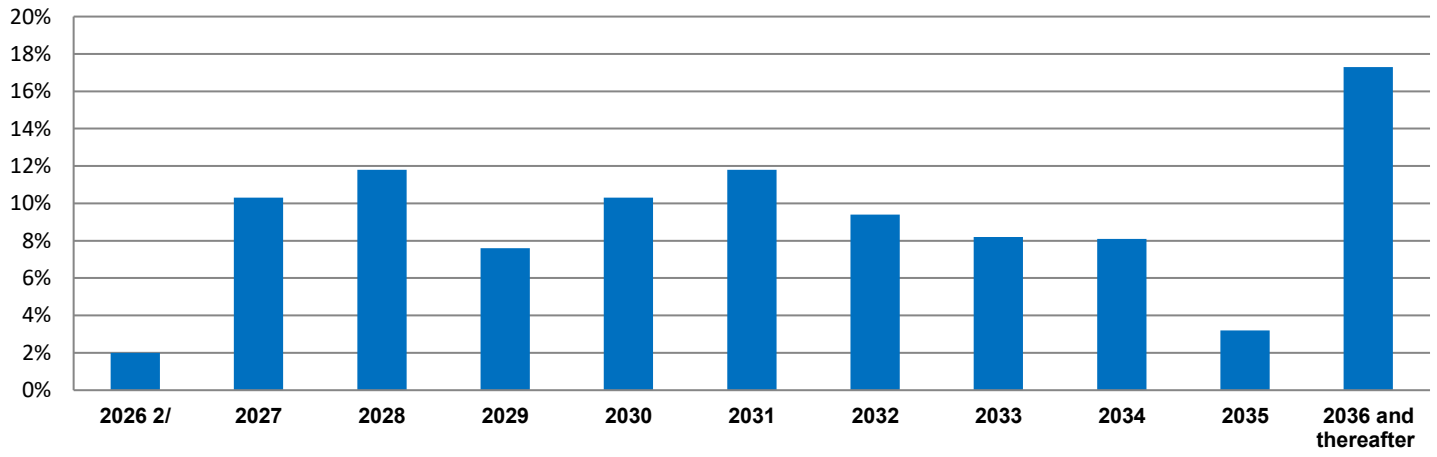

1/ GAAP rent growth is calculated by comparing average cash rent psf over the term (GAAP rent) of the new lease to the average cash rent psf over the term related to the previous lease in the same space. Adjustments are made if necessary to put both the current and prior deal on a consistent gross lease basis.

2/ Cash rent growth is calculated by comparing beginning annualized cash rent psf (after rent concessions burn off) under the new lease to ending annualized cash rent psf (including recovery income and rent escalations) related to the previous lease in the same space. Adjustments are made if necessary to put both the current and prior deal on a consistent gross lease basis.

Percent of Total Annualized Cash Revenue (HIW share) Expiring by Year

1/ Annualized Cash Revenue is September 2026 cash rental revenue (base rent plus operating expense pass through revenue excluding straight-line rental income) multiplied by 12.

2/ Includes 79,000 square feet of leases that are on a month to month basis, which constitute 0.4% of total annualized revenue.

Note: 2026 and beyond expirations that have been renewed are reflected above based on the renewal expiration date. Expirations include leases related to completed not stabilized development properties and exclude leases related to developments in-process.

1/ The information on this page does not include development projects that have not yet been placed in service. Development projects are not considered in-service properties until such projects are completed and stabilized. Stabilization occurs at the earlier of: (1) the projected stabilization date, or (2) the date on which a project's occupancy generally exceeds 93%.

2/ Annualized Cash Revenue is September 2026 cash rental revenue (base rent plus operating expense pass through revenue excluding straight-line rental income) multiplied by 12.

3/ Annualized Cash Revenue is based on HIW share only.

4/ Includes our consolidated joint ventures: Midtown West in Tampa, The Terraces in Dallas and Bloc83 in Raleigh.

5/ The debt presented on this page does not include the $325.6 million outstanding debt balance at our 23Springs joint venture ($162.8 million at our share) because this development project has not yet been placed in service. The debt presented on this page also does not include any debt balances for joint ventures where Highwoods has provided the loan to the joint venture.

6/ Includes non income producing tangible assets and liabilities other than debt.
