When considering such forward-looking statements, you should keep in mind important factors that could cause our actual results to differ materially from those contained in any forward-looking statement, including the following: closing of planned non-core dispositions may not occur on the terms described in this press release or at all; buyers may not be available and pricing may not be adequate with respect to planned dispositions of non-core assets; comparable sales data on which we based our expectations with respect to the sales price of non-core assets may not reflect current market trends; the extent to which the ongoing COVID-19 pandemic impacts our financial condition, results of operations and cash flows depends on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic and its impact on the U.S. economy and potential changes in customer behavior that could adversely affect the use of and demand for office space; the financial condition of our customers could deteriorate or further worsen, which could be further exacerbated by the COVID-19 pandemic; our assumptions regarding potential losses related to customer financial difficulties due to the COVID-19 pandemic could prove incorrect; counterparties under our debt instruments, particularly our revolving credit facility, may attempt to avoid their obligations thereunder, which, if successful, would reduce our available liquidity; we may not be able to lease or re-lease second generation space, defined as previously occupied space that becomes available for lease, quickly or on as favorable terms as old leases; we may not be able to lease newly constructed buildings as quickly or on as favorable terms as originally anticipated; we may not be able to complete development, acquisition, reinvestment, disposition or joint venture projects as quickly or on as favorable terms as anticipated; development activity in our existing markets could result in an excessive supply relative to customer demand; our markets may suffer declines in economic and/or office employment growth; unanticipated increases in interest rates could increase our debt service costs; unanticipated increases in operating expenses could negatively impact our operating results; natural disasters and climate change could have an adverse impact on our cash flow and operating results; we may not be able to meet our liquidity requirements or obtain capital on favorable terms to fund our working capital needs and growth initiatives or repay or refinance outstanding debt upon maturity; and the Company could lose key executive officers.

This list of risks and uncertainties, however, is not intended to be exhaustive. You should also review the other cautionary statements we make in “Risk Factors” set forth in our 2020 Annual Report on Form 10-K.
