

CHARTwell

ANNUAL  
REPORT  
**2024**

# Message from the CEO

---

Dear fellow unitholders,

In 2024, team Chartwell delivered outstanding results in virtually every area of our business. From the strong improvements in employee engagement and resident satisfaction scores, to a 590 basis point growth in our same property portfolio occupancy rate and a 48% increase in funds from operations, to over \$1.2 billion in portfolio optimization transactional volume, it has been an exceptional year for our company. We believe that these successes start with unwavering focus and dedication to delivering exceptional experiences, great services, and quality care to our residents. I am grateful to all our residence teams and those who support them at our offices for delivering on our vision of **Making People's Lives Better**.

This past year we accelerated our transition to a more agile and scalable operating platform by creating an environment where our residence teams are further empowered to develop local strategies, make faster decisions and take bold actions. To enable this empowerment, we have developed and rolled out unique tools, including technology solutions, delivered innovative and easy to consume training, and provided targeted support to our residences. We will continue on this path of promoting the independence and entrepreneurial spirit of our residence teams and enhancing the sophistication of our management platform with new tools, data and technology solutions.

I believe we are at the beginning of a multiyear growth cycle in senior living in Canada driven by the rapid increase in the senior population, lack of new construction starts, shortage of long-term care accommodation, and obsolescence of some existing inventory. As one of the leaders in our sector, Chartwell stands to benefit from these positive dynamics through higher occupancies and strong market rate growth.

I am proud of our teams' successes in 2024 and grateful to them for their dedication to our residents, their loved ones, and for the support and encouragement they provide to each other."

---

I am proud of our teams' successes in 2024 and grateful to them for their dedication to our residents, their loved ones, and for the support and encouragement they provide to each other. The dedication and drive of our people give me confidence that we will realize on the significant embedded value in our unique property portfolio and leading national management platform, and that we will deliver long-term, sustainable value for all our stakeholders for many years to come.

Thank you for your support,

A handwritten signature in black ink, appearing to read "V. Volodarski". The signature is fluid and cursive, with a large initial "V" and a long, sweeping tail.

Vlad Volodarski,  
Chief Executive Officer

# Chartwell's ESG Report - 2024

In 2025, Chartwell will be selecting a waste management consultant to develop strategies towards waste diversion. This will involve a detailed examination of Chartwell's current waste hauling volumes and practices, as well as an exploration of potential waste diversion opportunities and innovative strategies. It is anticipated that this review and actions taken will bring about a new waste management plan in 2026, strengthening waste stream audit programs, expanding composting programs for landscape and food waste, enhancing recycling initiatives through improved sorting and education and implementing waste reduction targets across all our residences.

We will also conduct detailed energy audits of existing mechanical systems, identify priority replacement opportunities, and develop standardized specifications for high-efficiency equipment. Our goal is to establish a systematic approach to equipment upgrades, focusing on end-of-life replacements and high-impact opportunities.

**CHARTWELL'S GHG EMISSIONS**  
We engaged Carbonzero, a third-party consultant, to complete a greenhouse gas (GHG) inventory summary for the 2024 calendar year as part of our GRESB submission. Our commitment to environmental stewardship continues to yield measurable results in our efforts to reduce our carbon footprint.

**2024 PERFORMANCE OVERVIEW**  
In 2024, our total Scope 1 and 2 emissions amounted to 52,298 metric tons of CO<sub>2</sub> equivalent (tCO<sub>2</sub>e). This total comprised Scope 1 emissions of 42,639 tCO<sub>2</sub>e and Scope 2 emissions of 9,659 tCO<sub>2</sub>e.

**Figure 3: Scope 1 tCO<sub>2</sub>e**

Province	Scope 1 tCO <sub>2</sub> e
BC	3,797
AB	6,007
ON	21,665
QC	11,169

**Figure 4: Scope 2 tCO<sub>2</sub>e**

Province	Scope 2 tCO <sub>2</sub> e
BC	211
AB	4,964
ON	4,387
QC	97

**ANALYSIS OF CHARTWELL'S GHG EMISSIONS**  
Across our portfolio, our combined Scope 1 and 2 emissions have shown consistent improvement, decreasing from 60,825 tCO<sub>2</sub>e in 2022 to 59,284 tCO<sub>2</sub>e in 2023, and further reducing to 52,298 tCO<sub>2</sub>e in 2024. The continued reduction of 6,986 tCO<sub>2</sub>e from 2023 to 2024 demonstrates our progress in environmental sustainability. To put this, decrease into perspective:

- It is equivalent to removing approximately 1,485 gas-powered passenger vehicles from Canadian roads for an entire year.
- This reduction represents the carbon emissions avoided by not driving an average gasoline-powered vehicle for roughly 25.8 million kilometers - enough to circle the Earth about 644 times.
- The decrease equals the annual electricity consumption of approximately 1,164 average Canadian homes.
- It is comparable to preventing the combustion of about 74 tanker trucks' worth of gasoline.
- The carbon sequestration equivalent of protecting 7,250 acres of North American forests for one year.

**STRATEGIC DECARBONIZATION INITIATIVE**  
In 2024, we launched a decarbonization pilot program, representing an important exploratory step in evaluating potential pathways and assessing the technical and financial feasibility of achieving ambitious emission reduction targets.

We engaged Ecovert, a specialized sustainability consulting firm, to conduct comprehensive carbon reduction studies and partnered with Carbonzero to develop a carbon offset and Renewable Energy Credit (REC) strategy to support the mitigation of residual GHG emissions across four strategically selected retirement residences:

- Carrington Place (Vernon, BC)
- Colonel Belcher (Calgary, AB)
- Georgan Traditions (Collingwood, ON)
- Cite Jardin Phase 5 (Gatineau, QC)

**KEY FINDINGS AND FUTURE DIRECTIONS**  
Our studies revealed that three of the four residences demonstrated significantly lower emissions than regional benchmarks for similar facilities. For the fourth residence that showed higher than benchmark emissions, we are currently evaluating targeted action items to improve performance.

**STRATEGIC IMPLEMENTATION**  
The learnings from these studies will be incorporated into our property management practices and capital investment strategies moving forward. The study will help inform our understanding of what would be required to pursue further reduction in on-site GHG emissions, while considering operational requirements and economic implications specific to our sector.

**MANAGEMENT'S DISCUSSION  
AND ANALYSIS OF RESULTS  
OF OPERATIONS AND  
FINANCIAL CONDITIONS**

## ***About this Management's Discussion and Analysis***

Chartwell Retirement Residences (“Chartwell” or the “Trust”) has prepared the following management’s discussion and analysis (the “MD&A”) to provide information to assist its current and prospective investors’ understanding of the financial results of Chartwell for the year ended December 31, 2024. This MD&A should be read in conjunction with Chartwell’s audited, consolidated financial statements for the years ended December 31, 2024, and 2023, and the notes thereto (the “Financial Statements”). This material as well as additional information about Chartwell, including our Annual Information Form for the year ended December 31, 2024, dated February 27, 2025 (the “AIF”), is available on Chartwell’s website at [www.investors.chartwell.com](http://www.investors.chartwell.com) and on the SEDAR+ website at [www.sedarplus.com](http://www.sedarplus.com).

The discussion and analysis in this MD&A is based on information available to management as of February 27, 2025.

All references to “Chartwell,” “we,” “our,” “us,” or the “Trust” refer to Chartwell Retirement Residences and its subsidiaries, unless the context indicates otherwise. For ease of reference, “Chartwell” and the “Trust” are used in reference to the ownership and the operation of retirement and long term care residences and the third-party management business of Chartwell. The direct ownership of such residences and operation of such business is conducted by subsidiaries of the Trust.

In this document we refer to joint ventures as defined by IFRS Accounting Standards in ‘IFRS 11 – Joint Arrangements’ and that are accounted for using the equity method as “Equity-Accounted JVs”.

In this document, “Q1” refers to the three-month period ended March 31; “Q2” refers to the three-month period ended June 30; “Q3” refers to the three-month period ended September 30; “Q4” refers to the three-month period ended December 31; “2024” refers to the calendar year 2024; “2023” refers to the calendar year 2023, “2022” refers to the calendar year 2022; and “2021” refers to the calendar year 2021.

Unless otherwise indicated, all comparisons of results for 2024 and Q4 2024 are in comparison to results from 2023 and Q4 2023, respectively.

All dollar references, unless otherwise stated, are in Canadian dollars.

In this document we use a number of performance measures that are not defined in generally accepted accounting principles (“GAAP”) which follow the disclosure requirements established by National Instrument 52-112 Non-GAAP and Other Financial Measures Disclosures (effectively, the “Non-GAAP Measures”), to measure, compare and explain the operating results and financial performance of the Trust.

These Non-GAAP Measures do not have standardized meanings prescribed by GAAP and, therefore, may not be comparable to similar measures used by other issuers. The Real Property Association of Canada (“REALPAC”) issued white papers with recommendation for calculation of Funds from Operations (“FFO”) (the “REALPAC Guidance”). Our FFO definition is substantially consistent with the definition adopted in the REALPAC Guidance. Refer to the “Additional Information on Non-GAAP Measures” section of this MD&A for details.

In this document we use various financial metrics and ratios in our disclosure of financial covenants. These metrics are calculated in accordance with the definitions contained in our credit agreements and the trust indenture governing our outstanding debentures and may be described using terms that differ from standardized meanings prescribed by GAAP. These metrics may not be comparable to similar metrics used by other issuers.

The Non-GAAP Measures are categorized as non-GAAP financial measures, non-GAAP ratios, supplementary financial measures, and capital management measures as follows:

*Non-GAAP Financial Measures:*

FFO, FFO for continuing operations, Total FFO, FFO from LTC Discontinued Operations, FFO for Equity-Accounted JVs, Internal Funds from Operations, (“IFFO”), IFFO for continuing operations, Total IFFO, and IFFO from LTC Discontinued Operations, including per unit amounts (“PU”), Earnings before interest, tax, depreciation and amortization (“consolidated EBITDA” or “EBITDA”), Adjusted Resident Revenue, Adjusted Direct Property Operating Expense, Adjusted Operating Margin, Consolidated Interest Expense, Adjusted Consolidated Gross Book Value of Assets, Book value of assets, Gross book value adjustment on IFRS transition, Adjustment for accumulated depreciation and amortization, Aggregate Adjusted Assets, Payment of cash distributions and Amortization of finance costs and fair value adjustments on assumed mortgages, Finance cost reserve, Proforma adjustments, and Total Units Outstanding.

*Non-GAAP Ratios:*

Debt Service Coverage Ratio, Interest Coverage Ratio, Total Leverage Ratio, Adjusted Consolidated Unitholders’ Equity Ratio, Secured Indebtedness Ratio, Unencumbered Property Asset Ratio, Consolidated EBITDA to Consolidated Interest Expense Ratio, Indebtedness Percentage, Net Debt to Adjusted EBITDA Ratio, Payment of Cash Distributions, Expected Unlevered Yield, and Coverage Ratio.

*Supplementary Financial Measures:*

Net Operating Income (“NOI”), Adjusted NOI, Adjusted Development Costs, Lease-up-Losses, Estimated Stabilized NOI, Unencumbered Property Asset Value and Unencumbered Aggregate Adjusted Assets.

*Capital Management Measures:*

Liquidity, Imputed Cost of Debt, Regularly Scheduled Debt Principal Payments, Consolidated Indebtedness, Secured Indebtedness, Unsecured Indebtedness, and Investment Restrictions.

Refer to the “Additional Information on Non-GAAP Measures”, “Results of Operations – FFO”, “Significant Events – Development – Expected Unlevered Yield, Development Lease-up-Losses and Imputed Cost of Debt”, “Results of Operations – Adjusted Resident Revenue, Adjusted Property Operating Expense, Adjusted Operating Margin, and Adjusted NOI” and “Liquidity and Capital Resources – Debt Covenants” sections of this MD&A for details on these measures.

## **Risks and Uncertainties**

Refer to the “Risks and Uncertainties” section on page 53 of this MD&A, as well as our AIF dated February 27, 2025, for detailed discussions of risk factors and uncertainties facing Chartwell.

## **Forward-Looking Information**

This document contains forward-looking information that reflects management’s current expectations, estimates, forecasts and projections about the future results, performance, achievements, prospects or opportunities for Chartwell and the seniors housing industry as of the date of this MD&A. Refer to the “Forward-Looking Information” section on page 64 of this MD&A.

## Business Overview

Chartwell is in the business of serving and caring for Canada’s seniors. We are passionate about what we do because we know we are positively impacting the lives of many people.

<b><i>Our Vision</i></b>	Making People’s Lives BETTER
<b><i>Our Mission</i></b>	To provide a happier, healthier and more fulfilled life experience for seniors To provide peace of mind for our residents’ loved ones To attract and retain employees who care about making a difference in our residents’ lives, and To provide an investment opportunity that benefits society with reasonable and growing returns to the unitholders.
<b><i>Our Values</i></b>	<b>Respect</b> – We honour and celebrate seniors <b>Empathy</b> – We believe compassion is contagious <b>Service Excellence</b> – We believe in providing excellence in customer service <b>Performance</b> – We believe in delivering and rewarding results <b>Education</b> – We believe in lifelong learning <b>Commitment</b> – We value commitment to the Chartwell family <b>Trust</b> – We believe in keeping our promises and doing the right thing
<b><i>Our Portfolio</i></b>	Chartwell is an open-ended real estate trust governed by the laws of the Province of Ontario. We indirectly own and operate a portfolio of seniors housing residences across the continuum of care, all of which are located in Canada.

We provide resident services and care in the following settings:

<b>Independent Living Apartments (“IL”)</b>	Apartments / townhouses/ bungalows/ with full kitchens, availability of dining, life enrichment and housekeeping services.
<b>Independent Supportive Living – Apartments (“ISLA”)</b>	Apartments/ townhouses/ bungalows/ with full kitchens, with availability of dining, life enrichment, housekeeping, personal assistance, and care services.
<b>Independent Supportive Living – Suites (“ISLS”)</b>	Suites with availability of dining, life enrichment, housekeeping, personal assistance, and care services.
<b>Assisted Living (“AL”)</b>	Suites with a base level of personal assistance services and/or personal care services for persons with Alzheimer’s disease or other forms of dementia included in the base fee, located in a separate/secure wing, floor or building. Additional care services may be added on top of base fee.
<b>Long Term Care (“LTC”)</b>	Access to 24-hour nursing care or supervision in a secure setting, assistance with daily living activities and high levels of personal care. Admission and funding are overseen by local government agencies in each province.

## Composition of Our Portfolio

The following presents the composition of our owned and managed portfolio of residences in our Retirement Operations at December 31, 2024:

	Owned			Managed	Total
	100% Owned	Partially Owned <sup>(1)(2)</sup>	Total Owned	Total Managed <sup>(3)</sup>	
Residences	114	57	171	7	178
Suites	15,643	12,310	27,953	1,794	29,747

Level of Care <sup>(4)(5)</sup>

Geographic Location <sup>(6)</sup>

Ownership Interest <sup>(2)</sup>

Adjusted NOI by Geographic Location <sup>(7)</sup>

(1) Includes 39 residences (8,029 suites) that are part of the Welltower Transaction agreement. Refer to the “Significant Events – Portfolio Optimization” section on page 12 of this MD&A.

(2) We have a 42.5% ownership interest in three residences (909 suites), a 45% ownership interest in one residence (332 suites), a 50% ownership interest in 46 residences (9,431 suites), a 60% ownership interest in one residence (165 suites) and an 85% ownership interest in six residences (1,473 suites).

(3) Includes two residences (314 suites) that are managed for Welltower. Refer to the “Significant Events – Portfolio Optimization” section on page 12 of this MD&A.

(4) On September 6, 2023, we completed the sale of our Long Term Care Operations in Ontario. Refer to the “Significant Events – Portfolio Optimization” section on page 12 of this MD&A.

(5) Based on suites at Chartwell’s share of ownership interest at December 31, 2024.

(6) Based on total suites (at full) at December 31, 2024.

(7) Adjusted NOI % represents Chartwell’s share of ownership interest for the year ended December 31, 2024.

## Property Portfolio Groupings

We use groupings of our properties to evaluate and monitor our financial and operating performance. Our portfolio groupings are same property, growth, and repositioning.

The supplemental disclosures of these portfolio groupings are Non-GAAP Measures that do not have standardized meanings prescribed by GAAP and, therefore, may not be comparable to similar measures used by other issuers. In addition to the definition for these portfolio groupings, the following includes the composition of each portfolio for the current reporting period.

### Same Property Portfolio

Our same property portfolio includes properties that have been owned continuously since the beginning of the previous fiscal year. To improve comparability, our same property portfolio excludes development properties that have not yet achieved 90% occupancy by January 1 of the preceding fiscal year, properties that are expected to be sold in the current or next fiscal year, and properties that are undergoing a significant redevelopment or repositioning.

The following table summarizes the composition of our same property portfolio as at December 31, 2024:

	Composition of Suites						Total	Total at Chartwell's Share of Ownership
	Properties	IL	ISLA	ISLS	AL	LTC		
<b>Same property</b>								
100% Owned	94	604	2,863	7,617	1,031	201	12,316	12,316
Partially Owned <sup>(1)</sup>	7	17	421	487	-	-	925	610
<b>Total same property</b>	<b>101</b>	<b>621</b>	<b>3,284</b>	<b>8,104</b>	<b>1,031</b>	<b>201</b>	<b>13,241</b>	<b>12,926</b>

(1) We own an 85% interest in three properties and a 50% interest in four properties.

### Growth Portfolio

Our growth portfolio includes properties that were acquired subsequent to January 1 of the preceding fiscal year and development properties that have not yet achieved 90% occupancy by January 1 of the preceding fiscal year. Consequently, the previous fiscal year's results are not fully comparable for these properties. Additionally, our growth portfolio includes properties for which we expect to acquire incremental ownership interest in the current or next fiscal year.

The following table summarizes the composition of our growth portfolio as at December 31, 2024:

	Composition of Suites						Total	Total at Chartwell's Share of Ownership
	Properties	IL	ISLA	ISLS	AL	LTC		
<b>Growth</b>								
100% Owned	14	399	1,321	470	154	125	2,469	2,469
Partially Owned <sup>(1)</sup>	25	460	4,404	1,359	414	-	6,637	3,687
<b>Total growth</b>	<b>39</b>	<b>859</b>	<b>5,725</b>	<b>1,829</b>	<b>568</b>	<b>125</b>	<b>9,106</b>	<b>6,156</b>

(1) We own an 85% interest in three properties, a 60% interest in one property, a 50% interest in 20 properties, and a 45% interest in one property.

## Repositioning Portfolio

Our repositioning portfolio includes properties that we expect to sell in the current or next fiscal year, and properties that are undergoing a significant redevelopment or repositioning, including in some cases changes in capacity or use.

The following table summarizes the composition of our repositioning portfolio as at December 31, 2024:

	Composition of Suites						Total	Total at Chartwell's Share of Ownership
	Properties	IL	ISLA	ISLS	AL	LTC		
<b>Repositioning</b>								
100% Owned <sup>(1)</sup>	6	-	149	362	45	302	858	858
Partially Owned <sup>(2)</sup>	25	251	2,817	1,429	251	-	4,748	2,306
<b>Total repositioning</b>	<b>31</b>	<b>251</b>	<b>2,966</b>	<b>1,791</b>	<b>296</b>	<b>302</b>	<b>5,606</b>	<b>3,164</b>

(1) Includes two long term care homes (302 beds) that were previously reported in our Long Term Care Operations segment and are now monitored and reported with our Retirement Operations.

(2) We own a 50% interest in 22 properties and a 42.5% interest in three properties.

# Business Strategy

## Our Strategy Statement

“In 2025, we will achieve in our retirement residences, **Employee Engagement** of 55% (highly engaged), **Resident Satisfaction** of 67% (very satisfied) and Same Property **Occupancy** of 95% to drive strong **IFFOPU** growth by providing exceptional resident experiences through personalized services in our upscale and mid-market residences in urban and suburban locations.”

Objectives:

We believe that only **highly engaged employees** will deliver the exceptional resident experiences fulfilling our vision of Making People’s Lives Better and driving high resident satisfaction scores. We know that **very satisfied residents** are much more likely to recommend their residence to their friends and be Chartwell ambassadors in their local communities. We know that the majority of our new resident move-ins are based on such recommendations. Therefore, by focusing our efforts and investments in the areas of employee engagement and resident satisfaction, we expect to generate **high occupancy rates** which, in turn, should drive strong growth in earnings. We elected to measure this earnings growth by utilizing an Internal Funds from Operations (“IFFO”) metric on a per unit basis (“**IFFOPU**”). IFFO is calculated by adding to FFO the following: (a) lease-up-losses and imputed financing costs related to our development properties, (b) current income taxes, and (c) income guarantees due from vendors of certain acquired properties. IFFO is a non-GAAP measure. The reconciliation of IFFO to net income/(loss) and FFO, explanations and rationale for adjustments can be found in the “Additional Information on Non-GAAP Measures” section on page 39 of this MD&A.

Scope and Competitive Advantage:

**Exceptional resident experience** – Our customer is our resident. Our unique value proposition is an exceptional resident experience, and we achieve it by providing **personalized services**. Our service standards are ‘Safety, Respect, Efficiency and WOW’.

**Personalized services** – We treat each resident as a unique individual. We get to know them well before they come to reside with us and we tailor our service offering to their individual preferences and needs.

**Our residences** – We own, operate and develop our residences. With a few specific exceptions we do not manage residences for third parties, nor do we invest in residences managed by others.

**Upscale to mid-market** – We target the upscale and mid retirement market. We do not operate residences with base-level services and a limited staff complement due to high operating risks. We do not operate residences with premium upscale services due to the small size and narrow focus of this niche market.

**Urban and suburban** – We target residences in urban and suburban areas and will not operate in markets with populations of less than 25,000 within a 10 km radius of our residences. In addition, to achieve management efficiencies we will not operate residences that generate less than \$1 million of NOI at stabilized occupancy. We expect to continue to operate in the four most populous provinces of Canada (Ontario, Quebec, British Columbia, and Alberta) where we strive to be market leaders.

The following highlights the progress made in 2024 on the key components of our business strategy:

### Employee Engagement

Our annual employee engagement survey includes 25 core engagement statements. In addition, for the third year we added specific statements with respect to diversity of our employees and their perception of inclusivity at Chartwell.

In 2024, in our retirement residences we achieved a score of 57% of employees indicating high engagement (‘Strongly Agree’ responses). Our combined ‘Agree’ and ‘Strongly Agree’ score was 86% in 2024 compared to 84% in 2023.

The following chart summarizes historical employee engagement survey results for our retirement residences:

(1) In 2020, a modified survey was conducted; therefore, the 2020 result is not comparable to prior periods and it has not been presented.

### Resident Satisfaction

Our annual resident satisfaction survey includes 39 statements covering various aspects of our resident’s experience at Chartwell with the overall score determined by the average of ‘Strongly Agree’ responses to the following three statements:

- I am satisfied with Chartwell as a place to live.
- It rarely crosses my mind to leave Chartwell for another retirement residence.
- When asked, I would recommend Chartwell as a place to live.

In 2024, 66% of the survey respondents indicated their high satisfaction (‘Strongly Agree’ responses), surpassing our 2023 results by five percentage points. Our combined score of residents who ‘Agree’ and ‘Strongly Agree’ with the survey statements was 89% in 2024 compared to 87% in 2023.

The following chart summarizes historical resident satisfaction survey results for our retirement residences:

(1) In 2020, a modified survey was conducted; therefore, the 2020 result is not comparable to prior periods and it has not been presented.

### Occupancy

The following chart summarizes historical weighted average same property occupancy for our Retirement Operations:

(1) The same property occupancy numbers are as reported, and the composition of the same property portfolio is not the same year-over-year.

In 2024, we achieved strong occupancy growth from 85.9% in December 2023 to 90.9% in December 2024.

## 2025 Outlook

We expect the seniors housing sector to experience another strong year in 2025 from strong supply demand market dynamics as limited growth in retirement residence inventory is not keeping pace with the strong demographic growth of the senior population. We are well positioned, within our sector, to achieve another significant year of FFO growth in 2025 supported by our investments to optimize our portfolio through acquisitions and re-investment in our properties and through our continued investments in our market leading management platform. The significant drivers of our expected growth include our intention to achieve our target of 95% same property occupancy by December 2025 and expected continued market-rate increases, improved operating margins as revenue growth outpaces cost increases, and reduced interest costs.

## 2025 Same Property Composition

Effective January 1, 2025, the composition of our same property portfolio changed to include properties that have been owned continuously since the beginning of the previous fiscal year and exclude properties that are expected to be undergoing a significant redevelopment, repositioning or to be sold in the current or next fiscal year.

The following table summarizes the changes in composition of our same property portfolio reported in 2024 financial results compared to the composition that will be reported in our 2025 financial results:

	Properties	Suites	At Chartwell's Share of Ownership	
			Suites	Occupancy <sup>(1)</sup>
Same property as reported in 2024	101	13,241	12,926	90.9%
Add: moved from growth portfolio	8	1,144	961	86.5%
Less: moved to repositioning portfolio	11	1,167	1,167	83.5%
Same property for 2025 reporting	98	13,218	12,720	91.3%

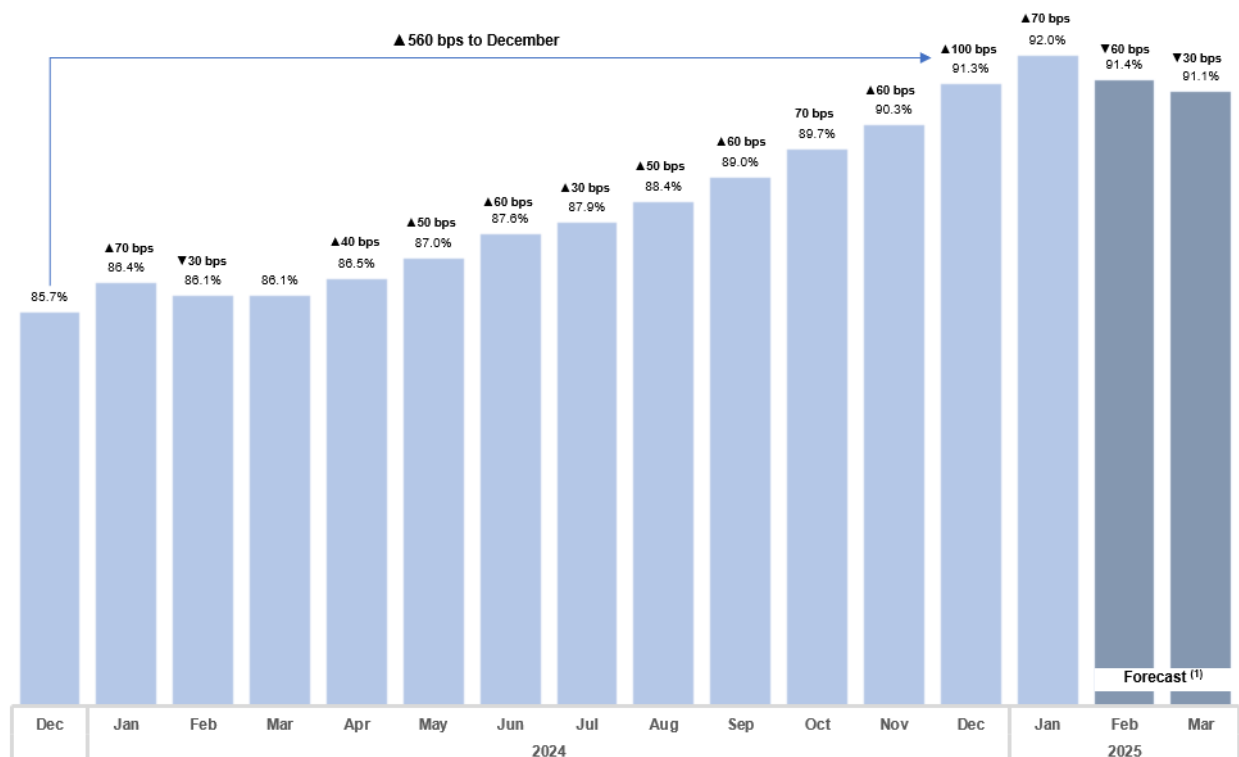

(1) As at December 31, 2024.

Same property for the purpose of this Outlook is in accordance with our 2025 definition. Same property references elsewhere in this document reflect the 2024 composition of our same property portfolio.

## Operations

In our same property portfolio, we achieved another year of significant occupancy growth adding 560 basis points ("bps") of occupancy in 2024. This has been accomplished through a well-positioned portfolio and ongoing investment in our management platform including our sales and marketing strategies, technology capabilities and empowerment of our front-line leaders. We anticipate another significant occupancy increase in 2025 as we expect to achieve our 95.0% occupancy target by December 2025. Occupancy growth will be supported by continued increases in rental and service rates which we expect to grow by approximately 4% in 2025. Rate increases to our existing residents will take place throughout the year based on individual lease anniversary dates. Market rates are being assessed on an ongoing basis considering local dynamics. We expect to continue to use targeted incentives in select markets to support sustainable occupancy growth. We expect the use of these incentives to decline and growth of market rates to accelerate once properties achieve stabilized occupancy levels in line with our 2025 target of 95%. As a result of the expected continued growth in occupancy and rate, we expect our same property adjusted operating margin to increase to approximately 40% in 2025 from 37% in 2024. Adjusted operating margin is adjusted NOI divided by adjusted resident revenue.

The following chart provides an update in respect of our same property occupancy in accordance with our 2025 same property definition:

(1) Forecast includes leases and notices as at January 31, 2024 and an estimate of mid-month move-ins of 10 basis points ("bps") for February and 30 bps for March, based on the preceding 12-month average of such activity.

We continue to experience strong demand fundamentals having achieved a smaller seasonal dip than historical periods during the weaker and unpredictable winter season. Our same property portfolio occupancy for March 2025 is expected to be 91.1%, 20 bps lower than December 2024 occupancy of 91.3%. Our initial contacts, personalized tours, and lease signing activity remains strong and we expect this positive momentum to continue in 2025.

For our combined same property and growth portfolios, the annual revenue impact of a one percent change in rate and service fees is estimated at approximately \$8.7 million and a one percentage point change in occupied suites is estimated at \$9.6 million.

## General, Administrative and Trust ("G&A") Expenses

In 2024, we achieved a significant reduction in our G&A expenses of \$11.0 million compared to 2023, as the result of the implementation of various efficiency initiatives, including new technology solutions. These new efficiencies allowed us to streamline the support we provide to our operating teams, as we exited the long term care business. We are now able to support a larger base of properties without a corresponding increase in overhead costs. The reduction in G&A expenses more than offset the expected reduction in management fees associated with the wind-up of our joint arrangements with Welltower. We will continue to invest in and deploy new technology solutions and corporate support processes in 2025 to further realize operating efficiencies in our platform and expect G&A cost year-over-year increases to be below inflation.

## Portfolio Optimization

### *Development*

Our development activities slowed down in the last several years as the rapid increases in construction and financing costs have made most new developments economically unfeasible. We are in the process of evaluating expansion opportunities at our existing properties where economics support the capital investment. We expect to initiate one or more expansion projects in 2025. We expect that development on new sites including on the lands we already own will only commence once economic conditions improve.

### *Acquisitions*

In 2024, we acquired interests in 15 properties (4,517 suites), announced an acquisition of one property (131 suites) which closed in January 2025, and entered a forward purchase agreement to acquire one additional property upon completion of its development which is expected to in Q2 2025. As of the date of this MD&A, we have announced an acquisition of one property (632 suites) which is expected to close in Q1 2025.

We have built an important pipeline of future acquisition opportunities with Batimo. Through this relationship, over time we expect to acquire ownership interests in 1,364 suites currently in various stages of lease-up and construction in the province of Quebec. We also continue to evaluate new development opportunities with Batimo. Refer to the “Projects by Batimo” section on page 13 of this MD&A for details.

We expect continued acquisition activity in 2025 as we pursue opportunities to high grade our portfolio through acquiring newer, high-quality properties in core markets. In 2024 we grew our investment team to enhance our capabilities in sourcing new acquisition, development and partnership opportunities.

### *Dispositions*

As part of ongoing reviews of our properties, we may identify additional assets to sell that no longer fit with our strategic direction due to their location, earnings potential, age, or other attributes.

A detailed discussion on transactions undertaken as part our portfolio optimization strategy is provided in the “Significant Events – Portfolio Optimization” section on page 12 of this MD&A.

## Taxation

In 2024, 100% of our distributions were classified as return of capital.

Based on our current expectations, the Welltower Transaction (as described in the “Significant Events – Portfolio Optimization” section on page 12 of this MD&A) will result in specified investment flow through (“SIFT”) taxes payable of approximately \$3.7 million in 2025. Based on current forecasts, we do not expect any other SIFT taxes payable in 2025.

## Liquidity and Financing

As at February 27, 2025, liquidity amounted to \$282.9 million, which included \$43.7 million of cash and cash equivalents and \$239.2 million of available borrowing capacity on our Credit Facilities.

We finance our operations primarily through long-term fixed-rate mortgage debt, the majority of which are insured by Canada Mortgage and Housing Corporation (“CMHC”). We maintain an investment grade credit rating which allows us to issue unsecured debentures and obtain unsecured bank financing at attractive cost. We will continue to utilize these financing tools to balance cost, flexibility and tenure of our debt portfolio. In 2025, our debt maturities include \$343.8 million of mortgages with a weighted average interest rate of 5.29%, \$150.0 million of 4.211% unsecured debentures, and a \$75.0 million term loan. As at the date of this MD&A, we estimate the 10-year CMHC-insured mortgage rate to be approximately 3.84% and the five-year unsecured debenture rate to be approximately 4.31%.

## Significant Events

In addition to the items discussed in the “2025 Outlook” section of this MD&A, the following events have had a significant effect on our financial results in 2024 and/or may be expected to affect our results in the future:

### Portfolio Optimization

#### Development

##### Expected Unlevered Yield, Development Lease-up-Losses, and Imputed Cost of Debt

In addition to monitoring development costs measured on a GAAP basis, which includes land, hard and soft development costs, furniture, fixtures and equipment, we assess our return on investment in development activities using the non-GAAP measure ‘Expected Unlevered Yield’. Expected Unlevered Yield should not be construed as an alternative to other GAAP metrics and may not be comparable to measures used by other entities.

Expected Unlevered Yield is defined as the ratio of:

- the estimated annual NOI of a development property in the first year it achieves an expected stabilized occupancy level (“Estimated Stabilized NOI”), which varies from project to project,
- divided by the estimated adjusted development costs (the “Adjusted Development Costs”), which is the sum of:
  - development costs on a GAAP basis, plus
  - operating results generated by the development property, including pre-opening costs (the “Lease-up-Losses”), plus
  - an imputed cost of debt calculated by applying our estimated weighted average cost of debt to our GAAP development costs plus Lease-up-Losses, compounded during the development of the property (the “Imputed Cost of Debt”).

We believe this is a useful measure as we believe it reflects our financial returns on the total economic cost of developing a new property.

#### Completed Developments

The following table summarizes development projects that were completed since January 1, 2023:

Project	Location	Suites / Beds	Suite Type	Chartwell Ownership Interest	Operations Start Date	Current Occupancy <sup>(1)</sup>	Estimated Adjusted Development Costs <sup>(2)(3)</sup> (\$millions)	NOI <sup>(4)</sup> (\$millions)	Expected Stabilized Occupancy Date	Expected Stabilized Occupancy	Estimated Stabilized NOI <sup>(3)</sup> (\$millions)	Expected Unlevered Yield <sup>(3)</sup>
Chartwell Ridgepointe Retirement Residence	Kamloops, BC	90	IL	100%	Q4 2023	71.1%	32.3	0.4	Q1 2026	95%	2.3	7.1%

(1) As of January 31, 2025.

(2) As at December 31, 2024, includes actual Adjusted Development Costs incurred of \$31.9 million.

(3) Non-GAAP; please refer to the preamble to this section for the definition of this metric and discussion of its significance.

(4) For the year ended December 31, 2024.

## Developments in Construction

The following table summarizes development projects that are in construction:

Project	Location	Suites / Beds	Suite Type	Estimated Development Cost (\$ millions)	Estimated Lease-up-Losses and Imputed Cost of Debt <sup>(1)</sup> (\$millions)	Estimated Adjusted Development Costs <sup>(2)</sup> (\$millions)	Adjusted Development Costs <sup>(1)</sup> incurred as at December 31, 2024 (\$millions)	Expected Completion Date	Expected Stabilized Occupancy Date	Expected Stabilized Occupancy	Estimated Stabilized NOI <sup>(1)</sup> (\$millions)	Expected Unlevered Yield <sup>(1)</sup>
Chartwell Ballycliffe LTC <sup>(3)</sup>	Ajax, ON	224	LTC	70.4	-	70.4	68.5	Q1 2025	Q2 2025	N/A	N/A	N/A

(1) Non-GAAP; refer to the preamble to this section for the definition of this metric and the discussion of its significance.

(2) Non-GAAP; represents the total of estimated Development Costs and estimated Lease-up-Losses and Imputed Cost of Debt.

(3) Redevelopment of the existing 100-bed Class C LTC to a 224-bed LTC home. The existing LTC operations are continuing during the redevelopment. The Ontario Ministry of Long-Term Care ("MLTC") will provide both capital funding to the project for 25 years post completion and a 17% grant toward land, hard and certain soft costs estimated at \$11.4 million, payable at substantial completion and have been netted within the Estimated Development Cost. Effective April 1, 2024, the forward sale contract of this property as part of the LTC Transactions was terminated; refer to the "Significant Events – Portfolio Optimization" section on page 12 of this MD&A.

## Projects by Batimo

We have built an important pipeline of future acquisition opportunities by participating in certain development projects conducted by Batimo in the province of Quebec. Batimo carries out development activities and we provide certain operations management services to these projects and in some cases, provide mezzanine financing. Pursuant to our agreements with Batimo, we have certain call rights to acquire, and Batimo has certain put rights which may require us to acquire an 85% ownership interest in these properties upon achievement of the occupancy threshold, defined as 90% occupancy for two consecutive months (the "Batimo Option"). The purchase price is based on Fair Market Value ("FMV") minus 1%, determined by the appraisal mechanism described in such agreements. For Chartwell Le Montcalm and Chartwell L'Envol, the Batimo Option is for a five-year period commencing when the related property achieves the occupancy threshold. Upon expiry of the Batimo Option, we have a two-year option to require Batimo to sell us an 85% interest in these properties at 99% of FMV.

We have revised the terms of our arrangement to provide for Batimo's put rights to be for a two-year period instead of five ("Batimo Option 2.0") for certain projects. Upon expiry of the Batimo Option 2.0, we have a one-year option instead of two to acquire an 85% interest in the property at 99% of FMV. Two projects, Le Florilège and L'Aubier, are subject to this arrangement.

The following table summarizes the status of projects by Batimo as of the date of this MD&A:

Project	Location	Suites	Suite Type	Current Project Status <sup>(1)</sup>	Actual Completion Date	Current Occupancy <sup>(2)</sup>	Actual / Expected Stabilized Occupancy Date
Chartwell Le Montcalm	Candiac, QC	283	ISLA	O	September 2017	98.9%	Q4 2022
Chartwell L'Envol	Cap Rouge, QC	360	ISLA / AL	O	September 2019	97.2%	Q4 2023
Le Florilège	Beauport, QC	345	ISLA / AL	O	December 2022	96.4%	Q3 2024
L'Aubier	Lévis, QC	376	ISLA / ISLS / AL	O	June 2024	55.3%	Q4 2026
		1,364					

(1) Current project status is defined where 'O' means Operating.

(2) As of January 31, 2025.

Chartwell Le Montcalm, Chartwell L'Envol and Le Florilège have achieved the occupancy threshold giving effect to the Batimo put rights. We estimate the current value of these three projects at approximately \$300.0 million at 100% ownership interest.

## Potential Developments on Owned Lands

The following table summarizes additional development opportunities on our owned lands. While a number of these development projects are in advanced stages of pre-construction or feasibility assessments, others have a longer-term development time horizon and, in some cases, may be subject to extensive municipal approval requirements. The land values are recorded in land held for development and properties under development.

Location	Ownership %	Vacant Land Size (acres)	Estimated Potential Number of Suites <sup>(1)</sup>	Book Value of Land (\$millions)
Bowmanville, ON	100%	1.8	124	4.3
Brockville, ON	100%	0.5	54	0.6
Calgary, AB	100%	1.4	384	5.8
Edmonton, AB	100%	2.1	202	3.5
Gatineau, QC	100%	3.4	600	8.6
Gatineau, QC	100%	2.2	209	6.5
Gatineau, QC <sup>(2)</sup>	50%	1.5	159	1.3
Morrisburg, ON	100%	1.8	24	-
Nepean, ON	100%	0.5	32	0.6
Oshawa, ON	100%	2.0	201	6.0
Pickering, ON	100%	1.3	415	6.3
Saint-Hyacinthe, QC	100%	0.8	70	0.7
Saint-Jérôme, QC <sup>(2)</sup>	50%	6.0	410	0.5
Saint-Jérôme, QC	100%	0.6	108	-
St-Jean-sur-Richelieu, QC	100%	1.3	170	-
Surrey, BC	100%	2.6	184	4.9
Terrebonne, QC	100%	1.3	91	-
Victoriaville, QC <sup>(2)</sup>	50%	1.1	66	0.1
Total <sup>(3)</sup>		32.2	3,503	49.7

(1) Numbers of potential suites to be developed are estimates and subject to change based on market conditions and municipal approval processes.

(2) Chartwell's ownership is 100% following closing of the Welltower Transaction effective February 1, 2025.

(3) Includes \$28.1 million in land held for development and \$21.6 million in properties under development.

## Acquisitions

On May 3, 2024, we acquired an 85% interest in Chartwell Le Prescott ("Le Prescott") from Batimo. Le Prescott is a 324-suite retirement residence built in 2017 and is located in the Montreal suburb of Vaudreuil, Quebec. The purchase price was \$80.3 million and was partially settled through the assumption of a \$42.1 million variable rate mortgage bearing interest at the banks' prime rate ("Prime") plus 55 bps maturing on December 1, 2024. Acquisition-related costs of \$3.3 million and mark-to-market adjustments of \$0.4 million have been capitalized. The remainder of the purchase price, subject to normal working capital and other closing adjustments, was paid in cash.

On May 15, 2024, we acquired an 85% interest in Chartwell Trait-Carré ("Trait-Carré") from Batimo. Trait-Carré is a 361-suite retirement residence built in 2021 and is located in Quebec City, Quebec. The purchase price was \$85.7 million and was settled through the assumption of a \$58.4 million demand variable rate mortgage bearing interest at the Canadian Overnight Repo Rate Average ("CORRA") plus credit spread adjustment plus 260 bps. Acquisition-related costs of \$3.3 million have been capitalized. The remainder of the purchase price, subject to normal working capital and other closing adjustments, was paid in cash.

On June 21, 2024, we acquired an 85% interest in Résidence Légende ("Légende") from Batimo. Légende is a 368-suite retirement residence built in 2019 and is located in Greenfield Park, Quebec. The purchase price was \$87.1 million and was settled through the assumption of a \$59.1 million variable rate mortgage bearing interest at Prime plus 85 bps maturing on January 1, 2025, as well as settlement of an outstanding mezzanine loan of \$3.8 million. Batimo provided NOI support until the property achieves stabilization and \$1.6 million of the purchase price is being held in escrow for this obligation. Acquisition-related costs of \$3.3 million and mark-to-market adjustments of \$1.0 million have been capitalized. The remainder of the purchase price, subject to normal working capital and other closing adjustments, was paid in cash.

On July 22, 2024, we completed the acquisition of a 100% interest in a portfolio of five retirement residences (1,428 suites) located in Quebec. The purchase price was \$297.0 million, subject to normal working capital and other closing adjustments, and was paid in cash. Acquisition related costs of \$3.9 million have been capitalized.

On July 31, 2024, we acquired the remaining 10% interest not already owned by us in land located in Pickering, Ontario which was previously accounted for as a joint operation. The purchase price of \$1.1 million was settled in cash.

On August 29, 2024, we entered into definitive agreements to acquire three modern retirement residences on Vancouver Island totalling 384 suites for an aggregate purchase price of \$226.9 million, two of which have closed and the third is expected to close in Q2 2025. Details of these acquisitions are as follows:

- On October 31, 2024, we acquired the 152-suite Vista Retirement Residence, located in Victoria. The purchase price was \$103.9 million, subject to normal working capital and other closing adjustments and was paid in cash. The vendor provided us with a 24-month NOI guarantee, with \$9.2 million of the purchase price held in escrow to support the vendor's obligation.
- On October 31, 2024, we acquired the 77-suite Nanaimo Memory Care, located in Nanaimo. The purchase price was \$20.3 million, subject to normal working capital and other closing adjustments and was paid in cash.
- The Edgewater Retirement Residence, located adjacent to Nanaimo Memory Care, is currently under construction and will be comprised of 155 suites. The purchase price is \$102.7 million, subject to normal working capital and other closing adjustments, and is expected to be paid in cash. The vendor has agreed to provide us with a 36-month NOI guarantee, with \$8.7 million of the purchase price to be held in escrow to support the vendor's obligation. We will acquire the residence upon construction completion, which is expected in Q2 2025.

On November 18, 2024, we completed the acquisition of a 50% ownership interest in a portfolio of five retirement residences (1,807 suites) in Quebec, four of which are located in the Quebec City area and one in Shawinigan. The purchase price at our share was \$213.5 million and was partially settled through the assumption of \$150.4 million of mortgages. The remainder of the purchase price, subject to normal working capital and other closing adjustments was paid in cash. The vendor provided us with a two-year NOI guarantee on two properties, with \$4.7 million of the purchase price to be held in escrow to support the vendor's obligation. In addition, beginning on August 28, 2028, subject to a one-year extension at the vendor's option, the vendor will have an option to sell and we will have an option to purchase the remaining 50% ownership interest in this portfolio at the then fair market value.

On January 15, 2025, we acquired an upscale, 131-suite ISL retirement residence located in Victoria, British Columbia for a purchase price of \$75.0 million. This acquisition is our fourth property on Vancouver Island adding critical mass in the region.

On January 30, 2025, we entered into a definitive agreement to acquire a 632-suite retirement residence located in Montreal, Quebec for \$136.0 million, which is expected to close in Q1 2025.

## ***Dispositions***

On September 6, 2023, we completed the sale of our Long Term Care Operations in Ontario which was then reclassified as "LTC Discontinued Operations" as previously described in our 2023 MD&A. This sale, the "LTC Transactions", included a forward sale contract related to one owned long term care home (100 beds) currently being redeveloped to have 224 beds ("Ballycliffe LTC"). The forward sale contract was terminated effective April 1, 2024.

On November 9, 2023, we entered into a definitive agreement with Welltower to wind-up our existing joint arrangements with them (the "Welltower Transaction"). This transaction closed February 1, 2025. Under the terms of the agreement, Chartwell conveyed its ownership interest in 23 assets (the "Welltower Assets") to Welltower for consideration of: (i) Welltower's ownership interest in 16 assets (the "Chartwell Assets") and (ii) \$93.1 million in cash net of debt and working capital adjustments. Net proceeds to Chartwell after estimated transaction costs of \$12.2 million and taxes of \$3.7 million are expected to be approximately \$77.2 million (the "Cash Consideration"). Chartwell assumed \$132.5 million in debt on the Chartwell

Assets, bearing a weighted average interest rate of 3.1% and having a weighted average term to maturity of 5.3 years. The net change to total debt for Chartwell's balance sheet was a reduction of approximately \$52.1 million including the impact of the settlement of the Welltower loan of \$33.3 million that was settled upon closing of the transaction, as discussed in the "Joint Arrangements" section on page 17 of this MD&A. This net change is before any impact of the Cash Consideration.

On February 1, 2024, we completed the sale of one retirement residence (61 suites) located in Ontario for \$3.8 million. A vendor take-back mortgage was extended to the purchaser in the amount of \$2.8 million, maturing in February 2027, and bearing an interest rate of 8% per annum for the first two years and 10% per annum for the third year.

On August 15, 2024, we completed the sale of one retirement residence (60 suites) located in Ontario for \$10.8 million, settled in cash.

On August 30, 2024, we completed the sale of one long term care residence (56 suites) in Ontario for \$4.6 million, settled in cash. We entered into a sale and leaseback agreement with the purchaser until the property is vacated.

On September 18, 2024, we completed the sale of one retirement residence (323 suites) located in Ontario for \$79.5 million, settled in cash.

## Financing

On May 22, 2024, we entered into amending agreements to extend the maturity date of our secured and unsecured credit facilities from May 29, 2025 to May 29, 2027, with substantially the same terms with a change in pricing to update the benchmark from the Bankers' Acceptance rate ("BA") to CORRA.

On June 27, 2024, we completed a public offering of 28,290,000 Trust Units inclusive of 3,690,000 Trust Units issued pursuant to the exercise in full of the over-allotment option at a price of \$12.20 per Trust Unit for total gross proceeds of \$345.1 million (the "Public Offering"). Underwriting commission and other offering related costs amounted to \$13.5 million.

On June 28, 2024, we repaid the \$125.0 million unsecured term loan.

On July 22, 2024, we entered into a \$150.0 million unsecured term loan agreement with a Canadian chartered bank. The terms of the loan include borrowings based on either the bank's Prime rate or CORRA, with an initial term of six months and an optional extension for an additional six months. On October 31, 2024, we repaid \$75.0 million of this loan. On January 22, 2025, this loan was extended to July 22, 2025.

On October 24, 2024, CMHC confirmed the termination of our Large Borrower Agreement and the transition to a CMHC Large Borrower Risk Management Framework (the "LBRMF"). The LBRMF provides a more flexible financing environment and improved liquidity, and removes previous financial covenant and cross collateralization requirements.

On October 28, 2024, we issued \$150.0 million of 4.400% Series D senior unsecured debentures (the "Series D Debentures") due on November 5, 2029. The net proceeds of the Series D Debentures were used to repay existing indebtedness, including indebtedness under our secured credit facility and term loan, and to partially finance certain previously announced acquisitions of retirement residences that closed in the fourth quarter of 2024. Refer to the "Liquidity and Capital Resources – Debt – Debentures" section on page 32 of this MD&A for details.

On November 14, 2024, we filed a prospectus supplement to establish an at-the-market equity distribution program (the "ATM Program"). The ATM Program allows Chartwell to issue up to \$250.0 million of Trust Units from treasury to the public from time to time during the term of the ATM Program at its discretion. The ATM program is expected to remain in place until the earlier of May 30, 2026 or the issuance and sale of the Trust Units qualified for distribution under the ATM program. During the year ended December 31, 2024, Chartwell issued 1,228,500 units under the ATM program at an average price of \$15.90 per Trust Unit for total gross proceeds of \$19.5 million. Commission and other costs amounted to \$0.4 million.

## Credit Rating

On October 18, 2024, DBRS confirmed the BBB (low) with stable trends rating of our Issuer Rating and Senior Unsecured Debentures, as described in their report. (Details are available on their website at [www.dbrsmorningstar.com](http://www.dbrsmorningstar.com))

## Joint Arrangements

'IFRS 11 – Joint Arrangements' classifies joint arrangements either as a joint operation or as a joint venture. Joint operations are joint arrangements in which the parties that have joint control have rights to the assets and obligations for the liabilities relating to the arrangement. Joint operations are accounted for using proportionate consolidation. Joint ventures are joint arrangements in which the parties have rights to the net assets relating to the arrangement. Generally, where the party holds its interest in the joint arrangement through a separate legal entity, the joint arrangement will be classified as a joint venture. Joint ventures are accounted for using the equity method of consolidation. Chartwell does not independently control its joint arrangements which are accounted for using the equity method, and Chartwell's proportionate share of the financial position and results of operations of its investment in such joint arrangements, where presented and discussed in this MD&A using the proportionate consolidation method, does not necessarily represent Chartwell's legal claim to such items.

The following table summarizes the classification of properties which are owned through our joint arrangements, or which are partially owned as at December 31, 2024:

Joint Arrangements	# of Properties	Suites/Beds	Chartwell Ownership	Joint Arrangement Type	Consolidation Method
<b>Held directly:</b>					
Chartwell-Welltower Landlord ("CWL")	37	7,120	50%	Joint operation	Proportionate
Chartwell Le St-Gabriel Landlord ("CSGL")	1	345	42.5%	Joint operation	Proportionate
Chartwell-Champlain Landlord ("CCL")	5	1,807	50%	Joint operation	Proportionate
Chartwell Le Teasdale I	1	343	42.5%	Joint operation	Proportionate
Chartwell Le Teasdale II	1	221	42.5%	Joint operation	Proportionate
The Sumach by Chartwell	1	332	45%	Joint operation	Proportionate
Batimo	6	1,473	85%	Joint operation	Proportionate
Chartwell Riverside Retirement Residence	1	138	50%	Joint operation	Proportionate
Chartwell Churchill House Retirement Residence	1	98	50%	Joint operation	Proportionate
<b>Held through separate legal entities:</b>					
Chartwell-Welltower Operator	Same as CWL	Same as CWL	Same as CWL	Joint venture	Equity
Chartwell Le St-Gabriel Operator	Same as CSGL	Same as CSGL	Same as CSGL	Joint venture	Equity
Chartwell-Champlain Operator	1	Same as CCL	Same as CCL	Joint venture	Equity
Chartwell Oakville Retirement Residence	1	147	50%	Joint venture	Equity
Chartwell Constantia Retirement Residence	1	121	50%	Joint venture	Equity
Kingsbridge Retirement Community	1	165	60%	Joint venture	Equity

On May 1, 2012, Chartwell and Welltower acquired undivided interests in a portfolio of 39 properties (of which two were subsequently sold) where each of Chartwell's and Welltower's interests in the real estate are held directly and where each of our interests in the operations are held through separate legal entities. Chartwell is the property manager for this portfolio. As the real estate is held directly by each of Chartwell and Welltower, it is classified as a joint operation and accounted for on a proportionate consolidation basis. The operations of the related properties, for which Chartwell is the manager, are held through a separate legal entity and as a result are classified as a joint venture and are accounted for using the equity method of consolidation.

On March 2, 2020, Chartwell and Welltower each acquired a 42.5% interest in Chartwell Le St-Gabriel from Batimo, with Batimo retaining the remaining 15% interest. In Q4 2023, Welltower purchased Batimo's share. As the real estate is held directly by each of Chartwell and Welltower, it is classified as a joint operation and accounted for on a proportionate consolidation basis. The operation of the property, for which Chartwell is the manager, is held through a separate legal entity and as a result is classified as a joint venture and is accounted for using the equity method of consolidation.

On April 14, 2021, Chartwell and Welltower each acquired a 42.5% interest in Chartwell Le Teasdale II from Batimo, with Batimo retaining the remaining 15% interest in the property. Simultaneously, Chartwell completed the sale of 50% of its 85% interest in Chartwell Le Teasdale I to Welltower. In Q4 2023, Welltower purchased Batimo's share. The real estate and the operations for both properties are directly held by Chartwell and Welltower and are classified as joint operations and are accounted for on a proportionate consolidation basis.

On November 9, 2023, we entered into a definitive agreement with Welltower to wind-up our existing joint arrangements with them as outlined in the "Significant Events – Portfolio Optimization" section on page 12 of this MD&A. This transaction closed February 1, 2025.

During Q1 2024, Welltower extended two loans to us for \$33.3 million ("Welltower Loan 1") and \$40.7 million ("Welltower Loan 2"), at interest rates of 6.71% and 6.85%, respectively, as bridge financing for two properties with mortgages that matured in Q1 2024. Welltower Loan 1 was settled on February 1, 2025 upon closing of the Welltower Transaction. Welltower Loan 2 was repaid on February 14, 2025.

On November 18, 2024, we acquired a 50% interest in five properties (refer to the "Significant Events – Portfolio Optimization" section on page 12 of this MD&A) in a joint arrangement with another partner ("Champlain"). As the real estate is held directly by each of Chartwell and Champlain, it is classified as a joint operation and accounted for on a proportionate consolidation basis. The operations of the related properties, for which Chartwell is the manager, is held through a separate legal entity and as a result is classified as a joint venture and is accounted for using the equity method of consolidation.

# Results of Operations

## Net Income/(Loss)

The following table summarizes select financial measures:

(\$000s)	Q4 2024	Q4 2023	Change	2024	2023	Change
Resident revenue	218,445	179,946	38,499	799,923	687,324	112,599
Direct property operating expense	138,707	118,853	19,854	509,179	463,361	45,818
Net income/(loss)	3,544	(13,173)	16,717	22,378	128,273	(105,895)

For 2024, resident revenue increased \$112.6 million or 16.4%, and direct property operating expense increased \$45.8 million or 9.9%. Refer to the “Adjusted Resident Revenue, Adjusted Direct Property Operating Expense, Adjusted Operating Margin, and Adjusted NOI” section on page 21 of this MD&A for details.

For 2024, net income was \$22.4 million compared to \$128.3 million in 2023 that included the gain on sale of \$178.7 million due to the completed LTC Transactions. The remaining differences are due to:

- deferred tax expense in 2024 as compared to a deferred tax benefit in 2023,
  - higher direct property operating expense,
  - higher finance costs,
  - higher depreciation of property, plant and equipment (“PP&E”), and
  - higher transaction costs related to dispositions,
- partially offset by:
- higher resident revenue,
  - higher gain on disposal of assets,
  - current income tax benefit as compared to income tax expense due to the completed LTC Transactions,
  - higher net income from joint ventures,
  - lower general, administrative, and Trust (“G&A”) expenses, and
  - lower negative changes in fair value of financial instruments.

### Fourth Quarter

For Q4 2024, resident revenue increased \$38.5 million or 21.4%, and direct property operating expense increased \$19.8 million or 16.7%. Refer to the “Adjusted Resident Revenue, Adjusted Direct Property Operating Expense, Adjusted Operating Margin, and Adjusted NOI” section on page 21 of this MD&A for details.

For Q4 2024, net income was \$3.5 million compared to net loss of \$13.2 million in Q4 2023 primarily due to:

- higher resident revenue,
  - lower negative changes in fair value of financial instruments,
  - impairment losses in Q4 2023,
  - higher net income from joint ventures,
  - lower G&A expenses, and
  - higher current income tax benefit,
- partially offset by:
- higher direct property operating expense,
  - deferred tax expense in Q4 2024 as compared to a deferred tax benefit in Q4 2023,
  - higher depreciation of PP&E, and
  - higher finance costs.

## FFO

FFO, a non-GAAP financial measure, should not be construed as an alternative to net earnings or cash flow from operating activities as determined by GAAP. FFO as presented may not be comparable to similar measures used by other issuers. We present FFO substantially consistent with the definition adopted in the REALPAC Guidance. This definition is included in the “Additional Information on Non-GAAP Measures” section on page 39 of this MD&A.

We believe that the use of FFO, combined with the required primary GAAP presentations, is beneficial to the users of the financial information, improving their understanding of our operating results. FFO is considered a meaningful measure for reviewing our operating and financial performance because it excludes several items that can vary among owners of identical assets in similar condition based on historical cost accounting and useful life estimates. These items include real estate asset depreciation, amortization of intangible assets, transaction costs from business acquisitions and dispositions, impairment of PP&E, distributions on Class B Units of Chartwell Master Care LP recorded as interest expense, changes in the fair value of financial instruments, deferred income tax expense/benefit, remeasurement gains, gains/losses on asset disposals, and adjustments for Equity-Accounted JVs. By excluding these items, FFO helps users compare the financial and operating performance of our real estate portfolio across different financial reporting periods.

Refer to the “Additional Information on Non-GAAP Measures” section on page 39 of this MD&A for the reconciliation of net income/(loss), the most closely comparable GAAP measure, to FFO and FFO per unit (“FFOPU”) amounts.

The following table presents FFO, FFOPU and Weighted average number of units:

<i>(\$000s, except per unit amounts and number of units)</i>	<b>Q4 2024</b>	Q4 2023	Change	<b>2024</b>	2023	Change
FFO <sup>(1)</sup>						
Continuing operations	57,663	39,246	18,417	197,462	122,151	75,311
Total	57,663	39,099	18,564	197,462	133,190	64,272
FFOPU <sup>(2)</sup>						
Continuing operations	0.21	0.16	0.05	0.76	0.51	0.25
Total	0.21	0.16	0.05	0.76	0.55	0.21
Weighted average number of units (000) <sup>(3)</sup>	275,494	243,262	32,232	260,119	241,688	18,431

(1) Non-GAAP; refer to the “Additional Information on Non-GAAP Measures – FFO” section on page 39 of this MD&A for a discussion of the nature of various adjustments made in FFO calculations.

(2) Non-GAAP; refer to the “Additional Information on Non-GAAP Measures – Per Unit Amounts” section on page 45 of this MD&A for a discussion of the calculation of the per unit amounts.

(3) Non-GAAP; refer to “Weighted Average Number of Units” section on page 45 of this MD&A.

For 2024, FFO from continuing operations was \$197.5 million or \$0.76 per unit, compared to \$122.2 million or \$0.51 per unit for 2023. The change in FFO from continuing operations was primarily due to:

- higher adjusted NOI from continuing operations of \$76.2 million,
- lower G&A expenses of \$11.0 million,
- one-time retroactive government funding related to LTC Discontinued Operations of \$1.4 million,
- higher adjusted interest income of \$1.4 million, and
- lower depreciation of PP&E and amortization of intangibles assets used for administrative purposes of \$0.4 million,

partially offset by:

- higher adjusted finance costs of \$14.2 million, and
- lower management fees of \$0.9 million.

For 2024, FFO from continuing operations includes \$1.1 million of Lease-up-Losses and Imputed Cost of Debt related to our development projects (2023 – \$2.3 million).

Total FFO for 2023 includes results of LTC Discontinued Operations of \$11.1 million or \$0.04 per unit.

## **Fourth Quarter**

For Q4 2024, FFO from continuing operations was \$57.7 million or \$0.21 per unit, compared to \$39.2 million or \$0.16 per unit for Q4 2023. The change in FFO from continuing operations was primarily due to:

- higher adjusted NOI from continuing operations of \$21.7 million,
- lower G&A expenses of \$3.1 million, and
- higher adjusted interest income of \$0.5 million,

partially offset by:

- higher adjusted finance costs of \$6.4 million, and
- lower management fees of \$0.5 million.

For Q4 2024, FFO from continuing operations includes \$0.2 million of Lease-up-Losses and Imputed Cost of Debt related to our development projects (Q4 2023 – \$0.6 million).

Total FFO for Q4 2023 includes results of LTC Discontinued Operations of \$0.2 million.

## **Adjusted Resident Revenue, Adjusted Direct Property Operating Expense, Adjusted Operating Margin, and Adjusted NOI**

The tables on the following pages of this section summarize our adjusted resident revenue, adjusted direct property operating expense, adjusted operating margin, and adjusted NOI, which are each non-GAAP measures, and also includes supplemental disclosure of our same property portfolio, our growth portfolio, and our repositioning portfolio. The supplemental disclosure of our same property portfolio, our growth portfolio, and our repositioning portfolio are non-GAAP measures and should not be construed as an alternative to GAAP measures. We use these groupings of properties to evaluate and monitor our financial and operating performance and we believe that this additional disclosure enhances the ability to understand and assess our results of operations and particularly to compare such results from period to period. Definitions for each of these portfolio groupings as well as the composition of the portfolio included in the respective grouping for the current reporting period are provided in the “Business Overview” section on page 5 of this MD&A.

The measure of profit or loss is adjusted NOI which is adjusted resident revenue less adjusted direct property operating expense. Adjusted resident revenue is resident revenue plus Chartwell’s proportionate share of its joint ventures’ resident revenue less resident revenue from non-controlling interest. Adjusted direct property operating expense is direct property operating expense plus Chartwell’s proportionate share of its joint ventures’ direct property operating expense less direct operating expense from non-controlling interest.

The following table reconciles resident revenue and direct property operating expense from our financial statements to adjusted resident revenue and adjusted direct property operating expense, and NOI to adjusted NOI from continuing operations and adjusted NOI, and identifies contributions from our same property portfolio, our growth portfolio, and our repositioning portfolio:

(\$000s, except occupancy rates)	Q4 2024	Q4 2023	Change	2024	2023	Change
<b>Resident revenue</b>	<b>218,445</b>	<b>179,946</b>	<b>38,499</b>	<b>799,923</b>	<b>687,324</b>	<b>112,599</b>
<i>Add (Subtract):</i>						
Share of resident revenue from joint ventures <sup>(1)</sup>	39,485	33,159	6,326	142,430	126,765	15,665

<b>Weighted average occupancy rate:</b>						
Same property portfolio	90.1%	85.0%	5.1pp	88.0%	82.1%	5.9pp
Growth portfolio	87.9%	77.2%	10.7pp	86.4%	74.1%	12.3pp
Repositioning portfolio	84.5%	81.7%	2.8pp	84.4%	85.1%	(0.7pp)
Total portfolio	88.7%	83.3%	5.4pp	87.1%	81.9%	5.2pp

(1) Non-GAAP; represents Chartwell's proportionate share of the resident revenue of our Equity-Accounted JVs as referenced in the notes to our Financial Statements and as described in the "Joint Arrangements" section on page 17 of this MD&A.

(2) Refer to the "LTC Discontinued Operations" section on page 49 of this MD&A.

(3) Non-GAAP; represents Chartwell's proportionate share of the resident revenue of our non-controlling interest as referenced in the notes to our Financial Statements.

(4) Non-GAAP; refer to the preamble to this table for explanations and discussion of the significance of these metrics.

(5) Non-GAAP; represents Chartwell's proportionate share of the direct property operating expense of our Equity-Accounted JVs as referenced in the notes to our Financial Statements and as described in the "Joint Arrangements" section on page 17 of this MD&A.

(6) Non-GAAP; represents Chartwell's proportionate share of the direct property operating expense of our non-controlling interest as referenced in the notes to our Financial Statements.

For 2024, adjusted resident revenue decreased 4.3% primarily due to:

- lower revenue from our repositioning portfolio, primarily due to the completed LTC Transactions, partially offset by:
- higher same property adjusted resident revenue of 11.1%, and
- higher revenue from our growth portfolio.

For 2024, adjusted direct property operating expense decreased 14.6% primarily due to:

- lower direct property operating expense from our repositioning portfolio, primarily due to the completed LTC Transactions, partially offset by:
- higher same property adjusted direct operating expense of 6.9%, and
- additional expenses in our growth portfolio.

As a result, for 2024, adjusted NOI increased \$60.5 million or 21.7%.

#### **Fourth Quarter**

For Q4 2024, adjusted resident revenue increased 20.2% primarily due to:

- higher same property adjusted resident revenue of 9.6%, and
- higher revenue from our growth portfolio.

For Q4 2024, adjusted direct property operating expense increased 15.0% primarily due to:

- higher same property adjusted direct operating expense of 7.0%, and
  - additional expenses in our growth portfolio
- partially offset by:
- lower direct property operating expense from our repositioning portfolio.

As a result, for Q4 2024, adjusted NOI increased \$21.9 million or 30.6%.

#### **Same Property Performance**

The following table summarizes the results of our same property portfolio as at December 31, 2024:

<i>(\$000s, except operating margin and occupancy rate)</i>	<b>Q4 2024</b>	Q4 2023	Change	<b>2024</b>	2023	Change
<b>Same property</b> <sup>(1)</sup>						
Adjusted resident revenue <sup>(2)</sup>	170,141	155,196	14,945	655,652	590,138	65,514
Adjusted direct property operating expense <sup>(2)</sup>	106,785	99,815	6,970	411,229	384,537	26,692
Adjusted NOI <sup>(2)</sup>	63,356	55,381	7,975	244,423	205,601	38,822
Adjusted operating margin <sup>(2)</sup>	37.2%	35.7%	1.5pp	37.3%	34.8%	2.5pp
Weighted average occupancy rate	90.1%	85.0%	5.1pp	88.0%	82.1%	5.9pp

(1) Non-GAAP; refer to the "Property Portfolio Groupings" section on page 5 of this MD&A for explanations of 'Same property' and the significance of this metric.

(2) Non-GAAP; refer to the preamble in this section for explanations of 'adjusted resident revenue', 'adjusted direct property operating expense', 'adjusted NOI', and 'adjusted operating margin' for the significance of these metrics.

For 2024, same property adjusted resident revenue increased 11.1% primarily due to higher occupancy and a blended rental and service rate increase of 4.4%.

For 2024, same property adjusted direct property operating expense increased 6.9% primarily due to higher staffing costs, management fees, office and general expenses, and food costs partially offset by lower utility costs.

As a result, for 2024, same property adjusted NOI increased \$38.8 million or 18.9%. Same property adjusted operating margin also increased to 37.3% in 2024 from 34.8% in 2023.

The following identifies same property adjusted NOI trends by platform for 2024:

- Our Western Canada platform same property adjusted NOI increased \$9.5 million or 14.2%.
- Our Ontario platform same property adjusted NOI increased \$21.1 million or 18.4%.
- Our Quebec platform same property adjusted NOI increased \$8.2 million or 34.2%.

The following table summarizes our annual weighted average occupancy rates in our same property portfolio:

	2024	2023	Change
Western Canada	94.5%	87.6%	6.9pp
Ontario	84.6%	79.3%	5.3pp
Quebec	88.3%	81.9%	6.4pp
Same property portfolio	88.0%	82.1%	5.9pp

In 2024, weighted average occupancy in our retirement same property portfolio was 88.0%, a 5.9 percentage point increase from 2023. All platforms experienced occupancy gains in 2024 compared to 2023.

#### Fourth Quarter

For Q4 2024, same property adjusted resident revenue increased 9.6% primarily due to higher occupancy as well as a blended rental and service rate increase of 3.7%.

For Q4 2024, same property adjusted direct property operating expense increased 7.0% primarily due to higher staffing costs, management fees, office and general expenses and food costs.

As a result, for Q4 2024, same property adjusted NOI increased \$8.0 million or 14.4%. Same property adjusted operating margin also increased to 37.2% in Q4 2024 from 35.7% in Q4 2023.

The following identifies same property adjusted NOI trends by platform for Q4 2024:

- Our Western Canada platform same property adjusted NOI increased \$1.7 million or 9.3%.
- Our Ontario platform same property adjusted NOI increased \$4.3 million or 13.7%.
- Our Quebec platform same property adjusted NOI increased \$2.0 million or 31.5%.

The following table summarizes our quarterly weighted average occupancy rates in our same property portfolio:

	Q4 2024	Q4 2023	Change	Q3 2024	Change
Western Canada	96.2%	90.9%	5.3pp	95.4%	0.8pp
Ontario	86.6%	82.1%	4.5pp	84.7%	1.9pp
Quebec	90.8%	84.8%	6.0pp	89.0%	1.8pp
Same property portfolio	90.1%	85.0%	5.1pp	88.5%	1.6pp

In Q4 2024, weighted average occupancy in our same property portfolio was 90.1%, compared to 85.0% in Q4 2023, an increase of 5.1 percentage points. All platforms experienced occupancy gains in Q4 2024 compared to Q4 2023 and compared to Q3 2024. Q4 2024 same property portfolio occupancy increased 1.6 percentage points from Q3 2024.

## Management and Other Fees

(\$000s)	Q4 2024	Q4 2023	Change	2024	2023	Change
Welltower	1,894	1,907	(13)	7,842	7,637	205
Long Term Care Homes	-	478	(478)	-	1,860	(1,860)
Batimo	872	994	(122)	3,253	2,813	440
Other	487	344	143	1,465	1,193	272
Total management and other fees	3,253	3,723	(470)	12,560	13,503	(943)

Management and other fees decreased \$0.9 million in 2024 and \$0.5 million in Q4 2024, respectively, compared to the prior year, primarily due to the LTC Transactions completed in Q3 2023, partially offset by higher performance-based fees.

## Interest Income

(\$000s)	Q4 2024	Q4 2023	Change	2024	2023	Change
Interest income on loans receivable	746	569	177	2,013	1,402	611
Other interest income	626	365	261	1,592	917	675
Total interest income	1,372	934	438	3,605	2,319	1,286

Interest income on loans receivable increased \$0.6 million and \$0.2 million in 2024 and Q4 2024, respectively, compared to the prior year, primarily due to higher loan balances outstanding partially offset by lower interest rates.

Other interest income fluctuates period-to-period based on cash balances. Other interest income increased in 2024 and Q4 2024 primarily due to higher cash balances.

## General, Administrative and Trust Expenses

(\$000s)	Q4 2024	Q4 2023	Change	2024	2023	Change
G&A expenses	10,334	13,455	(3,121)	49,460	60,450	(10,990)

For 2024, G&A expenses decreased \$11.0 million compared to 2023, primarily due to lower compensation costs as we continue to execute on our plan to achieve efficiency improvements, and CFO transition costs that were incurred in 2023, partially offset by higher unit-based compensation costs due to the increase in value of our Trust Units. 2024 G&A included \$2.4 million of severance related to our efficiency initiatives.

For Q4 2024, G&A expenses decreased \$3.1 million compared to Q3 2023, primarily due to lower compensation costs as we continue to execute on our plan to achieve efficiency improvements and lower unit-based compensation costs. This was partially offset by higher performance-based compensation. Q4 2024 G&A included \$0.2 million of severance related to our efficiency initiatives.

## Finance Costs

The following table applies to continuing operations:

(\$000s)	Q4 2024	Q4 2023	Change	2024	2023	Change
Contractual interest expense on mortgages	18,192	13,823	4,369	62,631	55,873	6,758
Comprised of:						
Same property <sup>(1)</sup>	11,232	9,773	1,459	41,205	39,501	1,704
Growth <sup>(1)</sup>	5,634	2,037	3,597	15,632	8,136	7,496
Repositioning <sup>(1)</sup>	1,326	2,013	(687)	5,794	8,236	(2,442)
Interest expense on Debentures <sup>(2)</sup>	6,589	4,004	2,585	22,539	14,392	8,147
Interest expense on Credit Facilities	1,243	1,862	(619)	8,710	12,023	(3,313)
Interest expense on Loans Payable <sup>(3)</sup>	2,840	1,399	1,441	10,818	5,524	5,294
	28,864	21,088	7,776	104,698	87,812	16,886
Amortization of finance costs and mark-to-market adjustments on assumed mortgages	536	1,926	(1,390)	3,545	6,488	(2,943)
	29,400	23,014	6,386	108,243	94,300	13,943
Interest capitalized to properties under development	(811)	(657)	(154)	(2,862)	(2,735)	(127)
Distributions on Class B Units recorded as interest expense	231	234	(3)	927	936	(9)
Total finance costs – continuing operations	28,820	22,591	6,229	106,308	92,501	13,807

(1) Non-GAAP; refer to the "Property Portfolio Groupings" section on page 5 of this MD&A for explanations of 'Same property', 'Growth', and 'Repositioning' and the significance of these metrics.

(2) "Debentures" refers collectively to the "Series A Debentures", the "Series B Debentures", the "Series C Debentures" and the "Series D Debentures". Refer to the "Liquidity and Capital Resources – Debt – Debentures" section on page 32 of this MD&A for details.

(3) "Loans Payable" refers collectively to the 'unsecured term loan', the 'Welltower Loan 1', and the 'Welltower Loan 2'. Refer to the "Liquidity and Capital Resources – Debt – Loans Payable" section on page 31 of this MD&A for details.

Contractual interest expense on mortgages increased \$6.7 million and \$4.4 million in 2024 and Q4 2024, respectively, primarily due to higher interest rates and higher balances outstanding for most of the period.

Interest expense on Debentures increased \$8.1 million and \$2.6 million in 2024 and Q4 2024 due to higher interest rates and higher balances outstanding.

Interest expenses on Credit Facilities decreased \$3.3 million in 2024 and \$0.6 million in Q4 2024 due to lower balances outstanding and lower interest rates.

Interest expense on Loans Payable increased in 2024 and Q4 2024 due to the new \$150 million term loan and Welltower loans. Refer to the “Liquidity and Capital Resources – Debt – Loans Payable” section on page 31 of this MD&A for details.

The following table provides supplemental information related to finance costs for our Equity-Accounted JVs:

(\$000s)	Q4 2024	Q4 2023	Change	2024	2023	Change
Contractual interest expense on mortgages	618	435	183	2,084	1,729	355
Comprised of:						
Same property <sup>(1)</sup>	238	240	(2)	954	958	(4)
Growth <sup>(1)</sup>	380	195	185	1,130	771	359
Amortization of finance costs	8	15	(7)	49	59	(10)
Total finance costs	626	450	176	2,133	1,788	345

(1) Non-GAAP; refer to the “Property Portfolio Groupings” section on page 5 of this MD&A for explanations of ‘Same property’ and ‘Growth’ and the significance of these metrics.

## Other Income/(Expense)

The following table applies to our continuing operations:

(\$000s)	Q4 2024	Q4 2023	Change	2024	2023	Change
Transaction costs arising on dispositions	(491)	(192)	(299)	(5,518)	(1,167)	(4,351)
Impairment losses	-	(10,273)	10,273	-	(10,898)	10,898
Other expense	(604)	-	(604)	(1,207)	-	(1,207)
Gain/(loss) on sale of assets	(941)	5,770	(6,711)	53,963	12,074	41,889
Other income	-	-	-	1,412	-	1,412
Total other income/(expense)	(2,036)	(4,695)	2,659	48,650	9	48,641

Transaction costs arising on dispositions are expensed as incurred and fluctuate from period to period based on the timing and volume of transactions.

Gain/(loss) on sale of assets increased \$41.9 million in 2024 primarily due to the sale of four non-core properties located in Ontario, partially offset for a retained obligation for remediation of lands on a long term care home that was sold in 2020. Gain/(loss) on sale of assets decreased by \$6.7 million in Q4 2024 primarily due to the absence of sales in Q4 2024. In comparison, Q4 2023 included gain from the sale of two non-core properties in Ontario of \$5.8 million.

Other income increased \$1.4 million in 2024 due to retroactive funding related to the completed LTC Transactions.

## Other Items

(\$000s)	Q4 2024	Q4 2023	Change	2024	2023	Change
Depreciation of PP&E and amortization of intangible assets	(49,710)	(39,587)	(10,123)	(168,566)	(156,695)	(11,871)
Change in fair value of financial instruments	1,660	(10,752)	12,412	(19,875)	(21,964)	2,089
Current income tax benefit/(expense)	2,744	869	1,875	255	(27,231)	27,486
Deferred income tax benefit/(expense)	(7,166)	3,419	(10,585)	(34,752)	24,510	(59,262)

For 2024, depreciation of PP&E and amortization of intangible assets increased \$12.2 million primarily due to acquisitions and completed developments partially offset by transfer to assets held for sale and decrease

in the property portfolio due to dispositions. Depreciation of PP&E and amortization of intangible assets increased \$10.4 million in Q4 2024 primarily due to acquisitions and completed developments partially offset by decrease in the property portfolio due to dispositions.

Change in fair value of financial instruments is primarily a result of changes in the market value of the underlying financial instruments. These amounts are expected to fluctuate from period to period due to changes in financial markets.

Current tax benefit/(expense) changed by \$27.5 million in 2024 and \$1.9 million in Q4 2024. The 2024 and Q4 2024 changes to current tax benefit/(expense) is primarily due to adjustments to the SIFT tax payable estimated on the disposition of non-core properties. The 2023 and Q4 2023 current tax expense is primarily due to adjustments to the estimated gain on the completed LTC Transactions in 2023 and sale of non-core properties.

Deferred income tax benefit/(expense) changed by \$59.3 million in 2024 and \$10.6 million in Q4 2024, primarily due to the reversal of temporary differences associated with the sale of non-core properties and the completed LTC Transactions in 2023.

## Cash Flow Analysis

The following table summarizes the significant changes in our operating, financing, and investing cash flows between 2024 and 2023 using our consolidated statements of cash flows:

Cash Provided by (Used in):	Increase (Decrease) (\$Millions)	Explanation
Operating activities	43.4	Change in cash flows from operating activities is primarily due to: <ul style="list-style-type: none"> <li>• higher NOI from continuing operations, partially offset by:</li> <li>• changes in working capital, and</li> <li>• higher interest paid.</li> </ul>
Financing activities	687.8	Change in cash flows from financing activities is primarily due to: <ul style="list-style-type: none"> <li>• proceeds from the Public Offering and the ATM Program for our Trust Units,</li> <li>• higher proceeds from mortgage financing activities,</li> <li>• higher proceeds from loans payable financing,</li> <li>• higher draws on our Credit Facilities, and</li> <li>• lower repayments of senior unsecured debentures,</li> </ul> partially offset by: <ul style="list-style-type: none"> <li>• higher mortgage repayments,</li> <li>• higher loans payable repayments,</li> <li>• lower proceeds from senior unsecured debentures,</li> <li>• higher additions to finance costs, and</li> <li>• higher distributions due to additional Trust Units issued.</li> </ul>
Investing activities	(731.9)	Change in cash flows from investing activities is primarily due to: <ul style="list-style-type: none"> <li>• acquisitions of assets,</li> <li>• lower proceeds from disposition of PP&amp;E,</li> <li>• higher income taxes paid,</li> <li>• higher advances on loans receivables,</li> <li>• lower proceeds from capital funding receivable, and</li> <li>• lower restricted cash,</li> </ul> partially offset by: <ul style="list-style-type: none"> <li>• lower additions to PP&amp;E and intangible assets.</li> </ul>

The following table summarizes the significant changes in our operating, financing, and investing cash flows between Q4 2024 and Q4 2023 using our consolidated statements of cash flows:

Cash Provided by (Used in):	Increase (Decrease) <i>(\$millions)</i>	Explanation
Operating activities	(2.2)	Change in cash flows from operating activities is primarily due to: <ul style="list-style-type: none"> <li>• changes in working capital, and</li> <li>• higher interest paid,</li> </ul> partially offset by: <ul style="list-style-type: none"> <li>• higher NOI from continuing operations.</li> </ul>
Financing activities	165.5	Change in cash flows from financing activities is primarily due to: <ul style="list-style-type: none"> <li>• higher proceeds from senior unsecured debentures,</li> <li>• higher proceeds from mortgage financing activities,</li> <li>• lower mortgage repayments,</li> <li>• proceeds from the ATM program for our Trust Units, and</li> <li>• higher net draws on our Credit facilities,</li> </ul> partially offset by: <ul style="list-style-type: none"> <li>• repayment of loans payable,</li> <li>• higher distributions due to additional Trust Units issued, and</li> <li>• higher additions to finance costs.</li> </ul>
Investing activities	(180.1)	Change in cash flows from investing activities is primarily due to: <ul style="list-style-type: none"> <li>• acquisitions of assets,</li> <li>• higher advances on loans receivables,</li> <li>• lower proceeds from disposition of PP&amp;E, and</li> <li>• higher income taxes paid,</li> </ul> partially offset by: <ul style="list-style-type: none"> <li>• higher restricted cash, and</li> <li>• lower additions to PP&amp;E and intangible assets.</li> </ul>

## Liquidity and Capital Resources

### Liquidity

Our liquidity and capital resources are used to fund capital investments in our properties, development and acquisition activities, servicing of our debt obligations, and distributions to our unitholders. Our principal source of liquidity is net operating income generated from our property operations. We also finance our business, subject to market conditions, through the use of property-specific mortgages, secured and unsecured credit facilities, secured and unsecured term loans, senior unsecured debentures and equity financing.

At December 31, 2024, our liquidity was \$314.3 million as presented in the following table:

<i>(\$000s)</i>	December 31, 2024	December 31, 2023
Cash and cash equivalents	20,048	24,619
Available under Credit Facilities <sup>(1)</sup>	294,247	324,012
Total	314,295	348,631

(1) Refer to the "Credit Facilities" section on page 31 of this MD&A for the determination and calculation of this amount.

In addition, at December 31, 2024, our share of cash and cash equivalents held in our Equity-Accounted JVs was \$15.3 million.

As at December 31, 2024, our current liabilities were \$1,085 million, exceeding our current assets of \$388.0 million, resulting in a working capital deficiency of \$697.9 million. Current liabilities include \$408.1 million of current mortgages payable, \$149.0 million of Loans Payable, \$150.0 million of senior unsecured debentures, and \$149.3 million of liabilities related to assets held for sale.

We expect to refinance or repay this maturing debt and meet all of our other obligations as they become due. We may utilize some or all of the following sources of liquidity, subject to market conditions:

- (i) cash flow generated from our operations,
- (ii) proceeds from non-core asset sales,
- (iii) property-specific mortgages,
- (iv) secured and unsecured credit facilities,
- (v) secured and unsecured loans,
- (vi) debentures, and
- (vii) new equity financing.

## Debt

Our debt portfolio currently consists of property-specific mortgages, Credit Facilities, Loans Payable, and Debentures. Our debt management objective is to maximize financial flexibility, maintain a strong balance sheet and stagger our maturities by:

- accessing low-cost, long term, fixed-rate debt and short-term, variable-rate financing,
- managing interest rate risk by spreading debt maturities over time,
- proactively managing our short-term maturities and where appropriate, refinancing maturing mortgages with long term debt, and
- growing our unencumbered asset pool.

The following table summarizes the components of the principal balance of our debt at December 31, 2024 and December 31, 2023:

(\$000s)	December 31, 2024	December 31, 2023
Mortgages payable	1,852,274	1,469,304
Credit Facilities	100,000	70,000
Loans Payable		
Unsecured term loan	75,000	125,000
Welltower Loan 1	33,323	-
Welltower Loan 2	40,665	-
Debentures		
Series B Debentures	150,000	150,000
Series C Debentures	250,000	250,000
Series D Debentures	150,000	
<b>Total</b>	<b>2,651,262</b>	<b>2,064,304</b>

The following table summarizes the scheduled principal maturity and weighted average interest rates for our debt portfolio at December 31, 2024:

(\$000s)	Amortizing Principal Payments	Principal Due at Maturity	Total Mortgages	Weighted Average Interest Rate <sup>(1)</sup>	Credit Facilities	Weighted Average Interest Rate	Loans Payable	Weighted Average Interest Rate <sup>(1)</sup>	Debentures	Weighted Average Interest Rate	Total	Consolidated Weighted Average Interest Rate
2025	66,183	343,866	410,049	4.99%	-	-	148,988	6.20%	150,000	4.21%	709,037	5.08%
2026	62,514	102,936	165,450	3.31%	-	-	-	-	250,000	6.00%	415,450	4.93%
2027	58,929	59,468	118,397	3.23%	100,000	5.43%	-	-	-	-	218,397	4.24%
2028	55,157	169,463	224,620	3.37%	-	-	-	-	-	-	224,620	3.37%
2029	45,910	99,985	145,895	2.94%	-	-	-	-	150,000	4.40%	295,895	3.68%
2030	39,284	61,206	100,490	2.73%	-	-	-	-	-	-	100,490	2.73%
2031	34,067	80,334	114,401	2.80%	-	-	-	-	-	-	114,401	2.80%
2032	28,651	65,133	93,784	4.17%	-	-	-	-	-	-	93,784	4.17%
2033	23,696	135,482	159,178	4.13%	-	-	-	-	-	-	159,178	4.13%
2034	19,712	229,019	248,731	4.31%	-	-	-	-	-	-	248,731	4.31%
Thereafter	30,157	41,225	71,279	3.84%	-	-	-	-	-	-	71,279	3.84%
<b>Total</b>	<b>464,157</b>	<b>1,388,117</b>	<b>1,852,274</b>	<b>3.86%</b>	<b>100,000</b>	<b>5.43%</b>	<b>148,988</b>	<b>6.20%</b>	<b>550,000</b>	<b>5.08%</b>	<b>2,651,262</b>	<b>4.30%</b>

(1) For variable rate instruments, the weighted average interest rate in 2024 is based on the 2024 weighted average interest rate.

The following chart provides a breakdown of our debt maturities at December 31, 2024:

### Mortgage Debt

We generally have access to low-cost mortgage financing insured by CMHC. As of December 31, 2024, approximately 82% of our mortgage debt was CMHC insured. We intend to continue financing our properties through this program including, for those properties operating at high occupancy levels, converting conventional mortgages to CMHC debt and placing mortgages on certain currently unencumbered properties.

The following table summarizes the changes in the principal balance of our mortgage debt portfolio in 2024:

	Balance (\$000s)	Weighted Average Term to Maturity (Years)	Weighted Average Interest Rate	% CMHC Insured
Principal balance at December 31, 2023	1,469,304	6.2	3.26%	93%
Payouts and matured in the period	(151,406)	N/A	5.20%	18%
Assumed mortgages	308,564	0.6	6.65%	12%
New mortgage financing	297,277	8.3	4.36%	80%
Amortizing principal repayments	(65,860)	N/A	N/A	N/A
Repayments related to dispositions	(5,605)	0.5	2.75%	100%
Principal balance at December 31, 2024	1,852,274	5.8	3.86%	82%
Mark-to-market adjustments on assumed mortgages	2,376			
Finance costs	(59,671)			
Mortgages payable at December 31, 2024	1,794,979			

The following table provides select financial statistics for our mortgage debt portfolio:

	At December 31, 2024			At December 31, 2023
	Fixed Rate	Variable Rate	Total	Total
Principal amount (\$000s)	1,581,468	270,806	1,852,274	1,469,304
Weighted average interest rate	3.50%	5.94%	3.86%	3.26%
Average term to maturity (years)	6.7	0.6	5.8	6.2

The following tables are supplemental information and summarize the components of our mortgage debt portfolio for our Equity-Accounted JVs:

(\$000s)	December 31, 2024	December 31, 2023
Principal balance of mortgages payable	49,594	51,990
Finance costs	(98)	(96)
<b>Mortgages payable</b>	<b>49,496</b>	<b>51,894</b>

(\$000s)	Amortizing Principal Payments	Principal Due at Maturity	Total Principal Balance of Mortgages Payable	Weighted Average Interest Rate
2025	309	-	309	3.98%
2026	267	49,018	49,285	4.96%
<b>Total</b>	<b>576</b>	<b>49,018</b>	<b>49,594</b>	<b>4.95%</b>

## Credit Facilities

The following table summarizes the available borrowing capacity and borrowings on our Credit Facilities at December 31, 2024:

(\$000s)	Maximum Capacity	Available Capacity	Utilized for Letters of Credit	Net Available Capacity	Borrowed	Available Borrowing Capacity	Maturity Date
Secured credit facility <sup>(1)</sup>	300,000	300,000	5,753	294,247	100,000	194,247	May 29, 2027
Unsecured credit facility <sup>(2)</sup>	100,000	100,000	-	100,000	-	100,000	May 29, 2027
<b>Total Credit Facilities</b>	<b>400,000</b>	<b>400,000</b>	<b>5,753</b>	<b>394,247</b>	<b>100,000</b>	<b>294,247</b>	

(1) Available capacity is determined based on a formula that considers the lending value of the properties included in the secured asset pool. The factors impacting the lending value formula include property valuations, the mortgageability amount determined on the basis of NOI for the previous four quarters, and the secured collateral.

(2) An option to increase borrowing capacity by an additional \$50.0 million is available, subject to certain conditions.

The cost of our Credit Facilities was amended on May 22, 2024. At the current BBB(low) rating by DBRS, last confirmed by DBRS on October 18, 2024, amounts borrowed under the secured credit facility bear interest at Prime plus 65 bps or CORRA plus 165 bps, and amounts borrowed under the unsecured credit facility bear interest at Prime plus 70 bps or CORRA plus 170 bps. The secured credit facility is secured by first and second ranked charges on specific properties. The cost of our Credit Facilities is based on our credit rating.

## Loans Payable

The following tables summarize the Loans Payable as at December 31, 2024 and December 31, 2023:

<b>December 31, 2024</b>	Outstanding Principal (\$000s)	Financing Costs, Net (\$000s)	Carrying Value (\$000s)	Interest rate	Maturity date
Unsecured term loan	75,000	(16)	74,984	5.62%	January 22, 2025
Welltower Loan 1 <sup>(1)</sup>	33,323	-	33,323	6.71%	February 14, 2025
Welltower Loan 2 <sup>(2)</sup>	40,665	-	40,665	6.85%	February 15, 2025
<b>Total</b>	<b>148,988</b>	<b>(16)</b>	<b>148,972</b>		

(1) Repaid on the closing of the Welltower Transaction on February 1, 2025.

(2) Repaid on maturity.

<b>December 31, 2023</b>	Outstanding Principal (\$000s)	Financing Costs, Net (\$000s)	Carrying Value (\$000s)	Interest rate	Maturity date
Unsecured term loan	125,000	(76)	124,924	3.95%	May 31, 2024
<b>Total</b>	<b>125,000</b>	<b>(76)</b>	<b>124,924</b>		

On June 28, 2024, we repaid the \$125.0 million unsecured term loan.

On July 22, 2024, we entered into a \$150.0 million unsecured term loan facility agreement with a Canadian chartered bank. The loan bears interest based on either the bank's prime rate or CORRA, with an initial term of six months and an optional extension for an additional six months. On October 31, 2024, we repaid

\$75.0 million of this unsecured loan. On January 22, 2025, the remaining loan was extended with a maturity date of July 22, 2025.

## Debentures

The following tables summarize our Debentures outstanding as at December 31, 2024 and December 31, 2023:

<b>December 31, 2024</b>	Outstanding Principal (\$000s)	Financing Costs, Net (\$000s)	Carrying Value (\$000s)	Interest rate	Maturity date
Series B Debentures	150,000	(47)	149,953	4.211%	April 28, 2025
Series C Debentures	250,000	(652)	249,348	6.000%	December 8, 2026
Series D Debentures	150,000	(990)	149,010	4.400%	November 5, 2029
<b>Total</b>	<b>550,000</b>	<b>(1,689)</b>	<b>548,311</b>		

<b>December 31, 2023</b>	Outstanding Principal (\$000s)	Financing Costs, Net (\$000s)	Carrying Value (\$000s)	Interest rate	Maturity date
Series B Debentures	150,000	(192)	149,808	4.211%	April 28, 2025
Series C Debentures	250,000	(827)	249,173	6.000%	December 8, 2026
<b>Total</b>	<b>400,000</b>	<b>(1,019)</b>	<b>398,981</b>		

On December 8, 2023, we issued \$250.0 million of 6.000% Series C senior unsecured debentures due on December 8, 2026, with semi-annual interest payments due on June 8 and December 8 of each year. Debt financing costs of \$1.1 million were incurred and are being amortized.

On December 11, 2023, we repaid our maturing \$200.0 million of 3.786% Series A senior unsecured debentures.

On October 28, 2024, we issued \$150.0 million of 4.400% Series D senior unsecured debentures due on November 5, 2029, with semi-annual interest payments due on May 5 and November 5 of each year. Debt financing costs of \$1.0 million were incurred and are being amortized.

## Debt Covenants

Our Credit Facilities, Loans Payable, and Debentures contain numerous financial covenants that include maintaining certain leverage and debt service ratios (collectively, our “Debt Covenants”). Management monitors these ratios on an ongoing basis to ensure compliance. As of December 31, 2024, we were in compliance with all of our Debt Covenants.

The following table summarizes our compliance with the leverage and coverage ratios as they relate to our Debentures, and other key debt metrics:

	Covenant	December 31, 2024	December 31, 2023
Interest Coverage Ratio <sup>(1)</sup>	minimum of 1.65	2.7	2.3
Indebtedness Percentage <sup>(2)</sup>	less than or equal to 65%	49.3%	48.4%
Coverage Ratio <sup>(3)</sup>	not less than 1.3	1.7	1.7
Debt Service Coverage Ratio <sup>(4)</sup>	minimum of 1.40	1.71	1.38
Net Debt to Adjusted EBITDA <sup>(5)</sup>	n/a	8.4	10.2

(1) Calculated based on 12 months ended December 31, 2024; and 12 months ended December 31, 2023. Refer to the “Debt Covenant Calculations - Consolidated EBITDA to Consolidated Interest Expense Ratio for Debentures (“Interest Coverage Ratio for Debentures”)” section on page 45 of this MD&A for the calculation of Interest Coverage Ratio.

(2) Refer to the “Debt Covenant Calculations - Indebtedness Percentage for Debentures” section on page 45 of this MD&A for the calculation of Indebtedness Percentage.

(3) Refer to the “Debt Covenant Calculations - Unsecured Debt Coverage Ratio for Debentures” section on page 46 of this MD&A for the calculation of Coverage Ratio.

(4) Calculated based on 12 months ended December 31, 2024; and 12 months ended December 31, 2023. Refer to the “Debt Covenant Calculations - Debt Service Coverage Ratio for Credit Facilities and Loans Payable” section on page 46 of this MD&A for the calculation of Debt Service Coverage Ratio.

(5) Refer to the “Debt Covenant Calculations - Net Debt to Adjusted EBITDA” section on page 46 of this MD&A for the calculation of Net Debt to Adjusted EBITDA.

## Total Units Outstanding and Distributions

The following table summarizes changes in the number of outstanding units during 2024:

	Trust Units	Trust Units under EUPP	Class B Units	DTUs	Total Units Outstanding <sup>(1)</sup>
Balance December 31, 2023	238,837,656	2,076,419	1,525,360	1,353,281	243,792,716
Trust Units issued pursuant to DRIP	3,162,401	-	-	-	3,162,401
Trust Units issued pursuant to the Public Offering	28,290,000	-	-	-	28,290,000
Trust Units issued under the ATM program	1,228,500	-	-	-	1,228,500
Trust Units issued under EUPP	-	162,195	-	-	1,62,195
Trust Units released on settlement of EUPP receivable	421,426	(421,426)	-	-	-
Exchange of Class B Units into Trust Units	16,000	-	(16,000)	-	-
DTUs issued	-	-	-	64,454	64,454
Distributions on DTUs	-	-	-	58,021	58,021
Exchange of DTUs into Trust Units	612,541	-	-	(612,541)	-
Balance December 31, 2024	272,568,524	1,817,188	1,509,360	863,215	276,758,287

(1) Non-GAAP; includes Class B Units and DTUs which are classified as liabilities in our Financial Statements.

As of February 27, 2025, the Trust has 274,902,014 Trust Units outstanding, and Chartwell Master Care LP has 1,488,110 Class B Units outstanding which are exchangeable for 1,488,110 Trust Units.

## Distributions

The following table summarizes distributions declared on Trust Units in Q4 2024, 2024, 2023 and 2022 in relation to cash flows from operating activities and net income/(loss):

(\$000s)	Q4 2024	2024	2023	2022
Cash flows from operating activities	54,482	200,850	157,425	137,709
Net income attributable to Unitholders	3,539	22,408	128,273	49,531
Finance costs included in cash flow from financing activities	(4,397)	(19,491)	(9,212)	(8,944)
Distributions declared on Trust Units	41,716	158,516	146,037	143,548
Excess/(deficit) of cash flows from operating activities over distributions declared on Trust Units	12,766	42,334	11,388	(5,839)
Excess/(deficit) of cash flows from operating activities less finance costs included in cash flow from financing activities over distributions declared on Trust Units	8,369	22,843	2,176	(14,783)
Deficit of net income attributable to unitholders over distributions declared on Trust Units	(38,177)	(136,108)	(17,764)	(94,017)

The declaration and payment of future distributions is at the discretion of the Board of Trustees of Chartwell (the "Trustees"). The Trustees rely upon forward-looking cash flow information including forecasts and budgets, results of operations, requirements for capital expenditures and working capital, future financial prospects of the Trust, debt covenants and obligations, and any other factors considered relevant by them in setting the distribution rate. The Trustees do not use net income/(loss) as determined in accordance with GAAP as the basis for establishing the level of distributions to unitholders as it includes items that we do not believe are informative or reflective of the factors described above that are used in and considered relevant in setting the distribution rate. The items that are included in net income/(loss) and are not used or considered relevant include, among other items, distributions on Class B Units which are recorded as interest expense, non-cash depreciation and amortization, changes in fair values of certain liabilities and impairment losses. We believe that, with the appropriate level of capital reinvestment in our properties, their income-generating potential does not generally diminish over time.

We achieved positive operating cash flows in both 2024 and 2023, reflecting the success of our operational sales, marketing and portfolio optimization strategies. With continued improvements in occupancy, we believe our distributions remain sustainable.

Unitholders who are Canadian residents are eligible to participate in our DRIP, which allows reinvestment of their distributions into new units of Chartwell, including a 3% bonus distribution with no commissions. This facilitates unitholders' ability to realize the benefits of compound growth in their investment. Unitholders can enroll in our DRIP by contacting their investment advisor. In 2024, our average DRIP participation was 26.3% compared to 24.7% participation in 2023.

## Capital Investments

In normal circumstances, we regularly reinvest capital in our owned property portfolio with the goal of growing our property NOI and protecting and maintaining our properties.

The following table summarizes our capital investments in 2024 and 2023:

<i>(\$000s)</i>	<b>2024</b>	2023
Building improvements	29,436	34,007
Mechanical and electrical	14,706	13,083
Suite improvements and upgrades	25,767	25,147
Interior improvements and upgrades	7,934	7,093
Furniture, fixtures and equipment	14,327	6,779
Communications and information systems	355	6,049
Properties under development	92,525	92,158
Total capital investments <sup>(1)</sup>	101,177	123,322

(1) Includes 171 properties (22,301 suites) at Chartwell's share of ownership for 2024, and 160 properties (19,261 suites) at Chartwell's share of ownership for 2023.

The following table is supplemental information and summarizes capital investments in our Equity-Accounted JVs in 2024 and 2023 not included in the table above:

<i>(\$000s)</i>	<b>2024</b>	2023
Capital investments in Equity-Accounted JVs	2,365	1,190

### **Building Improvements**

This category primarily includes investments in facades, balconies, garages, elevators and parking lots. In addition to preserving the existing revenue generating capacity and value of our properties, these investments support occupancy growth due to improved physical appearance of the property, growth in ancillary property revenues (e.g., parking rates) and operating cost savings (e.g., energy efficient windows and doors, improved building insulation).

For 2024, we completed 94 major building improvement projects valued over \$50,000 each, totalling \$28.2 million (2023 – 119 projects totalling \$30.0 million). In addition, included in this category is the acquisition of one condominium suite at one of our properties in British Columbia totalling \$0.3 million (2023 – eight condominium suites totalling \$3.1 million).

### **Mechanical and Electrical**

This category primarily includes investments in heating, air conditioning and ventilation systems, fire safety systems, including sprinklers and lighting systems. These investments are generally expected to result in energy cost savings and lower equipment maintenance costs over time.

For 2024, we completed 94 major mechanical and electrical projects valued over \$50,000 each, totalling \$14.2 million (2023 – 93 projects totalling \$11.3 million).

## **Suite Improvements and Upgrades**

This category includes capital investments in resident suites. We have developed and implemented a program of strategic capital allocation to resident suite upgrades. These discretionary investments are made to improve the competitive position of our properties in the market and to allow for higher rental rate increases on suite turnover. In most cases, in addition to regular painting, resident suite upgrades include flooring upgrades and/or, full renovations of bathrooms and kitchens.

For 2024, we invested in strategic suite upgrade programs in 53 properties (2023 – 56 properties).

## **Interior Improvements and Upgrades**

This category includes investments in common areas of our properties that are made primarily to improve their marketability and improved functionality for our residents. These investments include upgrades to property resident amenity areas, such as hallways, dining rooms, lounges, theatres, etc.

For 2024, we invested in strategic common area upgrade programs in 51 properties (2023 – 39 properties).

## **Furniture, Fixtures and Equipment**

This category primarily includes investments in resident common area and model suite furnishings and equipment, including upgrades to commercial kitchens and investments in resident transportation programs. These investments are primarily made to improve competitiveness of our properties and to provide enhanced services to our residents.

## **Communication and Information Services**

This category includes investments in telecommunication systems, including emergency call systems and computer hardware.

## **Balance Sheet Analysis**

The following table summarizes the significant changes in assets, liabilities and equity for December 31, 2024 compared to December 31, 2023.

	<b>Increase (Decrease)</b> <i>(\$millions)</i>	<b>Explanation</b>
Total assets	853.0	Total assets increased primarily due to increases in PP&E from acquisitions, other assets, loans receivables, investment in joint ventures and trade and other receivables, partially offset by decreases in intangible assets and cash.
Total liabilities	571.1	Total liabilities increased primarily due to increases in mortgages payable, senior unsecured debentures, higher draws on credit facilities, accounts payable, deferred tax liabilities, loans payable, and distribution payables, partially offset by lower liabilities related to assets held for sale, and decreases in income tax payable.
Equity	281.9	The increase in equity is primarily due to the issuance of Trust Units under the Public Offering, DRIP, and under the ATM program, and net income for the period, partially offset by underwriters' fees and issuance costs, net of tax and distributions.

## Commitments and Contingencies

### Contractual Obligations and Guarantees

The following table summarizes the maturities on major financial liabilities as at December 31, 2024, excluding future interest payments and put option commitments:

(\$000s)	Contractual Value	2025	2026	2027	2028	2029	Thereafter
Mortgages payable	1,852,274	410,049	165,449	118,397	224,620	145,895	787,864
Senior unsecured debentures	550,000	150,000	250,000	-	-	150,000	-
Accounts payable and accrued liabilities	152,150	152,150	-	-	-	-	-
Loans payable	148,988	148,988	-	-	-	-	-
Credit facilities	100,000	-	-	100,000	-	-	-
Distributions payable	14,071	14,071	-	-	-	-	-
Lease obligations	8,206	925	504	188	63	5	6,521
Residents deposits	5,859	5,859	-	-	-	-	-
<b>Total maturities</b>	<b>2,831,548</b>	<b>882,042</b>	<b>415,953</b>	<b>218,585</b>	<b>224,683</b>	<b>295,900</b>	<b>794,385</b>

The following table summarizes the maturities on major financial liabilities as at December 31, 2024 excluding future interest payments for our liabilities held for sale:

(\$000s)	Contractual Value	2025	2026	2027	2028	2029	Thereafter
Mortgages payable	138,391	18,350	8,963	46,755	15,755	14,093	34,475
Secured term loans	13,600	-	-	13,600	-	-	-
<b>Total maturities</b>	<b>151,991</b>	<b>18,350</b>	<b>8,963</b>	<b>60,355</b>	<b>15,755</b>	<b>14,093</b>	<b>34,475</b>

We have recorded lease obligations with respect to leases of land, office space and equipment.

We have entered into various construction contracts related to our development projects. As at December 31, 2024, the remaining commitments under these contracts amounted to approximately \$2.6 million (2023 - \$3.4 million).

### Guarantees

We remain a guarantor of the mortgage on one property sold in 2014 with the outstanding balance as of December 31, 2024, of \$0.2 million. The purchasers of this property have indemnified us with respect to this guarantee.

As of December 31, 2024, together with our partners we have jointly and severally guaranteed loans on certain joint arrangements to an aggregate maximum amount of \$888.1 million. As at December 31, 2024, outstanding balances on these loans were \$767.8 million, of which \$122.3 million relate to properties sold as part of the windup of the joint arrangements with Welltower.

### Other Contracts

Upon achievement of certain conditions, Batimo may require us to acquire an 85% interest in their development properties which we manage and for which, in some cases, have provided mezzanine loans.

As of December 31, 2024, there were four projects with 1,364 suites that were subject to these arrangements. Three of the Batimo projects, Chartwell Le Montcalm, Chartwell L'Envol, and Le Florilège achieved the occupancy threshold giving effect to the Batimo put rights. A summary and status of Batimo projects is provided under the "Significant Events – Projects by Batimo" section on page 13 of this MD&A.

### Letters of Credit

As at December 31, 2024, we were contingently liable for letters of credit in the amount of \$5.8 million.

## Litigation, Claims and Contingencies

### ***Class Action***

On June 1, August 14, and October 5, 2020, Chartwell was served with three different statements of claims (the "Claims") that were filed in the Ontario Superior Court of Justice, all seeking an order certifying the Claims as class actions pursuant to the *Class Proceedings Act (Ontario)*. In January 2022, the Court consolidated the Claims into one proceeding (the "Consolidated Claim"). The Consolidated Claim alleges, among other things, gross negligence, breach of the Canadian Charter of Rights and Freedom, breach of contract and breach of fiduciary duty in respect of Chartwell's response to the pandemic. The plaintiffs are seeking \$100.0 million in general damages and \$10.0 million in aggravated, punitive and/or exemplary damages. We do not believe that the Claims or the damages sought have merit.

On November 20, 2020, the Ontario government enacted the *Supporting Ontario's Recovery Act* (the "Recovery Act"). Under the Recovery Act, which is retroactive to March 17, 2020, proceedings are barred and dismissed without costs if they allege injury by COVID-19 if the defendant made good faith efforts to follow public health guidance and COVID-19 related laws and did not act with gross negligence. On March 7, 2024, the Consolidated Claim was certified, but pursuant to the Recovery Act, only gross negligence claims survive the cause of action test. On December 19, 2024, the court issued a decision on a notice motion brought by the plaintiffs, refusing an order for direct notice to class members and granting an order for indirect notice instead. The litigation is currently in the documentary discovery process. We do not believe the outcome will have a material adverse impact on our business, results of operations or financial condition and believe that any potential liability would be resolved within the limits of our insurance coverage.

### ***Pay Equity***

In 1995, certain participating Ontario LTC homes and their respective unions agreed to a framework using the proxy method for a new pay equity plan that resulted in pay equity being achieved by 2005 under the Pay Equity Act. The Ontario Government directly funded these pay equity obligations. Litigation commenced in 2010, when two unions asserted that the participating LTC homes were required to make further pay equity adjustments. The Ontario Pay Equity Tribunal (the "Tribunal") found generally in favour of the participating LTC homes and also confirmed that there is an on-going obligation to maintain pay equity. The appellate courts, on the appeal of the Tribunal decision, found in favour of the unions and referred the matter back to the Tribunal to determine the procedure to be used to provide bargaining unit members access to male comparators in order to maintain pay equity. The Ontario government and the participating LTC homes appealed the appellate court decision.

On October 14, 2021, the application for leave to appeal from the judgment of the Court of Appeal for Ontario in *Attorney General of Ontario et al. v. Ontario Nurses' Association, et al.* was dismissed by the Supreme Court of Canada, thus upholding the appellate decision. The Court of Appeal decision held that LTC homes that used proxy comparators to develop pay equity plans have not met their maintenance requirements. Notwithstanding the closing of the sale of the long-term segment in 2023, we continue to work with the unions, the other participating LTC homes, and the Ontario Government to reach a pay equity maintenance framework appropriate for the sector.

There are a significant number of uncertainties related to how the appellate court decision regarding pay equity maintenance should be implemented. Discussions between the affected parties regarding the development of an appropriate framework and resolution to this matter have not meaningfully progressed, thereby creating additional uncertainty related to potential outcomes, as well as uncertainty relating to the timing of when more information on the outcomes will be known and when the matter may be settled. As a result of the significant number of judgments that would be required, a reliable estimate of our liability for any pay equity adjustments cannot currently be made. We expect that any adjustments will be fully funded by the Ontario government. No liability for potential pay equity adjustments or expected recovery from the Ontario Government has been recognized in our financial statements. An increase in labour costs as a result of any unfunded adjustments could adversely affect our financial condition.

## Summary of Select Financial Information

### Annual Financial Information

The following table summarizes selected annual financial information for each of the past three years ended December 31:

(\$000s, except per unit amounts)	2024	2023	2022
Resident revenue	799,923	687,324	661,029
Total revenues	852,147	738,554	707,992
Direct property operating expense	509,179	463,361	464,704
Net income	22,378	128,273	49,531
Total assets	4,087,069	3,234,076	3,510,342
Total non-current liabilities	1,927,776	1,681,845	1,995,906
Total liabilities	3,013,688	2,442,615	2,740,540
Distributions declared per unit	0.6120	0.6120	0.6120

Our annual results for the past three years have been primarily affected by acquisitions, developments, and dispositions. Our 2022 and 2023 results have been impacted by the pandemic. Refer to the "2025 Outlook" section on page 9 of this MD&A.

### Quarterly Financial Information

The following table summarizes our quarterly unaudited financial information for:

(\$000s, except per unit amounts and number of units)	2024				2023			
	Q4	Q3	Q2	Q1	Q4	Q3	Q2	Q1
Revenues	232,699	220,464	202,401	196,583	193,455	186,041	180,771	178,287

(1) Non-GAAP; refer to the "Additional Information on Non-GAAP Measures" section on page 39 of this MD&A.

(2) Non-GAAP; refer to the "Weighted Average Number of Units" section on page 45 of this MD&A.

Our results for the past eight quarters have primarily been affected by:

- acquisitions, dispositions, and developments of properties as described in the “Significant Events” section on page 12 and the “2024 Outlook” section on page 9 of this MD&A and in our 2023 MD&A,
- pandemic impacts,
- changes in fair value of financial instruments,
- deferred income taxes,
- current income taxes,
- gain on the sale of non-core properties and the LTC Transactions, and
- impairment charges.

The effect of seasonal factors on our quarterly results is primarily related to outbreaks and weather patterns which affect both direct operating expenses, primarily utilities, staffing and maintenance cost trends, and also revenue due to changes in occupancy based on new resident move-in trends.

## Additional Information on Non-GAAP Measures

Throughout this MD&A, there are references to certain Non-GAAP Measures. As described in the relevant sections of this MD&A, where a Non-GAAP Measure is discussed for the first time, we have described why we believe it is useful to investors and how management uses the Non-GAAP Measure. Non-GAAP Measures do not have any standardized meaning prescribed by GAAP and therefore, are unlikely to be comparable to similar financial measures used by other issuers. The following provides detailed definitions and reconciliations to the most closely comparable GAAP measure for any Non-GAAP Measure that has not been provided elsewhere in this MD&A. We present FFO substantially consistent with the definition adopted by REALPAC in the REALPAC Guidance.

## Funds from Operations and Internal Funds from Operations

### **FFO**

According to the REALPAC Guidance, FFO is defined as follows:

Profit or loss per GAAP Statement of Comprehensive Income adjusted for:

- A. Unrealized changes in the fair value of investment properties.
- B. Depreciation of depreciable real estate assets including depreciation for components relating to capitalized leasing costs, capitalized tenant allowances treated as capital improvements and lease-related items ascribed in a business combination.
- C. Amortization of tenant allowances and landlord’s work spent for the fit-out of tenant improvements and amortized as a reduction to revenue.
- D. Amortization of tenant/customer relationship intangibles or other intangibles arising from a business combination.
- E. Gains or losses from sales of investment properties and owner-occupied properties, including the gain or loss included within discontinued operations (if applicable).
- F. Tax on profits or losses on disposals of properties.
- G. Deferred taxes.
- H. Impairment losses or reversals recognized on land and depreciable real estate properties, excluding those relating to properties used exclusively for administrative purposes.
- I. Revaluation gains or losses recognized in profit or loss on owner-occupied properties, excluding those relating to properties used exclusively for administrative purposes.
- J. Transaction costs expensed as a result of the purchase of a property being accounted for as a business combination.

- K. Foreign exchange gains or losses on monetary items not forming part of a net investment in a foreign operation.
- L. Gain or loss on the sale of an investment in a foreign operation.
- M. Changes in the fair value of financial instruments which are economically effective hedges but do not qualify for hedge accounting.
- N. Negative goodwill or goodwill impairment.
- O. Effects of puttable instruments classified as financial liabilities.
- P. Results of discontinued operations.
- Q. Adjustments for equity-accounted entities.
- R. Incremental leasing costs.
- S. Property taxes accounted for under IFRIC 21.
- T. Operational revenue and expenses from Right of Use assets.
- U. Non-controlling interest.

### ***IFFO***

IFFO is a Non-GAAP Financial Measure used to evaluate management performance and does not have a standardized meaning prescribed by IFRS; therefore, it is not comparable to similar measures presented by other income trusts or other companies. IFFO should not be construed as an alternative to net earnings or cash flow from operating activities as determined by IFRS. Chartwell calculates IFFO by adding or subtracting the following items to or from its FFO: (a) Lease-up-Losses and Imputed Cost of Debt on development properties; (b) income guarantees due from vendors of certain acquired properties; and (c) current income tax. These adjustments to FFO are made to ensure management is not incited to make short-term decisions for Chartwell by not developing new properties or acquiring properties with long term value creation potential.

The following table provides a reconciliation of net income/(loss) to FFO for continuing operations and IFFO for continuing operations:

(\$000s, except per unit amounts and number of units)	Q4 2024	Q4 2023	Change	2024	2023	Change
Net income/(loss)	3,544	(12,758)	16,302	22,378	(60,941)	83,319
<i>Add (Subtract):</i>						
B Depreciation of PP&E	49,225	38,955	10,270	166,371	154,005	12,366
D Amortization of limited life intangible assets	485	632	(147)	2,195	2,690	(495)
B Depreciation of PP&E and amortization of intangible assets used for administrative purposes included in depreciation of PP&E and amortization of intangible assets above	(1,125)	(1,127)	2	(4,092)	(4,461)	369
E Loss/(gain) on disposal of assets	941	(5,770)	6,711	(53,963)	(12,074)	(41,889)

(3) Non-GAAP; refer to the "Significant Events – Unlevered Yield, Development Lease-up-Losses and Imputed Cost of Debt" section on page 12 of this MD&A. Includes Chartwell's proportionate share of Equity-Accounted JVs.

(4) Non-GAAP; refer to the preamble to this table. Includes Chartwell's proportionate share of Equity-Accounted JVs.

(5) Non-GAAP; refer to the preamble to this table.

(6) Non-GAAP; refer to the "Weighted Average Number of Units" section on page 45 of this MD&A.

(7) Non-GAAP; refer to the "Per Unit Amounts" section on page 45 of this MD&A for a discussion of the calculation of the per unit amounts.

## Per Unit Amounts

In our calculations of FFOPU and IFFOPU, we add the weighted average Class B Units to the weighted average Trust Units as the Class B Units are exchangeable into Trust Units at any time at the option of the unitholder. In addition, we add Trust Units issued under EUPP and DTUs.

### Weighted Average Number of Units

The following table provides details of the weighted average number of units outstanding:

<i>(000s)</i>	Q4 2024	Q4 2023	Change	2024	2023	Change
Weighted average number of units <sup>(1)</sup>	275,494	243,262	32,232	260,119	241,688	18,431

(1) Includes Trust Units, Class B Units, Trust Units issued under EUPP and DTUs.

## Debt Covenant Calculations

### Consolidated EBITDA to Consolidated Interest Expense Ratio for Debentures ("Interest Coverage Ratio for Debentures")

We are required at all times to maintain an Interest Coverage Ratio for Debentures of not less than 1.65 on a proforma basis and calculated based on the definitions for the Debentures.

<i>(\$000s, except ratio)</i>	12 months December 31, 2024	12 months December 31, 2023
Consolidated EBITDA for Debentures <sup>(1)</sup>	334,521	223,009
Consolidated interest expense for Debentures <sup>(2)</sup>	124,712	95,153
Interest Coverage Ratio for Debentures	2.7	2.3

(1) Refer to the "Supporting Covenant Calculations – 1. Consolidated EBITDA for Credit Facilities, Loans Payable, and Debentures" section on page 47 of this MD&A for the calculation of consolidated EBITDA for Debentures.

(2) Refer to the "Supporting Covenant Calculations – 2. Consolidated Interest Expense for Credit Facilities, Loans Payable, and Debentures" section on page 47 of this MD&A for the calculation of consolidated interest expense for Debentures.

### Indebtedness Percentage for Debentures

We are required to maintain a ratio of consolidated indebtedness to aggregate adjusted assets of less than or equal to 65%.

<i>(\$000s, except indebtedness percentage)</i>	December 31, 2024	December 31, 2023
Consolidated indebtedness for Debentures <sup>(1)</sup>	2,825,784	2,283,580
Aggregate adjusted assets for Debentures <sup>(2)</sup>	5,733,608	4,716,878
Indebtedness percentage for Debentures	49.3%	48.4%

(1) Refer to the "Supporting Covenant Calculations – 4. Consolidated Indebtedness for Credit Facilities, Loans Payable, and Debentures" section on page 48 of this MD&A for the calculation of consolidated indebtedness for Debentures.

(2) Refer to the "Supporting Covenant Calculations – 5. Adjusted Consolidated Gross Book Value of Assets for Credit Facilities and Loans Payable and Aggregate Adjusted Assets for Debentures" section on page 49 of this MD&A for the calculation of aggregate adjusted assets for Debentures.

## Unsecured Debt Coverage Ratio for Debentures

We are required to maintain a ratio of unencumbered aggregate adjusted assets to the aggregate principal amount of outstanding consolidated unsecured indebtedness of not less than 1.3 on a proforma basis giving effect to the transactions completed to the date of this MD&A and calculated based on the definition in the Supplemental Trust Indentures.

(\$000s, except ratio)	December 31, 2024	December 31, 2023
Unencumbered aggregate adjusted assets for Debentures <sup>(1)</sup>	1,088,350	881,250
Unsecured indebtedness for Debentures <sup>(2)</sup>	633,310	533,073
Coverage ratio for Debentures	1.7	1.7

(1) Includes 30 properties valued at \$1,088.4 million as of December 31, 2024 (28 properties valued at \$881.3 million as of December 31, 2023). The property values are based on third-party appraisals that are dated no longer than two years from the applicable determination date.

(2) Refer to the "Supporting Covenant Calculations – 4. Consolidated Indebtedness for Credit Facilities, Loans Payable, and Debentures" section on page 48 of this MD&A for the calculation of unsecured indebtedness for the Debentures.

## Debt Service Coverage Ratio for Credit Facilities and Loans Payable

We are required to maintain a minimum debt service coverage ratio of 1.40 on a rolling 12-month basis.

(\$000s, except ratio)	12 months December 31, 2024	12 months December 31, 2023
Consolidated EBITDA for Credit Facilities and Loans Payable <sup>(1)</sup>	309,067	243,403
Consolidated interest expense for Credit Facilities and Loans Payable <sup>(2)</sup>	106,782	94,727
Consolidated regularly scheduled debt principal payments for Credit Facilities and Loans Payable <sup>(3)</sup>	74,325	82,252
Consolidated debt service payments for Credit Facilities and Loans Payable	181,107	176,979
Debt service coverage ratio for Credit Facilities and Loans Payable	1.71	1.38

(1) Refer to the "Supporting Covenant Calculations – 1. Consolidated EBITDA for Credit Facilities, Loans Payable, and Debentures" section on page of this MD&A for the calculation of consolidated EBITDA for Credit Facilities and Loans Payable.

(2) Refer to the "Supporting Covenant Calculations – 2. Consolidated Interest Expense for Credit Facilities, Loans Payable, and Debentures" section on page of this MD&A for the calculation of consolidated interest expense for Credit Facilities and Loans Payable.

(3) Refer to the "Supporting Covenant Calculations – 3. Regularly Scheduled Debt Principal Payments for Credit Facilities" section on page of this MD&A for the calculation of consolidated regularly scheduled debt principal payments for Credit Facilities and Loans Payable.

## Net Debt to Adjusted EBITDA

In addition to the financial covenants related to our Credit Facilities and Debentures, we internally monitor the Net Debt to Adjusted EBITDA ratio as calculated based on the definitions of Consolidated Indebtedness and Consolidated EBITDA contained in the trust indentures for our Debentures.

(\$000s, except ratio)	December 31, 2024	December 31, 2023
Consolidated Indebtedness for Debentures <sup>(1)</sup>	2,825,784	2,283,580
Consolidated EBITDA for Debentures <sup>(2)</sup>	334,521	223,009
Net Debt to Adjusted EBITDA ratio	8.4	10.2

(1) Refer to the "Supporting Covenant Calculations – 4. Consolidated Indebtedness for Credit Facilities, Loans Payable, and Debentures" section on page 48 of this MD&A for the calculation of this amount.

(2) Refer to the "Supporting Covenant Calculations – 1. Consolidated EBITDA for Credit Facilities, Loans Payable, and Debentures" section on page 47 of this MD&A for the calculation of this amount.

The Net Debt to Adjusted EBITDA ratio has improved primarily due to higher NOI and in part due to the Public Offering that was completed to fund portfolio acquisitions closing in 2024. Further, 2023 was impacted by lower EBITDA as a result of reduced occupancy and higher direct property operating expense primarily as a result of the pandemic, which started to rebound in the latter half of 2023. Additionally, financing of certain acquisitions and development projects in lease-up which have not yet achieved their expected stabilized EBITDA contribution also impacted this ratio.

## Supporting Covenant Calculations

### 1. Consolidated EBITDA for Credit Facilities, Loans Payable, and Debentures

The following table provides the calculation of consolidated EBITDA for the Credit Facilities, Loans Payable, and Debentures.

(\$000s)	12 months December 31, 2024	12 months December 31, 2023
Net income	22,408	128,273
Gain on disposal of assets <sup>(1)</sup>	(53,960)	(190,748)
Transaction costs <sup>(1)</sup>	5,518	1,665
Impairment losses	-	10,980
Non-cash change in fair value of financial instruments <sup>(1)</sup>	20,747	23,212
<b>Consolidated net income/(loss) for Credit Facilities and Loans Payable</b>	<b>(5,287)</b>	<b>(26,618)</b>
Consolidated finance costs <sup>(1)</sup>	108,441	99,493
Consolidated depreciation of PP&E and amortization of intangible assets <sup>(1)</sup>	171,416	160,611
Consolidated income tax expense/(benefit)	34,497	2,721
Principal portion of capital funding	-	3,764
Net pandemic expenses <sup>(2)</sup>	-	3,432
<b>Consolidated EBITDA for Credit Facilities and Loans Payable</b>	<b>309,067</b>	<b>243,403</b>
Proforma adjustments <sup>(3)</sup>	25,454	(16,962)
Less: Net pandemic expenses <sup>(2)</sup>	-	(3,432)
<b>Consolidated EBITDA for Debentures</b>	<b>334,521</b>	<b>223,009</b>

- (1) Non-GAAP; includes Chartwell's proportionate share of Equity-Accounted JVs and LTC Discontinued Operations.  
(2) Amended to exclude incremental direct operating expenses from January 1, 2023 to March 31, 2023 and net reimbursement of such expenses (if any) from the definition of EBITDA for the purpose of the calculation of our debt service coverage for the periods ending at the earlier of December 31, 2023 and the maturity of the applicable credit agreement and as such excludes \$0.1 million of prior-period reimbursement recognized in 2023.  
(3) Adjusted to reflect a full-year impact of acquisitions and dispositions completed during the reporting period, on a proforma basis.

### 2. Consolidated Interest Expense for Credit Facilities, Loans Payable, and Debentures

The following table provides the calculation of consolidated interest expense for Credit Facilities, Loans Payable, and Debentures.

(\$000s)	12 months December 31, 2024	12 months December 31, 2023
Interest on mortgages <sup>(1)</sup>	64,715	62,788
Interest on Debentures	22,539	14,392
Interest on Credit Facilities	8,710	12,023
Interest on Loans Payable	10,818	5,524
<b>Consolidated interest expense for Credit Facilities and Loans Payable</b>	<b>106,782</b>	<b>94,727</b>
Proforma adjustments <sup>(2)</sup>	17,930	426
<b>Consolidated interest expense for Debentures</b>	<b>124,712</b>	<b>95,153</b>

- (1) Non-GAAP; includes Chartwell's proportionate share of Equity-Accounted JVs and LTC Discontinued Operations.  
(2) Adjusted to reflect a full-year impact of acquisitions, dispositions and financings completed during the reporting period, on a proforma basis.

### 3. Regularly Scheduled Debt Principal Payments for Credit Facilities and Loans Payable

The following table summarizes regularly scheduled principal debt payments for the Credit Facilities and Loans Payable.

(\$000s)	12 months December 31, 2024	12 months December 31, 2023
Regularly scheduled debt principal payments per Financial Statements	74,028	81,967
Regularly scheduled debt principal payments for equity-accounted entities	297	285
<b>Regularly scheduled debt principal payments for Credit Facilities and Loans Payable</b>	<b>74,325</b>	<b>82,252</b>

### 4. Consolidated Indebtedness for Credit Facilities, Loans Payable, and Debentures

The following table provides the calculation of consolidated indebtedness for Credit Facilities, Loans Payable, and Debentures.

(\$000s)	December 31, 2024	December 31, 2023
Principal balance of mortgages payable	1,852,274	1,469,304
Principal balance of mortgages payable related to assets held for sale	138,391	182,788
Principal balance of mortgages payable related to Equity-Accounted JVs	49,594	51,990
Welltower loan 1	33,323	-
Welltower loan 2	40,665	-
Outstanding amount on secured credit facility	100,000	70,000
Outstanding amount on secured term loan related to assets held for sale	13,600	13,600
<b>Secured indebtedness for the unsecured credit facility and Loans Payable</b>	<b>2,227,847</b>	<b>1,787,682</b>
Principal balance of Debentures	550,000	400,000
Unsecured term loans	75,000	125,000
Capital lease obligations <sup>(1)</sup>	8,310	8,073
<b>Unsecured indebtedness for Debentures</b>	<b>633,310</b>	<b>533,073</b>
Outstanding letters of credit	5,753	5,988
Third-party guarantees	230	563
<b>Unsecured indebtedness for Credit Facilities and Loans Payable</b>	<b>639,293</b>	<b>539,624</b>
Consolidated indebtedness for Credit Facilities and Loans Payable	2,867,140	2,327,306
<i>Add (Subtract):</i>		
Outstanding letters of credit	(5,753)	(5,988)
Third-party guarantees	(230)	(563)
Cash and cash equivalents	(20,048)	(24,619)
Cash and cash equivalents of Equity-Accounted JVs	(15,325)	(12,556)
Consolidated indebtedness for Debentures	2,825,784	2,283,580

(1) Includes capital lease obligations related to joint ventures of \$0.1 million at December 31, 2024 (\$0.1 million at December 31, 2023).

## 5. Adjusted Consolidated Gross Book Value of Assets for Credit Facilities and Loans Payable and Aggregate Adjusted Assets for Debentures

The following table provides the calculations of both the adjusted consolidated gross book value of assets for Credit Facilities and Loans Payable and the aggregate adjusted assets for Debentures.

(\$000s)	December 31, 2024	December 31, 2023
Book value of assets <sup>(1)</sup>	4,133,163	3,288,280
Gross book value adjustment on IFRS transition	121,539	148,099
Adjustment for accumulated depreciation and amortization for Credit Facilities and Loans Payable <sup>(2)</sup>	1,514,279	1,317,674
<b>Adjusted consolidated gross book value of assets for Credit Facilities and Loans Payable</b>	<b>5,768,981</b>	<b>4,754,053</b>
<i>Add (Subtract):</i>		
Cash and cash equivalents	(20,048)	(24,619)
Cash and cash equivalents of Equity-Accounted JVs	(15,325)	(12,556)
<b>Aggregate adjusted assets for Debentures</b>	<b>5,733,608</b>	<b>4,716,878</b>

(1) Non-GAAP; includes Chartwell's proportionate share of Equity-Accounted JVs.

(2) Includes accumulated depreciation of PP&E and amortization of intangible assets for Equity-Accounted JVs of \$27.6 million at December 31, 2024 (\$24.7 million at December 31, 2023) and fully amortized assets of \$272.9 million at December 31, 2024 (\$278.4 million at December 31, 2023).

## LTC Discontinued Operations

On September 6, 2023, we completed the sale of our long term care operations as described in the "Significant Events – Portfolio Optimization" section on page 12 of this MD&A.

The results of the LTC Discontinued Operations are included in the repositioning portfolio grouping. We continue to own two long term care homes which were included in the LTC Discontinued Operations reportable segment prior to the sale. Upon completion of the sale, these two homes are reported with our retirement residences as part of our Retirement Operations segment in the repositioning portfolio.

The following table summarizes the composition of the Long Term Care Operations as at September 6, 2023:

	Properties	Composition of Suites/Beds		
		ISLS	LTC	Total at Chartwell's Share of Ownership
Repositioning <sup>(1)</sup>	20	75	2,701	2,776
Total	20	75	2,701	2,776

(1) Includes one retirement residence (64 suites) connected to an LTC home and 11 retirement suites at another LTC home.

The following table presents the results of the Long Term Care Operations as at December 31, 2024:

(\$000s)	Q4 2024	Q4 2023	2024	2023
<b>Adjusted resident revenue <sup>(1)</sup></b>	-	258	-	167,326
<i>Comprised of:</i>				
Repositioning <sup>(2)</sup>	-	258	-	167,326
<b>Adjusted direct property operating expense <sup>(1)</sup></b>	-	405	-	151,671
<i>Comprised of:</i>				
Repositioning <sup>(2)</sup>	-	405	-	151,671
<b>Adjusted NOI <sup>(1)</sup></b>	-	(147)	-	15,655
<i>Comprised of:</i>				
Repositioning <sup>(2)</sup>	-	(147)	-	15,655

(1) Non-GAAP, refer to the "Results of Operations" section on page 19 of this MD&A for explanations of the significance of these metrics.

(2) Non-GAAP; refer to the "Property Portfolio Groupings" section on page 5 of this MD&A for explanations of 'Repositioning' and the significance of this metric.

The following tables provide supplemental information related to LTC Discontinued Operations:

### Finance Costs

(\$000s)	Q4 2024	Q4 2023	2024	2023
Contractual interest expense on mortgages	-	-	-	5,186
Amortization of finance costs and mark-to-market adjustments on assumed mortgages	-	-	-	18
Total finance costs – LTC Discontinued Operations	-	-	-	5,204

### Other Items

(\$000s)	Q4 2024	Q4 2023	2024	2023
Other income/(expense)	-	(268)	-	178,175

### Cash Flow Analysis (between 2024 and 2023)

Cash Provided by (Used in):	Increase (Decrease) (\$millions)	Explanation
Operating activities	(29.1)	Change in cash flows from operating activities is primarily due to sale of long term care operations in 2023 as compared to no activity in 2024.
Financing activities	7.4	Change in cash flows from financing activities is primarily due to sale of long term care operations in 2023 as compared to no activity in 2024.
Investing activities	(218.4)	Change in cash flows from investing activities is primarily due to sale of long term operations in 2023 as compared to no activity in 2024.

### Cash Flow Analysis (between Q4 2024 and Q4 2023)

Cash Provided by (Used in):	Increase (Decrease) (\$millions)	Explanation
Operating activities	0.4	Change in cash flows from operating activities is primarily due to sale of long term care operations in 2023 as compared to no activity in Q4 2024.
Financing activities	-	Change in cash flows from financing activities is primarily due to sale of long term care operations in 2023 as compared to no activity in Q4 2024.
Investing activities	-	Change in cash flows from investing activities is primarily due to sale of long term operations in 2023 as compared to no activity in Q4 2024.

The following table provides the reconciliation net income/(loss) of FFO from LTC Discontinued Operations and IFFO from LTC Discontinued Operations:

(\$000s, except per unit amounts and number of units)	Q4 2024	Q4 2023	2024	2023
Net income/(loss)	-	(415)	-	189,214
Add (Subtract):				
Loss/(gain) on disposal of assets	-	231	-	(178,673)
Transaction costs arising on dispositions	-	37	-	498
FFO <sup>(1)</sup>	-	(147)	-	11,039
IFFO <sup>(2)</sup>	-	(147)	-	11,039
Weighted average number of units (000) <sup>(3)</sup>	-	243,262	-	241,688
FFOPU <sup>(4)</sup>	-	-	-	0.04
IFFOPU <sup>(4)</sup>	-	-	-	0.05

(1) Non-GAAP; refer to the “Results of Operations – FFO” section on page 20 of this MD&A for a discussion of the significance of this metric.

(2) Non-GAAP; refer to the “Additional Information on Non-GAAP Measures – IFFO” section on page 40 of this MD&A for a discussion of the significance of this metric.

(3) Non-GAAP; refer to the “Weighted Average Number of Units” section on page 45 of this MD&A.

(4) Non-GAAP; refer to the “Per Unit Amounts” section on page 45 of this MD&A for a discussion of the calculation of the per unit amounts.

The following table provides the quarterly reconciliation of net income/(loss) to FFO from LTC Discontinued Operations and IFFO from LTC Discontinued Operations:

(\$000s, except per unit amounts and number of units)	2024				2023			
	Q4	Q3	Q2	Q1	Q4	Q3	Q2	Q1
Net income/(loss)	-	-	-	-	(415)	181,486	4,806	3,337
<i>Add (Subtract):</i>								
Loss/(gain) on disposal of assets	-	-	-	-	231	(178,911)	(5)	11
Transaction costs arising on dispositions	-	-	-	-	37	340	50	72
FFO <sup>(1)</sup>	-	-	-	-	(147)	2,915	4,851	3,420
IFFO <sup>(2)</sup>	-	-	-	-	(147)	2,915	4,851	3,420
Weighted average number of units (000) <sup>(3)</sup>	-	-	-	-	243,262	242,258	241,240	239,948
FFOPU <sup>(4)</sup>	-	-	-	-	-	0.01	0.02	0.01
IFFOPU <sup>(4)</sup>	-	-	-	-	-	0.01	0.02	0.01

(1) Non-GAAP; refer to the “Results of Operations – FFO” section on page 20 of this MD&A for a discussion of the significance of this metric.

(2) Non-GAAP; refer to the “Additional Information on Non-GAAP Measures – IFFO” section on page 40 of this MD&A for a discussion of the significance of this metric.

(3) Non-GAAP; refer to the “Weighted Average Number of Units” section on page 45 of this MD&A.

(4) Non-GAAP; refer to the “Per Unit Amounts” section on page 45 of this MD&A for a discussion of the calculation of the per unit amounts.

## Critical Accounting Policies and Estimates

### Critical Accounting Judgments, Estimates and Assumptions in Applying Accounting Policies

Our material accounting policies for the year ended December 31, 2024 are referred to in Note 3 of our Financial Statements. Under IFRS, it is necessary to make estimates when preparing the financial statements and then to re-evaluate the original estimates used on an ongoing basis. Our estimates are based on past experience and other factors that we believe are reasonable under the circumstances. As this involves varying degrees of judgement and uncertainty, the amounts currently reported in the financial statements could, in the future, prove to be inaccurate.

### Valuation of PP&E and Intangibles

Fair value is the price that would be received when selling an asset or paid when transferring a liability in an orderly transaction (that is, other than in a forced or liquidation sale) between market participants. Quoted market prices in active markets are the best evidence of fair value and are used as the basis for fair value measurement, when available. When quoted market prices are not available, estimates of fair value are based on the best information available, including prices for similar items and the results of other valuation techniques. Valuation techniques used would be consistent with the objective of measuring fair value.

Our Financial Statements are affected by fair value measures. The most significant areas affected are as follows:

- An impairment loss is recognized when the carrying amount of an asset is not recoverable. The impairment loss is determined as the excess of carrying value over its recoverable amount.
- Intangible assets with indefinite lives are also required to be assessed at a minimum annually, comparing the recoverable amount to carrying value to determine if an impairment loss is required to be recognized.

PP&E and intangible assets represent more than 90% of our assets.

At each reporting date we assess whether there is an indication, based on internal or external sources of information, that an asset or a Cash Generating Unit (“CGU”) in PP&E may be impaired. When indicators of impairment exist, we evaluate whether the recoverable amount of a CGU exceeds its carrying amount. Factors which could indicate that impairment exists include significant underperformance relative to historical or projected operating results, significant changes in the manner or use of the assets, significant negative industry or economic trends, or a change in the strategy for our overall business.

Our business, markets and business environment are continually monitored, and judgments and assessments are made to determine whether an event has occurred that indicates possible impairment. If such an indication exists, then the asset’s recoverable amount is estimated, and an impairment loss is recognized immediately in profit and loss for the amount by which the asset’s carrying amount exceeds its recoverable amount. The recoverable amount is the higher of a) fair value less costs of disposal, and b) the value in use calculated on a discounted cash flow basis. Both the identification of events that may trigger impairment and the estimates of future cash flows and the fair value of the asset require considerable judgement.

The assessment of asset impairment requires us to make significant assumptions about the selection of discount rates, capitalization rates and terminal capitalization rates used to determine the fair value of a CGU. Significant assumptions are also required to estimate future stabilized cash flows, which include assumptions about rental rates and occupancy rates. Such assumptions can be significantly impacted by current and future economic conditions in the geographical markets of each CGU, and management’s strategic plans within each of its markets. Management also applies adjustments to reflect the expectations of market participants. Estimates and assumptions used in the determination of the recoverable amounts were based upon information that was known at the time, along with the future outlook. Actual results can, and often do, differ from these estimates, and can have either a positive or negative impact on the estimate and whether an impairment situation exists. In addition, when impairment tests are performed, the estimated useful lives of the properties are reassessed, with any change accounted for prospectively. Intangible assets that have indefinite useful lives are tested for impairment annually, or more frequently, if events or circumstances indicate that the assets might be impaired. Goodwill is tested for impairment at least annually or whenever indicators of impairment of the CGU to which the goodwill relates have occurred. Intangible assets with finite useful lives are tested for impairment if events or changes in circumstances, assessed at each reporting date, indicate the carrying amount may not be recoverable.

Subsequent changes in the fair value of contingent consideration arrangements are recognized in net income. The excess of the purchase price over the fair value of the acquired identifiable net assets and liabilities is goodwill. On the date of acquisition goodwill is recorded as an asset.

When an acquisition does not meet the criteria for business combination accounting treatment, it is accounted for as an acquisition of a group of assets and liabilities, the cost of which includes transaction costs that are allocated upon initial recognition to the assets and liabilities acquired based upon their relative fair values.

## **Changes in Accounting Estimates and Changes in Accounting Policies**

Our material accounting policies are described in Note 3 of our 2024 Financial Statements. Note 3(n) outlines future accounting policy changes. There were no significant changes to our accounting policies in 2024 or following the date of our 2024 Financial Statements, except for the adoption of amendments to IAS 1 Presentation of Financial Statements, effective January 1, 2024, which resulted in the current classification of Class B units which were previously classified as non-current liabilities. This change was adopted retrospectively.

## Related Party Transactions

In the normal course of operations, Chartwell enters into various transactions with related parties. A summary of related party transactions can be found in Note 11 of our Financial Statements.

## Controls and Procedures

We are committed to maintaining effective disclosure controls and procedures and internal controls over financial reporting. We continue to invest in improvements to our information systems and financial processes to further strengthen our internal controls. A control system, no matter how well conceived and operated, can provide only reasonable, and not absolute, assurance that its objectives are met. As a result of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues, including instances of fraud, if any, have been detected. These inherent limitations include, among other items: (i) that management's assumptions and judgments could ultimately prove to be incorrect under varying conditions and circumstances; and (ii) the impact of isolated errors. Additionally, controls may be circumvented by the unauthorized acts of individuals, by the collusion of two or more people or by management override. The design of any system of controls is also based, in part, upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential conditions.

## Disclosure Controls and Procedures

Our disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed is recorded, processed, summarized and reported within the time periods specified under Canadian securities laws, and include controls and procedures that are designed to ensure that information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

An evaluation was carried out, under the supervision of and with the participation of management, including the Chief Executive Officer and Chief Financial Officer, of the effectiveness of Chartwell's disclosure controls and procedures as defined under National Instrument 52-109. In making this assessment, the Chief Executive Officer and the Chief Financial Officer used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in the Internal Control – Integrated Framework – 2013 (COSO Internal Control Framework – 2013). Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the design and operation of Chartwell's disclosure controls and procedures were effective as at December 31, 2024.

## Internal Control over Financial Reporting

We are responsible for establishing and maintaining adequate internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with IFRS. The Chief Executive Officer and the Chief Financial Officer assessed, or caused an assessment under their direct supervision of the design and operating effectiveness of our internal controls over financial reporting as at December 31, 2024, and based on that assessment determined that our internal controls over financial reporting were appropriately designed and were operating effectively in accordance with the COSO Internal Control Framework – 2013.

There were no material changes in our internal controls over financial reporting that occurred during the year ended December 31, 2024 that have significantly affected or are reasonably likely to significantly affect our internal control over financial reporting.

# Risks and Uncertainties and Forward-Looking Information

## Risks and Uncertainties

- **General Business Risks:** We are subject to general business risks and to risks inherent in the seniors housing industry and in the ownership of real property. These risks include general economic conditions, health-related risks, disease outbreaks (for example, COVID-19) and control risks, fluctuations in occupancy levels, the inability to achieve economic residency fees (including anticipated increases in such fees), rent control regulations, increases in labour costs, and other operating costs including the costs of utilities, possible future changes in labour relations, reduction in personnel below acceptable levels (e.g. due to events such as a pandemic or disease outbreak), competition from or the oversupply of other similar properties, changes in neighbourhood or location conditions and, the imposition of increased taxes or new taxes, capital expenditure requirements, changes in interest rates, and changes in the availability and cost of money for long term financing which may render refinancing of mortgages difficult or unattractive. Moreover, there is no assurance that expected demographic trends will continue or that the occupancy levels achieved to date at the Properties and expected in the future will continue or be achieved. Any one of, or a combination of, these factors may adversely affect our cash available to, or the financial position of Chartwell.

There are inherent legal, reputational and other risks involved in providing housing and health care services to seniors. The vulnerability and limited mobility of some seniors increases such risks. Such risks include disease outbreak, fires or other catastrophic events at a property which may result in injury or death, negligent or inappropriate acts by employees or others who come into contact with our residents, and unforeseen events at Chartwell or even non-Chartwell properties that result in damage to our brand or reputation or to the industry as a whole.

- **Occupancy, Business Volumes, and Competition:** Revenue and operating results depend significantly on the occupancy levels at our residences. Numerous other developers, managers and owners of seniors housing residences compete with us in seeking residents. The existence of competing developers, managers and owners and competition for our residents may adversely affect our ability to find residents for our seniors housing residences and on the level of rents or rental rate which may be charged, and could adversely affect our revenues and, consequently, our ability to meet debt obligations. An increased supply of suites in the regions in which we operate may have an impact on the demand for suites in such residences. Our ability to compete successfully depends on a number of factors, including the number of competitors in the local market, the types of services available, our reputation in the local area, cost of services and the location, physical condition and age of the residences.
- **Access to Capital, Interest Rate, Credit Rating and Other Debt and Financing Risk:** We have and will continue to have substantial outstanding consolidated indebtedness comprised primarily of the mortgages, term loans, debentures and indebtedness under our credit facilities. Our level of indebtedness could adversely affect its business and results of operations, including: limiting its ability to obtain additional financing for working capital, capital expenditures, debt service requirements, acquisitions and general business purposes; restricting Chartwell's flexibility and discretion to operate its business; limiting our ability to make Distributions; having to dedicate a portion of cash flows from operations to the payment of interest on our existing indebtedness and not having such cash flows available for other purposes; exposing our business to increased debt capital market risks, including interest rate risk and refinancing risk at maturity; exposing us to increased interest expense on borrowings at variable rates; limiting our ability to adjust to changing market conditions; and making us vulnerable in a downturn in general economic conditions.

We intend to finance our growth strategy, including acquisitions and developments, through a combination of working capital and cash flow from operations, additional indebtedness and public or private sales of equity or debt securities. In the event that we require additional equity or debt financing for any reason, there can be no assurance that such financing will be available when required or on commercially favourable terms or on terms that are otherwise satisfactory to us. We are also subject to the risk that any of its existing indebtedness may not be able to be refinanced upon maturity or that the terms of such refinancing may not be as favourable as the terms of its existing indebtedness. This may

be due to factors including our financial condition, results of operations and cash flows, the terms of our existing indebtedness, general economic conditions and volatility, disruption and other unfavourable trends in the North American capital and credit markets. In particular, we currently have access to the government-backed mortgage insurance program through the National Housing Act, which is administered by CMHC. We entered into the LBA with CMHC in December 2015. In October 2024, CMHC terminated the LBA and replaced it with the LBRMF. There can be no guarantee that the provisions of the mortgage insurance program will not be changed in the future so as to make costs of obtaining mortgage insurance prohibitive or so as to restrict access to the insurance program in the future. To the extent that any financing requiring CMHC consent or approval is not obtained or that such consent or approval is only available on unfavourable terms, We may be required to use a conventional mortgage or other financing alternatives which may be less favourable to us than a CMHC-insured mortgage. No assurance can be given that we will be successful in obtaining additional financing, or refinancing existing indebtedness, on acceptable terms, at reasonable cost and at the required times, or at all. If we cannot obtain financing on acceptable terms, at reasonable cost and at the required times, our operations, liquidity and financial condition may be materially adversely affected and we may have to forgo, delay, or abandon some or all of its planned capital expenditures or any development, investment, or acquisition opportunities that we identify, which could adversely affect our revenues and results of operations.

Increases in market interest rates could significantly increase our debt servicing costs, which could have a material adverse effect on our business and results of operations. A portion of our cash flow is devoted to servicing its debt, and there can be no assurance that we will continue to generate sufficient cash flow from operations to meet required interest and principal payments. If we are unable to meet interest or principal payments, it could be required to seek renegotiation of such payments or obtain additional equity, debt or other financing.

If we fail to comply with the covenants, restrictions and requirements of any of its debt obligations, it could be in default under the relevant agreement which could have a material adverse effect on our liquidity, financial condition and results of operations. A default under one debt financing arrangement could cause cross-defaults under other financing arrangements, including our mortgages, term loans, debentures and our credit facilities. For example, because the terms of our debt contain cross-default provisions, a default by us related to one debt instrument could affect a significant number of our other properties and corresponding mortgages, term loans, debentures and credit facilities. In the event of any such default, if we failed to obtain replacement financing or amendments to or waivers under the applicable financing arrangement, its lenders could cease making further advances, declare our debt to be immediately due and payable, impose significant restrictions and requirements on our operations, institute foreclosure procedures against their collateral, or impose significant fees and transaction costs. If debt acceleration occurs, economic conditions may make it difficult or expensive to refinance the accelerated debt or we may have to issue equity, which would have dilutive effects on unitholders. Even if new financing is made available to us, credit may not be available to us on acceptable or reasonable terms. In addition, the terms of our indebtedness generally contain customary provisions that, upon an event of default, restrict the Distributions that may be made by us and our subsidiaries. Upon an event of default under such indebtedness, our ability to make Distributions will be adversely affected.

On October 18, 2024, DBRS confirmed the BBB (low) with stable trends rating of Chartwell's Issuer Rating and Senior Unsecured Debentures. There is no assurance that we will continue to receive such credit ratings. Accordingly real or anticipated changes in Chartwell's Issuer Rating and /or Senior Unsecured Debentures credit ratings may adversely affect our business, operating results and financial condition.

- **Human Capital:** We compete in local markets with other health care providers with respect to attracting and retaining qualified personnel. We are also dependent upon the available labour pool of employees. A shortage of qualified personnel may require us to enhance our wage and benefits packages in order to compete. No assurance can be given that labour costs will not increase, or if they do increase, they can be matched by corresponding increases in rental or management revenue. The health care industry continues to face shortages of qualified personnel, including but not limited to nurses and personal support workers, particularly in non-urban settings. Continuation of such shortages could impact the delivery of services to residents in increased competition for staff and increased labour costs. This shortage, along with general inflationary pressures, may require us to enhance our pay and benefits package to effectively compete for qualified personnel. We may not be able to recover such added costs

through increased rates charged to residents or increased government funding. The inability to retain and/or attract qualified personnel may result in: a reduction in occupancy levels or services provided; use of staffing agencies at added cost; and an increased risk of deficiencies in operations which could potentially result in fines or penalties. An increase in personnel costs or a failure to attract, train and retain qualified and skilled personnel could adversely affect our business, results of operations and financial condition.

- **Economic and Financial Conditions:** Adverse changes to the economic and financial conditions in Canada, the United States and globally could impact our ability to execute upon our operating, investing and financing strategies which, in turn, could have a material adverse impact on our business, sales, profitability and financial position. In addition to labour costs, supply expenses make up a substantial portion of our cost of services. Those expenses can be subject to increases in periods of rising inflation or trade wars (including the imposition of new tariffs, duties and other trade protection measures and any responses thereto). Although historically we have generally been able to implement cost control measures, proactive procurement practices and/or obtain increases in government funding sufficient to substantially offset increases in these expenses, there can be no assurance that we will be able to anticipate fully or otherwise respond to any cost pressures or receive such increased funding, which may have a material adverse effect on the business, results of operations and our financial condition.

We rely on key suppliers to provide us with certain equipment and supplies. A shortage of such equipment or suppliers, due to supply chain disruptions, could have a material adverse impact on our business, especially if we are unable to find reasonable alternatives or secure such equipment or suppliers at reasonable prices. Our ability to secure sufficient equipment and suppliers is affected by many factors beyond our control. A shortage or disruption of equipment and supplies that are critical to our operations may adversely affect our business, results of operations and financial condition.

- **Joint-Venture Interests:** We have entered into joint-venture arrangements in respect of certain of our seniors housing operations. These joint-venture arrangements have the benefit of sharing the risks associated with ownership and management of such seniors housing residences including those risks described above and provide us with access to properties and development sites we would otherwise have. However, we may be exposed to adverse developments, including a possible change in control, in the business and affairs of our joint-venture partners which could have a significant impact on, or termination of, our interests in our joint ventures and could affect the value of the joint ventures to us and/or cause us to incur additional costs if we were to solely undertake the operations of the joint venture. In addition, there are risks which arise from the joint-venture arrangements themselves, including: the risk that the other joint-venturer may exercise buy-sell, put or other sale or purchase rights which could obligate us to sell our interest or buy the other joint-venturer's interest at a price which may not be favourable to us or at a time which may not be advantageous to us, the effect of which could be materially adverse to our financial position or resources.
- **Labour Relations:** We, directly or indirectly employ 13,070 people in Canada. Excluding managers, approximately 80% of the employees working in the residences are represented by labour unions or employee associations. Labour relations with the unions are governed by collective bargaining agreements with many different unions. There can be no assurance that we will not at any time, whether in connection with the renegotiation process or otherwise, experience strikes, labour stoppages or any other type of conflict with unions or employees which could have a material adverse effect on our business, operating results and financial condition. However, most seniors housing residences in the Province of Ontario fall under the jurisdiction of the Hospital Labour Disputes Arbitration Act which prohibits strikes and lockouts in the seniors housing sector. Therefore, collective bargaining disputes are more likely to be resolved through compulsory third-party arbitration in Ontario.

In British Columbia, Alberta and Québec where strikes and lockouts may be permitted, certain essential services regulations apply which ensure the continuation of resident care and most services. Non-unionized seniors housing residences may become unionized in the event they are approached for certification by a trade union. There can be no assurance that the seniors housing residences we own that are currently unorganized will not, in the future, be subject to unionization efforts or that any such efforts will not result in the unionization of such a seniors housing facility's employees.

In 1995, certain participating Ontario LTC homes and their respective unions agreed to a framework using the proxy method for a new pay equity plan that resulted in pay equity being achieved by 2005 under the Pay Equity Act. The Ontario government directly funded these pay equity obligations. Litigation commenced in 2010, when two unions asserted that the participating LTC homes were required to make further pay equity adjustments. The Ontario Pay Equity Tribunal (“the Tribunal”) found generally in favour of the participating LTC homes and also confirmed that there is an on-going obligation to maintain pay equity. The appellate courts, on the appeal of the Tribunal decision, found in favour of the unions and referred the matter back to the Pay Equity Tribunal to determine the procedure to be used to provide bargaining unit members access to male comparators in order to maintain pay equity. The Ontario government and the participating LTC homes appealed the appellate court decision.

On October 14, 2021, the application for leave to appeal from the judgment of the Court of Appeal in Attorney General of Ontario et al. v. Ontario Nurses’ Association et al. was dismissed by the Supreme Court of Canada, thus upholding the appellate court decision. Chartwell owns or owned four LTC homes that are respondents to this decision. In addition, Chartwell owned seven LTC homes that also used the proxy method to achieve pay equity which could also be affected by this decision. Notwithstanding the closing of the LTC Transaction in 2023, we continue to work with the unions, the other participating LTC homes and the Ontario government to reach a pay equity maintenance framework appropriate for the sector.

There are a significant number of uncertainties related to how the appellate court decision should be implemented. The discussions between the affected parties regarding the development of an appropriate framework and resolution to this matter have not yet meaningfully progressed, thereby creating additional uncertainty related to potential outcomes, as well as uncertainty relating to the timing of when more information on the outcomes will be known and when the matter may be settled. As a result of the significant number of judgments that would be required, a reliable estimate of our liability for any pay equity adjustments cannot currently be made. We expect that any adjustments will be fully funded by the Ontario Government. No liability for potential pay equity adjustments or expected recovery from the government has been recognized in Chartwell’s financial statements. An increase in labour costs as a result of any unfunded adjustments could adversely affect the financial condition of Chartwell.

- **Workplace Health and Safety:** We recognize that ensuring a healthy and safe workplace reduces work-related injury, illness and disability, improves productivity, lowers absenteeism and helps minimize any liability or penalties which could be incurred in connection with workplace injuries or illness. Chartwell has occupational health and safety programs in place and has established policies, procedures and training aimed at ensuring compliance with applicable legislative requirements. Failure to comply with workplace health and safety policies and procedures or applicable legislative requirements could result in increased work-related injury or illness, fines and/or penalties and damage to our reputation and thus have a material adverse effect on the business, results of operations and financial condition of Chartwell.
- **Pandemic, Epidemic or Outbreak of Disease:** The occurrence of a pandemic, epidemic, or other outbreak of an infectious disease, such as COVID-19, or other public health crisis in areas in which we operate could have a material adverse effect on our business, results of operations, liquidity, borrowing capacity and financial condition. Federal, provincial or local health agencies may, or we may choose to, restrict, limit or suspend in-person tours by or on behalf of prospective residents and/or admissions to our residences as a precautionary measure in a crisis to avoid the spread of a contagious illness or other public health crisis, resulting in decreased occupancy. Even in the absence of any such restriction, limit or suspension, prospective residents may delay or defer moving into a residence due to negative perceptions of congregate living and/or in an attempt to avoid possible exposure to infectious diseases. Enhanced procedures, protocols and care put in place to assist in reducing the likelihood of exposure to infectious diseases or to address actual outbreaks in our residences (for example, enhanced screening, personal protective equipment, increased disinfection, mandatory vaccination policies, rapid testing and other health and safety measures) would result in increased costs. A pandemic, epidemic or other outbreak may also adversely affect operations by causing staffing and supply shortages. Although government funding or assistance may mitigate some of these impacts, there is no certainty of the extent to which that will be the case. There is uncertainty regarding the implementation and impact of any government funding, pandemic-related legislation and any other future COVID-19 relief measures. In addition, outbreaks, such as COVID-19, cause our staff and our management team to spend considerable

time planning for and addressing such events, which diverts their attention from other business concerns. Further, a pandemic, epidemic or contagious disease outbreak may impact the overall economy so that credit markets are adversely affected, which may make it more difficult for us to access the credit markets or, if able to do so, at a higher cost or less advantageous terms, potentially impacting, among other things refinancings and our development plans and timelines. A pandemic, epidemic, or other outbreak of an infectious disease may result in an increased risk that we may be subject to litigation related to our handling of the pandemic, epidemic or other outbreak of infectious disease at its residences, which, even if not meritorious, and even if covered by our insurance, could result in increased operating costs to defend.

- **Growth:** The ability to grow may require the issuance of additional Units and the ability to do so may not always be a viable capital-raising option. Furthermore, timing differences may occur between the issuance of additional units and the time the proceeds may be used to invest in acquiring or developing new properties. Depending on the duration of this timing difference, this may be dilutive. We expect that we will have opportunities to acquire properties which will be accretive and enable us to increase cash flow through improved management, but there can be no assurance that will be the case.
- **Maintenance of Assets:** We are committed to keeping our communities in a good state of repair. We fundamentally believe that investing back into communities increases resident and staff satisfaction, which ultimately makes the business more profitable. In 2024, we invested \$93.0 million of capital back into our property portfolio. In addition to recurring capital maintenance projects, these investments include large, often multi-phased, renovation projects and projects undertaken to comply with the requirements of various regulatory or government authorities, projects that improve the revenue-generating potential of our properties and projects identified during acquisition due diligence. The amount of these investments varies from time to time based on the volume of specific projects in progress. We take into account the capital maintenance requirements of our residences when determining future cash flows available for Distributions. A significant increase in capital maintenance requirements could adversely impact our cash availability.
- **Acquisitions, Disposition and Development:** Agreements to acquire or sell, as well as development agreements entered into with third parties may be subject to unknown, unexpected or undisclosed liabilities which could have a material adverse impact on our operations and financial results. Representations and warranties given by such third parties to us may not adequately protect against these liabilities and any recourse against third parties may be limited by the financial capacity of such third parties.

Moreover, the acquired properties may not meet expectations of operational or financial performance due to unexpected costs associated with operating an acquired property, as well as the general investment risks inherent in any real estate investment.

In addition, the letters of intent and purchase or sale agreements entered into with third parties with respect to such acquisitions or sales, as applicable, are generally subject to certain closing conditions, and in some cases, the granting of regulatory approvals. Such acquisitions or sales may not be completed due to the failure to satisfy closing conditions or the failure to receive required regulatory approvals and certain funds paid by us may not be recoverable.

We are pursuing several development activities. These activities create development-specific risks, including the risk of subcontractors placing liens on projects, constructions delays, increasing costs, labour disputes, delays in obtaining municipal and regional approvals and disputes with development partners.

- **Government Regulation:** Health care in general is an area subject to extensive regulation and frequent regulatory change. In Canada, a number of provinces are promoting regionally managed and regulated health care systems. These changes favour larger operators having the resources to provide more cost-effective management services and well-developed staff training programs on a regional basis. There can be no assurance that future regulatory changes in health care, particularly those changes affecting the seniors housing industry will not adversely affect us.

In all provinces, LTC homes are subject to government oversight, regulation and licensing requirements, which may change or become more onerous in the future. For example, in Ontario, LTC home licences are issued for a fixed term which shall not exceed 30 years, after which the operators of an LTC home may or may not be issued a new licence. Therefore, such licences do not represent any guarantee of continued operation beyond the term of the licence. While we endeavour to comply with all regulatory requirements in our LTC homes, it is not unusual for stringent inspection procedures to identify deficiencies in operations. In such circumstances, it is our intention to correct deficiencies which have been legitimately identified within the time frames allowed.

We no longer operate any LTC homes in Ontario, but currently retain ownership in two LTC homes managed by a third party. Upon completion of the Ballycliffe LTC Redevelopment expected in 2025, a new 25-year license will be issued to that home. The license for the remaining 202 bed Class B LTC home is set to expire on June 30, 2025. An application to renew the license for five years has been submitted pursuant to the Director of Long-Term Care's Policy for the End of License Term that was introduced in 2024.

- **Liability and Insurance:** The businesses, which are carried on, directly or indirectly, by us, entail an inherent risk of liability. We expect that from time to time we may be subject to such lawsuits as a result of the nature of our businesses. In addition, attempts to advance class action lawsuits have become more prevalent in senior care. There can be no assurance that we will not face risks of this nature. We maintain business and property insurance policies in amounts and with such coverage and deductibles as deemed appropriate, based on the nature and risks of the businesses, historical experience and industry standards. There can be no assurance, however, that claims in excess of the insurance coverage or claims not covered by the insurance coverage will not arise or that the liability coverage will continue to be available on acceptable terms or that coverage for certain risks such as infectious diseases will continue to be available at all. A successful claim against us not covered by, or in excess of, our insurance could have a material adverse effect on our business, operating results and financial condition. Claims against us, regardless of their merit or eventual outcome, also may have a material adverse effect on our ability to attract residents or expand our businesses and will require management to devote time to these matters rather than to the operation of the business.
- **Real Property Ownership and Lack of Diversity:** Real property equity investments are relatively illiquid. This illiquidity will tend to limit our ability to respond to changing economic or investment conditions. By specializing in a particular type of real estate, we are exposed to adverse effects on that segment of the real estate market and do not benefit from a diversification of our portfolio by property type.
- **Geographic Concentration:** Our business and operations are conducted within Canada primarily in Ontario and Quebec. A geographic concentration of our owned and leased suites, at our percentage share of ownership or leasehold interest, is described under the "Business Overview" section on page 3 of this MD&A. The market value of these properties and the income generated from them could be negatively affected by changes in local, regional or national economic conditions or legislative/regulatory changes in the respective jurisdictions.
- **Management Contracts:** We receive management fees from non-owned residences that we manage for others and earn management fees from co-owned properties. We will not receive this revenue if the management agreements with the residences' owners are terminated or not renewed upon their expiry. Such contracts are generally terminable upon 90 days' notice, with the exception of Management Agreements on properties with secured mezzanine loans advanced by us.
- **Conflicts of Interest:** The Chartwell Trustees, CSH Trustees and, Directors will, from time to time, in their individual capacities deal with parties with whom we may be dealing or may be seeking investments similar to those desired by us. The relevant constating documents of Chartwell, CSH Trust and Master LP contain conflict of interest provisions requiring our Chartwell Trustees, CSH Trustees and Directors to disclose material interests in material contracts and transactions and to refrain from voting thereon.

- **Loans Receivable:** Our loans receivable are generally secured by subordinated charges of the borrowers' interests in real estate and rank behind senior financing. Similarly, the vendor take back mortgages provided by Master LP are secured by subordinate charges on properties. If our borrowers face financial difficulty and are not able to meet their commitments to their lenders, including us, we could suffer a loss of either interest or principal or both on the loans we have advanced, since other lenders will rank ahead of us in any recovery. Additionally, we may not, at the applicable time, have the financial capacity to acquire all properties that we are entitled or required to acquire from borrowers. There is a risk, if property values deteriorate or the financial capacity of the borrowers deteriorates, that we could suffer losses on such loans.
- **Privacy, Cyber Security and Information Technology:** As a custodian of a large amount of personal information and personal health information relating to our employees and our residents, we are exposed to the legal and reputational risk of the loss, misuse or theft of any such information. We help mitigate this risk by deploying appropriate technology and training for preventing unauthorized access or theft for our employees relating to the safeguarding of such information and we maintain cybersecurity insurance in amounts and with such coverage as deemed appropriate based on the nature and risks of the business.

Cyber security has become an increasingly problematic issue for issuers and businesses in Canada and around the world, including for us and the seniors housing industry. Cyber-attacks against large organizations are increasing in sophistication and are often focused on financial fraud, compromising sensitive data for inappropriate use or disrupting business operations. Such an attack could compromise our confidential information as well as that of our residents, employees, and third parties with whom we interact and may result in negative consequences, including remediation costs, loss of revenue, additional regulatory scrutiny, litigation and reputational damage. In particular, in connection with our business we maintain a large amount of personal health information about our residents. If we were to experience a security breach resulting in unauthorized access to our use or disclosure of such information, we could be exposed to complaints, investigations or litigation and our reputation may be negatively affected. As a result, while we continually monitor for malicious threats and adapt accordingly in an effort to ensure we maintain high privacy and security standards, invest in cyber defense technologies to support our business model and to protect our systems, residents and employees, employing industry best practices, there can be no assurance that these measures will prevent loss, misuse or theft of any such information.

We are a party to agreements with third parties for hardware, software, network, telecommunications and other information technology ("IT") services in connection with our operations. The efficient operation of our business depends, in part, on computer hardware and software systems and on how well we and our suppliers protect networks, equipment, systems and software against damage from a number of threats (including cable cuts, damage to physical plants, natural disasters, terrorism, fire, power loss, hacking, computer viruses, malware, vandalism, ransomware and theft). Our operations also depend on the timely maintenance, upgrade and replacement of systems and software, as well as pre-emptive expenses to help mitigate the risks of failures. Any of these and other events could result in IT system failures, delays and/or increase in capital expenses. The failure of IT systems could, depending on the nature of any such failure, adversely impact our reputation and may adversely affect our business, operating results and financial condition.

We have begun to introduce artificial intelligence ("AI") solutions into various aspects of our business and operation. Our competitors or other third parties may incorporate AI into their products and services quicker, which could impair our ability to compete effectively and adversely affect our operations. There may be significant risks involved in utilizing AI and no assurance can be provided that our use will enhance our business and operations or produce the intended results. Additionally, if the content, analyses, search results or recommendations that AI applications assist in producing are, or are alleged to be, deficient, inaccurate, or biased, our business, reputation, financial condition, and results of operations could be adversely affected.

The use of AI solutions may result in cybersecurity incidents which could adversely affect our reputation and results of operations. AI also presents emerging ethical issues, such as the proper use of copyrighted material with AI solutions, and if our use of AI becomes controversial, it may experience brand or reputational harm, competitive harm, or legal liability. The rapid evolution of AI, including potential government regulation of AI, may require significant resources to develop, test and maintain our IT

infrastructure and systems to help ensure that we implement AI ethically and minimize any unintended and harmful impacts.

- **Environmental Liabilities:** Environmental legislation and policies have become increasingly important in recent years. Under various environmental laws and regulations, we, as either owner or manager, could become liable for the costs of removal or remediation of certain hazardous, toxic or regulated substances released on or in our properties or disposed of at other locations in some cases regardless of whether or not we knew of or was responsible for their presence. The failure to remove, remediate or otherwise address such substances, if any, may adversely affect an owner's ability to sell such properties or to borrow using such properties as collateral and could potentially result in claims against the owner by private plaintiffs. It is our operating policy to obtain a Phase I environmental site assessment, conducted by an independent and experienced environmental consultant, prior to acquiring or financing any property. Where Phase I environmental site assessments identify sufficient environmental concerns or recommend further assessments, Phase II or Phase III environmental site assessments are conducted. They are intrusive investigations that involve soil, groundwater or other sampling to confirm the absence or presence and extent of an environmental concern.

Environmental laws and regulations may change, and we may become subject to more stringent environmental laws and regulations in the future. Compliance with more stringent environmental laws and regulations could have a material adverse effect on our business, financial condition or results of operation and distributions.

- **Climate Change Risk:** We are exposed to climate change risk from natural disasters and severe weather, such as floods, ice storms, windstorms, earthquakes, wildfires or other severe weather that may result in damage or loss to our investment properties. These adverse weather and natural events could cause substantial damage and/or revenue losses as well as cost increases. There can be no assurance that damages or losses caused by these adverse weather and natural events will not exceed ours or our residents' property insurance coverage. Climate change may also have indirect effects on our business by increasing the cost of (or making unavailable) property insurance on terms we find acceptable.

Over time, climate change may also affect our operational expenses, including utilities and preventative maintenance expenses, as temperatures fluctuate. In addition, changes in federal, provincial or local legislation and regulation on climate change could result in increased capital expenditures to improve the energy efficiency of our existing properties and could also require us to spend more on our new development properties without a corresponding increase in revenue. Chartwell management reports on climate change risks, regularly to our Board of Directors, including mitigation strategies with respect to this risk.

- **ESG Risks:** There are rapid and ongoing developments and changing expectations relating to ESG matters and factors such as the impact of operations on climate change, diversity and inclusion, corporate governance and other matters, which may result in increased regulatory, social or other scrutiny on Chartwell. This scrutiny may be intensified as a result of the varying pro-ESG and anti-ESG views held by certain stakeholders. If we are unable to adequately recognize and respond to such developments and governmental, societal, investor and consumer expectations relating to such ESG matters, we may miss corporate opportunities, become subject to additional scrutiny, incur unexpected costs or experience damage to our reputation. If any of these events were to occur, there may be a material adverse effect on our business, financial condition, cash flows and results of operations and the market value of our Trust Units and/or senior unsecured debentures may decline.
- **Distributions:** Our distributions are made at the discretion of the Trustees based on forward-looking cash flow information, including forecasts and budgets, results of operations, requirements for capital expenditures and working capital, future financial prospects, debt covenants and obligations, and any other factors considered relevant by them in setting the distribution rate. Items such as principal repayments, capital expenditures, variances in operating results and redemption of units, if any, or the failure of CSH Trust or Master LP to make distributions to Chartwell Retirement Residences may affect Distributions. We may be required to decrease our distributions in order to accommodate any such items.

- **Restrictions on Redemption Right:** It is anticipated that the redemption right will not be the primary mechanism for holders of Units to liquidate their investments. Cash redemptions are subject to limitations. Securities which may be distributed *in specie* to Unitholders in connection with a redemption will not be listed on any stock exchange and may not be qualified investments under the Tax Act for Plans. No established market is expected to develop in such notes and they may be subject to resale under applicable securities laws.
- **Dilution:** We may, in our sole discretion, issue additional Units from time to time, and the interests of the Unitholders may be diluted thereby.
- **Nature of Units:** The Units are not traditional equity investments. The Units represent an undivided ownership interest in Chartwell. Our primary assets are CSH Trust Units. The Units do not represent a direct investment in the business of Master LP and should not be viewed by investors as direct securities of Master LP or its subsidiaries. As holders of Units, Unitholders will not have the statutory rights normally associated with ownership of shares of a corporation including, for example, the right to bring “oppression” or “derivative” actions or rights to dissent from fundamental transactions undertaken by a corporation and to apply to court to be paid “fair value” for their securities. As well, Chartwell may not be a recognized entity under certain existing insolvency legislation such as the *Bankruptcy and Insolvency Act* (Canada) and the *Companies Creditors’ Arrangement Act* (Canada) and thus the treatment of Unitholders upon an insolvency is uncertain.

The Units are not debt instruments and are dissimilar to debt instruments in that there is no principal amount owing to Unitholders. Further, cash Distributions are not guaranteed amounts and may fluctuate with the performance of the entities in which we invests. The trading price of the Units will be greatly affected by such performance and the anticipated Distributions of Chartwell. The market value of the Units may deteriorate if we are unable to maintain its cash Distribution levels in the future and that deterioration may be significant.

- **Unitholder Liability:** The Declaration of Trust provides that no Unitholder shall be subject to any liability whatsoever to any person in connection with a holding of Units. However, in jurisdictions outside the Provinces of Ontario, Québec, Alberta and British Columbia (and in those jurisdictions in certain circumstances), there remains a minimal risk, which is considered by us to be remote in the circumstances, that a Unitholder could be held personally liable, despite such statement in the Declaration of Trust, for our obligations to the extent that claims are not satisfied out of the our assets. Our affairs are conducted to seek to minimize such risk wherever possible.
- **Market for Units and Unit Price:** The Units are listed on the TSX. There can be no assurance that an active public market for Units will be sustained. One of the factors that may influence the market price of the Units is the annualized yield on the Unit price from Distributions. Accordingly, an increase in market interest rates may lead purchasers of Units to demand a higher annual yield, which could adversely affect the market price of the Units. The market price of the Units does not necessarily reflect our net asset value. In addition, the market price for the Units may be affected by changes in general market conditions, fluctuations in the markets for equity securities and numerous other factors outside of our control which may cause the market price of Units to change in a manner which is different from the change in value of the underlying real estate assets.

- **Taxation:**

- **The SIFT Rules**

- The SIFT Rules, which relate to the federal income taxation of certain publicly traded trusts and certain other publicly-traded flow-through entities, were enacted on June 22, 2007. Generally, under the SIFT Rules, certain distributions from a “SIFT trust” (as defined in the Tax Act) will not be deductible in computing the trust’s taxable income, and the trust will be subject to tax on such distributions at a rate that is comparable to the general tax rate applicable to a Canadian corporation. To the extent that a distribution attracts this tax, it will be taxed in the hands of the receiving Unitholder (whether received in cash, additional Units or otherwise) as a taxable dividend from a taxable Canadian corporation, which dividend will be eligible for the enhanced dividend tax credit (an “eligible dividend”).

The SIFT Rules are not applicable to certain real estate investment trusts that meet certain conditions (as provided in the Tax Act) relating to the nature of their revenues and investments (the “REIT Conditions”). As currently structured, we do not meet the REIT Conditions. Chartwell has been a SIFT trust since 2007 and, unless we change our structure and the nature of our operations, we expect to be a SIFT trust for 2024 and future years.

In 2024, 100% of our distributions were classified as return of capital. The Welltower Transaction will result in taxes payable of approximately \$3.7 million in 2025. Based on our current forecasts, we do not expect any other tax to be payable by us under the SIFT Rules in 2025.

As a general matter, the amount of tax payable by Chartwell under the SIFT Rules, if any, in any given taxation year may be affected by acquisitions, dispositions and other events occurring in such taxation year or other relevant taxation years. Proposed amendments released by the Minister of Finance (Canada) on September 23, 2024 proposed very generally to, among other things, increase the proportion of the capital gain that would be included in income as a taxable capital gain, or the proportion of a capital loss that would constitute an allowable capital loss, from the existing one-half to two-thirds for capital gains or capital losses realized on or after June 25, 2024 (with special rules applying with respect to the two different inclusion rates in relation to taxation years that begin before and end after June 25, 2024). However, on January 31, 2025, the Minister of Finance (Canada) announced that the aforementioned proposed increase in the capital gains and capital losses inclusion rate would apply only to any capital gains or capital losses realized on or after January 1, 2026 (the “Proposed Inclusion Increases”). Assuming the Proposed Inclusion Increases are enacted as proposed, this may also affect, depending on the circumstances, the amount of tax payable by Chartwell under the SIFT Rules, if any, with respect to taxation years of Chartwell where the Proposed Inclusion Increases are applicable.

### **Tax Status**

If we cease to qualify as a “mutual fund trust” for the purposes of the Tax Act or the Units ceased to be “qualified investments” under the Tax Act, the Canadian federal income tax considerations applicable to us and our Unitholders would be materially and adversely different in certain respects.

We will endeavour to ensure that we continue to qualify as a mutual fund trust and the Trust Units continue to be qualified investments under the Tax Act for Plans but there is no assurance that we will be able to do so. Generally, Trust Units will be qualified investments for Plans if, at the relevant time (a) the Trust Units are listed on the TSX (or other designated stock exchanges for the purposes of the Tax Act), (b) the Trust Units are registered investments under the Tax Act or (c) if we qualify as a mutual fund trust (as defined in the Tax Act). The Tax Act may impose penalties for the acquisition or holding of non-qualified investments by a Plan. Any property distributed to a Unitholder on an in-specie redemption of Trust Units may not be a qualified investment under the Tax Act for a Plan. There can be no assurance that Canadian federal income tax laws (or the judicial interpretation thereof), the administrative and/or assessing practices of the CRA and/or the treatment of mutual fund trusts will not be changed in a manner which adversely affects Unitholders.

Net income and net realized capital gains in excess of the cash distributions we make in a year may be distributed to Unitholders in the form of additional Units. Unitholders will generally be required to include an amount equal to the fair market value of those Trust Units in their taxable income, notwithstanding that they do not directly receive a cash Distribution.

Although we are of the view that all expenses to be claimed by us and our subsidiaries will be reasonable and deductible, that the tax filing positions taken by us are reasonable, and that the cost amount and capital cost allowance claims of such entities will have been correctly determined and that the allocation of Master LP’s income for tax purposes among its partners is reasonable, there can be no assurance that CRA will agree. If CRA successfully challenges us and/or our subsidiaries in any of these respects, the taxable income of Chartwell and the Unitholders, will increase or change.

Master LP has acquired many properties on a rollover basis with the result that the cost base for tax purposes in such properties was less than their fair market value at the time of acquisition. Master LP may acquire properties on a rollover basis in the future, with a similar result in their cost base. On a future sale of such properties for a sale price in excess of such cost base, income and capital gain will be realized which may result in tax being payable, under the SIFT Rules.

## Forward-Looking Information

This MD&A contains forward-looking information that reflects the current expectations, estimates and projections of management about the future results, performance, achievements, prospects or opportunities for Chartwell and the seniors housing industry. The words “plans”, “expects”, “is expected”, “budget”, “scheduled”, “estimates”, “intends”, “anticipates”, “projects”, “believes”, “timeline”, “forecast”, “outlook”, “potential”, “prospects”, “strategy”, “target” or positive or negative variations of such words and phrases or statements to the effect that certain actions, events or results “may”, “will”, “could”, “should”, “would”, “might”, “occur”, “be achieved” or “continue” and similar expressions, identify forward-looking statements.

Forward-looking statements are based upon a number of assumptions and are subject to a number of known and unknown risks and uncertainties, many of which are beyond our control, and that could cause actual results to differ materially from those that are disclosed in or implied by such forward-looking statements. These assumptions include, but are not limited to, expected growth, results of operations, performance and business prospects and opportunities. In addition, certain specific assumptions were made in preparing forward-looking information including growth in revenue and service fees, growth in occupancy rates due to industry demand, continued growth in labour costs as a result of labour shortages and market conditions, continued access to CMHC mortgages at competitive rates and ability to renew maturing debt in due course; continued access to capital markets which will continue to provide Chartwell with access to equity and/or debt at reasonable rates to meet financial and operating needs, expected costs and completion dates of communities under development, no occurrence of a pandemic, epidemic or outbreak of a contagious disease, no unforeseen changes to tax laws and our ability to maintain status as a mutual fund trust.

Examples of such forward-looking information in this document include but are not limited to the following, each of which is subject to significant risks and uncertainties and is based on a number of assumptions which may prove to be incorrect:

- statements regarding our business strategies, operational sales, marketing and portfolio optimization strategies, including targets, rental and service rate increases, and the expected results of such strategies,
- statements and forecasts regarding occupancy trends and growth including statements regarding recovery of occupancy levels, growth, and achievement of occupancy targets,
- statements regarding our ability to achieve improvements in our cash flows, improved operating margins, reduced interest costs, and operating efficiencies,
- our predictions and expectations with respect to industry trends including growth in the senior population, a deficit of long-term care beds and the slowdown of new construction starts, including statements regarding growth and achievement of occupancy targets,
- our continued focus on differentiating Chartwell as a competitive employer within the industry through the implementation of various recruitment, retention and engagement focused initiatives,
- our expectations with respect to reducing our reliance on agency workers, agency staffing cost trends and cost reduction targets,
- our expectations regarding our ability to meet our obligations as they become due utilizing our sources of liquidity,
- our expectations regarding achievement of certain occupancy levels and projected earnings generated therefrom,
- our expectations of adjusted operating margin,
- our expectations regarding achievement of certain employee engagement and resident satisfaction targets,
- our expectations with respect to potential expansion projects and development projects on our owned lands,
- information related to the expected completion and expected stabilized occupancy dates of properties under development,
- the expected closings and closing dates of, taxes, proceeds and expected use of proceeds from, acquisitions and dispositions,

- our expectations with respect to the balance and associated interest rates of certain mortgage debt,
- our ability to realize expected unlevered yields, occupancy rates and net operating income on our development projects,
- our expectations with respect to refinancing activities, including our ability to renew maturing debt and to obtain new financings in due course,
- our expectations regarding growing our unencumbered asset pool,
- our intention and ability to access low-cost mortgage financing insured by CMHC,
- the sustainability of our current distributions and plans to maintain the current level of distributions,
- our expectations regarding future development and acquisition opportunities, including but not limited to those with Batimo,
- our expectations with respect to future disposition and asset repositioning opportunities,
- statements regarding the impact of certain litigation,
- expectations with respect to the funding of pay equity adjustments,
- statements regarding the income-generating potential of our properties,
- our expectations regarding the tax classification of future distributions,
- our expectations with respect to the fluctuation in the market and fair value of our financial instruments,
- our expectations regarding taxes that are expected to be payable in the current and future years under the SIFT rules, including our expectations with respect to deductions and losses which we expect to carry forward to offset taxes under the SIFT rules, and
- our expectations regarding future demand for retirement suites and services in the provinces in which we operate.

While we anticipate that subsequent events and developments may cause our views to change, we do not intend to update this forward-looking information, except as required by applicable securities laws. This forward-looking information represents our views as of the date of this MD&A and such information should not be relied upon as representing our views as of any date subsequent to the date of this document. We have attempted to identify important factors that could cause actual results, performance or achievements to vary from those current expectations or estimated expressed or implied by the forward-looking information. However, there may be other factors that cause results, performance or achievements not to be as expected or estimated and that could cause actual results, performance or achievements to differ materially from current expectations. **There can be no assurance that forward-looking information will prove to be accurate. Accordingly, readers should not place undue reliance on forward-looking information.** These factors are not intended to represent a complete list of the factors that could affect us. See risk factors highlighted in materials filed with the securities regulatory authorities in Canada from time to time, including but not limited to our most recent AIF.

## Supplemental Information

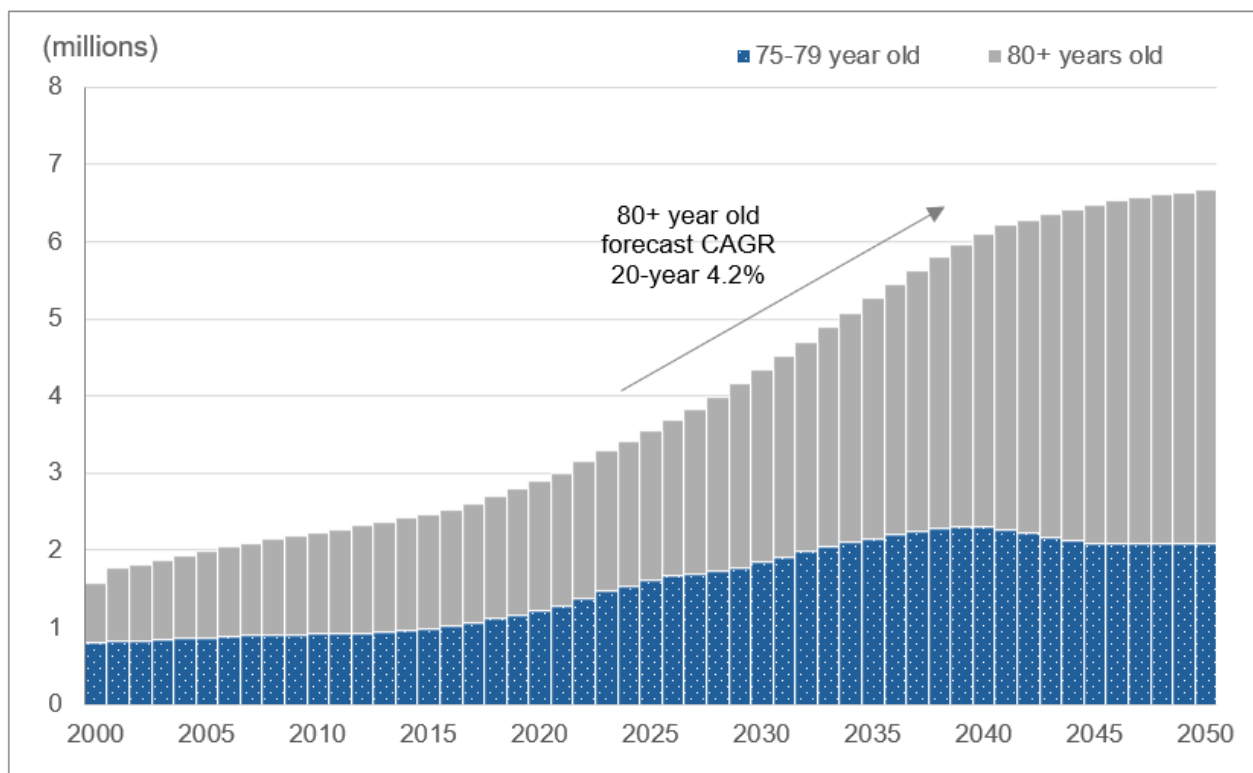

### Significant Future Demand

Based on the forecasted ratios of retirement suites to the population of people over the age of 75, the demand for retirement suites is expected to accelerate over the next 20 years.

Demand for retirements suites will further benefit from the following:

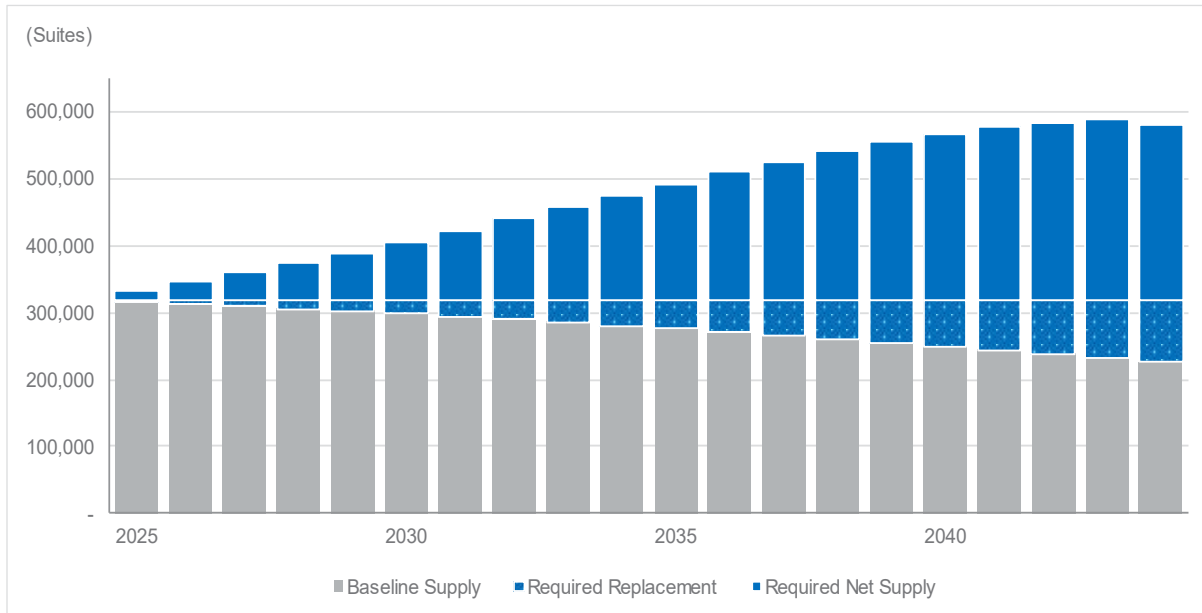

- If governments are unable to fully address demand growth for government-funded long term care spaces, there may be additional demand for retirement suites.
- The existing inventory of retirement suites includes a number of older properties which may become obsolete over time, further increasing demand for newer suites.
- We believe that there is pent-up demand for retirement accommodation and services, that built up through the pandemic, driven by the increased ageing population and disruptions of community-based support services for seniors during the pandemic.
- The acceptance of retirement living is significantly higher in Quebec. We believe the introduction of more flexible service offering and pricing options, including a-la-carte services, across the country, may further increase consumer interest in retirement living and drive higher demand.

**CONSOLIDATED  
FINANCIAL STATEMENTS**

## Management's Responsibility for Financial Statements

To the Unitholders of Chartwell Retirement Residences

The accompanying consolidated financial statements of Chartwell Retirement Residences and the information included in this Annual Report have been prepared by management, which is responsible for their consistency, integrity and objectivity. Management is also responsible for ensuring that the consolidated financial statements are prepared and presented in accordance with International Financial Reporting Standards. To fulfill these responsibilities, management maintains appropriate systems of internal control, policies and procedures to ensure its reporting practices and accounting and administrative procedures are of high quality.

KPMG LLP, the independent auditor, is responsible for auditing the consolidated financial statements in accordance with generally accepted auditing standards in Canada, to enable the expression of their opinion on the consolidated financial statements to the unitholders. Their report, as auditors, is set forth herein.

The Board of Trustees is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal controls and engaging the independent auditors. The Board of Trustees carries out this responsibility through its Audit Committee, which meets regularly with management and the independent auditors. The Audit Committee is composed of three members who are independent of management. The consolidated financial statements have been reviewed and approved by the Board of Trustees and its Audit Committee. The independent auditors have direct and full access to the Audit Committee and Board of Trustees.

# Independent Auditor's Report

To the Unitholders of Chartwell Retirement Residences

## **Opinion**

We have audited the consolidated financial statements of Chartwell Retirement Residences (the "Entity"), which comprise:

- the consolidated balance sheets as at December 31, 2024 and December 31, 2023
- the consolidated statements of net income (loss) and comprehensive income (loss) for the years then ended
- the consolidated statements of unitholders' equity for the years then ended
- the consolidated statements of cash flows for the years then ended
- and notes to the consolidated financial statements, including a summary of material accounting policy information

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Entity as at December 31, 2024 and December 31, 2023, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board.

## **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "**Auditor's Responsibilities for the Audit of the Financial Statements**" section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended December 31, 2024. This matter was addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

We have determined the matter described below to be the key audit matter to be communicated in our auditor's report.

### **Assessment of the recoverable amount of cash generating units**

#### **Description of the matter**

We draw attention to Notes 2(d), 3(d) and 5 of the financial statements. The property, plant and equipment ("PP&E") carrying amount is \$3,628,030 thousand. The carrying amounts of the Entity's PP&E are assessed at each reporting date to determine if any events have occurred that would indicate the PP&E may be impaired. If any such indication exists, the asset's recoverable amount is estimated, and an impairment loss is recognized immediately in profit or loss for the amount by which the asset's carrying amount exceed its recoverable amount. The recoverable amount is determined for the cash generating unit ("CGU") to which the PP&E belongs. The recoverable amount of a CGU is the higher of (a) fair value less costs of disposal and (b) value in use.

The assessment of asset impairment requires significant assumptions, which include:

- the rental rates and occupancy rates used to estimate future stabilized cash flows.
- discount rates, capitalization rates and terminal capitalization rates applied to those cash flows.

### ***Why the matter is a key audit matter***

We identified the assessment of the recoverable amount of CGUs as a key audit matter. This matter represented an area of significant risk of material misstatement given the significant effect minor changes to significant assumptions had on the determination of the recoverable amount of a CGU. In addition, significant auditor judgment and specialized skills and knowledge were required in applying, and evaluating the results of, our audit procedures.

### ***How the matter was addressed in the audit***

The primary procedures we performed to address this key audit matter included the following:

- For a selection of CGUs, we assessed the Entity's ability to accurately forecast by comparing the rental rates and occupancy rates used to estimate future stabilized cash flows of the prior year to actual results.
- For a selection of CGUs, we evaluated the Entity's rental rates and occupancy rates used to estimate future stabilized cash flows by comparing to actual historical rates. We took into account the changes in conditions and events affecting the CGUs to assess the adjustments, or lack of adjustments, made by the Entity in arriving at the rental rates and occupancy rates used to estimate future stabilized cash flows.
- For a selection of CGUs, we involved valuations professionals with specialized skills and knowledge who assisted in evaluating the discount rates, capitalization rates and terminal capitalization rates. These rates were compared to published reports of real estate industry commentators taking into consideration the features of the specific CGU.

### ***Other Information***

Management is responsible for the other information. Other information comprises:

- the information included in Management's Discussion and Analysis filed with the relevant Canadian Securities Commissions.
- the information, other than the financial statements and the auditor's report thereon, included in a document likely to be entitled "2024 Annual Report".

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit and remain alert for indications that the other information appears to be materially misstated.

We obtained the information included in Management's Discussion and Analysis filed with the relevant Canadian Securities Commissions as at the date of the auditor's report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditor's report.

We have nothing to report in this regard.

The information, other than the financial statements and the auditor's report thereon, included in a document likely to be entitled "2024 Annual Report" is expected to be made available to us after the date of this auditor's report. If, based on the work we will perform on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact to those charged with governance.

## ***Responsibilities of Management and Those Charged with Governance for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

- Provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for the purposes of the group audit. We remain solely responsible for our audit opinion.
- Determine, from the matters communicated with those charged with governance, those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our auditor's report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The image shows the handwritten signature 'KPMG LLP' in black ink. The letters are bold and slanted to the right. A horizontal line is drawn underneath the signature, starting from the left and extending past the end of the letters.

# Notes to Consolidated Financial Statements

(In thousands of Canadian dollars, except per unit amounts)

## 1. Organization and nature of operations:

Chartwell Retirement Residences ("Chartwell") is an unincorporated open-ended real estate trust governed by the laws of the Province of Ontario and created as of July 7, 2003 and subsisting under the Declaration of Trust. Chartwell's head office is located at 7070 Derrycrest Drive, Mississauga, ON L5W 0G5. Chartwell's main business is ownership, operations and management of retirement residences in Canada. On September 6, 2023, Chartwell completed the sale of sixteen long term care homes and one retirement residence in Ontario, thereby ceasing the operation of its long-term care segment (note 17).

Chartwell owns 100% of the outstanding Trust Units of CSH Trust, an unincorporated, open-ended trust established under the laws of the Province of Ontario, which in turn owns 52% of the outstanding Class A Units of Chartwell Master Care LP ("Master LP"), a limited partnership created under the laws of the Province of Manitoba. Class B Units of Master LP are held by non-controlling investors and are exchangeable into units of Chartwell. Chartwell also has direct ownership of 48% of Class A Units of Master LP.

The assets of Chartwell are held by the wholly owned Master LP, which carries out the business of Chartwell. Its activities are financed through equity contributed by Chartwell, CSH Trust, Class B unitholders and debt, including mortgages.

Chartwell's Declaration of Trust provides that distributions will be within the discretion of the Board of Trustees.

## 2. Basis of preparation:

### (a) Statement of compliance:

These consolidated financial statements are prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board.

On February 27, 2025 the Board of Trustees approved and authorized the consolidated financial statements for issue.

### (b) Functional currency:

These consolidated financial statements are presented in Canadian dollars, Chartwell's functional currency.

### (c) Basis of measurement:

The consolidated financial statements have been prepared on the historical cost basis, except for the following items:

- (i) financial instruments classified as fair value through profit or loss ("FVTPL") are measured at fair value (note 3(h)); and
- (ii) liabilities for cash-settled, unit-based payment arrangements are measured at fair value.

### (d) Use of estimates and judgments:

The preparation of the consolidated financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, revenue and expenses during the year. Actual results may differ from those estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the year in which the estimates are revised and in any future years affected. Information about assumptions and estimation uncertainties that have a significant risk of resulting in a significant adjustment in the future are included in the following notes:

- (i) notes 3(a)(iii) and 4 - The estimate of the fair value of assets and liabilities acquired in property acquisitions
- (ii) notes 3(d) and 5 - Impairment of property, plant and equipment

The following are the significant judgments that have been made in applying Chartwell's accounting policies and that have the most significant effect on the amounts in the consolidated financial statements:

- (i) note 3(a) - Determining whether an acquisition is a business combination or asset acquisition.
- (ii) note 3(b) - Componentization of property, plant and equipment.
- (iii) note 3(k)(ii) - Assessing the probability of a significant reversal in the amount of cumulative revenue recognized as variable consideration.
- (iv) note 3(m) - Assessing whether a component of an entity comprises discontinued operations.
- (v) note 3(j) – Assessing the interpretation of tax legislation when recognizing current and deferred tax assets and liabilities.
- (vi) note 30(f) - Assessing the probability of settling an obligation based on the occurrence or non-occurrence of a future event.

### **3. Material accounting policies:**

#### (a) Basis of consolidation:

##### (i) Transactions eliminated on consolidation:

The consolidated financial statements include the accounts of Chartwell and its subsidiaries, as well as the proportionate share of the accounts of its joint operations. All intercompany transactions have been eliminated on consolidation.

##### (ii) Joint arrangements:

A joint venture is a joint arrangement, whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement.

A joint operation is a joint arrangement, whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement.

These consolidated financial statements include Chartwell's proportionate share of each of the assets, liabilities, revenue and expenses of joint operations on a line-by-line basis. Joint ventures are included in Chartwell's consolidated financial statements as investments using the equity method, whereby the investment is initially recognized at cost and adjusted thereafter for the post-acquisition change in the net assets. Chartwell's share of joint venture net income is included in profit or loss.

##### (iii) Business combinations and asset acquisitions:

Chartwell accounts for business combinations under the acquisition method when the acquired set of activities and assets meets the definition of a business and control is transferred. In determining whether a particular set of activities and assets is a business, Chartwell assesses whether the set

of assets and activities acquired includes, at a minimum, an input and substantive process and whether the acquired set has the ability to produce outputs. Chartwell also uses the optional fair value concentration test when determining whether a transaction is to be accounted for as an asset acquisition or a business combination.

The cost of a business combination is measured at the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the acquisition date. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at fair value at the date of acquisition.

When an acquisition does not meet the criteria for business combination accounting treatment, it is accounted for as an acquisition of a group of assets and liabilities, the cost of which includes transaction costs that are allocated upon initial recognition to the assets and liabilities acquired based upon their relative fair values. In determining the fair values that drive such analysis, Chartwell estimates the fair value of each component further described in note 3(b). Chartwell recognizes assets or liabilities, if any, resulting from a contingent consideration arrangement at their acquisition date fair value and such amounts form part of the cost of the asset acquisition. Subsequent changes in the fair value of contingent consideration arrangements are recognized in profit or loss.

(iv) Non-controlling interest

As a result of the structure of certain acquisitions, non-controlling interest are measured initially at their proportionate share of the acquiree's identifiable net assets at the date of acquisition. Changes in the interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

(b) Property, plant and equipment:

Chartwell considers its properties to be owner-occupied properties under International Accounting Standard ("IAS") 16, Property, Plant and Equipment.

PP&E includes land, buildings, furniture, fixtures and equipment, which are measured at cost less accumulated depreciation and accumulated impairment losses.

Properties under development and land held for development are carried at cost and are not subject to depreciation. Cost includes initial acquisition costs, other direct costs, realty taxes and interest during the development period. The development period ends when the asset is available for use and construction is complete. Upon completion, properties under development are transferred to the appropriate asset class.

Significant parts of the buildings are accounted for as separate components of the property, based on management's judgment of what components constitute a significant cost in relation to the total cost of an asset and whether these components have similar or dissimilar patterns of consumption and useful lives for purposes of calculating depreciation and amortization. Additions to PP&E that do not have a cost that is significant in relation to the total cost of the addition may also be recognized as a separate component. The cost of replacing a component of a building is recognized in the carrying amount of the building if it is probable that the future economic benefits embodied within the component will flow to Chartwell, and its cost can be measured reliably. The carrying amount of the replaced component is derecognized. The costs of ongoing repairs and maintenance of the properties are recognized in profit or loss as incurred.

Depreciation is recorded in profit or loss on a straight-line basis over the estimated useful lives of the assets. The following are the estimated maximum useful lives of existing PP&E:

---

Components:	
Building - Structure	40 years
Building - Mechanical, electrical and elevators	30 years
Building - Roof, windows and doors	20 years
Building - Interior upgrades	3 years
Building - Resident contracts and above- and below-market leases	3 years
Furniture, fixtures and equipment	5 years

---

Estimated useful lives were determined based on current facts and past experience and take into consideration the anticipated physical life of the asset and current and forecasted demand. The rates and methods used are reviewed annually at year end to ensure they continue to be appropriate and are also reviewed in conjunction with impairment testing.

Gains/losses on disposition of PP&E are recognized in profit or loss in accordance with the requirements for determining when a performance obligation is satisfied under IFRS 15, Revenue from Contracts with Customers ("IFRS 15").

Upon allocation of a purchase price of an asset acquisition, Chartwell determines the value associated with land and building using a number of sources including independent appraisals, Chartwell's internal analysis of recently acquired or developed properties, existing comparable properties and other market data. Chartwell determines the value associated with in-place resident contracts, which represents the avoided cost of originating the acquired resident contracts plus the value of the avoided loss of net resident revenue over the estimated lease-up period of the property. Assumptions used to determine such fair values include comparable land sales, capitalization rates, discount rates, market rental rates and property operating data. Resident contracts are amortized over the expected term of the resident occupancy and are recorded as a component of buildings.

(c) Intangible assets:

Intangible assets, which include licenses, goodwill arising on business combinations and other intangible assets are measured at cost less accumulated amortization and accumulated impairment losses, except in the case of goodwill and intangible assets with an indefinite life, which are measured at cost less accumulated impairment losses and are not amortized.

(i) Licenses:

Licenses for the operation of long term care homes are considered to have indefinite lives. Given the current demographic of the Canadian markets, as well as the expectation that the demand for licensed beds will increase beyond its current supply, management has determined that the licenses have an indefinite life.

(ii) Software:

Software costs, which include internally developed and externally purchased software licenses, are amortized over one to ten years on a straight-line basis.

(iii) Goodwill:

Goodwill represents the excess amount of consideration given over the fair value of the underlying net assets acquired in a business combination and is measured at cost less any accumulated impairment losses. An impairment loss, once recorded, cannot be reversed in subsequent years.

(d) Impairment of non-financial assets:

The carrying amount of Chartwell's PP&E is assessed at each reporting date to determine if any events have occurred that would indicate the PP&E may be impaired. If any such indication exists, the asset's recoverable amount is estimated and an impairment loss is recognized immediately in profit or loss for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is determined for the cash generating unit ("CGU") to which the PP&E belongs. The recoverable amount of a CGU is the higher of (a) fair value less costs of disposal, and (b) value in use.

The assessment of asset impairment requires management to make significant assumptions about the selection of discount rates, capitalization rates and terminal capitalization rates used to determine the fair value of a CGU. Significant assumptions are also required to estimate future stabilized cash flows, which include assumptions about rental rates and occupancy rates. Such assumptions can be significantly impacted by current and future economic conditions in the geographical markets of each CGU, and management's strategic plans within each of its markets. Management also applies adjustments to reflect the expectations of market participants. Estimates and assumptions used in the determination of the recoverable amounts were based upon information that was known at the time, along with the future outlook.

Intangible assets that have indefinite useful lives are tested for impairment annually, or more frequently, if events or circumstances indicate that the assets might be impaired.

Goodwill is tested for impairment at least annually or whenever indicators of impairment of the CGU to which the goodwill relates have occurred.

Intangible assets with finite useful lives are tested for impairment if events or changes in circumstances, assessed at each reporting date, indicate the carrying amount may not be recoverable.

Impairment losses recognized in prior years are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed (except for goodwill) if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

(e) Government income grants:

Chartwell recognizes government income grants that become receivable as compensation for expenses incurred in profit or loss on a systematic basis in the periods in which the expenses are recognized. The grants are recorded as a reduction of the related expense.

(f) Assets held for sale:

Assets, or disposal groups comprising assets and liabilities, are categorized as held-for-sale where the asset or disposal group is available for sale in its present condition, and the sale is highly probable. For this purpose, a sale is highly probable if management is committed to a plan to achieve the sale; there is an active program to dispose of the assets of the disposal group; the asset or disposal group is being actively marketed at a reasonable price; the sale is anticipated to be completed within one year from the date of classification; and it is unlikely there will be changes to the plan. Immediately before classification as held-for-sale, the assets, or components of the disposal group are remeasured in accordance with Chartwell's accounting policies and are subsequently measured at the lower of their carrying amount and fair value less costs of disposal. Impairment losses on initial classification as held-for-sale and subsequent gains or losses on remeasurement are recognized as other income (expense) in profit or loss. Gains are not recognized in excess of any cumulative impairment loss until the completion of sale.

(g) Financial instruments:

Financial instruments are generally measured at fair value on initial recognition. The classification and measurement of financial assets consists of the following categories: (i) measured at amortized cost, (ii) FVTPL, and (iii) fair value through other comprehensive income ("FVTOCI").

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets classified at amortized cost are measured using the effective interest method. Financial assets classified as FVTPL are measured at fair value with gains and losses recognized in change in fair values of financial instruments and foreign exchange gains (losses) in profit or loss.

The classification and measurement of financial liabilities consists of the following categories: (i) measured at amortized cost and (ii) FVTPL. Financial liabilities classified at amortized cost are measured using the effective interest method. Financial liabilities classified as FVTPL are measured at fair value with changes in fair value attributable to changes in the credit risk of the liability presented in other comprehensive income, and the remaining amount of change in fair value presented in profit or loss.

Chartwell has made the following classifications for its financial instruments:

Account	Measurement
Cash and cash equivalents	Amortized cost
Trade and other receivables	Amortized cost
Restricted cash	Amortized cost
Loans receivable – mezzanine loans	FVTPL
Loans receivable – vendor take-back mortgages	Amortized cost
Other assets – income guarantee receivable	FVTPL
Accounts payable and other liabilities	Amortized cost
Distributions payable	Amortized cost
Mortgages payable	Amortized cost
Credit facilities	Amortized cost
Term loans	Amortized cost
Senior unsecured debentures	Amortized cost
Derivative Instruments	FVTPL
Class B Units	FVTPL

Chartwell derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. Chartwell derecognizes a financial liability when, and only when, Chartwell's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized through profit or loss.

Chartwell determines expected credit losses ("ECL") on trade and other receivables, and loans receivable using a provision matrix based on historical credit loss experiences adjusted for current and forecasted future economic conditions to estimate lifetime ECL. Impairment losses are recorded in profit

or loss with the carrying amount of the financial asset or group of financial assets reduced through the use of impairment allowance accounts.

Transaction costs other than those related to financial instruments classified as FVTPL, which are expensed as incurred, are capitalized to the carrying amount of the instrument and amortized using the effective interest method. These costs include, discounts or premiums relating to assumed debt, fees and commissions paid to agents, brokers, advisers, lenders and insurers, transfer taxes and duties.

The effective interest method is a method of calculating the amortized cost of a financial asset or liability and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or liability, or (where appropriate) a shorter period, to the gross carrying amount of the financial asset or to the amortized cost of the financial liability.

Derivative instruments:

Chartwell enters into interest rate swap arrangements ("swaps") from time to time in order to reduce the impact of fluctuating interest rates on long term debt. These swap agreements require periodic exchange of payments without the exchange of the notional principal amount on which the payments are based. These swap arrangements are not designated as hedging instruments under IFRS.

Financial assets and liabilities are offset and the net amount presented in the consolidated balance sheets when Chartwell has a legal right to offset the amounts and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Trust Units:

Trust Units are redeemable at the holder's option and therefore are considered to be a puttable instrument in accordance with IAS 32, Financial Instruments: Presentation ("IAS 32"). Puttable instruments are required to be accounted for as financial liabilities, except where certain exemption conditions are met in accordance with IAS 32, in which case the puttable instruments may be presented as equity. The Trust Units meet the exemption conditions of IAS 32 and are presented as equity.

However, as a result of the redemption feature of the Trust Units, they meet the definition of a financial liability under IAS 32 and may not be considered as equity for the purposes of calculating net income on a per unit basis in accordance with IAS 33, Earnings Per Share. Chartwell has therefore elected to not report an earnings per unit calculation, permitted under IFRS.

Class B Units:

The Class B Units of the Partnership are economically equivalent to Trust Units, receive distributions equal to the distributions paid on Trust Units and are exchangeable at the holder's option into Trust Units. One Special Trust Voting Unit in Chartwell is issued to the holder of Class B Units for each Class B Unit held. However, the limited IAS 32 exception for presentation as equity does not extend to the Class B Units. As a result, the Class B Units have been classified as financial liabilities and are measured at FVTPL. The fair value of the Class B Units is measured every period by reference to the traded value of the Trust Units, with changes in measurement recorded in profit or loss. Distributions on the Class B LP Units are recorded as a finance cost in profit or loss in the period in which they become payable.

(h) Fair value measurement:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability or

- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by Chartwell.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interests.

Chartwell uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable and
- Level 3 - valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(i) Employee benefits:

(i) Short-term benefits:

Short-term employee benefit obligations, including vacation and bonus payments, are measured on an undiscounted basis and are expensed as the related service is provided. Liabilities are recognized for the amounts expected to be paid within 12 months as Chartwell has an obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably. Short-term employee benefits are recorded in accounts payable and other liabilities.

(ii) Employee health benefits:

Chartwell self-insures the cost of certain employee health plans. These plans are administered by an independent third party. Accruals for self-insured liabilities include estimates of costs of both reported claims and claims incurred but not reported and are based on estimates of loss based on assumptions made by management, including consideration of projections provided by the independent third-party administrator of the plan.

(iii) Unit-based payment plans:

Chartwell maintains an EUPP, Deferred Trust Units ("DTU"), and Restricted Trust Unit Plans ("RTU") for its employees, directors and Trustees. The EUPP and DTU Plan require settlement in Trust Units. The RTU Plans are settled in cash and are accounted for as cash-settled awards, as Chartwell's Trust Units are puttable. The fair value of the amount payable is recognized as general, administrative and trust expenses and direct property operating expense in profit and loss, with a corresponding increase in liabilities, over the relevant service periods. The liability is remeasured at each reporting date and at the settlement date. Any changes in the fair value of the liability for the DTU and EUPP plans are recognized in change in fair values of financial instruments in profit or loss. The changes in the fair value of the liability for the RTU Plans are recognized in general, administrative and trust expenses and direct property operating expenses.

(j) Income taxes:

Income tax expense (recovery) comprises current and deferred taxes. Current tax and deferred tax are recognized in profit or loss, except to the extent that it relates to a business combination or items recognized directly in unitholders' equity or in net income.

Current tax is the expected taxes payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to taxes payable or receivable in respect of previous years.

Chartwell is a mutual fund trust and a specified investment flow-through trust ("SIFT") pursuant to the Income Tax Act (Canada). Under the SIFT rules, certain distributions from a SIFT are not deductible in computing taxable income, and the SIFT is subject to tax on such distributions at a rate that is substantially equivalent to the general income tax rate applicable to a Canadian corporation. Distributions paid by a SIFT as returns of capital are not subject to the SIFT tax.

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future. In addition, deferred tax is not recognized for taxable temporary differences arising on the initial recognition of goodwill. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax assets and liabilities, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax assets and liabilities on a net basis or their tax assets and liabilities will be realized simultaneously.

Judgment is required to assess the interpretation of tax legislation when recognizing and measuring current and deferred tax assets and liabilities. The impact of different interpretations and applications could potentially be material. Chartwell recognizes a tax benefit from an uncertain tax position when it is probable that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, on the basis of the technical merits.

A deferred tax asset is recognized for unused tax losses, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which they can be utilized. Management's estimate of future taxable profits and the recognition of deferred tax assets are reviewed at each reporting date and deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

(k) Revenue recognition:

Chartwell derives most of its revenue from rental income and care services provided to residents as well as management services to owners of retirement residences and long term care homes.

(i) Retirement residences resident revenue:

Chartwell charges for (a) the rental of retirement accommodation and (b) services provided to residents of retirement residences. Base rent amounts are allocated to lease components based on relative stand-alone selling prices. The stand-alone selling prices of the rental component is determined using an adjusted market assessment approach and the stand-alone selling price of the services components are determined using both an adjusted market assessment approach and an expected cost plus a margin approach.

(a) Rental revenue:

Revenue from rental components is recognized on a straight-line basis over the lease term. Revenue recognition commences when a resident has the right to use the retirement residence and revenue is recognized pursuant to the terms of the lease agreement. Payments are due at the beginning of each month and any payments made in advance of scheduled due dates are deferred and recorded as contract liabilities.

In certain jurisdictions, residents of retirement residences are eligible for government subsidies and the rates of these subsidies are regulated. In some jurisdictions, rent control regulations affect the rates that can be charged for rental accommodation.

(b) Services revenue:

Revenue related to the service components of Chartwell's leases is accounted for in accordance with IFRS 15. These services consist primarily of the provision of meals, nursing services, housekeeping and laundry services, leisure and social programs, various amenities and the recovery of utilities and property maintenance costs and are recognized over time, typically on a monthly basis, which is when the services are provided. Payments are due at the beginning of each month and any payments made in advance of scheduled due dates are recorded as contract liabilities.

(ii) Long term care homes resident revenue:

Revenue in respect of services provided to residents of long term care homes is accounted for in accordance with IFRS 15. These services consist primarily of nursing services, the provision of meals, housekeeping and laundry services, programs, amenities and the recovery of utilities and property maintenance costs.

In Canada, the provinces or regional health authorities regulate the amounts charged to residents of long term care homes, a substantial portion of which are funded by provincial or regional programs. Revenue in respect of such variable consideration is recognized based on management's best estimate of the most likely amount to which Chartwell will ultimately be entitled.

Estimated amounts of variable consideration are only included in revenue to the extent that Chartwell assess that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

(iii) Fee revenue:

Chartwell provides property and development management services for both third party and jointly owned operating entities. Property management services revenue relates to providing certain operations management and asset management services. Fees related to these services are variable in nature and are not estimated, but rather are allocated to the distinct service periods to which they specifically relate and are recognized when services are performed. Payments are due at the beginning of each month.

(iv) Lease revenue from joint ventures:

Chartwell earns revenue under lease arrangements with operating entities which are jointly owned. The leases are accounted for as operating leases and lease revenue is recognized over the term of the underlying leases on a straight-line basis. Payments are due at the beginning of each month.

(l) Leases:

At inception of a contract, Chartwell assesses whether a contract is, or contains, a lease. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, Chartwell uses the definition of a lease in IFRS 16.

(i) As a lessee:

At commencement or on modification of a contract that contains a lease component, Chartwell allocates the consideration in the contract to each lease component on the basis of its relative stand-alone prices. However, for the leases of property, Chartwell has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

Chartwell recognizes a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term and is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, Chartwell's incremental borrowing rate. Generally, Chartwell uses its incremental borrowing rate as the discount rate.

The lease liability is measured at amortized costs using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in Chartwell's estimate of the amount expected to be payable under a residual value guarantee, if Chartwell changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use asset.

Chartwell presents the right-of-use assets in PP&E and related Lease liabilities are recorded separately on the consolidated balance sheets as "lease obligations".

(ii) Short-term leases and leases of low-value assets:

Chartwell has elected not to recognize right-of-use assets and lease liabilities for leases of low-value assets and short-term leases, including information technology equipment. Chartwell recognizes the lease payments associated with these leases as an expense on a straight-line basis of the lease term.

(iii) As a lessor:

At inception or on modification of a contract that contains a lease component, Chartwell allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

Chartwell has determined that when it acts as a lessor, its leases do not transfer substantially all of the risks and rewards incidental to ownership of the underlying assets and as a result they are classified as operating leases.

If an arrangement contains lease and non-lease components, Chartwell applies IFRS 15 to allocate the consideration in the contract.

Chartwell recognizes lease payments received under operating leases as income on a straight-line basis over the lease term as part of resident revenue.

(m) Discontinued operations

The results of operations of Chartwell's long term care segment are classified as discontinued operations in these financial statements (note 18). This segment was sold on September 6, 2023. A discontinued operation is a component of Chartwell's business that represents a separate major line of business or geographical area of operations that has been disposed of or is held for sale. Classification as discontinued operations occurs upon disposal or earlier, if the operation meets the criteria to be classified as held for sale. When an operation is classified as a discontinued operation, the comparative statement of earnings is re-presented as if the operations had been discontinued from the start of the comparative period.

(n) IFRS standards and amendments issued but not yet effective:

(i) IFRS 18, Presentation and Disclosure in Financial Statements

In April 2024, the IASB issued IFRS 18, Presentation and Disclosure in Financial Statements, which replaces IAS 1, Presentation of Financial Statements. IFRS 18 is effective for annual reporting periods beginning on or after January 1, 2027, with earlier application permitted. Chartwell is currently evaluating the impact of the standard on its consolidated financial statements. Areas of focus include new defined subtotals to be presented in the Consolidated Statements of Net Income (Loss) and Comprehensive Income (Loss), disclosure of management-defined performance measures and requirements for grouping of information. Chartwell is assessing the potential impact of the new standards.

(ii) Amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7)

In May 2024, the IASB issued amendments to the Classification and Measurement of Financial Instruments (Amendments to IFRS 9 and IFRS 7). The amendments to the application guidance of IFRS 9 permit an entity to deem a financial liability (or part of it) that will be settled in cash using an electronic payment system to be discharged before the settlement date if specified criteria are met. An entity that elects to apply the derecognition option would be required to apply it to all settlements made through the same electronic payment system. The amendments are effective for annual reporting periods beginning on or after 1 January 2026, with earlier application permitted. Chartwell is currently evaluating the potential impact of the standard on its consolidated financial statements.

(o) Recent accounting pronouncements adopted:

(i) Amendments to IAS 1, Presentation of financial statements ("IAS 1"):

On January 23, 2020, the IASB issued amendments to IAS 1 to clarify the classification of liabilities as current or non-current. On October 31, 2022, the IASB issued amendments 'Non-current liabilities with covenants' to IAS 1, 'Presentation of financial statements' in response to concerns raised on applying previous amendments. The amendments issued in October 2022 clarify that covenants of loan arrangements which an entity must comply with only after the reporting date would not affect classification of a liability as current or non-current at the reporting date. The 2022 amendments also changed the effective date of the 2020 amendments for annual periods beginning on or after January 1, 2024. Early adoption is permitted.

For the purposes of non-current classification, the amendments removed the requirement for a right to defer settlement or roll over of a liability for at least twelve months to be unconditional. Instead, such a right must have substance and exist at the end of the reporting period.

Chartwell has adopted IAS 1 Amendments as issued in 2020 and 2022. The amendments apply retrospectively for annual reporting periods beginning on or after January 1, 2024. The amendments clarify certain requirements for determining whether a liability should be classified as current or non-current. As a result of the adoption of IAS 1 amendments, Class B Units of Chartwell Master Care LP ("Class B Units") that was previously recorded within non-current liabilities, has been reclassified to Accounts payable and other liabilities (note 16) within current liabilities.

#### 4. Acquisitions and dispositions:

The following table outlines the total acquisitions during the year:

	Total Batimo	Quebec Portfolio-1	Pickering Land	Vista & Edgewater Care	Quebec Portfolio-2	Total
Date of acquisition	Q2 2024	July 22, 2024	July 31, 2024	October 31, 2024	November 18, 2024

<sup>(1)</sup> Includes investment in joint ventures primarily related to PP&E and working capital adjustments.

##### Batimo Acquisitions:

On May 3, 2024, Chartwell acquired an 85% interest in Chartwell Le Prescott ("Le Prescott") from Batimo. Le Prescott is a 324-suite residence built in 2017 in the Montreal suburb of Vaudreuil. The purchase price of \$80,285 was partially settled through the assumption of a \$42,129 variable rate mortgage bearing interest of prime plus 55 basis points which was repaid on maturity. The remainder of the purchase price, subject to normal working capital and other closing adjustments was paid in cash utilizing cash on hand and credit facilities. Chartwell applied the optional concentration test in accordance with IFRS 3 and accounted for this transaction as an asset acquisition. Acquisition related costs of \$3,294 and mark-to-market adjustments of \$378 have been capitalized to PP&E in the consolidated balance sheet.

On May 15, 2024, Chartwell acquired an 85% interest in Chartwell Trait-Carré Residence ("Trait-Carré") from Batimo. Trait-Carré is a 361-suite residence built in 2021 in Quebec City. The purchase price of \$85,668 was partially settled through the assumption of a \$58,403 demand variable rate mortgage bearing interest of Canadian Overnight Repo Rate Average "CORRA" plus credit spread adjustment plus 260 basis points. The remainder of the purchase price, subject to normal working capital and other closing adjustments was paid in cash utilizing cash on hand and credit facilities. Batimo provided Chartwell with Net Operating Income ("NOI") support for six months which was settled for \$21. Chartwell applied the optional concentration test in accordance with IFRS 3 and accounted for this transaction as an asset acquisition. Acquisition related costs of \$3,321 have been capitalized to the PP&E in the consolidated balance sheet.

On June 21, 2024, Chartwell acquired an 85% interest in Résidence Légende (“Légende”) from Batimo. Légende is a 368-suite residence built in 2019 in the Montreal suburb of Greenfield Park. The purchase price of \$87,089 was partially settled through the assumption of a \$59,149 variable rate mortgage bearing interest of prime plus 85 basis points maturing on January 1, 2025, as well as settlement of Chartwell’s mezzanine loan of \$3,826. The remainder of the purchase price, subject to normal working capital, other closing adjustments, was paid in cash utilizing cash on hand and credit facilities. Batimo provided Chartwell NOI support until the property achieves stabilization and \$1,600 of the purchase price is being held in escrow for this obligation. Chartwell applied the optional concentration test in accordance with IFRS 3 and accounted for this transaction as an asset acquisition. Acquisition related costs of \$3,333 and mark-to-market adjustments of \$964 have been capitalized to the PP&E in the consolidated balance sheet.

The following table summarizes the Batimo acquisitions:

	<b>Chartwell Le Prescott</b>	<b>Chartwell Trait-Carré</b>	<b>Résidence Légende</b>

<b>Total consideration transferred</b>	<b>\$ 83,579</b>	<b>\$ 88,968</b>	<b>\$ 88,794</b>	<b>\$ 261,341</b>

#### Quebec Portfolio-1 Acquisitions:

On July 22, 2024, Chartwell acquired a 100% interest in a portfolio of five retirement residences with 1,428 suites, the “Quebec Portfolio-1”, three of which are located in the Greater Montreal area; and one in each of Gatineau, and Sherbrooke. The purchase price was \$297,000, subject to normal working capital and other closing adjustments, and was fully satisfied utilizing cash on hand, credit facilities and term loans. Chartwell applied the optional concentration test in accordance with IFRS 3 and accounted for the acquisition as an asset acquisition. Acquisition related costs of \$3,881 have been capitalized to the PP&E in the consolidated balance sheet.

#### Pickering Land Acquisition:

On July 31, 2024, Chartwell acquired the remaining 10% ownership in land located in Pickering, Ontario, the “Pickering Land” for a purchase price of \$1,147, which was previously accounted for as a joint operation. Upon completion of this transaction, Chartwell owns 100% in the property. Acquisition related costs of \$19 have been capitalized to the PP&E in the consolidated balance sheet.

#### Vista and Edgewater Acquisitions:

On August 29, 2024, Chartwell entered into definitive agreements for acquisitions of three retirement residences on Vancouver Island totaling 384 suites for an aggregate purchase price of \$226,900. Two of the three acquisitions were completed on October 31, 2024. Details of these acquisitions are as follows:

- 1) On October 31, 2024, Chartwell acquired a 100% interest in the 152 suite Chartwell Vista Retirement Community ("Vista"), located in Victoria, British Columbia. The purchase price was \$103,900 subject to normal working capital and other closing adjustments and was paid in cash. The vendor provided Chartwell with a 24-month NOI guarantee, with \$9,200 of the purchase price to be held in escrow to support the vendor's obligation. Chartwell applied the optional concentration test in accordance with IFRS 3 and accounted for the acquisition as an asset acquisition. Acquisition related costs of \$160 have been capitalized to the PP&E in the consolidated balance sheet.
- 2) On October 31, 2024, Chartwell acquired a 100% interest in the 77 suite Chartwell Edgewater Care Residence ("Edgewater Care"), located in Nanaimo, British Columbia. The purchase price was \$20,300 and subject to normal working capital and other closing adjustments and was paid in cash. Chartwell applied the optional concentration test in accordance with IFRS 3 and accounted for the acquisition as an asset acquisition. Acquisition related costs of \$30 have been capitalized to the PP&E in the consolidated balance sheet.
- 3) The Edgewater Retirement Residence, located adjacent to Chartwell Edgewater Care Residence, is currently under construction and will be comprised of 155 suites. The purchase price is \$102,700 and subject to normal working capital and other closing adjustments, is expected to be paid in cash utilizing a combination of net proceeds from the sales of Chartwell's non-core assets, cash on hand, and credit facilities. The vendor has agreed to provide Chartwell with a 36-month NOI guarantee, with \$8,700 of the purchase price to be held in escrow to support the vendor's obligation. A \$5,000 purchase deposit was made by Chartwell (note 9). Chartwell will acquire a 100% interest in the residence upon construction completion, which is expected in Q3 2025.

#### Quebec Portfolio-2 Acquisitions:

On November 18, 2024, Chartwell acquired a 50% ownership interest in a portfolio of five retirement residences with 1,807 suites, four of which are located in the Quebec City area and one in Shawinigan (the "Quebec Portfolio-2"). The purchase price for the 50% interest was \$213,500 and was partially settled through the assumption of \$150,371 of mortgages. The remainder of the purchase price, subject to normal working capital and other closing adjustments was paid utilizing cash on hand and credit facilities. The vendor provided Chartwell with a 2-year NOI guarantee, with \$4,650 of the purchase price to be held in escrow to support the vendor's obligation. Beginning on August 28, 2028, subject to a one-year extension at the vendor's option, Chartwell will have an option to purchase the remaining 50% ownership interest in the Quebec Portfolio-2 and the vendor will have an option to sell its remaining 50% ownership interest of the Quebec Portfolio-2 to Chartwell at the then fair market value. Chartwell applied the optional concentration test in accordance with IFRS 3 and accounted for this transaction as an asset acquisition. Acquisition related costs of \$7,786 have been capitalized to PP&E in the consolidated balance sheet.

#### Subsequent Event Acquisitions:

On January 17, 2025, Chartwell completed the acquisition of a 131-suite retirement residence located in Victoria, BC for \$75,000, paid utilizing cash on hand.

On January 29, 2025, Chartwell entered into a definitive agreement to acquire a 632-suite retirement residence located in Montreal, QC for \$136,000. This transaction is expected to close in Q1 2025.

#### Dispositions during the year ended December 31, 2024:

On September 18, 2024, Chartwell completed the sale of one residence in Ontario for a sale price of \$79,500. The purchase price was paid in cash. Chartwell recognized a gain on sale of assets totaling \$46,896 (note 25).

On August 30, 2024, Chartwell completed the sale of one retirement residence in Ontario for a sale price of \$4,600. The purchase price was paid in cash. Chartwell entered into a sale and leaseback

transaction of the land and building until the property is vacated. Chartwell recognized a gain on sale of assets totaling \$2,619 (note 25).

On August 15, 2024, Chartwell completed the sale of one retirement residence in Ontario for a sale price of \$10,750. The purchase price was paid in cash. Chartwell recognized a gain on sale of assets totaling \$4,907 (note 25).

On February 1, 2024, Chartwell completed the sale of one property in Ontario for a sale price \$3,750. A vendor take-back mortgage was extended to the purchaser in the amount of \$2,800, maturing in February 2027, and bearing an interest rate of 8% per annum for the first two years and 10% per annum for the third year. Chartwell recognized a gain on sale of assets totaling \$27 (note 25).

Dispositions during the year ended December 31, 2023:

On December 11, 2023, Chartwell completed the sale of one property for a sale price of \$13,889. The purchase price was paid in cash. Chartwell recognized a gain on sale of assets totaling \$6,011 (note 25).

On November 1, 2023, Chartwell completed the sale of one property in Ontario for a sale price of \$2,250. The transaction closed November 1, 2023. A vendor take-back mortgage was extended to the purchaser in the amount of \$1,750, bearing an interest rate of 6.0% per annum with a three-year term. Chartwell recognized no gain or loss on sale.

On September 6, 2023, Chartwell completed the sale of sixteen long term care homes and one retirement residence in Ontario for an aggregate selling price of \$378,667, thereby ceasing the operation of its long term care segment (note 17).

On August 23, 2023, Chartwell completed the sale of one property in Ontario for a sale price of \$17,500. The purchase price was paid in cash. Chartwell recognized a gain on sale of assets totaling \$2,338 (note 25).

On March 24, 2023, Chartwell completed the sale of one property in Ontario for an aggregate selling price of \$5,000. A vendor take-back mortgage was extended to the purchaser in the amount of \$3,900, bearing an interest rate of 10.0% per annum with a three-year term. Of the remaining purchase price, \$600 was paid as income support payments. Chartwell recognized a gain on sale of assets totaling \$2,338 (note 25).

## 5. Property, plant and equipment:

<sup>(1)</sup> Relates to land leases

#### Other PP&E information:

During the year ended December 31, 2024, Chartwell capitalized \$2,861 (2023 – \$2,735) of borrowing costs related to development projects under construction at an average capitalization rate of 4.17% (2023 – 3.66%).

Since January 1, 2010, \$240,608 of fully amortized resident contracts have been removed from the cost and accumulated depreciation of PP&E in respect of residences which were held by Chartwell as at December 31, 2024 (December 31, 2023 – \$249,512 in respect of residences which were held by Chartwell as at December 31, 2023).

During the year ended December 31, 2023, one property under development was transferred to other components of PP&E upon becoming available for use.

Chartwell has determined that each of its properties are CGUs for purposes of impairment assessments as each property independently generates cash flows. The recoverable amount for each property was recorded on a valuation based on fair value less costs of disposal. Fair value is measured using either the present value of future cash flows or the direct capitalization method and is categorized within Level 3 of the fair value hierarchy. In calculating fair value, management estimates future stabilized cash flows which include assumptions about rental rates and occupancy rates. Such assumptions can be significantly impacted by current and future economic conditions in the geographical markets of each CGU, and management's strategic plans within each of its markets. Management also applies adjustments to reflect the expectations of market participants. The discount rates, capitalization rates and terminal capitalization rates applied to cash flows to determine the recoverable amount are based on recent transactions of similar assets within the market. Chartwell completes regular assessments of PP&E to determine if any events have occurred that would indicate possible impairment of PP&E. For the year ended December 31, 2024, Chartwell had no impairment loss (2023 - \$10,898). For the year ended December 31, 2023, the impairment loss (note 25) included \$10,273 for two properties located in Quebec and \$625 related to one property in Ontario which was subsequently sold in the year. The impairment losses resulted from a decline in the operating performance of these properties due to competitive pressures in certain markets.

## 6. Intangibles assets:

	Goodwill	Licenses	Software	Total

Balance, December 31, 2024	9,233	4,280	8,231	21,744

Chartwell completed its annual impairment assessment of the carrying value of licenses and goodwill which are classified as intangible assets with indefinite useful lives. The impairment assessment on the carrying value of licenses was completed in November and for goodwill was completed in December for the years ended December 31, 2024 and 2023. These intangible assets do not generate cash inflows that are largely independent of those of other assets and Chartwell completed the assessment of the recoverable amount of these intangible assets by comparing the fair value less costs of disposal of the related CGUs containing these intangible assets determined using the higher value in use (through either the internally prepared direct capitalization method or appraised values), to their carrying values. The direct capitalization method divides the estimated stabilized net operating income by an appropriate market capitalization rate. The key assumptions used in the impairment assessment include range of capitalization rate between 6.25% to 6.50% (2023 – between 6.25% to 6.50%) for goodwill. The capitalization rates used were derived from a combination of third-party information and the observation of industry trends. Chartwell determined that the fair value less costs of disposal exceeded the carrying value of the CGUs for the years ended December 31, 2024 and 2023.

## 7. Leases:

As at December 31, 2024, Chartwell has right-of-use assets in respect of land, office space and equipment leases totaling \$9,936 (2023 - \$10,140) with remaining lease terms ranging from less than 1 year to 54 years (note 5). Lease obligations related to these right-of-use assets totaled \$8,206 (2023 - \$8,073) of which \$925 (2023 - \$788) was classified current and \$7,281 (2023 - \$7,285) was classified non-current as

at December 31, 2024. Chartwell generally does not include purchase, extension or termination options in its leases, other than extension options for land leases that support properties with lengthy useful lives.

The following table details the contractual undiscounted cash flow on the lease payments for the right-of-use assets:

Less than one year	\$ 1,021
One to five years	1,711
More than five years	15,907
<b>Total<sup>(1)</sup></b>	<b>\$ 18,639</b>

<sup>(1)</sup> Includes one land lease with cumulative required undiscounted cash payments of \$17,045 (2023 - \$17,228) which matures in 2079.

## 8. Trade and other receivables:

	2024	2023
Residents	\$ 1,168	\$ 1,415
Related party	5,019	1,258
Insurance recoverables	350	558
Government grants receivable	712	2,288
Other receivables	10,423	8,659
	<b>\$ 17,672</b>	<b>\$ 14,178</b>

Resident receivables balance at December 31, 2024 is net of an allowance for expected credit losses of \$1,492 (December 31, 2023 - \$1,965).

Related party receivables are management fees and other receivables outstanding from joint ventures and properties managed by Chartwell.

## 9. Other assets:

	2024	2023
Prepaid expenses and deposits	\$ 25,964	\$ 16,933
Income guarantees <sup>(1)</sup> (note 4)	15,478	–
Deposits for future acquisitions (note 4)	9,000	–
Restricted cash	1,519	3,641
Inventory	1,139	1,151
Interest rate swaps <sup>(2)</sup>	806	3,813
Related party lease receivable	514	1,379
Other assets	3,542	2,815
	<b>\$ 57,962</b>	<b>\$ 29,732</b>
Current	\$ 54,191	\$ 27,900
Non-current	3,771	1,832
	<b>\$ 57,962</b>	<b>\$ 29,732</b>

<sup>(1)</sup> Income guarantees are carried at fair value and considered Level 3 in the fair value hierarchy. Fair value is determined by discounting the applicable expected future income from these properties.

<sup>(2)</sup> This represents fair value of interest rate swaps related to mortgages payable of \$806 (December 31, 2023 - \$2,243) and loans payable of \$nil (December 31, 2023- \$1,570) (note 12 and 14).

## 10. Loans receivable:

The following table summarizes Chartwell's loan receivables as at December 31, 2024:

	2024	2023
Mezzanine loans – Batimo	\$ 14,183	\$ 8,009
Mezzanine loans – other	17,494	1,646
Vendor take-back loans	9,280	5,650
	\$ 40,957	\$ 15,305
Current	\$ 21,677	\$ 8,009
Non-current	19,280	7,296
	\$ 40,957	\$ 15,305

Mezzanine loans - Batimo are due from Batimo, mature in 2025 and 2027, bear interest at a rate of 10.75% and 13%, and are secured by first and second charges on Batimo's interests in certain operating and development seniors' housing projects and vacant land, as well as by Batimo's corporate guarantee and contain certain cross-collateralization and cross-default provisions. On June 21, 2024, one mezzanine loan of \$3,826 was settled upon the acquisition of Résidence Légende. On October 4, 2024, Chartwell advanced a mezzanine loan of \$10,000 to Batimo. This loan bears interest at a rate of 13% and matures on April 4, 2027.

Mezzanine loans – other mature in 2025, bear interest at a rate of 12% and 14%, and the security varies depending on the terms of the agreements. On December 24, 2024, Chartwell advanced a mezzanine loan of \$14,600 for Edgewater Retirement Residence (note 4). This loan bears interest at a rate of 14% and matures on December 31, 2025. On February 19, 2025, \$2,893 included in Mezzanine loans – other was repaid in full to Chartwell.

Vendor take-back loans mature in 2026-2027, bear interest at a rate of 6% - 10% and the security varies depending on the terms of the agreements.

Loans receivable – mezzanine loans are measured at FVTPL and are considered Level 3 in the fair value hierarchy.

## 11. Joint arrangements:

A joint venture is a joint arrangement, whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement. A joint operation is a joint arrangement, whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. The following are Chartwell's joint arrangements as at December 31, 2024:

Joint arrangements	Number of properties	Chartwell ownership	Joint arrangement type	Consolidation method
Chartwell-Welltower Landlord <sup>(1)(3)</sup>	37	50%	Joint operation	Proportionate
Chartwell-Welltower Operator <sup>(1)(2)(3)</sup>	37	50%	Joint venture	Equity
Chartwell Le St-Gabriel Landlord <sup>(1)(3)</sup>	1	42.5%	Joint operation	Proportionate
Chartwell Le St-Gabriel Operator <sup>(1)(2)(3)</sup>	1	42.5%	Joint venture	Equity
Chartwell Le Teasdale I <sup>(3)</sup>	1	42.5%	Joint operation	Proportionate
Chartwell Le Teasdale II <sup>(3)</sup>	1	42.5%	Joint operation	Proportionate
Batimo <sup>(4)</sup>	6	85%	Joint operation	Proportionate
Chartwell Oakville Retirement Residence <sup>(2)</sup>	1	50%	Joint venture	Equity
Chartwell Constantia Retirement Residence <sup>(2)</sup>	1	50%	Joint venture	Equity
Chartwell Riverside Retirement Residence	1	50%	Joint operation	Proportionate
Chartwell Churchill House Retirement Residence	1	50%	Joint operation	Proportionate
The Sumach by Chartwell	1	45%	Joint operation	Proportionate
Kingsbridge Retirement Community <sup>(2)</sup>	1	60%	Joint venture	Equity
Chartwell - Champlain Landlord <sup>(1)</sup>	5	50%	Joint operation	Proportionate
Chartwell - Champlain Operator <sup>(1)(2)</sup>	1	50%	Joint venture	Equity

<sup>(1)</sup> Chartwell directly holds its interest in real estate while its interest in operations is held through legal entities.

<sup>(2)</sup> These joint arrangements have been structured through separate legal vehicles.

<sup>(3)</sup> These joint arrangements will be subject to the windup agreement with Welltower as noted below.

<sup>(4)</sup> Includes 3 joint operations acquired in Q2 2024 (note 4)

On February 1, 2025, Chartwell completed the wind up of its existing joint arrangements with Welltower (note 17).

Chartwell has entered into joint arrangements in respect of certain of its seniors housing operations, as detailed in the table above. These joint arrangements are consistent with Chartwell's strategy by allowing a presence in markets or properties Chartwell otherwise would not have had access to. There are risks which arise from the joint arrangements, including: the willingness of the other partners to contribute or withdraw funds; a change in creditworthiness of the partner; the risk that the other partners may exercise buy-sell, put or other sale or purchase rights which could obligate Chartwell to sell its interest or buy the other partners' interest at a price which may not be favourable to Chartwell or at a time which may not be advantageous to Chartwell, the effect of which could be materially adverse to Chartwell's financial position or resources.

(a) Joint operations:

At December 31, 2024, Chartwell has an interest in a number of joint operations, which have been accounted for under the proportionate consolidation method. The following is the summarized financial information in respect of the interests in these joint operations. This financial information is included line by line in the consolidated financial statements at Chartwell's share:

	2024	2023
Current assets	\$ 44,725	\$ 43,381
Assets held for sale	274,435	264,608
Non-current assets	705,492	265,637
<b>Total assets</b>	<b>\$ 1,024,652</b>	<b>\$ 573,626</b>
Current liabilities	\$ 274,996	\$ 121,435
Liabilities related to assets held for sale	149,290	191,317
Non-current liabilities	244,949	129,049
<b>Total liabilities</b>	<b>\$ 669,235</b>	<b>\$ 441,801</b>
<b>Total revenue</b>	<b>\$ 74,595</b>	<b>\$ 62,125</b>
<b>Total expenses</b>	<b>\$ (60,510)</b>	<b>\$ (60,152)</b>

(b) Joint ventures:

The following tables summarize the information about Chartwell's investment in joint ventures, which have been accounted for under the equity method, excluding lease assets and related lease obligations.

	2024	2023
Contributions to joint ventures including upon acquisition	\$ 12,769	\$ 8,540
Distributions received from joint ventures	(5,992)	(3,852)

	2024	2023
Cash and cash equivalents	\$ 15,667	\$ 12,556
Trade and other receivables	12,032	12,271
Other assets	2,666	3,469
Assets held for sale	5,517	4,436
Current assets	35,882	32,732
PP&E and intangible assets	59,297	50,890
<b>Total assets</b>	<b>\$ 95,179</b>	<b>\$ 83,622</b>
Accounts payable and other liabilities	\$ 9,085	\$ 8,938
Mortgages payable – current	280	268
Liabilities held for sale	4,531	6,967
Current liabilities	13,896	16,173
Mortgages payable – non-current	49,216	51,626
<b>Total liabilities</b>	<b>\$ 63,112</b>	<b>\$ 67,799</b>
Net investment in joint ventures held for sale (note 17)	\$ 5,846	\$ 842
Net investment in joint ventures	\$ 26,221	\$ 14,981
	2024	2023
Revenue	\$ 143,722	\$ 127,849
Direct property operating expense	(92,177)	(87,219)
Lease expense	(36,059)	(35,408)
Finance costs	(2,133)	(1,788)
Depreciation and amortization	(3,015)	(3,916)
Change in fair value of financial instruments	(872)	(1,248)
Other income (loss)	-	(82)
Chartwell's share of net income (loss) from joint ventures	\$ 9,466	\$ (1,812)

Related party transactions occur between Chartwell and its joint ventures. These related party transactions are in the normal course of operations and are measured at the exchange amount, which is the amount of consideration established and agreed to between the related parties. Except as disclosed elsewhere in these financial statements, the related party balances are included in accounts receivable and payable, lease revenue from joint ventures, lease expense and in management fee revenue, as applicable. As of December 31, 2024, \$2,819 (2023 - \$1,692) of Chartwell's accounts receivable and \$12,335 (2023 - \$11,904) of Chartwell's accounts payable relate to its investments in joint ventures. For the year ended December 31, 2024, \$7,827 (2023 - \$7,597) of Chartwell's management fees related to its investment in joint ventures.

Chartwell and Welltower Inc. ("Welltower") (referred to as the "landlords") each owns a 50% direct beneficial interest in the real estate assets and are obligated for the related mortgages for a portfolio of 37 properties. Chartwell owns a 42.5% beneficial interest and Welltower a 57.5% beneficial interest in the real estate and are each obligated for the related mortgages for Chartwell Le St-Gabriel Landlord. Chartwell's interests in these properties are accounted for as joint operations under IFRS 11. Chartwell's 50% interest in the operations of the 37 properties (collectively referred to as "Chartwell-Welltower Operator") and Chartwell's 42.5% interest in Chartwell Le St-Gabriel Operator are held through separate legal entities, which are accounted for as joint ventures using the equity method under IFRS 11.

Chartwell and Champlain (referred to as the “landlords”) each owns a 50% direct beneficial interest in the real estate assets and are each obligated for the related mortgages for a portfolio of 5 properties, all acquired in Q4 2024 (note 4). Chartwell’s interests in these properties are accounted for as joint operations under IFRS 11. Chartwell’s 50% interest in the operations of the 5 properties (collectively referred to as “Chartwell-Champlain Operator”) are held through separate legal entities, which are accounted for as joint ventures using the equity method under IFRS 11.

Chartwell-Welltower Operator, Chartwell Le St-Gabriel Operator, and Chartwell-Champlain Operator have leased the real estate from Chartwell-Welltower Landlord, Chartwell Le St-Gabriel Landlord, and Chartwell-Champlain Landlord, respectively. The terms of these leases are for three-year periods, with automatic renewal terms as long as the joint arrangement between respective parties is still in effect. As a result, Chartwell’s share of the landlords’ lease receipts, \$36,059 for the year ended December 31, 2024 (2023 - \$35,408) is reported as lease revenue and is included in lease revenue from joint ventures. The lease expenses for Chartwell-Welltower Operator, Chartwell Le St-Gabriel Operator and Chartwell-Champlain Operator are included in the share of net income/(loss) from joint ventures.

In addition, Chartwell owns a 42.5% beneficial interest and Welltower a 57.5% beneficial interest in Chartwell Le Teasdale I and Chartwell Le Teasdale II and a 45% interest each in The Sumach by Chartwell. Chartwell directly holds its interest in the real estate and related mortgage, and operations for these residences which are accounted for as joint operations (proportionately consolidated).

Chartwell owns an 85% beneficial interest and Batimo a 15% beneficial interest in six properties, including three acquired in Q2 2024 (note 4). Chartwell directly holds its interest in the real estate and related mortgage for these residences which are accounted for as joint operations (proportionately consolidated).

In addition, the operations for the three Batimo acquired properties (note 4) are held through a separate legal entity and are consolidated with non-controlling interest for the 15% portion owned by Batimo entity.

## 12. Mortgages payable:

	2024	2023
Mortgages principal balance	\$ 1,852,274	\$ 1,469,304
Mark-to-market adjustments on assumed mortgages	2,376	1,134
Financing costs	(59,671)	(44,953)
	<u>\$ 1,794,979</u>	<u>\$ 1,425,485</u>
Current	\$ 408,071	\$ 246,293
Non-current	1,386,908	1,179,192
	<u>\$ 1,794,979</u>	<u>\$ 1,425,485</u>

Mortgages payable are secured by first and second charges on specific properties and are measured at amortized cost. For more information about Chartwell's exposure to interest rates and liquidity risks, see note 22. The mortgages payable as at December 31, 2024 are as follows:

	Regular principal payments	Principal due on maturity	Total debt
2025	\$ 66,230	\$ 343,819	\$ 410,049
2026	62,513	102,936	165,449
2027	58,929	59,468	118,397
2028	55,157	169,463	224,620
2029	45,910	99,985	145,895
2030	39,284	61,206	100,490
2031	34,067	80,334	114,401
2032	28,652	65,133	93,785
2033	23,697	135,482	159,179
2034	19,713	229,019	248,732
Thereafter	30,053	41,224	71,277
	\$ 464,205	\$ 1,388,069	\$ 1,852,274

	2024	2023
Mortgages at fixed rates:		
Mortgages (principal)	\$ 1,581,468	\$ 1,469,304
Interest rates	1.31% to 5.75%	1.31% to 5.50%
Weighted average interest rate	3.50%	3.26%
Mortgages at variable rates:		
Mortgages (principal)	\$ 270,806	N/A
Interest rates	5.07% to 6.70%	N/A
Weighted average interest rate	5.94%	N/A
Blended weighted average rate	3.86%	3.26%

Liabilities related to assets held for sale includes \$nil (2023 - \$33,224) mortgages at variable rates.

Included in mortgages at fixed rates above, are mortgages totaling \$40,433 (2023 - \$82,088) with interest rates fixed through interest rate swap contracts with an equivalent notional value, maturing in 2026. The swaps have a fair value asset of \$806 (2023- \$2,243) included in other assets (note 9). The swaps are considered level 2 in the fair value hierarchy.

Under the terms of the mortgages payable, Chartwell is required to meet certain financial covenants. These covenants among others include debt service coverage ratios and in certain cases limitations on the amounts of unitholder distributions that can be paid. Chartwell was in compliance with these financial covenants as at December 31, 2024.

On December 5, 2015, Chartwell entered into a large borrower agreement ("LBA") with CMHC. The LBA provides among other things, the cross-collateralization of mortgage loans for Chartwell's largest CMHC-insured lenders and contains certain financial and operating covenants. On October 24, 2024, CMHC confirmed the termination of Chartwell's previous Large Borrower Agreement and transition to CMHC's new Large Borrower Risk Management Framework ("LBRMF"). The LBRMF removes previous financial covenant and cross-collateralization requirements.

### 13. Credit facilities:

The following tables summarize certain details of Chartwell's credit facilities as at December 31, 2024 and December 31, 2023:

December 31, 2024	Maximum capacity	Available capacity	Principal amounts outstanding	Utilized for letters of credit	Available to be drawn	Maturity date
Secured credit facility	\$ 300,000	\$ 300,000	\$ (100,000)	\$ (5,753)	\$ 194,247	May 29, 2027
Unsecured credit facility	100,000	100,000	–	–	100,000	May 29, 2027
<b>Total</b>	<b>\$ 400,000</b>	<b>\$ 400,000</b>	<b>\$ (100,000)</b>	<b>\$ (5,753)</b>	<b>\$ 294,247</b>	

December 31, 2023	Maximum capacity	Available capacity	Principal amounts outstanding	Utilized for letters of credit	Available to be drawn	Maturity date
Secured credit facility	\$ 300,000	\$ 300,000	\$ (70,000)	\$ (5,988)	\$ 224,012	May 29, 2025
Unsecured credit facility	100,000	100,000	–	–	100,000	May 29, 2025
<b>Total</b>	<b>\$ 400,000</b>	<b>\$ 400,000</b>	<b>\$ (70,000)</b>	<b>\$ (5,988)</b>	<b>\$ 324,012</b>	

On May 22, 2024, Chartwell entered into amending agreements to extend the maturity date of the secured and unsecured credit facility from May 29, 2025 to May 29, 2027 with substantially the same terms, with the only change in pricing being the update of the benchmark from BAs to CORRA.

Available capacity for the secured credit facility is determined based on a formula that considers the lending value of the properties included in the secured asset pool. The factors impacting the lending value formula include the secured collateral, the associated occupancy rates of the property, property valuations and mortgageability amounts determined on the basis of net operating income (as defined in the credit agreement) for the previous four quarters.

Available capacity for the secured credit facility is determined based on a formula that considers the lending value of the properties included in the secured asset pool. The factors impacting the lending value formula include the secured collateral, the associated occupancy rates of the property, property valuations and mortgageability amounts determined on the basis of net operating income (as defined in the credit agreement) for the previous four quarters.

Available capacity for the unsecured credit facility is constrained by a minimum ratio of the unencumbered property asset value to unsecured indebtedness (as defined in the credit agreement) of 1.3:1. The value of the unencumbered assets is based on third party appraisals that are dated no longer than two years from the applicable determination date.

Financing costs, which have been recorded as a reduction of the amounts outstanding under the credit facilities, as at December 31, 2024 were \$1,921 (2023 - \$1,314).

The amounts outstanding on the secured credit facility bear interest at the bank's prime rate plus 0.65% or CORRA plus 1.65% based on Chartwell's current credit rating. The secured credit facility is secured by certain unencumbered properties and by second-ranked charges on specific properties. The amounts outstanding on the unsecured credit facility bear interest at the bank's prime rate plus 0.70% or CORRA plus 1.70% based on Chartwell's current credit rating.

The secured and unsecured credit facilities are subject to various financial covenants including among others, debt service coverage ratio, secured indebtedness percentage ratio, minimum equity requirements and limitations on entering into certain investments and on the amount of cash distributions that can be paid to unitholders. In addition, the unsecured credit facility is subject to the minimum unencumbered asset ratio covenant. Chartwell was in compliance with these financial covenants as at December 31, 2024.

## 14. Loans Payable:

On July 22, 2024, Chartwell entered into a \$150,000 unsecured term loan facility agreement with a Canadian chartered bank. The loan bears interest based on either the bank's prime rate or CORRA, with an initial term of six months and an optional extension for an additional six months. On October 31, 2024, Chartwell repaid \$75,000 of this unsecured loan. On January 22, 2025, the loan was extended with a maturity date of July 22, 2025.

Welltower extended two loans for \$33,323 and \$40,665 respectively to Chartwell as bridge financing for two properties with mortgages that matured in Q1 2024. On February 1, 2025, Chartwell sold its interest in one of these properties to Welltower (note 17) and the associated loan of \$33,323 was repaid on February 1, 2025 with the completion of the windup. The second loan balance of \$40,665 was repaid on February 14, 2025.

The following table details the outstanding principal amounts and the carrying value of the unsecured term loan and the Welltower loans at December 31, 2024 and December 31, 2023:

2024	Outstanding Principal	Financing Cost	Carrying Value	Interest rate	Maturity date
Unsecured term loan	\$ 75,000	\$ (16)	\$ 74,984	5.62%	January 22, 2025
Welltower loan 1	\$ 33,323	–	\$ 33,323	6.71%	February 14, 2025
Welltower loan 2	\$ 40,665	–	\$ 40,665	6.85%	February 15, 2025
Total	\$ 148,988	\$ (16)	\$ 148,972		
					Carrying Value
Current					\$ 148,972
Non-current					–
					\$ 148,972

December 31, 2023	Outstanding Principal	Financing Costs, net	Carrying Value	Interest rate	Maturity date
Unsecured term loan	\$ 125,000	\$ (76)	\$ 124,924	3.95%	May 31, 2024
Total	125,000	(76)	124,924		
					Carrying Value
Current					\$ 124,924
Non-current					–
					\$ 124,924

On December 10, 2019, Chartwell entered into a \$125,000 unsecured term loan agreement with a Canadian chartered bank. The variable rate on the loan was fixed at an interest rate of 3.95% through interest rate swap contracts. On June 28, 2024, Chartwell fully repaid this unsecured term loan. The swap was settled in connection with the repayment of the unsecured term loan. At December 31, 2023, the unsecured term loan had a carrying value of \$124,924, net of financing costs of \$76 and the swap had a fair value of \$1,570 which was included in other assets (note 8).

Liabilities related to assets held for sale include a \$13,600 (2023 - \$13,600) term loan that was repaid on February 1, 2025, with the completion of the windup of the joint arrangements with Welltower (note 17).

## 15. Senior unsecured debentures:

The following tables detail the outstanding principal amounts and the carrying value of Chartwell's senior unsecured debentures at December 31, 2024 and at December 31, 2023:

December 31, 2024	Date issued	Outstanding principal	Financing costs, net	Carrying value	Redemption date <sup>(1)</sup>	Due date
4.211% Series B	April 27, 2018	\$ 150,000	\$ (47)	\$ 149,953	February 25, 2025	April 28, 2025
6.000% Series C	December 8, 2023	250,000	(652)	249,348	-	December 8, 2026
4.400% Series D	October 28, 2024	150,000	(990)	149,010		November 5, 2029
Total		\$ 550,000	\$ (1,689)	\$ 548,311		

	Carrying value
Current	\$ 149,953
Non-current	398,358
	\$ 548,311

<sup>(1)</sup> The debentures are redeemable at the option of Chartwell, at any time, subject to a yield maintenance payment if such redemption is prior to the redemption date.

December 31, 2023	Date issued	Outstanding principal	Financing costs, net	Carrying value	Redemption date <sup>(1)</sup>	Due date
4.211% Series B	April 27, 2018	\$ 150,000	\$ (192)	\$ 149,808	February 25, 2025	April 28, 2025
6.000% Series C	December 8, 2023	250,000	(827)	249,173	-	December 8, 2026
Total		\$ 400,000	\$ (1,019)	\$ 398,981		

	Carrying value
Current	\$ -
Non-current	398,981
	\$ 398,981

<sup>(1)</sup> The debentures are redeemable at the option of Chartwell, at any time, subject to a yield maintenance payment if such redemption is prior to the redemption date.

On December 8, 2023, Chartwell issued \$250,000 of 6.000% Series C senior unsecured debentures due on December 8, 2026, with semi-annual interest payments due on June 8 and December 8 of each year. Debt financing costs of \$941 were incurred and are being amortized using the effective interest method.

On December 11, 2023, Chartwell repaid its maturing \$200,000 of 3.786% Series A senior unsecured debentures.

On October 28, 2024, Chartwell issued \$150,000 of 4.40% Series D unsecured debentures due on November 5, 2029, with semi-annual interest payments due on May 5 and November 5 of each year. Debt financing costs of \$1,037 were incurred and are being amortized using the effective interest method.

Under the terms of the debentures, Chartwell is required to meet certain financial covenants. These covenants include required interest coverage ratio, indebtedness percentage ratio and unencumbered asset ratio. Chartwell was in compliance with these financials covenants as at December 31, 2024.

## 16. Accounts payable and other liabilities:

	Note	2024	2023 Restated
Accounts payable and accrued liabilities		\$ 152,150	\$ 119,743
Resident deposits		5,859	5,203
Deferred Trust Units ("DTU")	(a)	13,015	15,858
Restricted Trust Units ("RTU")	(b)	10,166	6,796
EUPP option component	(c)	14,262	10,893
Class B Units of Chartwell Master Care LP ("Class B Units")	(d)	22,761	17,877
		\$ 218,213	\$ 176,370
Current		\$ 214,630	\$ 173,068
Non-current		3,583	3,302
		\$ 218,213	\$ 176,370

Chartwell has adopted the amendments to IAS 1 (note 2) retrospectively with the restatement of the Class B Units as current from non-current liabilities as shown above. The opening balance of the Class B Units of \$12,916 as at January 1, 2023 has been reclassified from non-current liabilities to current liabilities within accounts payable and other liabilities, resulting in an increase to accounts payable and other liabilities and a decrease in non-current liabilities.

### (a) DTU Plan:

Chartwell provides a DTU Plan for its non-management directors. The plan entitles directors, at their option, to receive all, or any portion of their directors' fees in the form of DTUs. The number of DTUs issued is based on the fair market value of Chartwell Trust Units, as defined in the plan, on the issue date.

The DTUs earn additional DTUs related to distributions that would otherwise have been paid if Trust Units, as opposed to DTUs, had been issued on the date of the grant. The number of DTUs issued in regard to distributions is based on the fair market value of Trust Units, as defined in the plan, on the date distributions are paid. The DTUs cannot be distributed to the directors until after they retire from the Board of Trustees.

The DTU fair value is determined using the market price for listed Trust Units since there is a one-for-one conversion feature. The market price of Trust Units as at December 31, 2024 was \$15.08 (2023 - \$11.72). DTU plan is considered Level 2 in the fair value hierarchy. The non-cash compensation expense attributable to DTUs granted is included in general, administrative and trust expense and subsequent fair value changes are included in fair value of financial instruments.

The following table summarizes the DTU activity:

	Units outstanding	Amount
Balance, December 31, 2022	1,247,209	\$ 10,525
Units granted	89,604	871
Change in fair value and distributions	84,195	5,193
DTU settled by the issuance of Trust units	(67,727)	(731)
Balance, December 31, 2023	1,353,281	15,858
Units granted	64,454	887
Change in fair value and distributions	58,021	5,595
DTU settled by the issuance of Trust units	(612,541)	(9,325)
Balance, December 31, 2024	863,215	\$ 13,015

(b) RTU Plan:

Under the terms of the RTU Plan, qualified employees are granted notional Trust Units on an annual basis which will vest three years after the date of any grant and will be paid out in cash ("RTU payout"). The notional Trust Units earn additional notional Trust Units related to distributions that would otherwise have been paid if Trust Units had been issued on the date of the grant. The number of notional Trust Units issued in regard to distributions is based on the fair market value of Trust Units, as defined in the plan, on the date distributions are paid. The value of outstanding RTUs is recognized as compensation expense over the vesting period, with the corresponding amount recorded as a liability on the consolidated balance sheets. The liability is remeasured to fair value at each reporting date until the liability is settled. The amount of RTU payout to certain participants is also dependent on the extent to which Chartwell has achieved certain targets over a three-year period subject to certain conditions and is also subject to the discretion of the Board of Trustees. The RTU plan is considered Level 2 in the fair value hierarchy.

During the year ended December 31, 2024, 439,403 notional Trust Units were granted (December 31, 2023 - 642,344), 44,043 notional Trust units were cancelled (December 31, 2023 - 97,060), 58,979 notional Trust units were issued in regard to distributions (December 31, 2023 - 76,185), and 413,653 notional Trust units vested and were paid out (December 31, 2023 - 357,796). At December 31, 2024, the closing weighted average fair value per unit was \$15.08 (2023 - \$10.67) and weighted average fair value per unit for notional trust units granted during the year was \$12.08 (2023 - \$9.06). At December 31, 2024, 1,193,119 notional Trust Units remained outstanding (December 31, 2023 - 1,152,432). The liability is measured to fair value based on the market price for Trust Units at each reporting period until settlement. RTU plan is considered Level 2 in the fair value hierarchy. The compensation expense attributable to the RTU plan is included in direct property operating expense and general, administrative and trust expenses.

(c) EUPP option component:

The description of the EUPP is included in note 19(b). The fair value of the EUPP option component is recognized as an expense with a corresponding increase in liability over the employee service period. The liability is remeasured at each reporting date and at settlement date and is considered Level 3 in the fair value hierarchy. Upon initial recognition the expense is recognized in general, administrative and trust expenses and subsequent changes in fair values are recognized in change in fair values of financial instruments.

Fair value is measured using the Monte Carlo simulation method. The following table summarizes the assumptions used to determine the fair value of the EUPP option component:

	December 31, 2024	December 31, 2023
Expected volatility	22.97% - 27.97%	21.77% - 26.77%
Risk-free rate	2.67% - 3.12%	3.36% - 5.38%
Distribution yield	4.08% - 4.35%	5.26% - 5.84%

(d) Class B Units

Class B Units are exchangeable, at the option of the holder, into Trust Units. Such exchangeable instruments are presented as a current liability and are measured at fair value. Holders of the Class B Units are entitled to receive distributions equal to those provided to holders of Trust Units. Distributions on Class B Units are reported as a finance cost on the statement of comprehensive income. Fair value is determined by using the market price for listed Trust Units since there is a one-for-one exchange feature for each Class B Unit into a Trust Unit. Class B Units are considered Level 2 in the fair value hierarchy. The market price of Trust Units at December 31, 2024 was \$15.08 per unit

(2023 - \$11.72 per unit). At December 31, 2024, 1,509,360 Class B Units were outstanding (2023 - 1,525,360).

	Units outstanding	Amount
Balance, December 31, 2022	1,530,360	\$ 12,916
Exchange of Class B units into Trust units	(5,000)	(58)
Change in fair value	–	5,019
Balance, December 31, 2023	1,525,360	17,877
Exchange of Class B units into Trust Units	(16,000)	(219)
Change in fair value	–	5,103
Balance, December 31, 2024	1,509,360	\$ 22,761

## 17. Assets and liabilities held for sale and discontinued operations:

On November 9, 2023, Chartwell entered into a definitive agreement with Welltower to windup its existing joint arrangements. This transaction closed on February 1, 2025. Under the terms of the agreement, Chartwell conveyed its ownership interest in 23 retirement residences (the “Welltower Assets”) to Welltower for consideration of: (i) Welltower’s ownership interest in 16 retirement residences (the “Chartwell Assets”) and (ii) \$93,117 net of debt and working capital adjustments. We expect to incur transaction costs of approximately \$12,200 in relation to this transaction and estimate SIFT taxes payable of \$3,700. Chartwell assumed approximately \$132,500 in debt on the Chartwell Assets, bearing a weighted average interest at 3.09% and having a weighted average term to maturity of 5.29 years. The net change to total debt for Chartwell’s balance sheet was a reduction of approximately \$52,100, including the impact of the settlement of the Welltower loan 1 (note 13) of \$33,323 which was settled upon closing of the transaction.

On September 6, 2023, Chartwell completed the sale of sixteen long term care homes and one retirement residence in Ontario for an aggregate selling price of \$378,667 thereby ceasing the operation of its long term care segment. The purchaser assumed \$120,966 of mortgage debt. The purchaser paid the remaining balance, net of working capital adjustments in cash, a portion of which was used to repay the remaining mortgage debt of \$13,898 not assumed by the purchaser. Cash net proceeds, after property-specific debt and working capital adjustments were \$177,944. This transaction resulted in \$26,772 SIFT tax which was paid in the first quarter of 2024.

As at December 31, 2024, the assets and liabilities held for sale as are as follows:

	2024	2023
Other assets	\$ –	\$ 1,496
Intangible assets	–	100
Investment in joint ventures	5,846	842
PP&E	268,589	266,794
Total assets held for sale	\$ 274,435	\$ 269,232
Other liabilities related to assets held for sale	\$ 1,309	\$ 2,028
Term loan	13,600	13,600
Current mortgages payable related to assets held for sale	134,381	178,351
Total liabilities and mortgages related to assets held for sale	\$ 149,290	\$ 193,979

The following is a summary of the results of discontinued operations:

	2024	2023
Resident Revenue	\$ –	\$ 167,326
Interest income	–	588
Direct operating expenses	–	(151,671)

## 19. Trust Units and EUPP:

### (a) Trust Units:

Chartwell is authorized to issue an unlimited number of Trust Units.

Trust Units are redeemable at any time, in whole or in part, on demand by holders. Upon receipt of a redemption notice by Chartwell, all rights to and under Trust Units tendered for redemption shall be surrendered and the holder shall be entitled to receive a price per Trust Unit equal to the lesser of:

- (i) 90% of the "market price" of the units on the principal market on which the units are quoted for trading during the 10-trading-day period ending immediately prior to the date on which the units were surrendered for redemption; and
- (ii) 100% of the "closing market price" on the principal market on which the units are listed for trading on the redemption date.

The aggregate redemption price payable by Chartwell in respect of any Trust Units surrendered for redemption during any calendar month shall not exceed \$50 unless waived at the discretion of Trustees and satisfied by way of cash payment in Canadian dollars within 30 days after the end of the calendar month in which the units were tendered for redemption. To the extent the redemption price payable in respect of Trust Units surrendered for redemption exceeds \$50 in any given month, such excess may be satisfied by way of a distribution in species of assets held by Chartwell.

The following Trust Units are issued and outstanding:

	Number of Trust Units	Amount
Balance, December 31, 2022	234,752,609	\$ 2,583,038
Trust Units issued under DRIP	3,867,229	36,086
Trust Units issued on vesting of DTU	67,727	731
Trust Units issued in exchange of Class B units	5,000	58
Trust Units released on settlement of EUPP receivable	145,091	2,461
Balance, December 31, 2023	238,837,656	2,622,374
Trust Units issued under DRIP	3,162,401	41,777
Trust Units issued on vesting of DTU	612,541	9,325
Trust Units issued in exchange of Class B units	16,000	219
Trust Units released on settlement of EUPP receivable	421,426	8,393
Trust Units pursuant to public offering	28,290,000	338,879
Trust Units issued under ATM Program	1,228,500	19,096
Balance, December 31, 2024	272,568,524	\$ 3,040,063

On June 27, 2024, Chartwell completed a public offering of 28,290,000 Trust Units at a price of \$12.20 per Trust Unit for total gross proceeds of \$345,138.

On November 14, 2024, Chartwell filed a prospectus supplement to establish an at-the-market equity distribution program (the "ATM Program"). The ATM Program allows Chartwell to issue up to \$250,000 of trust units from treasury to the public from time to time during the term of the ATM Program at its discretion. The ATM program is expected to remain in place until the earlier of May 30, 2026, or the issuance and sale of the trust units qualified for distribution under the ATM program. The Trust will have the discretion, subject to market demand, to set the timing, prices and numbers of Units to be offered for sale, and there is no minimum or maximum sales price. The agreement terminates upon the earlier of (i) the sale of all 250,000 trust units or (ii) termination of the agreement in accordance with its terms. During the year ended December 31, 2024, Chartwell issued 1,228,500 units under the ATM program at an average price of \$15.90 per Trust Unit based on market prices for total gross proceeds of \$19,528.

During the year ended December 31, 2024, underwriting commission and other offering related costs amounted to \$14,399 offset by a deferred tax asset of \$7,708.

(b) Trust Units issued under EUPP:

Chartwell has established an EUPP, under which the eligible participants may purchase Trust Units for a purchase price equal to the weighted average trading price of the units for 20 trading days preceding the date of issuance. Participants are required to pay interest on the unpaid balance of the purchase price at a rate not less than the rate prescribed under the Income Tax Act (Canada) at the time Trust Units under the EUPP are issued. The Board of Directors may from time to time reduce the rate at which the outstanding unpaid amount of purchase price for EUPP units previously issued shall bear interest, provided that such interest shall not be less than the prescribed rate under the Income Tax Act at the time of such reduction. All distributions on Trust Units under the EUPP are applied as payments, first of interest and then toward reduction of the principal of the EUPP receivable. Trust Units issued under the EUPP are held as security for the outstanding EUPP receivable. Participants may prepay the principal at their discretion and receive the Trust Units. If a participant elects to withdraw from the plan without paying the balance of the EUPP receivable in full, Chartwell may elect to sell Trust Units issued under the EUPP in satisfaction of the outstanding EUPP receivable. Chartwell's recourse is limited to Trust Units it holds as security. On May 15, 2014, the EUPP was amended, such that the period for payment for the exercise of terms of the EUPP awards was extended from 10 to 20 years, for EUPP awards issued before April 1, 2014. Subsequent EUPP awards are limited to senior executives, continue to have 10-year terms and vest immediately.

An aggregate of 5,900,890 Trust Units are reserved for issuance pursuant to the EUPP, of which 1,471,776 were available to be issued at December 31, 2024 (2023 – 1,633,971).

The following table summarizes Trust Units issued under the EUPP:

	Number of Trust Units issued under EUPP	Amount
Balance, December 31, 2022	1,888,133	\$ 22,239
Trust Units issued under EUPP	333,377	3,033
Trust Units released on settlement of EUPP receivable	(145,091)	(1,606)
Balance, December 31, 2023	2,076,419	23,666
Trust Units issued under EUPP	162,195	1,990
Trust Units released on settlement of EUPP receivable	(421,426)	(4,544)
Balance, December 31, 2024	1,817,188	\$ 21,112

The non-cash compensation expense attributable to the EUPP of \$565 for the year ended December 31, 2024 (2023 - \$798) is included in general, administrative and trust expenses with a corresponding amount included in accounts payable and other liabilities (note 16). Trust Units issued under EUPP and EUPP receivable are recorded in unitholders' equity.

(c) DRIP:

Chartwell has established a DRIP for its unitholders, which allows participants to reinvest their monthly cash distributions in additional Trust Units at an effective discount of 3%.

## 20. Segmented information:

The Retirement Operations segment includes an interest in 178 retirement residences (2023 - 160) that Chartwell owns and operates in Canada. The retirement residences provide services to residents at rates set by Chartwell based on the services provided and market conditions. Where a retirement residence provides more than one level of care, it has been designated to a segment according to the predominant level of care, type of licensing and funding and internal management responsibility.

The accounting policies of each of the segments are the same as those for Chartwell, except these segments include Chartwell's proportionate share of its joint ventures. The "Reconciliation" column shows the adjustments to account for these joint ventures using the equity method, as applied in these condensed consolidated interim financial statements. Certain general, administrative and trust expenses are managed centrally by Chartwell and are not allocable to reportable operating segments. Chartwell has no material inter-segment revenue, transfers or expenses.

Chartwell has completed the sale of the long term care homes on September 6, 2023 and these homes are no longer a segment. Chartwell has one reportable operating segment, Retirement Operations. The accounting policies of the segment are the same as those for Chartwell, except that it includes Chartwell's proportionate share of its joint ventures and Chartwell's proportionate share of its subsidiaries with non-controlling interest. The "Reconciliation" column shows the adjustments to account for these joint ventures using the equity method, and non-controlling interest as applied in these condensed consolidated interim financial statements. The measure of segment profit or loss is adjusted net operating income which is resident revenue less direct property operating expenses, including Chartwell's proportionate share of its subsidiaries and joint ventures' revenue and direct property operating expenses, respectively. Certain general, administrative and trust expenses are managed centrally by Chartwell and are not allocable to the reportable Retirement Operations segment. Chartwell has no material inter-segment revenue, transfers or expenses.

The adjusted net operating income of the Retirement Operations is also reviewed by management at the geographic region level:

2024	Ontario	Western Canada	Quebec	Total Retirement Operations	Reconciliation	Total
Resident revenue	\$ 483,889	\$ 221,687	\$ 234,067	\$ 939,643	\$ (139,720)	\$ 799,923
Direct property operating expenses	(312,423)	(137,550)	(150,009)	(599,982)	90,803	(509,179)
Adjusted net operating income	\$ 171,466	\$ 84,137	\$ 84,058	\$ 339,661	\$ (48,917)	\$ 290,744

2023	Ontario	Western Canada	Quebec	Total Retirement Operations	Reconciliation	Total
Resident revenue	\$ 448,022	\$ 194,319	\$ 171,748	\$ 814,089	\$ (126,765)	\$ 687,324
Direct property operating expenses	(304,160)	(122,584)	(123,837)	(550,581)	87,220	(463,361)
Adjusted net operating income	\$ 143,862	\$ 71,735	\$ 47,911	\$ 263,508	\$ (39,545)	\$ 223,963

## 21. Financial instruments:

### (a) Carrying values and fair values of financial instruments:

The carrying amounts and fair values of financial instruments, excluding loans receivable, income guarantee receivable, interest rate swaps, liabilities related to Class B Units which are carried at fair value, are shown in the table below. The table below excludes cash and cash equivalents, restricted cash, trade and other receivables, accounts payable and other liabilities, and distributions payable, as the carrying amounts of these assets and liabilities are a reasonable approximation of fair value.

	2024		2023	
	Carrying value	Fair value	Carrying value	Fair value
Financial liabilities:				
Financial liabilities recorded at amortized cost:				
Mortgages payable	\$ 1,794,168	\$ 1,827,411	\$ 1,469,304	\$ 1,483,152
Credit facilities	98,079	100,000	68,686	70,000
Loans payable	148,972	149,434	124,924	124,029
Senior unsecured debentures	548,311	546,485	398,981	399,081

Fair value represents management's estimate of the fair market value at a given point in time, which may not reflect fair value in the future. These calculations are subjective, involve uncertainties and are a matter of significant judgment, and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

The following summarizes the significant methods and assumptions used in estimating the fair values of financial instruments reflected in the table above:

The fair value of mortgages payable is estimated by discounting the expected future cash outflows using the rates currently prevailing for similar instruments of similar maturities. At December 31, 2024, the mortgages payable were discounted using rates between 3.57% and 5.18% (2023 - 4.07% and 5.88%).

The fair value of loans payable are estimated by discounting the expected future cash flows using the rates currently prevailing for similar instruments of similar maturities. At December 31, 2024, the outstanding loans payable was discounted using a weighted average rate of 5.18% (2023 - 5.88%).

The fair value of senior unsecured debentures is estimated by discounting the expected future cash outflows using the rates currently prevailing for similar instruments of similar maturities. At December 31, 2024, senior unsecured debentures were discounted using a weighted average rate of 5.26% (2023 - 5.75%).

The fair value of the credit facility is estimated to be the amount drawn at December 31, 2024 as Chartwell has the ability to repay the outstanding balance any time.

As inputs are observable for the liability, either directly or indirectly through prevailing rates of similar items, the fair values of mortgages payable, term loans, senior unsecured debentures and credit facility are Level 2 in the fair value hierarchy.

### (b) Financial risk management objectives and policies:

In the normal course of business, Chartwell is exposed to risks of varying degrees of significance, which could affect its ability to achieve its strategic objectives and unitholder returns. Chartwell is exposed to financial instrument risks that arise from the fluctuation of interest rates, the credit quality of its residents and borrowers pursuant to mezzanine and other loans.

The Board of Trustees has overall responsibility for the establishment and oversight of Chartwell's risk management framework. Management is responsible for developing and monitoring Chartwell's risk management policies and reports regularly to the Board of Trustees on its activities.

These financial instrument risks are managed as follows:

(i) Credit risk:

Chartwell is exposed to credit risk arising from the possibility that parties responsible for payment of fees or the borrowers of mezzanine and other loans may experience financial difficulty and be unable to fulfill their contractual obligations. Exposure to credit risk relates primarily to cash on deposit included in cash and cash equivalents, resident receivables included in trade and other receivables, and loans receivable.

Chartwell regularly monitors the credit risk exposure and takes steps to mitigate the likelihood that these exposures will result in an actual loss.

The credit risk related to cash and cash equivalents is mitigated through entering into transactions with major Canadian financial institutions.

Chartwell's exposure to credit risk from resident receivables is influenced mainly by the individual characteristics of each resident, the demographics of its resident base and general economic conditions. Due to the nature of Chartwell's business and geographic spread of its resident base, there is no significant concentration of receivables from residents.

In the event that Chartwell's borrowers face financial difficulty and are not able to meet their commitments, Chartwell could suffer a loss of either interest or principal or both on the loans it has advanced, since other lenders will rank ahead of Chartwell in any recovery. To decrease the credit risk exposure, the loans are secured by charges of the borrowers' interests in various real estate projects, and by corporate guarantees.

Generally, the carrying amount on the consolidated balance sheets of Chartwell's financial assets exposed to credit risk, net of applicable loss allowances, represents Chartwell's maximum exposure to credit risk. Chartwell limits its exposure to credit risk related to derivatives by transacting with counterparties that are stable and of high credit quality.

Chartwell adopted the practical expedient to determine ECL on trade and other receivables using a provision matrix based on historical credit loss experiences adjusted for current and forecasted future economic conditions to estimate lifetime ECL. At December 31, 2024, outstanding residents receivables were \$1,270 (2023 - \$1,415), net of ECL of \$1,492 (2023 - \$1,965).

(ii) Liquidity risk:

Chartwell's principal liquidity needs arise from working capital requirements, debt servicing and repayment obligations, planned funding of property improvements, leasing costs, distributions to unitholders, and property development and acquisition funding requirements.

Liquidity risk is the risk that an entity is unable to fund its assets or meet its obligations as they come due.

Liquidity risk is managed through cash flow forecasting. Management monitors forecasts of Chartwell's liquidity requirements to ensure it has sufficient financial resources to meet operational needs through maintaining sufficient cash and/or availability on the credit facilities and complying with its financial covenants related to debt agreements. Such forecasting involves a significant degree of judgment, takes into consideration current and projected macroeconomic conditions, Chartwell's cash collection efforts and debt financing plans. There is a risk that such liquidity forecasts may not be achieved, that covenant requirements of existing loan agreements are not met, and that currently available debt financing may no longer be available on terms and conditions that are favorable to Chartwell.

As at December 31, 2024, current liabilities totalled \$1,085,912, exceeding current assets of \$388,023, resulting in a working capital deficiency of \$697,889. Current liabilities includes \$408,071 of current mortgages payable, comprised of \$343,819 related to maturing balances which are expected to be renewed on maturity, \$64,252 related to regular principal payments and the balance of unamortized mark-to-market adjustments net of unamortized financing costs. In addition, as at December 31, 2024, current liabilities included \$148,972 of loans payable maturing in February and July 2025, and \$149,953 of senior unsecured debentures maturing in April 2025. Chartwell expects to be able to meet all of its obligations as they become due utilizing some or all of the following sources of liquidity: (i) cash flow generated from property operations, (ii) property specific mortgages, (iii) term loans, (iv) secured and unsecured credit facilities under which \$294,247 was available and undrawn at December 31, 2024 (note 13), and (v) proceeds on asset sales.

Further, subject to market conditions, Chartwell may seek to raise funding through new senior unsecured debentures or equity financing and it may also continue to dispose of certain non-core assets to generate additional liquidity. The particular features and quality of the underlying assets and the debt and equity market conditions existing at the time of raising such financing may impact the ability and availability for financing.

There is a risk that due to negative changes in economic or operating conditions that lenders will not finance maturing mortgages payable debt on terms and conditions acceptable to Chartwell or on any terms at all. Negative changes in economic or operating conditions may also impact Chartwell's available borrowing capacity on its secured and unsecured credit facilities as disclosed in note 13. Management mitigates this risk by staggering debt maturities and through the use of programs, such as Canadian Mortgage and Housing Corporations ("CMHC") insured mortgages. These and other contractual obligations and contingencies, including those related to agreements with Batimo, are disclosed in note 29.

Chartwell's lending agreements include various cross-default provisions.

Chartwell, in its continuing operations, holds licenses related to each of its retained long term care homes and in certain cases, retirement residences. Holders of these licenses receive funding from the relevant provincial government. During the year ended December 31, 2024, Chartwell received \$69,129 (2023 - \$60,236) in funding in respect of these licenses.

Refer to note 29 for contractual maturities of Chartwell's major financial liabilities.

(iii) Market risk:

Chartwell is exposed to market risk, which is the risk arising from its financial instruments, principally related to interest rates and equity prices.

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Chartwell is exposed to interest rate risk on its floating-rate debt on an ongoing basis and its fixed-rate debt upon renewal. To mitigate interest rate risk, Chartwell fixes or otherwise limits the interest rate on its long term debt to the extent possible on renewal. Further, Chartwell is exposed to higher interest rates on its secured and unsecured credit facilities with a negative change in its credit rating. It may also enter into derivative financial instruments from time to time to mitigate interest rate risk. Generally, Chartwell fixes the term of long term debt within a range of 5 to 20 years. To limit exposure to the risk of higher interest rates at renewal, Chartwell spreads the maturities of its fixed-rate, long term debt over time.

At December 31, 2024, Chartwell's interest-bearing financial instruments were as follows:

	Principal amount	
	2024	2023
Fixed-rate financial liabilities <sup>(1)</sup>	\$ 2,205,456	\$ 1,994,304
Variable-rate financial liabilities	\$ 445,806	\$ 70,000

<sup>(1)</sup> Included in the fixed-rate financial liabilities are mortgages totalling \$40,300 (2023 - \$82,088) with interest rate fixed through interest rate swap contracts.

An increase of 100-basis-points in interest rates at December 31, 2024 for the variable-rate financial instruments would decrease income before income taxes on an annualized basis by \$4,458 (2023 - \$700).

An increase of 100-basis-points in interest rates for the fixed rate mortgages maturing in 2025 would decrease income before income taxes by \$395 (2023 - \$683) based on renewal dates and \$744 (2023 - \$1,816) on an annualized basis for the year.

## 22. Capital structure financial policies:

Chartwell's primary objectives in managing capital are:

- (a) to ensure that Chartwell has sufficient capital to execute on its strategic objectives, including targeted investments in maintenance and improvements of its property portfolio, development and acquisitions activities
- (b) to achieve the lowest overall cost of capital consistent with the appropriate mix of capital elements while ensuring that Chartwell complies with financial and non-financial covenants included in debt agreements and
- (c) to provide over the long term, growing distributions to unitholders.

In managing its capital structure, Chartwell takes into consideration various factors, including changes in economic conditions, growth of its business and risk characteristics of the underlying assets.

Management defines capital as Chartwell's total unitholders' equity, Class B Units, current and non-current mortgage payable, senior unsecured debentures, loans payable and borrowings under its credit facilities.

The Board of Trustees is responsible for overseeing Chartwell's capital management and does so through quarterly Trustees' meetings, annual budget reviews and regular reviews of financial information. The Board of Trustees also determines the level of any distributions to unitholders.

Chartwell's Declaration of Trust limits the ratio of indebtedness ("Indebtedness Ratio") that Chartwell can incur to 65% of adjusted gross book value ("GBV").

GBV means, at any time, the consolidated book value of the assets of Chartwell, as shown on Chartwell's most recent consolidated balance sheets (or if approved by a majority of the Independent Directors of Master LP at any time, the appraised value thereof), adjusted for (i) Chartwell's proportionate share of its joint ventures, (ii) plus the amount of accumulated depreciation and amortization shown thereon or in the notes thereto less the carrying value of any deferred consideration in respect of any property acquired or to be acquired, (iii) plus the difference between the GBV of assets under Canadian generally accepted accounting principles and IFRS at January 1, 2010, Chartwell's effective IFRS transition date, and (iv) plus the related acquisition costs in respect of completed property acquisitions that were expensed in the period incurred.

Indebtedness includes any obligation for borrowed money, any obligation incurred in connection with the acquisition of property, assets or business, other than deferred income tax liabilities, any capital lease obligation and any similar obligations of third parties guaranteed by Chartwell or for which Chartwell is responsible or liable, to the extent included in the consolidated balance sheets, adjusted for Chartwell's proportionate share of its joint ventures. Indebtedness is determined on a consolidated basis for Chartwell and its consolidated subsidiaries.

The following are the Indebtedness Ratios at December 31, 2024 and 2023:

	2024	2023	Increase (decrease)
Indebtedness Ratio	47.9%	46.7%	1.3%

Chartwell's capital management is conducted in accordance with policies stated under the Declaration of Trust and requirements from certain of its lenders. Under the terms of Chartwell's loan agreements with these lenders, Chartwell is required to meet certain financial and non-financial covenants.

### 23. Revenue:

	2024	2023
Lease revenue <sup>(1)</sup>	\$ 421,704	\$ 343,634
Services revenue <sup>(2)</sup>	414,278	379,098
Management and other fees	12,560	13,503
Interest income	3,605	2,319
<b>Total revenue</b>	<b>\$ 852,147</b>	<b>\$ 738,554</b>

<sup>(1)</sup>Includes resident lease revenue from retirement residence residents and lease revenue from the joint venture partners.

<sup>(2)</sup>Includes property services element from retirement residence residents in accordance with IFRS 15.

### 24. Personnel expenses:

The analysis of employee benefits expense for the years ended December 31, 2024 and 2023, included in profit or loss under direct property operating expenses and general, administrative and trust expenses, is as follows:

	2024	2023
Salaries and wages	\$ (361,382)	\$ (353,788)
Post-employment benefits (defined contribution plans)	(4,498)	(4,813)
Unit-based compensation	(9,726)	(7,868)
	<b>\$ (375,606)</b>	<b>\$ (366,469)</b>

## 25. Other income (expense):

	2024	2023
Transaction costs arising on dispositions	\$ (5,518)	\$ (1,167)
Impairment losses	–	(10,898)
Other	(1,207)	–
Other expense	(6,725)	(12,065)
Net gain on disposal of assets <sup>(1)</sup>	53,963	12,074
Other income <sup>(2)</sup>	1,412	–
	55,375	12,074
Other income	\$ 48,650	\$ 9

<sup>(1)</sup> Net gain on disposal of assets relates primarily to sale of properties (note 4).

<sup>(2)</sup> Other income relates to a one-time government funding related to historical periods for the disposed LTC segment.

## 26. Finance costs:

	2024	2023
Contractual interest expense on mortgages	\$ (62,631)	\$ (55,873)
Interest expense on senior unsecured debentures	(22,539)	(14,392)
Interest expense on credit facility	(8,710)	(12,023)
Contractual interest expense on loans payable	(10,818)	(5,524)
	(104,698)	(87,812)
Interest capitalized to properties under development	2,862	2,735
Amortization of financing costs and mark-to-market adjustment on assumed mortgages, credit facilities and senior unsecured debentures	(3,545)	(6,488)
Distributions on Class B Units recorded as interest expense	(927)	(936)
Total finance costs	\$ (106,308)	\$ (92,501)

## 27. Change in fair values of financial instruments:

	2024	2023
Change in fair value of interest rate swaps	\$ (3,274)	\$ (4,967)
Change in fair value of EUPP option component	(6,656)	(5,614)
Change in fair value of Class B Units	(5,103)	(5,019)
Change in fair value of DTUs	(5,595)	(5,193)
Change in fair value – other	753	(1,171)
Change in fair values of financial instruments	\$ (19,875)	\$ (21,964)

## 28. Income taxes:

For the year ended December 31, 2024, Chartwell recorded a current tax recovery of \$255 (2023 – current tax expense of \$27,231). This current tax recovery is primarily attributable to adjustments related to the capital gain on the disposition of the long-term care segment in the year ended December 31, 2023. The current tax expense in 2023 is primarily attributable to SIFT taxes payable on the disposition of Chartwell's long-term care segment.

Chartwell recorded a deferred tax expense of \$34,752 (2023 - deferred tax benefit of \$24,510). The 2024 deferred tax expense was primarily with respect to fair value adjustments and the reversal of temporary

differences associated with the sale of non-core properties. The 2023 deferred tax benefit primarily related to fair value adjustments and reversal of temporary differences on the sale of Chartwell's long term care segment.

The income tax recovery (expense) - in the consolidated statements of comprehensive income represents an effective tax rate different than the Canadian tax rate applicable to trusts on undistributed income of 53.53% (2023 - 53.53%). The current SIFT tax rate payable is 26.5%. The differences for the years ended December 31 are as follows:

	2024	2023
Income / (loss) before income taxes from continuing operations	\$ 56,875	\$ (58,220)
Net Income from discontinued operations	-	189,214
<b>Net income before income taxes</b>	<b>56,875</b>	<b>130,994</b>
Income tax expense at Canadian tax rate	\$ (30,445)	\$ (70,121)
Non-taxable capital gain	4,724	37,995
Fair value changes	(8,897)	(9,070)
Differential between current SIFT rate and undistributed income tax rate	-	27,685
Reversal of deferred tax (asset)/liability	(814)	11,171
Prior year adjustments	658	-
Non-deductible and non-taxable items	265	(411)
Other	12	30
<b>Income tax (expense) / recovery</b>	<b>\$ (34,497)</b>	<b>\$ (2,721)</b>
Current tax (expense) / recovery	\$ 255	\$ (27,231)
Deferred tax (expense) / recovery	(34,752)	24,510
<b>Income tax (expense) / recovery</b>	<b>(34,497)</b>	<b>(2,721)</b>

Movement in deferred tax balances during the year is as follows:

	Balance, January 1, 2024	Recognized in net income (loss)	Recognized in unitholders' equity	Balance, December 31, 2024
Property, plant and equipment	\$ 2,276	\$ (25,009)	\$ -	\$ (22,733)
Intangible assets	(1,161)	197	-	(964)
Losses available for carryforward	1,641	(785)	-	856
Other	(9,144)	(9,140)	7,707	(10,577)
Deferred tax asset (liability)	(6,388)	(34,737)	7,707	(33,418)
Deferred tax assets not recognized	(134)	(15)	-	(149)
<b>Net deferred tax asset (liability)</b>	<b>\$ (6,522)</b>	<b>\$ (34,752)</b>	<b>\$ 7,707</b>	<b>\$ (33,567)</b>

As at December 31, 2024, Chartwell had non-capital losses carried forward of \$1,558. Additionally, Chartwell has \$5,354 of non-capital loss carry forwards in a subsidiary trust which have not been recognized.

	Balance, January 1, 2023	Recognized in net income (loss)	Recognized in unitholders' equity	Balance, December 31, 2023
Property, plant and equipment	\$ (7,731)	\$ 10,007	\$ –	\$ 2,276
Intangible assets	(16,899)	15,738	–	(1,161)
Losses available for carryforward	3,502	(1,861)	–	1,641
Other	(9,770)	626	–	(9,144)
Deferred tax asset (liability)	(30,898)	24,510	–	(6,388)
Deferred tax assets not recognized	(134)	–	–	(134)
Net deferred tax asset (liability)	\$ (31,032)	\$ 24,510	\$ –	\$ (6,522)

Deferred tax assets have not been recognized for the deductible temporary differences of \$246 in 2024 (2023 - \$217). The deductible temporary differences do not expire under current legislation. Deferred tax assets have not been recognized in respect of these temporary differences as it is not probable that future taxable income will be available against which these tax benefits will be utilized.

## 29. Commitments and contingencies:

Chartwell's maturities on major financial liabilities as at December 31, 2024, excluding future interest payments and put option commitments, are detailed in the following table:

	Note	Contractual Value	2025	2026	2027	2028	2029	Thereafter
Mortgages payable	12	\$ 1,852,274	\$ 410,049	\$ 165,449	\$ 118,397	\$ 224,620	\$ 145,895	\$ 787,864
Senior unsecured debentures	15	550,000	150,000	250,000	-	-	150,000	-
Accounts payable and accrued liabilities	16	152,150	152,150	-	-	-	-	-
Loans payable	14	148,988	148,988	-	-	-	-	-
Credit facilities	13	100,000	-	-	100,000	-	-	-
Distributions payable		14,071	14,071	-	-	-	-	-
Lease obligations	7	8,206	925	504	188	63	5	6,521
Resident deposits	16	5,859	5,859	-	-	-	-	-
Total maturities <sup>(1)</sup>		\$ 2,831,548	\$ 882,042	\$ 415,953	\$ 218,585	\$ 224,683	\$ 295,900	\$ 794,385

<sup>(1)</sup> In addition to Total maturities, obligations include contractual commitments outlined in note 29(c) related to acquisition of certain properties.

### (a) Lease obligations:

Chartwell has recorded lease obligations with respect to leases of land, office space and equipment (note 7).

### (b) Purchase contracts:

Chartwell has entered into various construction contracts related to its development projects. As at December 31, 2024, the remaining commitments under these contracts amounted to approximately \$2,648 (2023 - \$3,356).

### (c) Other:

Under Chartwell's agreements with Batimo Inc. ("Batimo"), Batimo can require Chartwell to acquire an 85% interest in their development properties in which Chartwell participates as the operations manager and, in some cases, as the mezzanine lender, at 99% of Fair Market Value ("FMV"), as defined in the agreements ("Batimo Option"). Batimo's Option for certain properties is for a five-year period commencing when the related property achieves a minimum 90% occupancy level for two consecutive months, subject to certain conditions, at purchase prices determined based on the appraisal mechanism described in such agreements. Upon expiry of the Batimo Option, Chartwell has a two-year option to require Batimo to sell an 85% interest in some of the properties at FMV and others at 99% of FMV, as defined in the agreements. Chartwell and Batimo have revised the terms of their relationship for new projects starting with developments in Q3 2021 ("Batimo Option 2.0") to provide for the Batimo

Option to be for a two-year period instead of five. Upon expiry of the Batimo Option 2.0, Chartwell will have a one-year option instead of two to acquire an 85% interest in the property at 99% of FMV.

As at December 31, 2024, three properties have achieved the occupancy threshold giving effect to the Batimo put rights. We estimate the current value of the three properties at 100% ownership is approximately \$300,000.

(d) Letters of credit:

As at December 31, 2024, Chartwell was contingently liable for letters of credit in the amount of \$5,753 (2023 - \$5,988).

(e) Guarantees:

As a result of a purchaser's assumption of the mortgage on a property sold in 2014, Chartwell remains a guarantor of the mortgage. As at December 31, 2024, the outstanding balance on this mortgage was \$230 (2023 - \$563). The purchaser has indemnified Chartwell with respect to this guarantee.

Chartwell, with its partners, has jointly and severally guaranteed loans on partially owned properties. Chartwell ownership interest in these properties range from 42.5% to 85%, to a maximum amount of \$888,088. As at December 31, 2024, outstanding balances on these mortgages totalled \$767,713 (\$308,849 of which represents the partners' share). As at December 31, 2024 \$122,282 (\$70,312 of which represents the partner's share) relates to the properties sold as part of the windup of the joint arrangements with Welltower (note 17).

(f) Litigation and claims:

In 2020, Chartwell was named in three proposed class action lawsuits related to the handling of the COVID-19 pandemic in Chartwell's Ontario Long Term Care homes which were subsequently consolidated into one proceeding (the "Consolidated Claim"). On November 20, 2020, the Ontario government enacted the Supporting Ontario's Recovery Act (the "Recovery Act"). Under the Recovery Act, which is retroactive to March 17, 2020, proceedings are barred and dismissed without costs if they allege injury by COVID-19 if the defendant made good faith efforts to follow public health guidance and COVID-19 related laws and did not act with gross negligence.

Chartwell's insurer has assigned defense counsel and is responding to the Consolidated Claim through the appropriate court process. On March 7, 2024, the Consolidated Claim was certified, but pursuant to the Recovery Act, only claims of negligence rising to the level of gross negligence survived the cause of action test. The class is confined to residents and visitors in the long term care homes who contracted COVID-19 between January 25, 2020 to May 5, 2023. The common issues are restricted to the duty and breach of standard of care with respect to Infection Prevention and Control measures and excludes causation and damages, except if the issues of duty and standard of care are determined against Chartwell. If the duty and breach of standard of care issues are found against Chartwell, then causation and damages are to be determined through home-by-home mini-trials to consider Infection Prevention and Control implementation at each long term care home. A request for leave to appeal on the issues of the inclusion of a visitor class and the use of mini-trials to determine causation and damages was denied in August 2024. Chartwell did not record a provision with respect to the Consolidated Claim as at December 31, 2024. The contingencies associated with these long term care homes remain with Chartwell.

In 1995, certain participating Ontario LTC homes and their respective unions agreed to a framework using the proxy method for a new pay equity plan that resulted in pay equity being achieved by 2005 under the Pay Equity Act. The Ontario Government directly funded these pay equity obligations. Litigation commenced in 2010, when two unions asserted that the participating LTC homes were required to make further pay equity adjustments. The Ontario Pay Equity Tribunal (the "Tribunal") found generally in favour of the participating LTC homes and also confirmed that there is an on-going obligation to maintain pay equity. The appellate courts, on the appeal of the Tribunal decision, found in favour of the unions and referred the matter back to the Tribunal to determine the procedure to be used

to provide bargaining unit members access to male comparators in order to maintain pay equity. The Ontario government and the participating LTC homes appealed the appellate court decision.

On October 14, 2021, the application for leave to appeal from the judgment of the Court of Appeal for Ontario in Attorney General of Ontario et al. v. Ontario Nurses' Association, et al. was dismissed by the Supreme Court of Canada, thus upholding the appellate decision. The Court of Appeal decision held that LTC homes that used proxy comparators to develop pay equity plans have not met their maintenance requirements. Chartwell continues to work with the unions, the other participating LTC homes and the Ontario Government to reach a pay equity maintenance framework appropriate for the sector.

There are significant uncertainties related to how the appellate court decision should be implemented. Discussions between the affected parties regarding the development of an appropriate framework and resolution to this matter have not meaningfully progressed, thereby creating additional uncertainty related to potential outcomes, as well as uncertainty relating to the timing of when more information on the outcomes will be known and when the matter may be settled. As a result of the significant number of judgments that would be required, a reliable estimate of Chartwell's liability for any pay equity adjustments cannot currently be made. Chartwell expects that any adjustments will be fully funded by the government. No liability for potential pay equity adjustments or expected recovery from the Ontario Government has been recognized in Chartwell's financial statements. An increase in labour costs as a result of any unfunded adjustments could adversely affect the financial condition of Chartwell.

### 30. Key management personnel compensation:

The remuneration of key management personnel of Chartwell during the years ended December 31, 2024 and 2023 was as follows:

	2024	2023
Officers' and directors' compensation	\$ (5,194)	\$ (5,135)
Post-employment benefits	(154)	(128)
