## Hudbay Receives the Final Record of Decision for Rosemont

**Toronto, Ontario, June 7, 2017 – Hudbay Minerals Inc. (“Hudbay” or the “company”) (TSX, NYSE:HBM)** announced today that the U.S. Forest Service (“USFS”) has issued the Final Record of Decision (“FROD”) for Hudbay’s Rosemont Project. Receiving the FROD concludes a thorough process involving 17 co-operating agencies at various levels of government, 16 hearings, over 1,000 studies, and 245 days of public comment resulting in more than 36,000 comments. Having received the FROD, Hudbay will now commence the administrative process working with the USFS to complete the Mine Plan of Operations over the next several months. The other key federal permit outstanding is the Section 404 Water Permit from the U.S. Army Corps of Engineers.

“This decision brings us another step closer to being able to build a modern mine that will fulfill the requirements of its permits, create jobs and strengthen the local economy,” said Patrick Merrin, vice president of Hudbay’s Arizona business unit. “The Rosemont team thanks the USFS and all the other co-operating agencies for their hard work and dedication to the public interest over the past 10 years.”
