

## Philosophy

Uber believes in responsible corporate participation in federal, state, and local public policy discussions on matters that affect our business. We participate in the political process to help shape public policy and government actions that are consistent with our values and business objectives. Uber also supports officials, candidates, parties, and other politically oriented organizations that promote policies that are aligned with our priorities and that we believe will have a positive impact on the communities we serve.

See Uber's [U.S. Corporate Political Activity Policy](#) to learn more about Uber's approach to US political engagement.
