

Donaldson Company's Brockville, Ontario Plant Wins Quarterly Chairman's Cup Award

Donaldson Company, Inc. (NYSE: DCI), announced today that their hydraulic liquid filter plant in Brockville, Ontario, won its Chairman's Cup award. The Chairman's Cup is awarded quarterly to the Company's North American plant that achieves the highest cumulative score on key performance metrics including: employee safety, product quality and Customer delivery.

The award was presented to the employees of the Brockville plant by Bill Cook, Donaldson's CEO, and Jim Noreault, Director of Liquid Filtration Operations. Cook commented, "We started this program seven years ago to recognize operational excellence within our 17 manufacturing and distribution operations throughout the Americas. This is the first time our Brockville plant has won this award and I am particularly proud of this accomplishment considering their recent successful move to a larger facility. Congratulations to Nathan Yeung, our Plant Manager, and the Brockville team on setting a great example of our spirit of *Continuous Improvement* and fanatical service to our Customers."

About Donaldson Company, Inc.
