INOVIO Announces Pricing of Public Offering of Common Stock

1/20/2021

PLYMOUTH MEETING, Pa., Jan. 20, 2021 /PRNewswire/ -- INOVIO Pharmaceuticals, Inc. (Nasdaq: INO), a biotechnology company focused on bringing to market precisely designed DNA medicines to treat and protect people from infectious diseases, including COVID-19, cancer and HPV-associated diseases, today announced the pricing of an underwritten public offering of 17,700,000 shares of its common stock at a public offering price of \$8.50 per share. In addition, INOVIO has granted the underwriters a 30-day option to purchase up to an additional 2,655,000 shares of common stock at the public offering price, less underwriting discounts and commissions. Gross proceeds to INOVIO from the offering are expected to be approximately \$150.5 million, before deducting underwriting discounts and commissions and estimated offering expenses, but excluding any exercise of the underwriters' option. All of the shares are being sold by INOVIO.

INOVIO intends to use the net proceeds from this offering for the development of its clinical pipeline, including clinical development expenses relating to INO-4800 and research and development expenses, and for general corporate purposes, including working capital and general and administrative expenses.

BofA Securities, Jefferies and Cantor are acting as joint book-running managers for the offering. Oppenheimer & Co. is acting as lead manager for the offering. The Benchmark Company, Maxim Group LLC and National Securities Corporation are acting as co-managers for the offering. The offering is expected to close on or about January 25, 2021, subject to customary closing conditions.

The shares were offered by INOVIO pursuant to a shelf registration statement filed by INOVIO with the Securities and Exchange Commission (SEC) that became automatically effective on January 20, 2021. This offering was made only by means of a written prospectus and prospectus supplement that form a part of the registration statement. A preliminary prospectus supplement relating to and describing the terms of the offering has been filed with the SEC and may be obtained for free by visiting the SEC's website at www.sec.gov. The final terms of the offering will be disclosed in a final prospectus supplement to be filed with the SEC. Copies of the final prospectus supplement and

About INOVIO

INOVIO is a biotechnology company focused on rapidly bringing to market precisely designed DNA medicines to treat and protect people from infectious diseases, cancer, and diseases associated with HPV. INOVIO is the first and only company to have clinically demonstrated that a DNA medicine can be delivered directly into cells in the body via a proprietary smart device to produce a robust and tolerable immune response. Specifically, INOVIO's lead candidate VGX-3100, currently in Phase 3 trials for precancerous cervical dysplasia, destroyed and cleared high-risk HPV 16 and 18 in a Phase 2b clinical trial. Also in development are programs targeting HPV-related cancers and a rare HPV-related disease, recurrent respiratory papillomatosis; non-HPV-related cancers glioblastoma multiforme and prostate cancer; as well as externally funded infectious disease DNA vaccine development programs in coronaviruses associated with COVID-19 and MERS diseases, Zika, Lassa fever, Ebola and HIV.
