# Forward Looking Statements

This document and other written or oral statements made from time to time by ADP may contain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Statements that are not historical in nature and which may be identified by the use of words like “outlook,” “expects,” “assumes,” “projects,” “anticipates,” “estimates,” “we believe,” “could” “is designed to” and other words of similar meaning, are forward-looking statements. These statements are based on management’s expectations and assumptions and depend upon or refer to future events or conditions and are subject to risks and uncertainties that may cause actual results to differ materially from those expressed. Factors that could cause actual results to differ materially from those contemplated by the forward-looking statements or that could contribute to such difference include: ADP’s success in obtaining, and retaining, clients, and selling additional services to clients; the pricing of products and services; the success of our new solutions; compliance with existing or new legislation or regulations; changes in, or interpretations of, existing legislation or regulations; overall market, political and economic conditions, including interest rate and foreign currency trends and inflation; competitive conditions; our ability to maintain our current credit ratings and the impact on our funding costs and profitability; security or cyber breaches, fraudulent acts, and system interruptions and failures; employment and wage levels; changes in technology; availability of skilled associates; the impact of new acquisitions and divestitures; the adequacy, effectiveness and success of our business transformation initiatives; the impact of any uncertainties related to major natural disasters or catastrophic events, including the COVID-19 pandemic; and supply-chain disruptions. ADP disclaims any obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. These risks and uncertainties, along with the risk factors discussed under “Item 1A. Risk Factors” of our most recent Annual Report on Form 10-K, and in other written or oral statements made from time to time by ADP, should be considered in evaluating any forward-looking statements contained herein.

## Non-GAAP Measures

Adjusted EBIT, adjusted EBIT margin, adjusted diluted earnings per share, adjusted effective tax rate, and organic constant currency are all non-GAAP financial measures. Please refer to the Q4 fiscal 2022 earnings release available at [investors.adp.com](https://investors.adp.com) for a discussion of why ADP believes these measures are important and for a reconciliation of non-GAAP financial measures to their comparable GAAP financial measures.

This presentation is a supplement to our Q4 fiscal 2022 earnings release; it is intended to be read in conjunction with, not as a substitute for, or in isolation from, the earnings release. We have not provided a reconciliation of our adjusted EBIT margin outlook, organic constant currency outlook or adjusted EPS outlook to their most comparable GAAP measures our Medium Term outlook because it would be potentially misleading and not practical given the difficulty of projecting event-driven transactional and other non-core operating items that are included in the GAAP metrics, including gains/losses on sales of businesses and assets and certain income tax adjustments.

# We Take a Disciplined Approach to Capital Allocation

## 1 **Organic reinvestment** to drive both revenue and margins

- **Product:** FY22 \$1.2B invested in Systems Development & Programming, 10%+ CAGR in Innovation R&D and product spend FY18-FY22
- **Go-To-Market:** Investing in sales headcount, marketing, distribution channels and productivity efforts
- **Service:** Investing in digital transformation efforts and investing to drive further gains in client satisfaction

## 2 **M&A** that meet our strategic goals

- Thoughtful and disciplined M&A approach; focus on transactions with high strategic value balanced against desire for simplification within ADP
- In FY18 invested ~\$615M to acquire Global Cash Card and WorkMarket; in FY19 invested ~\$120M to acquire Celergo

## 3 **Return cash to shareholders** balancing dividends and repurchases

- Target dividend payout ratio is 55-60%
- 47 years of consecutive dividend increases
- Long-standing share repurchase program to return excess cash, averaging ~1% share count reduction per year over the past 10 years
- \$1B incremental debt issued in May 2021 to further supplement repurchases

# Covid-19: We've Been Able to Grow Through the Pandemic

A history of consistent revenue growth...

...including growing through headwinds related to COVID-19

	10-Year CAGR <sup>1</sup> through FY19	FY20	FY21	FY22	FY23 Guidance <sup>2</sup> (as of Jul 27, 2022)
ES Segment	5%	1%	1%	8%	6 to 8%
PEO Segment	14%	8%	7%	15%	10 to 12%
Total ES & PEO	7%	3%	3%	10%	7 to 9%

1. Calculated using geometric average of annual growth rates to account for FY19 change in segment reporting

2. As of ADP Q4 2022 earnings presentation on April 27, 2022. This is not a reaffirmation of that outlook.

# We Issued Medium-Term Targets at our Recent Investor Day

## **7 to 8%**

### **Revenue Growth**

Organic Constant Currency;  
About 6% ES and 10 to 12% PEO Segment Growth

## **10 to 12%**

### **Adjusted EBIT Growth**

Supported by approximately 75bps  
annual Adj. EBIT Margin expansion

## **11 to 13%**

### **Adjusted EPS Growth**

Assuming 1% annual net share count reduction

## **13 to 15%**

### **Total Shareholder Return**

Assuming 2% dividend yield

These objectives assume no significant impact from change in corporate tax rates, change in yield curve, M&A, or change in ADP multiple. Targets announced at our November 15, 2021 Investor Day. This is not a reaffirmation of that outlook.
