TRACTOR SUPPLY COMPANY**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****Note 1 – General:**Nature of Business

Founded in 1938, Tractor Supply Company (the “Company,” “Tractor Supply,” “we,” “our,” or “us”) is the largest rural lifestyle retailer in the United States (“U.S.”). The Company is focused on supplying the needs of recreational farmers, ranchers, and all those who enjoy living the rural lifestyle (which we refer to as the “*Out Here*” lifestyle). The Company's stores are located primarily in towns outlying major metropolitan markets and in rural communities. The Company also owns and operates Petsense, LLC (“Petsense by Tractor Supply”), a small-box pet specialty supply retailer focused on meeting the needs of pet owners, primarily in small and mid-sized communities, and offering a variety of pet products and services. On October 12, 2022, the Company completed the acquisition of Orscheln Farm and Home, LLC (“Orscheln” or “Orscheln Farm and Home”) and will convert the 81 acquired Orscheln stores to Tractor Supply stores by the end of fiscal 2023. At April 1, 2023, the Company operated a total of 2,353 retail stores in 49 states (2,164 Tractor Supply and Orscheln retail stores and 189 Petsense by Tractor Supply retail stores) and also offered an expanded assortment of products through the Tractor Supply mobile application and online at [TractorSupply.com](#) and [Petsense.com](#).

Basis of Presentation

The accompanying interim unaudited Condensed Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) and the rules and regulations of the Securities and Exchange Commission (the “SEC”). Accordingly, they do not include all of the information and notes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These statements should be read in conjunction with our [Annual Report on Form 10-K](#) for the fiscal year ended December 31, 2022. The results of operations for our interim periods are not necessarily indicative of results for the full fiscal year.

Recently Adopted Accounting Pronouncements

In September 2022, the Financial Accounting Standard Board issued Accounting Standards Update (“ASU”) 2022-04, “Liabilities - Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations”. The ASU requires disclosure about an entity’s use of supplier finance programs, including the key terms of the program, amount of obligations outstanding at the end of the reporting period, and a rollforward of activity within the program during the period. The Company adopted this ASU in fiscal 2023, except for the disclosure of rollforward activity, which is effective on a prospective basis beginning in fiscal 2024.

Supplier Finance Program

The Company has an agreement with a third-party financial institution that allows certain participating suppliers the ability to finance payment obligations from the Company. The third-party financial institution has separate arrangements with the Company’s suppliers and provides them with the option to request early payment for invoices confirmed by the Company. The Company does not determine the terms or conditions of the arrangement between the third-party and its suppliers. The Company’s obligation to its suppliers, including amounts due and scheduled payment dates, are not impacted by the suppliers’ decisions to finance amounts under the arrangement. The Company’s outstanding payment obligations under the supplier finance program, which are included in accounts payable on the Company’s Consolidated Balance Sheets, were \$30.8 million, \$24.2 million, and \$32.2 million at April 1, 2023, December 31, 2022, and March 26, 2022, respectively.

Note 2 – Fair Value of Financial Instruments:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date. The Company uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1 - defined as observable inputs such as quoted prices in active markets;
- Level 2 - defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and
- Level 3 - defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The Company's financial instruments consist of cash and cash equivalents, short-term credit card receivables, trade payables, debt instruments, and interest rate swaps. Due to their short-term nature, the carrying values of cash and cash equivalents, short-term credit card receivables, and trade payables approximate current fair value at each balance sheet date.

As described in further detail in [Note 6](#) to the Condensed Consolidated Financial Statements, the Company had \$1.62 billion, \$1.18 billion and \$1.00 billion in borrowings under its debt facilities at April 1, 2023, December 31, 2022 and March 26, 2022, respectively. The fair value of the Company's \$150 million 3.70% Senior Notes due 2029 (the "3.70% Senior Notes") and the borrowings under the Company's revolving credit facility (the "Revolving Credit Facility") were determined based on market interest rates (Level 2 inputs). The carrying value of borrowings in the 3.70% Senior Notes and the Revolving Credit Facility approximate fair value for each period reported.

The fair value of the Company's \$650 million 1.75% Senior Notes due 2030 (the "1.75% Senior Notes") is determined based on quoted prices in active markets, which are considered Level 1 inputs. The carrying value and the fair value of the 1.75% Senior Notes, net of discounts, were as follows (in thousands):

	April 1, 2023		December 31, 2022		March 26, 2022	
	Carrying Value	Fair Value	Carrying Value	Fair Value	Carrying Value	Fair Value
1.75% Senior Notes	\$ 639,564	\$ 517,543	\$ 639,220	\$ 500,065	\$ 638,188	\$ 551,129

The Company's interest rate swap is carried at fair value, which is determined based on the present value of expected future cash flows using forward rate curves, which is considered a Level 2 input. In accordance with hedge accounting, the gains and losses on interest rate swaps that are designated and qualify as cash flow hedges are recorded as a component of Other Comprehensive Income, net of related income taxes, and reclassified into earnings in the same income statement line and period in which the hedged transactions affect earnings. The fair value of the interest rate swap, excluding accrued interest, was as follows (in thousands):

	Fair Value Measurements at		
	April 1, 2023	December 31, 2022	March 26, 2022
Interest rate swap assets (Level 2)	\$ 12,678	\$ 15,146	\$ 9,868

Note 3 – Share-Based Compensation:

Share-based compensation includes stock options, restricted stock units, performance-based restricted share units, and transactions under the Company's Employee Stock Purchase Plan (the "ESPP"). Share-based compensation expense is recognized based on grant date fair value of all stock options, restricted stock units, and performance-based restricted share units. Share-based compensation expense is also recognized for the value of the 15% discount on shares purchased by employees as a part of the ESPP. The discount under the ESPP represents the difference between the market value on the first day of the purchase period or the market value on the purchase date, whichever is lower, and the employee's purchase price.

There were no significant modifications to the Company's share-based compensation plans during the fiscal three months ended April 1, 2023.

Share-based compensation expense was \$14.5 million and \$12.3 million for the first quarter of fiscal 2023 and 2022, respectively.

Stock Options

The following table summarizes information concerning stock option grants during the first three months of fiscal 2023:

	Fiscal Three Months Ended	
	April 1, 2023	
Stock options granted		119,678
Weighted average exercise price	\$	232.73
Weighted average grant date fair value per option	\$	60.91

As of April 1, 2023, total unrecognized compensation expense related to non-vested stock options was approximately \$13.2 million with a remaining weighted average expense recognition period of 2.3 years.

Restricted Stock Units and Performance-Based Restricted Share Units

The following table summarizes information concerning restricted stock unit and performance-based restricted share unit grants during the first three months of fiscal 2023:

	Fiscal Three Months Ended	
	April 1, 2023	
Restricted Stock Unit Activity		
Awards granted		194,189
Weighted average grant date fair value per share	\$	224.69
Performance-Based Restricted Share Unit Activity		
Awards granted ^(a)		52,330
Weighted average grant date fair value per share - awards granted	\$	237.80
Performance adjustment ^(b)		50,411
Weighted average grant date fair value per share - performance adjustment	\$	85.82

(a) Assumes 100% target level achievement of the relative performance targets.

(b) Shares adjusted for performance-based restricted share unit awards settled during the first three months of fiscal 2023 based on actual achievement of performance targets

In the first three months of fiscal 2023, the Company granted performance-based restricted share unit awards that are subject to the achievement of specified performance goals. The performance metrics for the units are growth in net sales and growth in earnings per diluted share and also include a relative total shareholder return modifier. The number of performance-based restricted share units presented in the foregoing table represent the shares that can be achieved at the performance metric target value. The actual number of shares that will be issued under the performance-based restricted share unit awards, which may be higher or lower than the target, will be determined by the level of achievement of the performance goals and the relative total shareholder return modifier. If the performance targets are achieved, the units will be issued based on the achievement level, inclusive of the relative total shareholder return modifier, and the grant date fair value and will cliff vest in full on the third anniversary of the date of the grant, subject to continued employment.

As of April 1, 2023, total unrecognized compensation expense related to non-vested restricted stock units and non-vested performance-based restricted share units was approximately \$103.2 million with a remaining weighted average expense recognition period of 2.3 years.

Note 4 - Acquisition of Orscheln Farm and Home, LLC and Related Divestitures

On October 12, 2022, the Company completed its acquisition of Orscheln, which expands the Company's footprint in the Midwest part of the United States. Pursuant to the agreement governing the acquisition, the Company acquired 100% of the equity interest in Orscheln, inclusive of 166 Orscheln stores, the Orscheln corporate headquarters, and the Orscheln distribution

center, for an all-cash purchase price of \$397.7 million, exclusive of cash acquired. The acquisition was financed with cash-on-hand and Revolving Credit Facility borrowings under the 2022 Senior Credit Facility (as defined below).

In order to obtain regulatory approval for the Orscheln acquisition, the Federal Trade Commission required the Company to divest of 85 stores, which were sold to two buyers, Bomgaars Supply, Inc. (“Bomgaars”) (73 stores) and Buchheit Enterprises, Inc. (12 stores), on October 12, 2022, concurrently with the closing of the acquisition. Net proceeds from the store divestitures were \$69.4 million. In addition, the Company has agreed to sell the Orscheln corporate headquarters and distribution center to Bomgaars for \$10 million within 15 months after the closing of the acquisition.

The purchase consideration and preliminary estimated fair value of Orscheln’s net assets acquired on October 12, 2022 are shown below and remain subject to revisions as additional information is obtained about the facts and circumstances that existed at the valuation date. The assets and liabilities of the 85 divested stores, along with the Orscheln corporate headquarters and the Orscheln distribution center, are shown as held for sale in the fair value of assets acquired and liabilities assumed.

The resulting goodwill of \$197.7 million is deductible for income tax purposes and represents the expected synergies from combining the operations of Orscheln with Tractor Supply stores and the expanded footprint that Orscheln brings in the Midwest part of the United States.

Note 5 – Net Income Per Share:

The Company presents both basic and diluted net income per share on the Condensed Consolidated Statements of Income. Basic net income per share is calculated by dividing net income by the weighted average number of shares outstanding during the period. Diluted net income per share is calculated by dividing net income by the weighted average diluted shares outstanding during the period. Dilutive shares are computed using the treasury stock method for share-based awards. Performance-based restricted share units are included in diluted shares only if the related performance conditions are considered satisfied as of the end of the reporting period. Net income per share is calculated as follows (in thousands, except per share amounts):

	Fiscal Three Months Ended					
	April 1, 2023			March 26, 2022		
	Income	Shares	Per Share Amount	Income	Shares	Per Share Amount
Basic net income per share:	\$ 183,088	110,045	\$ 1.66	\$ 187,227	112,531	\$ 1.66
Dilutive effect of share-based awards	—	736	(0.01)	—	973	(0.01)
Diluted net income per share:	\$ 183,088	110,781	\$ 1.65	\$ 187,227	113,504	\$ 1.65

Anti-dilutive stock awards excluded from the above calculations totaled approximately 0.2 million shares for fiscal three months ended April 1, 2023 and less than 0.1 million shares for the fiscal three months ended March 26, 2022.

Note 6 – Debt:

The following table summarizes the Company's outstanding debt as of the dates indicated (in millions):

(a) Also referred to herein as the "Note Purchase Facility," referring to the Note Purchase and Private Shelf Agreement dated as of August 14, 2017 by and among the Company, PGIM, Inc. and the noteholders party thereto, as amended through November 2, 2022, under which the notes were purchased.

(b) Outstanding balances as of April 1, 2023 and December 31, 2022 represent amounts drawn under the credit facility (the "2022 Senior Credit Facility") entered into on September 30, 2022.

Borrowings under the Company's Revolving Credit Facility bore interest either at the bank's base rate (8.000% at April 1, 2023) plus an additional amount ranging from 0.000% to 0.250% (0.000% at April 1, 2023) or at adjusted Secured Overnight Financing Rate (4.802% at April 1, 2023) plus an additional amount ranging from 0.750% to 1.250% (1.000% at April 1, 2023), adjusted based on the Company's public credit ratings. The Company was also required to pay, quarterly in arrears, a commitment fee related to unused capacity on the Revolving Credit Facility ranging from 0.080% to 0.150% per annum (0.100% at April 1, 2023), adjusted based on the Company's public credit ratings.

The Company has entered into an interest rate swap agreement in order to hedge its exposure to variable rate interest payments associated with its debt. The interest rate swap agreement will mature on March 18, 2025, and the notional amount of the agreement is fixed at \$200.0 million.

Covenants and Default Provisions of the Debt Agreements

As of April 1, 2023, the 2022 Senior Credit Facility and the Note Purchase Facility (collectively, the “Debt Agreements”) required quarterly compliance with respect to two material covenants: a fixed charge coverage ratio and a leverage ratio. Both ratios are calculated on a trailing twelve-month basis at the end of each fiscal quarter. The fixed charge coverage ratio compares earnings before interest, taxes, depreciation, amortization, share-based compensation, and rent expense (“consolidated EBITDAR”) to the sum of interest paid and rental expense (excluding any straight-line rent adjustments). The fixed charge coverage ratio was required to be greater than or equal to 2.00 to 1.00 as of the last day of each fiscal quarter. The leverage ratio compares total funded debt to consolidated EBITDAR. The leverage ratio was required to be less than or equal to 4.00 to 1.00 as of the last day of each fiscal quarter. The Debt Agreements also contain certain other restrictions regarding additional subsidiary indebtedness, business operations, subsidiary guarantees, mergers, consolidations and sales of assets, transactions with subsidiaries or affiliates, and liens. As of April 1, 2023, the Company was in compliance with all debt covenants.

The Debt Agreements contain customary events of default, including payment defaults, breaches of representations and warranties, covenant defaults, cross-defaults to other material indebtedness, certain events of bankruptcy and insolvency, material judgments, certain ERISA events, and invalidity of loan documents. Upon certain changes of control, amounts outstanding under the Debt Agreements could become due and payable. In addition, under the Note Purchase Facility, upon an event of default or change of control, a whole payment may become due and payable.

The Note Purchase Facility also requires that, in the event the Company amends its 2022 Senior Credit Facility, or any subsequent credit facility of \$100 million or greater, such that it contains covenant or default provisions that are not provided in the Note Purchase Facility or that are similar to those contained in the Note Purchase Facility but which contain percentages, amounts, formulas, or grace periods that are more restrictive than those set forth in the Note Purchase Facility or are otherwise more beneficial to the lenders thereunder, the Note Purchase Facility shall be automatically amended to include such additional or amended covenants and/or default provisions.

Note 7 – Capital Stock and Dividends:Capital Stock

The authorized capital stock of the Company consists of common stock and preferred stock. The Company is authorized to issue 400 million shares of common stock. The Company is also authorized to issue 40 thousand shares of preferred stock, with such designations, rights and preferences as may be determined from time to time by the Company's Board of Directors.

Dividends

During the first three months of fiscal 2023 and fiscal 2022, the Company's Board of Directors declared the following cash dividends:

Date Declared	Dividend Amount Per Share of Common Stock	Record Date	Date Paid
February 8, 2023	\$ 1.03	February 27, 2023	March 14, 2023
January 26, 2022	\$ 0.92	February 21, 2022	March 8, 2022

It is the present intention of the Company's Board of Directors to continue to pay a quarterly cash dividend; however, the declaration and payment of future dividends will be determined by the Company's Board of Directors in its sole discretion and will depend upon the earnings, financial condition, and capital needs of the Company, along with any other factors that the Company's Board of Directors deem relevant.

Note 8 – Treasury Stock:

The Company's Board of Directors has authorized common stock repurchases under a share repurchase program which was announced in February 2007. The total authorized amount of the program, which has been increased from time to time, is currently \$6.50 billion, exclusive of any fees, commissions, or other expenses related to such repurchases. The share repurchase program does not have an expiration date. The repurchases may be made from time to time on the open market or in privately negotiated transactions. The timing and amount of any shares repurchased under the program will depend on a variety of factors, including price, corporate and regulatory requirements, capital availability, and other market conditions. Repurchased shares are accounted for at cost and will be held in treasury for future issuance. The program may be limited, temporarily paused, or terminated at any time without prior notice. As of April 1, 2023, the Company had remaining authorization under the share repurchase program of \$1.45 billion, exclusive of any fees, commissions, or other expenses.

The following table provides the number of shares repurchased, average price paid per share, and total amount paid for share repurchases during the fiscal three months ended April 1, 2023 and March 26, 2022, respectively (in thousands, except per share amounts):

	Fiscal Three Months Ended	
	April 1, 2023	March 26, 2022
Total number of shares repurchased	866	1,358
Average price paid per share	\$ 227.67	\$ 218.07
Total cost of share repurchases	\$ 197,168	\$ 296,180

Note 9 – Income Taxes:

The Company's effective income tax rate was 21.0% in the first quarter of fiscal 2023 compared to 21.1% in the first quarter of fiscal 2022. The decrease in the effective income tax rate in the first quarter of fiscal 2023 compared to the first quarter of fiscal 2022 was driven primarily by a decrease in state income taxes.

Note 10 – Commitments and Contingencies:Construction and Real Estate Commitments

As of April 1, 2023, the Company had contractual commitments of approximately \$53.0 million related to the construction and onboarding of new distribution centers.

Letters of Credit

At April 1, 2023, the Company had \$58.4 million in outstanding letters of credit under the 2022 Senior Credit Facility.

Litigation

In March 2023, U.S. Customs and Border Protection ("U.S. Customs") sent the Company a notice that proposed to classify certain of our imports from China as subject to anti-dumping and countervailing ("AD/CV") duties. We have responded to U.S. Customs outlining the reasons for our position that these imports are not subject to AD/CV duties. The Company currently expects this matter will be resolved without material adverse effect on its consolidated financial position, results of operations or cash flows. However, this matter is subject to inherent uncertainties and management's view of this matter may change in the future.

The Company is involved in various litigation matters arising in the ordinary course of business. The Company believes that, based upon information currently available, any estimated loss related to such matters has been adequately provided for in accrued liabilities to the extent probable and reasonably estimable. Accordingly, the Company currently expects these matters will be resolved without material adverse effect on its consolidated financial position, results of operations, or cash flows. However, litigation and other legal matters involve an element of uncertainty. Future developments in such matters, including adverse decisions or settlements or resulting required changes to the Company's business operations, could affect our consolidated operating results when resolved in future periods or could result in liability or other amounts material to the Company's Condensed Consolidated Financial Statements.

Note 11 – Segment Reporting:

The Company has one reportable segment which is the retail sale of products that support the rural lifestyle. The following table indicates the percentage of net sales represented by each of our major product categories during the fiscal three months ended April 1, 2023 and March 26, 2022:

Product Category	Fiscal Three Months Ended

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

General

The following discussion and analysis should be read in conjunction with our [Annual Report on Form 10-K](#) for the fiscal year ended December 31, 2022 (the "2022 Form 10-K") and subsequent Quarterly reports on Form 10-Q. This Quarterly Report on Form 10-Q contains forward-looking statements and information. The forward-looking statements included herein are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 (the "PSLRA"). All statements, other than statements of historical facts, which address activities, events, or developments that we expect or anticipate will or may occur in the future, including sales and earnings growth, new store growth, estimated results of operations in future periods (including, but not limited to, sales, comparable store sales, operating margins, net income, and earnings per diluted share), the declaration and payment of dividends, the timing and amount of share repurchases, future capital expenditures (including their amount and nature), and acquisitions, business strategy, strategic initiatives, expansion and growth of our business operations, and other such matters are forward-looking statements. Forward-looking statements are usually identified by or are associated with such words as "will," "intend," "expect," "believe," "anticipate," "optimistic," "forecasted" and similar terminology. These forward-looking statements may be affected by certain risks and uncertainties, any one, or a combination of which, could materially affect the results of our operations. To take advantage of the safe harbor provided by the PSLRA, we have identified certain factors, in Item 1A. "Risk Factors" in our [2022 Form 10-K](#), which may cause actual results to differ materially from those expressed in any forward-looking statements. These "Risk Factors" may be updated from time to time in our quarterly reports on Form 10-Q or other subsequent filings with the SEC.

Forward-looking statements made by or on behalf of the Company are based on our knowledge of our business and the environment in which we operate, but because of the factors listed above or other factors, actual results could differ materially from those reflected by any forward-looking statements. Consequently, all of the forward-looking statements made are qualified by these cautionary statements and those contained in the Company's [2022 Form 10-K](#) and other filings with the Securities and Exchange Commission (the "SEC"). There can be no assurance that the actual results or developments anticipated by the Company will be realized or, even if substantially realized, that they will have the expected consequences to or effects on the Company or our business and operations. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. We do not undertake any obligation to release publicly any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events, except as required by law.

Seasonality and Weather

Our business is seasonal. Historically, our sales and profits are the highest in the second and fourth fiscal quarters due to the sale of seasonal products. We usually experience our highest inventory and accounts payable balances during our first fiscal quarter for purchases of seasonal products to support the higher sales volume of the spring selling season, and again during our third fiscal quarter to support the higher sales volume of the cold weather selling season. We believe that our business can be more accurately assessed by focusing on the performance of the halves, not the quarters, due to the fact that different weather patterns from year-to-year can shift the timing of sales and profits between quarters, particularly between the first and second fiscal quarters and the third and fourth fiscal quarters.

Historically, weather conditions, including unseasonably warm weather in the fall and winter months and unseasonably cool weather in the spring and summer months, have unfavorably affected the timing and volume of our sales and results of operations. In addition, extreme weather conditions, including snow and ice storms, flood and wind damage, hurricanes, tornadoes, extreme rain, and droughts have impacted operating results both negatively and positively, depending on the severity and length of these conditions. Our strategy is to manage product flow and adjust merchandise assortments and depth of inventory to capitalize on seasonal demand trends.

Performance Metrics

Comparable Store Metrics

Comparable store metrics are a key performance indicator used in the retail industry and by the Company to measure the performance of the underlying business. Our comparable store metrics are calculated on an annual basis using sales generated from all stores open at least one year and all online sales and exclude certain adjustments to net sales. Stores closed during either of the years being compared are removed from our comparable store metrics calculations. Stores relocated during either of the years being compared are not removed from our comparable store metrics calculations. If the effect of relocated stores on our comparable store metrics calculations became material, we would remove relocated stores from the calculations. Fiscal 2023 includes 52 weeks and fiscal 2022 includes 53 weeks. For our calculation of comparable store sales in fiscal 2023, we will compare weeks 1 through 52 in fiscal 2023 against weeks 2 through 53 in fiscal 2022. Comparable store sales is intended only as supplemental information and is not a substitute for net sales presented in accordance with U.S. GAAP.

Transaction Count and Transaction Value

Transaction count and transaction value metrics are used by the Company to measure sales performance. Transaction count represents the number of customer transactions during a given period. Transaction value represents the average amount paid per transaction and is calculated as net sales divided by the total number of customer transactions during a given period.

Results of Operations

Fiscal Three Months (First Quarter) Ended April 1, 2023 and March 26, 2022

Net sales for the first quarter of fiscal 2023 increased 9.1% to \$3.30 billion from \$3.02 billion for the first quarter of fiscal 2022. The increase in net sales was driven by positive sales contributions from the acquisition of Orscheln Farm and Home, new store openings and growth in comparable store sales. Comparable store sales for the first quarter of fiscal 2023 increased 2.1%. In the first quarter of fiscal 2022, net sales increased 8.3% and comparable store sales increased 5.2%.

The comparable store sales results for the first quarter of fiscal 2023 included an increase in comparable average transaction value of 2.8% and a decrease in comparable average transaction count of 0.7%. Comparable store sales growth reflects continued strength in core year-round merchandise, including consumable, usable and edible (“C.U.E.”) products, offset by declines for seasonal goods. The strongest regions for comparable store sales growth were the South Atlantic, Texas/Oklahoma and Far West where there was less negative impact from seasonal shifts. The strength of these regions was offset by pressure in the Northeast and Midwest regions due to a mild January combined with a delay in the start to the spring selling season.

In addition to comparable store sales growth for the first quarter of fiscal 2023, sales from stores open less than one year, including stores from the Orscheln acquisition, were \$140.5 million for the first quarter of fiscal 2023, which represented 4.6 percentage points of the 9.1% increase over first quarter fiscal 2022 net sales. For the first quarter of fiscal 2022, sales from stores open less than one year were \$77.8 million, which represented 2.8 percentage points of the 8.3% increase over first quarter fiscal 2021 net sales.

The following table summarizes store growth for the fiscal three months ended April 1, 2023 and March 26, 2022:

	Fiscal Three Months Ended	
	April 1, 2023	March 26, 2022

The following table indicates the percentage of net sales represented by each of our major product categories for the fiscal three months ended April 1, 2023 and March 26, 2022:

	Percent of Net Sales	
	Fiscal Three Months Ended	
Product Category:	April 1, 2023	March 26, 2022

Hardware, Tools and Truck	17	19
Seasonal, Gift and Toy Products	17	17
Clothing and Footwear	6	8
Agriculture	3	3
Total	100 %	100 %

Gross profit increased 10.7% to \$1.17 billion for the first quarter of fiscal 2023 from \$1.06 billion for the first quarter of fiscal 2022. As a percent of net sales, gross margin in the first quarter of fiscal 2023 increased 52 basis points to 35.5% from 34.9% in the first quarter of fiscal 2022. The gross margin rate increase was primarily attributable to the Company's consistent execution of an everyday low price strategy, lower transportation costs and other margin-driving initiatives that were able to more than offset the impact from product cost inflation pressures and product mix from the robust growth of C.U.E. products.

Selling, general and administrative ("SG&A") expenses, including depreciation and amortization, increased 13.9% to \$925.5 million for the first quarter of fiscal 2023 from \$812.2 million for the first quarter of fiscal 2022. As a percent of net sales, SG&A expenses increased 119 basis points to 28.1% from 26.9% in the first quarter of fiscal 2022. The increase in SG&A as a percent of net sales was primarily attributable to deleverage given the moderate comparable store sales growth, as well as growth in depreciation and amortization, the onboarding of a new distribution center and the impact of the Orscheln Farm and Home acquisition.

Operating income for the first quarter of fiscal 2023 of \$244.4 million was effectively flat compared to \$244.3 million in the first quarter of fiscal 2022.

The effective income tax rate was 21.0% in the first quarter of fiscal 2023 compared to 21.1% in the first quarter of fiscal 2022. The decrease in the effective income tax rate in the first quarter of fiscal 2023 compared to the first quarter of fiscal 2022 was driven primarily by a decrease in state income taxes.

Net income for the first quarter of fiscal 2023 decreased 2.2% to \$183.1 million, or \$1.65 per diluted share, as compared to net income of \$187.2 million, or \$1.65 per diluted share, for the first quarter of fiscal 2022.

During the first quarter of fiscal 2023, we repurchased approximately 0.9 million shares of the Company's common stock at a total cost of \$197.2 million as part of our share repurchase program and paid quarterly cash dividends totaling \$113.4 million, returning \$310.6 million to our stockholders.

Liquidity and Capital Resources

In addition to normal operating expenses, our primary ongoing cash requirements are for new store expansion, existing store remodeling and improvements, store relocations, distribution facility capacity and improvements, information technology, inventory purchases, repayment of existing borrowings under our debt facilities, share repurchases, cash dividends, and selective acquisitions as opportunities arise.

Our primary ongoing sources of liquidity are existing cash balances, cash provided from operations, remaining funds available under our debt facilities, operating and finance leases, and normal trade credit. Our inventory and accounts payable levels typically build in the first and third fiscal quarters to support the higher sales volume of the spring and cold-weather selling seasons, respectively.

We believe that our existing cash balances, expected cash flow from future operations, funds available under our debt facilities, operating and finance leases, normal trade credit, and access to the long-term debt capital markets will be sufficient to fund our operations and our capital expenditure needs, including new store openings, existing store remodeling and improvements, store relocations, distribution facility capacity and improvements, and information technology improvements, for the foreseeable future.

Working Capital

At April 1, 2023, the Company had working capital of \$1.11 billion, which increased \$327.8 million from December 31, 2022, and increased \$140.7 million from March 26, 2022. The shifts in working capital were attributable to changes in the following components of current assets and current liabilities (in millions):

	April 1, 2023	December 31, 2022	Variance	March 26, 2022	Variance
Current assets:					
Cash and cash equivalents	\$ 190.1	\$ 202.5	\$ (12.4)	\$ 405.4	\$ (215.3)
Inventories	3,030.7	2,709.6	321.1	2,568.2	462.5
Prepaid expenses and other current assets	235.5	245.7	(10.2)	185.6	49.9
Income taxes receivable	2.6	—	2.6	9.0	(6.4)
Total current assets	\$ 3,458.9	\$ 3,157.8	\$ 301.1	\$ 3,168.2	\$ 290.7
Current liabilities:					
Accounts payable	\$ 1,526.5	\$ 1,398.3	\$ 128.2	\$ 1,341.6	\$ 184.9
Accrued employee compensation	21.5	120.3	(98.8)	49.1	(27.6)
Other accrued expenses	472.7	498.6	(25.9)	445.1	27.6
Current portion of finance lease liabilities	2.8	3.2	(0.4)	4.0	(1.2)
Current portion of operating lease liabilities	313.8	346.4	(32.6)	359.8	(46.0)
Income taxes payable	12.3	9.5	2.8	—	12.3
Total current liabilities	\$ 2,349.7	\$ 2,376.2	\$ (26.7)	\$ 2,199.6	\$ 150.0
Working capital	\$ 1,109.2	\$ 781.6	\$ 327.8	\$ 968.6	\$ 140.7

Note: Amounts may not sum to totals due to rounding.

In comparison to December 31, 2022, working capital as of April 1, 2023 was impacted most significantly by changes in inventories, accounts payable and accrued employee compensation.

- The increase in inventories and accounts payable resulted primarily from the purchase of additional inventory as part of the normal seasonal patterns to support the spring selling season, product cost inflation, and the purchase of additional inventory to support new store growth. The growth in inventories was higher than the growth in accounts payable primarily due to a decrease in inventory turns. We usually experience our highest inventory and accounts payable

balances during our first fiscal quarter for purchases of seasonal products to support the higher sales volume of the spring selling season, and again during our third fiscal quarter to support the higher sales volume of the cold weather selling season.

- The decrease in accrued employee compensation was primarily due to the timing of payments and accruals.

In comparison to March 26, 2022, working capital as of April 1, 2023 was impacted most significantly by changes in cash and cash equivalents, inventories and accounts payable.

- The decrease in cash and cash equivalents was primarily driven by uses of cash for capital expenditures to support strategic growth, share repurchases, dividends paid to stockholders, and the acquisition of Orscheln Farm and Home, partially offset by positive cash flow generated from operations and net borrowings from the Revolving Credit Facility.
- The increase in inventories and accounts payable resulted from an increase in average inventory per store driven by our commitment to support our continued sales growth trends, combined with the product cost inflation and, to a lesser extent, lower inventory turns year-over-year. Additionally, overall inventory and accounts payable levels increased from the acquisition of Orscheln and the purchase of additional inventory to support new store growth.

Operating Activities

Operating activities provided net cash of \$19.6 million and \$59.1 million in the first three months of fiscal 2023 and fiscal 2022, respectively. The \$39.5 million decrease in net cash provided by operating activities in the first three months of fiscal 2023 compared to the first three months of fiscal 2022 is due to changes in the following operating activities (in millions):

	Fiscal Three Months Ended		
	April 1, 2023	March 26, 2022	Variance
Net income	\$ 183.1	\$ 187.2	\$ (4.1)
Depreciation and amortization	97.2	77.6	19.6
Share-based compensation expense	14.5	12.3	2.2
Deferred income taxes	45.7	39.9	5.8
Inventories and accounts payable	(192.9)	(191.0)	(1.9)
Prepaid expenses and other current assets	10.2	(21.5)	31.7
Accrued expenses	(138.0)	(89.0)	(49.0)
Income taxes	0.2	8.1	(7.9)
Other, net	(0.4)	35.5	(35.9)
Net cash provided by operating activities	\$ 19.6	\$ 59.1	\$ (39.5)

Note: Amounts may not sum to totals due to rounding.

The \$39.5 million decrease in net cash provided by operating activities in the first three months of fiscal 2023 compared to the first three months of fiscal 2022 primarily resulted from the timing of payments and accrued expenses.

Investing Activities

Investing activities used net cash of \$157.7 million and \$112.3 million in the first three months of fiscal 2023 and fiscal 2022, respectively. The \$45.4 million increase in net cash used in investing activities primarily reflects an increase in capital expenditures, primarily related to new store openings and store remodels, in the first three months of fiscal 2023 compared to fiscal 2022.

Investing activities, including capital expenditures, for the first three months of fiscal 2023 and fiscal 2022 were as follows (in millions):

	Fiscal Three Months Ended		
	April 1, 2023	March 26, 2022	Variance
Existing stores	\$ (83.0)	\$ (66.0)	\$ (17.0)
New and relocated stores and stores not yet opened	(33.2)	(12.5)	(20.7)
Information technology	(21.9)	(18.4)	(3.5)
Distribution center capacity and improvements	(19.6)	(13.8)	(5.8)
Corporate and other	(0.2)	(1.7)	1.5
Total capital expenditures	(157.9)	(112.4)	(45.5)
Proceeds from sale of property and equipment	0.3	0.1	0.2
Net cash used in investing activities	\$ (157.7)	\$ (112.3)	\$ (45.4)

Note: Amounts may not sum to totals due to rounding.

The increase in spending for existing stores in the first three months of fiscal 2023 as compared to the first three months of fiscal 2022 primarily reflects our strategic initiatives related to store remodels, including internal space productivity and the outside garden center transformations. Spending in the first three months of both fiscal 2023 and fiscal 2022 also includes routine refresh activity, as well as security enhancements.

In the first three months of fiscal 2023, the Company opened 17 new Tractor Supply stores compared to no new Tractor Supply stores during the first three months of fiscal 2022. The Company also opened three new Petsense by Tractor Supply stores during the first three months of fiscal 2023 compared to one store during the first three months of fiscal 2022.

Expenditures for information technology represent continued support for improvements in mobility in our stores, our omni-channel initiatives, increased security and compliance, and other strategic initiatives.

The increase in spending for distribution center capacity and improvements in the first three months of fiscal 2023 as compared to the first three months of fiscal 2022 is primarily related to the onboarding of the new distribution center in Navarre, Ohio and the construction of the new distribution center in Maumelle, Arkansas.

Our projected capital expenditures for fiscal 2023 are currently estimated to be in a range of \$700 million to \$775 million. The capital expenditures include plans to open a total of approximately 70 new Tractor Supply stores, complete the Orscheln conversions to Tractor Supply, continue the Project Fusion remodels and garden center transformations, and open a total of 10 to 15 new Petsense by Tractor Supply stores.

Financing Activities

Financing activities provided net cash of \$125.7 million in the first three months of fiscal 2023 compared to using net cash of \$419.4 million in the first three months of fiscal 2022. The \$545.1 million change in net cash provided by financing activities in the first three months of fiscal 2023 compared to the first three months of fiscal 2022 is due to changes in the following (in millions):

	Fiscal Three Months Ended		
	April 1, 2023	March 26, 2022	Variance
Net borrowings and repayments under debt facilities	\$ 437.0	\$ —	\$ 437.0
Repurchase of common stock	(183.2)	(296.2)	113.0
Cash dividends paid to stockholders	(113.4)	(103.5)	(9.9)
Net proceeds from issuance of common stock	8.6	7.9	0.7
Other, net	(23.3)	(27.6)	4.3
Net cash provided by/(used in) financing activities	\$ 125.7	\$ (419.4)	\$ 545.1

Note: Amounts may not sum to totals due to rounding.

The \$545.1 million change in net cash provided by financing activities in the first three months of fiscal 2023 compared to the first three months of fiscal 2022 is primarily due to net borrowings under the debt facilities and a decrease in the repurchase of common stock, partially offset by an increase in cash dividends paid to stockholders.

Dividends

During the first three months of fiscal 2023 and fiscal 2022, the Company's Board of Directors declared the following cash dividends:

Date Declared	Dividend Amount Per Share of Common Stock	Record Date	Date Paid
February 8, 2023	\$ 1.03	February 27, 2023	March 14, 2023
January 26, 2022	\$ 0.92	February 21, 2022	March 8, 2022

It is the present intention of the Company's Board of Directors to continue to pay a quarterly cash dividend; however, the declaration and payment of future dividends will be determined by the Company's Board of Directors in its sole discretion and will depend upon the earnings, financial condition, and capital needs of the Company, along with any other factors that the Company's Board of Directors deem relevant.

Share Repurchase Program

The Company's Board of Directors has authorized common stock repurchases under a share repurchase program which was announced in February 2007. The total authorized amount of the program, which has been increased from time to time, is currently \$6.50 billion, exclusive of any fees, commissions, or other expenses related to such repurchases. The share repurchase program does not have an expiration date. The repurchases may be made from time to time on the open market or in privately negotiated transactions. The timing and amount of any shares repurchased under the program will depend on a variety of factors, including price, corporate and regulatory requirements, capital availability, and other market conditions. Repurchased shares are accounted for at cost and will be held in treasury for future issuance. The program may be limited, temporarily paused, or terminated at any time without prior notice. As of April 1, 2023, the Company had remaining authorization under the share repurchase program of \$1.45 billion, exclusive of any fees, commissions, or other expenses.

The following table provides the number of shares repurchased, average price paid per share, and total amount paid for share repurchases during the fiscal three months ended April 1, 2023 and March 26, 2022 (in thousands, except per share amounts):

	Fiscal Three Months Ended	
	April 1, 2023	March 26, 2022
Total number of shares repurchased	866	1,358
Average price paid per share	\$ 227.67	\$ 218.07
Total cost of share repurchases	\$ 197,168	\$ 296,180

Significant Contractual Obligations and Commercial Commitments

For a description of the Company's significant contractual obligations and commercial commitments, refer to Note 12 to the Consolidated Financial Statements included under Part II, Item 8 in our [2022 Form 10-K](#) for the fiscal year ended December 31, 2022. As of April 1, 2023, the Company had contractual commitments of approximately \$53.0 million related to the construction and onboarding of new distribution centers. As of April 1, 2023, there has been no other material change in the information disclosed in the [2022 Form 10-K](#) for the fiscal year ended December 31, 2022.

Significant Accounting Policies and Estimates

Management's discussion and analysis of the Company's financial position and results of operations are based upon its Condensed Consolidated Financial Statements, which have been prepared in accordance with U.S. GAAP. The preparation of these financial statements requires management to make informed estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. The Company's significant accounting policies, including areas of critical management judgments and estimates, have primary impact on the following financial statement areas:

- Inventory valuation
- Self-insurance reserves
- Impairment of long-lived assets
- Impairment of goodwill and other indefinite-lived intangible assets

See Note 1 to the Consolidated Financial Statements in our [2022 Form 10-K](#), for a discussion of the Company's critical accounting policies. The Company's financial position and/or results of operations may be materially different when reported under different conditions or when using different assumptions in the application of such policies. In the event estimates or assumptions prove to be different from actual amounts, adjustments are made in subsequent periods to reflect more current information. There have been no changes to our significant accounting policies and estimates as previously disclosed in our [2022 Form 10-K](#).

New Accounting Pronouncements

For recently adopted accounting pronouncements and recently issued accounting pronouncements not yet adopted as of April 1, 2023, refer to [Note 1](#) to the Condensed Consolidated Financial Statements included under Part I, Item 1 of this Quarterly Report on Form 10-Q.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

For a description of the Company's quantitative and qualitative disclosures about market risks, see Part II, Item 7A. "Quantitative and Qualitative Disclosures About Market Risk" included in our [2022 Form 10-K](#) for the fiscal year ended December 31, 2022. As of April 1, 2023, there has been no material change in this information.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

Our management carried out an evaluation required by the Securities Exchange Act of 1934, as amended (the "1934 Act"), under the supervision and with the participation of our principal executive officer and principal financial officer, of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) under the 1934 Act) as of April 1, 2023. Based on this evaluation, our principal executive officer and principal financial officer concluded that, as of April 1, 2023, our disclosure controls and procedures were effective.

Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during our last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION**Item 1. Legal Proceedings**

For a description of the Company's legal proceedings, refer to [Note 10](#) to the Condensed Consolidated Financial Statements included under Part I, Item 1 of this Quarterly Report on Form 10-Q.

Item 1A. Risk Factors

The risk factors described in Part I, Item 1A "Risk Factors" in our [2022 Form 10-K](#) should be carefully considered, together with the other information contained or incorporated by reference in this Quarterly Report on Form 10-Q and in our other filings with the SEC, in connection with evaluating the Company, our business, and the forward-looking statements contained in this Quarterly Report on Form 10-Q. There have been no material changes to our risk factors as previously disclosed in our [2022 Form 10-K](#). Other risks that we do not presently know about or that we presently believe are not material could also adversely affect us.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**Issuer Purchases of Equity Securities**

Share repurchases were made pursuant to the share repurchase program, which is described under Part I, Item 2. "Management's Discussion and Analysis of Financial Condition and Results of Operations" of this Quarterly Report on Form 10-Q. Additionally, the Company withholds shares from vested restricted stock units and performance-based restricted share units to satisfy employees' minimum statutory tax withholding requirements. Stock repurchase activity during the first quarter of fiscal 2023 was as follows:

Period		Total Number of Shares Purchased	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Dollar Value of Shares That May Yet Be Purchased Under the Plans or Programs
January 01, 2023 - January 28, 2023	(a)	199,000	\$ 217.44	199,000	\$ 1,601,744,695
January 29, 2023 - February 25, 2023	(a)	337,557	231.28	243,549	1,545,268,427
February 26, 2023 - April 01, 2023	(a)	423,724	230.04	423,486	1,447,856,988
Total		960,281	\$ 227.86	866,035	\$ 1,447,856,988

(a) The number of shares purchased and average price paid per share includes zero, 94,008, and 238 shares withheld from vested stock awards to satisfy employees' minimum statutory tax withholding requirements for the period of January 01, 2023 - January 28, 2023, January 29, 2023 - February 25, 2023, and February 26, 2023 - April 01, 2023, respectively.

We expect to implement the balance of the share repurchase program through purchases made from time to time either in the open market or through private transactions, in accordance with regulations of the SEC and other applicable legal requirements. The timing and amount of any common stock repurchased under the program will depend on a variety of factors including price, corporate and regulatory requirements, capital availability, and other market conditions. Any additional share repurchase programs will be subject to the discretion of our Board of Directors and will depend upon earnings, financial condition, and capital needs of the Company, along with any other factors which the Board of Directors deem relevant. The program may be limited, temporarily paused, or terminated at any time, without prior notice.
