Part of doing the right thing and being true to our values is ensuring that our partners have ethical practices. Pennymac requires that all vendors comply with applicable laws and regulations in their respective jurisdiction of operation. Although laws may vary by region, Pennymac expects all vendors to abide to the standards outlined in the Pennymac Statement of Vendor Ethics. This Statement of Vendor Ethics outlines the ethics standards that hold our vendors accountable, and that ensures that our business partnerships create a positive impact in the communities we serve together.
