SUPPLEMENTAL INFORMATION

UNAUDITED THIRD QUARTER 2025

Forward-Looking Statements

This supplemental information package contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. STAG Industrial, Inc. (STAG) intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and includes this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe STAG’s future plans, strategies and expectations, are generally identifiable by use of the words “believe,” “will,” “expect,” “intend,” “anticipate,” “estimate,” “should”, “project” or similar expressions. You should not rely on forward-looking statements since they involve known and unknown risks, uncertainties and other factors that are, in some cases, beyond STAG’s control and which could materially affect actual results, performances or achievements. Factors that may cause actual results to differ materially from current expectations include, but are not limited to, the risk factors discussed in STAG’s most recent Annual Report on Form 10-K for the year ended December 31, 2024, as updated by the Company’s subsequent reports filed with the Securities and Exchange Commission. Accordingly, there is no assurance that STAG’s expectations will be realized. Except as otherwise required by the federal securities laws, STAG disclaims any obligation or undertaking to publicly release any updates or revisions to any forward-looking statement contained herein (or elsewhere) to reflect any change in STAG’s expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

Defined Terms, Including Non-GAAP Measurements

Please refer to the Definitions section near the end of these materials for definitions of capitalized terms used herein, including, among others, Annualized Base Rental Revenue, Capitalization Rate and Retention, as well as non-GAAP financial measures, such as Adjusted EBITDAre, Cash NOI, and Core FFO. These materials provide reconciliations of non-GAAP financial measures to net income (loss) in accordance with GAAP. None of the non-GAAP financial measures is intended as an alternative to net income (loss) in accordance with GAAP as a measure of the Company’s financial performance.

(1) The interest rate on the unsecured facilities represents the interest rate as of September 30, 2025, based on the Company's investment grade rating as defined in the respective loan agreements. Unsecured term loans A, G, H and I have a stated interest rate of one-month term SOFR plus a spread of 0.85%. Unsecured term loan F has a stated interest rate of daily SOFR plus a spread of 0.85%. As of September 30, 2025, one-month term SOFR for the unsecured term loans A, G, H, and I was swapped to a fixed rate of 1.31%, 0.95%, 2.50%, and 2.66%, respectively. As of September 30, 2025, daily SOFR for the unsecured term loan F was swapped to a fixed rate of 3.98%. Daily SOFR for the unsecured term loan G will be swapped to a fixed rate of 3.09% effective February 5, 2026. The current interest rates presented in the table above are not adjusted to include the amortization of deferred financing fees or debt issuance costs incurred in obtaining debt or the unamortized fair market value premiums or discounts.

(2) The unsecured credit facility has a stated rate of one-month Term SOFR plus a spread of 0.775%. The maturity date for the unsecured credit facility is September 8, 2028, or such later date as may be extended pursuant to two six-month extension options exercisable by the Company in its discretion upon advance written notice. Exercise of each six-month option is subject to the following conditions: (i) absence of a default immediately before the extension and immediately after giving effect to the extension, (ii) accuracy of representations and warranties as of the extension date (both immediately before and after the extension), as if made on the extension date, and (iii) payment of a fee. Neither extension option is subject to lender consent, assuming proper notice and satisfaction of the conditions.

(3) The maturity date for the unsecured term loan F is March 25, 2027, or such later date as may be extended pursuant to two one-year extension options exercisable by the Company in its discretion upon advance written notice. Exercise of each one-year option is subject to the following conditions: (i) absence of a default immediately before the extension and immediately after giving effect to the extension, (ii) accuracy of representations and warranties as of the extension date (both immediately before and after the extension), as if made on the extension date, and (iii) payment of a fee. Neither extension option is subject to lender consent, assuming proper notice and satisfaction of the conditions.

(4) The maturity date for the unsecured term loan G is March 15, 2030, or such later date as may be extended pursuant to one one-year extension option exercisable by the Company in its discretion upon advance written notice. Exercise of the one-year extension option is subject to the following conditions: (i) absence of a default immediately before the extension and immediately after giving effect to the extension, (ii) accuracy of representations and warranties as of the extension date (both immediately before and after the extension), as if made on the extension date, and (iii) payment of a fee. The extension option is not subject to lender consent, assuming proper notice and satisfaction of the conditions.

DEBT MATURITY SCHEDULE

(1) The weighted average interest rate for unsecured debt was calculated using the current swapped notional amount of \$1.025 billion of debt, and excludes any fair market value premiums or discounts and also excludes the amortization of deferred financing fees and debt issuance costs incurred in obtaining debt. As of September 30, 2025, one-month term SOFR for the unsecured term loans A, G, H, and I was swapped to a fixed rate of 1.31%, 0.95%, 2.50%, and 2.66%, respectively. As of September 30, 2025, daily SOFR for the unsecured term loan F was swapped to a fixed rate of 3.98%. Daily SOFR for the unsecured term loan G will be swapped to a fixed rate of 3.09% effective February 5, 2026.

(2) The maturity date for the unsecured term loan F is March 25, 2027, or such later date as may be extended pursuant to two one-year extension options exercisable by the Company in its discretion upon advance written notice. Exercise of each one-year option is subject to the following conditions: (i) absence of a default immediately before the extension and immediately after giving effect to the extension, (ii) accuracy of representations and warranties as of the extension date (both immediately before and after the extension), as if made on the extension date, and (iii) payment of a fee. Neither extension option is subject to lender consent, assuming proper notice and satisfaction of the conditions.

(3) The maturity date for the unsecured credit facility is September 8, 2028, or such later date as may be extended pursuant to two six-month extension options exercisable by the Company in its discretion upon advance written notice. Exercise of each six-month option is subject to the following conditions: (i) absence of a default immediately before the extension and immediately after giving effect to the extension, (ii) accuracy of representations and warranties as of the extension date (both immediately before and after the extension), as if made on the extension date, and (iii) payment of a fee. Neither extension option is subject to lender consent, assuming proper notice and satisfaction of the conditions.

(4) The maturity date for the unsecured term loan G is March 15, 2030, or such later date as may be extended pursuant to one one-year extension option exercisable by the Company in its discretion upon advance written notice. Exercise of the one-year extension option is subject to the following conditions: (i) absence of a default immediately before the extension and immediately after giving effect to the extension, (ii) accuracy of representations and warranties as of the extension date (both immediately before and after the extension), as if made on the extension date, and (iii) payment of a fee. The extension option is not subject to lender consent, assuming proper notice and satisfaction of the conditions.

GUIDANCE

| 2025 GUIDANCE | | | | |
|----------------------------------|----------------|----------------|----------------|----------------|
| | As of Q3 | | As of Q2 | |
| | Low | High | Low | High |
| Core FFO per share | \$2.52 | \$2.54 | \$2.48 | \$2.52 |
| Acquisition volume | \$350 million | \$500 million | \$350 million | \$650 million |
| Stabilized Capitalization Rate | 6.25% | 6.75% | 6.25% | 6.75% |
| Disposition volume | \$100 million | \$200 million | \$100 million | \$200 million |
| Same Store Cash NOI Change | 4.00% | 4.25% | 3.75% | 4.00% |
| Retention | 75% | | 75% | |
| General & administrative expense | \$51.0 million | \$52.0 million | \$52.0 million | \$53.0 million |

Acquisition Capital Expenditures: We define Acquisition Capital Expenditures as capital expenditures identified at the time of acquisition. Acquisition Capital Expenditures also include new lease commissions and tenant improvements for space that was not occupied under the Company's ownership.

Annualized Base Rental Revenue: We define Annualized Base Rental Revenue as the monthly base cash rent for the applicable property or properties (which is different from rent calculated in accordance with GAAP for purposes of our financial statements), multiplied by 12. If a tenant is in a free rent period, the annualized rent is calculated based on the first contractual monthly base rent amount multiplied by 12.

Cash Available for Distribution: Cash Available for Distribution represents Core FFO, excluding non-rental property depreciation and amortization, straight-line rent adjustments, non-cash portion of interest expense, non-cash compensation expense, and deducts capital expenditures reimbursed by tenants, capital expenditures, leasing commissions and tenant improvements, and severance costs.

Cash Available for Distribution should not be considered as an alternative to net income (determined in accordance with GAAP) as an indication of our performance, and we believe that to understand our performance further, these measurements should be compared with our reported net income or net loss in accordance with GAAP, as presented in our consolidated financial statements.

Cash Available for Distribution excludes, among other items, depreciation and amortization and capture neither the changes in the value of our buildings that result from use or market conditions of our buildings, all of which have real economic effects and could materially impact our results from operations, the utility of these measures as measures of our performance is limited. In addition, our calculation of Cash Available for Distribution may not be comparable to similarly titled measures disclosed by other REITs.

Cash Capitalization Rate: We define Cash Capitalization Rate as calculated by dividing (i) the Company's estimate of year one cash net operating income from the applicable property's operations stabilized for occupancy (post-lease-up for vacant properties), which does not include termination income, solar income, miscellaneous other income, capital expenditures, general and administrative costs, reserves, tenant improvements and leasing commissions, credit loss, or vacancy loss, by (ii) the GAAP purchase price plus estimated Acquisition Capital Expenditures. These Capitalization Rate estimates are subject to risks, uncertainties, and assumptions and are not guarantees of future performance, which may be affected by known and unknown risks, trends, uncertainties, and factors that are beyond our control, including those risk factors contained in our Annual Report on Form 10-K for the year ended December 31, 2024.

Cash Rent Change: We define Cash Rent Change as the percentage change in the base rent of the lease commenced during the period compared to the base rent of the Comparable Lease for assets included in the Operating Portfolio. The calculation compares the first base rent payment due after the lease commencement date compared to the base rent of the last monthly payment due prior to the termination of the lease, excluding holdover rent. Rent under gross or similar type leases are converted to a net rent based on an estimate of the applicable recoverable expenses.

Comparable Lease: We define a Comparable Lease as a lease in the same space with a similar lease structure as compared to the previous in-place lease, excluding new leases for space that was not occupied under our ownership.

Earnings before Interest, Taxes, Depreciation, and Amortization for Real Estate (EBITDAre), Adjusted EBITDAre, Annualized Adjusted EBITDAre, Run Rate Adjusted EBITDAre, and Annualized Run Rate Adjusted EBITDAre: We define EBITDAre in accordance with the standards established by the National Association of Real Estate Investment Trusts ("NAREIT"). EBITDAre represents net income (loss) (computed in accordance with GAAP) before interest expense, interest and other income, tax, depreciation and amortization, gains or losses on the sale of rental property, and loss on impairments. Adjusted EBITDAre further excludes straight-line rent adjustments, non-cash compensation expense, amortization of above and below market leases, net, gain (loss) on involuntary conversion, debt extinguishment and modification expenses, and other non-recurring items.

We define Annualized Adjusted EBITDAre as Adjusted EBITDAre multiplied by four.

We define Run Rate Adjusted EBITDAre as Adjusted EBITDAre plus incremental Adjusted EBITDAre adjusted for a full period of acquisitions and dispositions. Run Rate Adjusted EBITDAre does not reflect the Company's historical results and does not predict future results, which may be substantially different.

We define Annualized Run Rate Adjusted EBITDAre as Run Rate Adjusted EBITDAre excluding allowable one-time items multiplied by four plus allowable one-time items.

EBITDAre, Adjusted EBITDAre, and Run Rate Adjusted EBITDAre should not be considered as an alternative to net income (determined in accordance with GAAP) as an indication of our performance, and we believe that to understand our performance further, EBITDAre, Adjusted EBITDAre, and Run Rate Adjusted EBITDAre should be compared with our reported net income or net loss in accordance with GAAP, as presented in our consolidated financial statements. We believe that EBITDAre, Adjusted EBITDAre, and Run Rate Adjusted EBITDAre are helpful to investors as supplemental measures of the operating performance of a real estate company because they are direct measures of the actual operating results of our properties. We also use these measures in ratios to compare our performance to that of our industry peers.

Enterprise Value: We define Enterprise Value as the Company's total Equity Market Capitalization, plus Net Debt.

Equity Market Capitalization: We define Equity Market Capitalization as the Company's total outstanding shares and units, less performance units, multiplied by the Company's closing share price.

Expected Stabilized Yield: We define Expected Stabilized Yield as calculated by dividing (i) the Company's estimate of year one cash net operating income from the applicable property's operations stabilized for occupancy (post-lease-up), which does not include termination income, solar income, miscellaneous other income, capital expenditures, general and administrative costs, reserves, tenant improvements and leasing commissions, credit loss, or vacancy loss, by (ii) the land and costs of developing the property capitalized in accordance with GAAP.

Fixed Charge Coverage Ratio: We define the Fixed Charge Coverage Ratio as Adjusted EBITDAre divided by cash interest expense, preferred dividends paid and principal payments.

Funds from Operations (FFO) and Core FFO: We define FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts ("NAREIT"). FFO represents net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciable operating property, gains (losses) from sales of land, impairment write-downs of depreciable real estate, rental property depreciation and amortization (excluding amortization of deferred financing costs and fair market value of debt adjustment) and after adjustments for unconsolidated partnerships and joint ventures. Core FFO excludes debt extinguishment and modification expenses and other expenses, gain (loss) on involuntary conversion, gain (loss) on swap ineffectiveness, and non-recurring other expenses.

None of FFO or Core FFO should be considered as an alternative to net income (determined in accordance with GAAP) as an indication of our performance, and we believe that to understand our performance further, these measurements should be compared with our reported net income or net loss in accordance with GAAP, as presented in our consolidated financial statements. We use FFO as a supplemental performance measure because it is a widely recognized measure of the performance of REITs. FFO may be used by investors as a basis to compare our operating performance with that of other REITs. We and investors may use Core FFO similarly as FFO.

However, because FFO and Core FFO exclude, among other items, depreciation and amortization and capture neither the changes in the value of our buildings that result from use or market conditions of our buildings, all of which have real economic effects and could materially impact our results from operations, the utility of these measures as measures of our performance is limited. In addition, other REITs may not calculate FFO in accordance with the NAREIT definition as we do, and, accordingly, our FFO may not be comparable to such other REITs' FFO. Similarly, our calculation of Core FFO may not be comparable to similarly titled measures disclosed by other REITs.

GAAP: We define GAAP as generally accepted accounting principles in the United States.

Liquidity: We define Liquidity as the amount of aggregate undrawn nominal commitments the Company could immediately borrow under the Company's unsecured debt instruments, consistent with the financial covenants, plus unrestricted cash balances.

Market: We define Market as the market defined by CBRE-EA based on the building address. If the building is located outside of a CBRE-EA defined market, the city and state is reflected.

Net Debt: We define Net Debt as the outstanding principal balance of the Company's total debt, less cash and cash equivalents.

Net operating income (NOI), Cash NOI, and Run Rate Cash NOI: We define NOI as rental income, including reimbursements, less property expenses, which excludes depreciation, amortization, loss on impairments, general and administrative expenses, interest expense, interest income, gain (loss) on involuntary conversion, debt extinguishment and modification expenses, gain on sales of rental property, and other expenses.

We define Cash NOI as NOI less rental property straight-line rent adjustments and less amortization of above and below market leases, net.

We define Run Rate Cash NOI as Cash NOI plus Cash NOI adjusted for a full period of acquisitions and dispositions, less cash termination income, solar income and revenue associated with one-time tenant reimbursements of capital expenditures. Run Rate Cash NOI does not reflect the Company's historical results and does not predict future results, which may be substantially different.

We consider NOI, Cash NOI and Run Rate Cash NOI to be appropriate supplemental performance measures to net income because we believe they help us, and investors understand the core operations of our buildings. None of these measures should be considered as an alternative to net income (determined in accordance with GAAP) as an indication of our performance, and we believe that to understand our performance further, these measurements should be compared with our reported net income or net loss in accordance with GAAP, as presented in our consolidated financial statements. Further, our calculations of NOI, Cash NOI and Run Rate NOI may not be comparable to similarly titled measures disclosed by other REITs.

Occupancy Rate: We define Occupancy Rate as the percentage of total leasable square footage for which either revenue recognition has commenced in accordance with GAAP or the lease term has commenced as of the close of the reporting period, whichever occurs earlier.

Operating Portfolio: We define the Operating Portfolio as all buildings that were acquired stabilized or have achieved Stabilization. The Operating Portfolio excludes non-core flex/office buildings, buildings contained in the Value Add Portfolio, and buildings classified as held for sale.

Pipeline: We define Pipeline as a point in time measure that includes all of the transactions under consideration by the Company's acquisitions group that have passed the initial screening process. The pipeline also includes transactions under contract and transactions with non-binding LOIs.

Real Estate Cost Basis: We define Real Estate Cost Basis as the book value of rental property and deferred leasing intangibles, exclusive of the related accumulated depreciation and amortization.

Renewal Lease: We define a Renewal Lease as a lease signed by an existing tenant to extend the term for 12 months or more, including (i) a renewal of the same space as the current lease at lease expiration, (ii) a renewal of only a portion of the current space at lease expiration, or (iii) an early renewal or workout, which ultimately does extend the original term for 12 months or more.

Repositioning: We define Repositioning as significant capital improvements made to improve the functionality of a building without causing material disruption to the tenant or Occupancy Rate. Buildings undergoing Repositioning remain in the Operating Portfolio.

Retention: We define Retention as the percentage determined by taking Renewal Lease square footage commencing in the period divided by square footage of leases expiring in the period for assets included in the Operating Portfolio.

Same Store: We define Same Store properties as properties that were in the Operating Portfolio for the entirety of the comparative periods presented. The results for Same Store properties exclude termination fees, solar income, and revenue associated with one-time tenant reimbursements of capital expenditures. Same Store properties exclude Operating Portfolio properties with expansions placed into service or transferred from the Value Add Portfolio to the Operating Portfolio after January 1, 2024.

Stabilization: We define Stabilization for assets under development or redevelopment to occur as the earlier of achieving 90% occupancy or 12 months after completion. Stabilization for assets that were acquired and immediately added to the Value Add Portfolio occurs under the following:

- if acquired with less than 75% occupancy as of the acquisition date, Stabilization will occur upon the earlier of achieving 90% occupancy or 12 months from the acquisition date;
- if acquired and will be less than 75% occupied due to known move-outs within two years of the acquisition date, Stabilization will occur upon the earlier of achieving 90% occupancy after the known move-outs have occurred or 12 months after the known move-outs have occurred.

Straight-Line Capitalization Rate: We define Straight-Line Capitalization Rate as calculated by dividing (i) the Company's estimate of annual net operating income from the applicable property's operations stabilized for occupancy (post-lease-up for vacant properties), which is utilizing the average monthly base rent over the term of the lease and does not include termination income, solar income, miscellaneous other income, capital expenditures, general and administrative costs, reserves, tenant improvements and leasing commissions, credit loss, or vacancy loss, by (ii) the GAAP purchase price plus estimated Acquisition Capital Expenditures. These Capitalization Rate estimates are subject to risks, uncertainties, and assumptions and are not guarantees of future performance, which may be affected by known and unknown risks, trends, uncertainties, and factors that are beyond our control, including those risk factors contained in our Annual Report on Form 10-K for the year ended December 31, 2024.

Straight-Line Rent Change (SL Rent Change): We define SL Rent Change as the percentage change in the average monthly base rent over the term of the lease that commenced during the period compared to the Comparable Lease for assets included in the Operating Portfolio. Rent under gross or similar type leases are converted to a net rent based on an estimate of the applicable recoverable expenses, and this calculation excludes the impact of any holdover rent.

Value Add Portfolio: We define the Value Add Portfolio as properties that meet any of the following criteria:

- less than 75% occupied as of the acquisition date
- will be less than 75% occupied due to known move-outs within two years of the acquisition date;
- out of service with significant physical renovation of the asset;
- development.

Weighted Average Lease Term: We define Weighted Average Lease Term as the contractual lease term in years, assuming that tenants exercise no renewal options, purchase options, or early termination rights, as of the lease start date weighted by square footage. Weighted Average Lease Term related to acquired assets reflects the remaining lease term in years as of the acquisition date weighted by square footage.
