Ingersoll Rand
An Update on Our Sustainability Initiative

August 6, 2021
Forward-Looking Statements

This presentation contains “forward-looking statements” as that term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995, including statements related to Ingersoll Rand Inc.’s (the “Company” or “Ingersoll Rand” and f/k/a Gardner Denver Holdings, Inc. or “Gardner Denver”) expectations regarding the performance of its business, its financial results, its liquidity and capital resources and other non-historical statements, including statements regarding the completed transaction (the “transaction”) between Ingersoll Rand plc’s Industrial segment ("Ingersoll Rand Industrial") and the Company and the Company’s sustainability and diversity, equity and inclusion initiatives. These forward-looking statements generally are identified by the words “believe,” “project,” “expect,” “anticipate,” “estimate,” “forecast,” “outlook,” “target,” “endeavor,” “seek,” “predict,” “intend,” “strategy,” “plan,” “may,” “could,” “should,” “will,” “would,” “will be,” “on track to” “will continue,” “will likely result,” or the negative thereof or variations thereon or similar terminology generally intended to identify forward-looking statements. All statements, other than historical facts, including, but not limited to, statements regarding the expected benefits of the transaction, including future financial and operating results and strategic benefits, the tax consequences of the transaction, and the combined company’s plans, objectives, expectations and intentions, the potential impact of the coronavirus (COVID-19) pandemic on the Company’s business and any assumptions underlying any of the foregoing, are forward-looking statements.

These forward-looking statements are based on Ingersoll Rand’s current expectations and are subject to risks and uncertainties, which may cause actual results to differ materially from these current expectations. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or anticipated by such forward-looking statements. The inclusion of such statements should not be regarded as a representation that such plans, estimates or expectations will be achieved. Important factors that could cause actual results to differ materially from such plans, estimates or expectations include, among others, (1) the impact on the Company’s business, suppliers and customers and global economic conditions of the COVID-19 pandemic; (2) unexpected costs, charges or expenses resulting from the transaction; (3) uncertainty of the expected financial performance of the combined company following completion of the transaction; (4) failure to realize the anticipated benefits of the proposed transaction, including as a result of delay in integrating the businesses of Gardner Denver and Ingersoll Rand Industrial; (5) the ability of the combined company to implement its business strategy; (6) difficulties and delays in the combined company achieving revenue and cost synergies; (7) inability of the combined company to retain and hire key personnel; (8) evolving legal, regulatory and tax regimes; (9) changes in general economic and/or industry specific conditions; (10) actions by third parties, including government agencies; (11) adverse impact on our operations and financial performance due to natural disaster, catastrophe, pandemic or other events outside of our control; and (12) other risk factors detailed from time to time in Ingersoll Rand’s reports filed with the Securities and Exchange Commission (the “SEC”), including Ingersoll Rand’s annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and other documents filed with the SEC, which are available on the SEC’s website at http://www.sec.gov. The foregoing list of important factors is not exclusive.

Any forward-looking statements speak only as of the date of this presentation. Ingersoll Rand undertakes no obligation to update any forward-looking statements, whether as a result of new information or development, future events or otherwise, except as required by law. Readers are cautioned not to place undue reliance on any of these forward-looking statements.
Today’s Focus and Hosts

1. Provide an overview of Sustainability strategy and governance alignment
2. Show how IRX helps operationalize Sustainability and achieve targets
3. Highlight progress on materiality topics
4. Answer questions related to our Sustainability efforts

2020 Sustainability Report published July 15, 2021

Entrepreneurial spirit. Ownership mindset. Sustainability focus.

Advancing ESG Efforts through Relentless Execution of IRX

2020

Established Key Focus Areas
- Operated effectively during COVID-19 crisis to keep employees safe and deliver for our customers
- Signatory to CEO Action for Diversity and Inclusion; 
  50% diverse Board of Directors (ethnicity and gender)
- Completed ESG materiality assessment
- Published 2019 Sustainability Report

Acted as Owners in Stewardship of Employee, Customer and Environmental Outcomes
- Launched 2025 Diversity, Equity & Inclusion goals; 
  43% diverse extended leadership team
- Established 2030 & 2050 environmental goals
- Incorporated energy efficiency metrics in new product development processes
- Made meaningful shareholder-empowering changes in Board governance practices
- Published 2020 Sustainability Report

2021

2022+

Accelerate IR Commitment to Sustainably Serving All Stakeholders
- Execute on ambitious 2025 Diversity, Equity & Inclusion goals
- Deliver on milestones towards 2030 & 2050 environmental targets
- Continue to leverage IRX to ensure ESG leadership and advantage
IRX is a Proven Playbook at IR – Executing on $300M Synergy Target

**IMPACT Daily Management (IDM)**

- Cross functional teams focus on “improvement bridge” goals and execution
- 100-day sprints on prioritized areas of focus, with “leading” and “lagging” KPIs
- Constant countermeasuring and problem solving opportunities
- Run in weekly 40 minute sessions
- Outcome = new standard work going into next 100-day cycle

We expected to be able to realize anticipated cost synergies of ~$250M by the end of year 3 after closing the transaction and then increased $50M to ~$300M. We expect to incur ~$450M of expense in connection with both achieving these cost synergies and the associated stand-up of the new company. Amounts set forth herein impacted by material spend are based on 2019 direct material spend. Excluded transaction costs.

Strong execution through IRX resulted in increased synergy target

Estimated One-Time Costs of ~$350M to Achieve Cost Synergies and ~$100M for Associated Stand-up of New Company

Estimated One-Time Costs of ~$350M to Associated Stand-up of New Company

1. We expected to be able to realize anticipated cost synergies of ~$250M by the end of year 3 after closing the transaction and then increased $50M to ~$300M. We expect to incur ~$450M of expense in connection with both achieving these cost synergies and the associated stand-up of the new company. Amounts set forth herein impacted by material spend are based on 2019 direct material spend. Excluded transaction costs.

Deploying IRX to Close Gap with ESG Rating Agencies and Improve Sustainability Reporting

**ESG Rating Agency Improvement Plan**

1. Closing gap to deliver improved data and more transparency for ESG rating agencies
2. Delivering YoY improvement across 13 identified areas of focus
3. Attaining specific accomplishments of project deliverables by functional areas, owner and target date

**13-Week Achievements & Impact (IDM completed July 2021):**

- Defined, documented and actioned areas of improvement, demonstrating to the ESG Rating Agencies what targets we are driving to in 2022+
Our Approach to ESG is Grounded In Our Analysis of What Is Material To Our Business

Our Materiality Factors

Employees and Livelihood Matters

Our associates are the bedrock of Ingersoll Rand; their safety and engagement are paramount to our success and all other sustainability programs are delivered through their inspired efforts.

Sustainability Stewardship through Product Innovation

We provide customers with the sustainable products they need, growing our business through the creation of innovative customer solutions, new products and services and associated technologies.

Energy Usage

Reducing energy use of our products and in our operations offers positive value and return to our customers and the company, while also mitigating climate change.

1. Based on 2019 Materiality Assessment, which we will conduct every five years to reassess key stakeholder views from baseline study.
We Believe Inspired Employees are Vital To Everything We Achieve

Focused Commitment on Employees…

- Invested in employees through Equity Grant
  - $150 Million awarded | 16,000 owners | Equity 101 training
  - Nearly 150% increase in value of 2017 Gardner Denver all-employee equity grant\(^1\)
  - Employees helped grow the company and reaped the rewards financially
- Positive employee engagement measures continue to climb
- Solidifying industry leadership on Diversity, Equity & Inclusion culture

…Leading to Stronger Engagement, Diversity and Belonging Trends

“Thanks to this company, a kid from a Pakistani orphanage bought a house and developed a rewarding career! Everything is possible and this is just the start!”
– Rizwan (“Rizzy”) Rabbani ITS EMEIA employee

---

\(^1\) Last all-employee grant took place on May 12, 2017 with grant value equal to $20.00/share. Nearly 150% return is based off the closing price of Ingersoll Rand Inc. common stock on August 3, 2021 of $49.67/share. Past performance of Ingersoll Rand stock is no guarantee of future results.
Established Diversity, Equity and Inclusion Strategy with Three Focus Areas and Supporting Goals

<table>
<thead>
<tr>
<th>REPRESENTATION</th>
<th>ADVANCEMENT</th>
<th>EXPERIENCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Balancing Global Representation</td>
<td>Fostering Inspired Teams</td>
<td>Belonging is Our Standard</td>
</tr>
</tbody>
</table>

- Increase representation for under-represented (URT) * employee groups
- Help navigate career paths and ensure equal opportunities
- Foster a sense of belonging and build global networks / relationships

### 2025 Goals

<table>
<thead>
<tr>
<th>REPRESENTATION</th>
<th>ADVANCEMENT</th>
<th>EXPERIENCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Increase under-represented talent in the U.S. workforce to at least 30%</td>
<td>• Increase “growth” and “equal opportunity” on employee engagement survey to top percentile ranking among all companies</td>
<td>• Increase “belonging” on employee engagement survey to top percentile ranking among all companies</td>
</tr>
<tr>
<td>• Increase global employment of women to at least 25%</td>
<td></td>
<td>• Build networks, mentoring and sponsorships</td>
</tr>
</tbody>
</table>

### Enabling Initiatives

<table>
<thead>
<tr>
<th>REPRESENTATION</th>
<th>ADVANCEMENT</th>
<th>EXPERIENCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Diversity sourcing strategy and action plan</td>
<td>• Employee confidence in career advancement regardless of ethnicity or gender</td>
<td>• Expansion and annual programming of Inclusion Groups</td>
</tr>
<tr>
<td>• Platform to support diversity hiring, tracking and reporting</td>
<td>• E-learning platform</td>
<td>• Mentoring programs</td>
</tr>
<tr>
<td></td>
<td>• Leadership competency model aligned with DE&amp;I</td>
<td>• Unconscious Bias training and DE&amp;I learning path</td>
</tr>
<tr>
<td></td>
<td>• Structured career paths for all roles</td>
<td></td>
</tr>
</tbody>
</table>

*Under-represented talent is defined as Black or African American, Hispanic or LatinX, Asian, American Indian, Alaska Native, Native Hawaiian. Source: Management Leaders for Tomorrow (“MLT”)
Early momentum is gained by focusing on “leading” activity-based KPIs across three focus areas

- Focus on Representation
- Focus on Career Development
- Focus on Employee Engagement

### 100-Day Success Defined By:
- Achieving DE&I goals with clear baseline metrics and processes
- Focusing on “leading KPIs” – i.e. diverse slates and interviewing panels for open positions
- Establishing dashboards for development, promotions and internal fill rate

### 8-Week Achievements (To Date) & IMPACT:
- Diverse slates and interview teams have increased and are measured at business unit level
- Voluntary turnover for under-represented & female talent is down
- Individual developmental plan participation and quality improvement
- Leader communication plan established and will be launched across IR by end of Q3
Global Citizenship Aligns with Our Value to Think and Act Like Owners of Our Business, Communities and Planet

Lean on us
To help you make life better

We are driven by an entrepreneurial spirit and an ownership mindset, inspiring us to care deeply about our neighbors and shared planet.

SOCIAL STRATEGIC PARTNERSHIPS

FOCUS AREA

Sustainable Development and Community Infrastructure

Engineers Without Borders:
Build a better world
Empower communities to meet their basic human needs and equip leaders to solve the world’s most pressing challenges
Driving Greater Customer Engagement Through Sustainability-Inspired Innovation

~30% of Revenue (~$1.5B) Generated from Products that are Related to Water\(^1\)

### Comprehensive Water and Wastewater Product Portfolio

**Industrial Technologies & Services**
- Aeration | Filter backwash
- Gas boosting | Combustion Air
- Dewatering | Air and gas boosting

**Precision & Science Technologies**
- Chemical injection | Polymer preparation
- Mixing and agitation
- Coagulant measurement
- pH and water conditioning
- Continuous injection

**ARO**
- Chemical transfer
- Proportional injection

**Dosatron Water-powered Chemical Injectors**
Dostaron water-powered, nonelectrical pumps provide a reliable and efficient manner to inject chemicals into water lines. Dostaron’s specialized technology ensures that chemical mixtures remain consistent regardless of pressure and flow making the technology well-suited for end markets such as animal health, hydroponic nutrient delivery, water treatment and food safety & sanitation.

### Runtech Systems
Since acquisition (2017):
- **Increased installed base > 65%**
- **Launched new products** such as RunEco EP Turbo Blowers, designed to operate efficiently across a wide range of vacuum levels and air flows, and offer a proven, energy-efficient, completely water-free vacuum solution with significant heat recovery potential for paper, board and tissue machines.

### Runtech Sustainability Highlights\(^1\)
- **45%** Average energy savings per installation
- **7B+ gallons** Water savings per year (across all global installations)

### Dosatron Sustainability Highlights
- **100%** Water power – no electricity or fossil fuels required
- **80%** Repairable resulting in less waste-to-landfill

<table>
<thead>
<tr>
<th>Strong Synergy Potential</th>
<th>Seepex</th>
<th>Maximus Solutions</th>
</tr>
</thead>
<tbody>
<tr>
<td>✓ Well positioned suite of solutions in targeted verticals including environmental, food and beverage, and chemical</td>
<td>✓ Adds system-level controls and digital connectivity to equipment (including IR’s Dosatron® smart dosing pump system) utilized in an AgriTech facility, resulting in improved facility efficiency and increased production</td>
<td></td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Enhance Digital Capabilities</th>
<th>Seepex</th>
<th>Maximus Solutions</th>
</tr>
</thead>
<tbody>
<tr>
<td>✓ Scalable IIoT software and hardware platform enables various digital revenue streams, from e-commerce to full scale SaaS</td>
<td>✓ Leading controls and IIoT technologies and experience that can be leveraged across Ingersoll Rand</td>
<td></td>
</tr>
</tbody>
</table>

Recent Acquisitions Aligned with Sustainability Megatrends, Supporting Growth Strategy

These combined acquisitions expected to **grow PST addressable market by an estimated 40% and hold significant upside synergy potential** that is expected to yield **single digit post-synergy Adjusted EBITDA purchase multiples** (including flow through from organic growth) by year three.
Established Aggressive Yet Achievable Goals to Do Our Part In Environmental Stewardship

Energy Impact

- **Net Zero** Greenhouse Gas (GHG) Emissions by 2050
- **100%** Renewable Energy by 2030
- **60%** GHG Emissions Reduction by 2030
- **>15%** GHG Emissions Reduction from IR Products

Ingersoll Rand 2030 & 2050 Environmental Goals

- **Water Conservation** by 2030
  - 17% use reduction
  - >1B gallons recycled or saved annually using IR products

- **Waste Reduction** by 2030
  - >50% of sites zero waste to landfill
Deploying IRX to Operationalize Sustainability by Site

Establishing a clear plan site-by-site to reach 2030 energy, water and waste environmental goals

100-Day Success Defined By:

- Goals deployed by business unit and site for 2022 - 2025 for energy, water and waste; including ownership by location
- Energy waste and water management standard work is developed and deployed for reducing resource consumption at all sites
- A toolbox of execution resources developed and communicated to all sites globally
- Methods for sharing successes and pilot results are in place for scaling to other sites

2-Week Achievements & IMPACT (IDM launched July 2021):

- IDM Team (and sub teams) formed (cross functional, multi level), measurements (KPIs) and areas of focus established by business unit and geography for critical areas of focus
The Past Year’s Sustainability Accomplishments Fuel Our Future Success…

1. Began Our Sustainability Journey In Earnest in 2020; Significant Progress Made Utilizing IRX

2. Leadership, Employees and Board Aligned on Affecting Positive Change Across Environmental, Social and Governance Matters Material to Ingersoll Rand

3. Driving Sustainability Mindset Across Strategy, Operations and Capital Deployment Activities

4. Committed to Remaining Authentic to Our Purpose and Values and Delivering on Key ESG Goals
