**15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis** ▶ The quantitative effect of the organizational action is four .125 per share cash distributions with respect to stock. These distributions were originally estimated to be non-taxable dividends (e.g. returns of capital); however, upon final analysis, the distributions should be treated as taxable dividends. Taxpayers should make appropriate adjustments to their tax basis in their Coty stock to reflect this revised treatment.

---

**16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates** ▶ NA
