Dow Inc. and The Dow Chemical Company (together, "Dow")

Financial Metrics and Non-GAAP Measures

Some Dow communications or presentations to investors contain certain financial measures that are not defined under accounting principles generally accepted in the United States of America ("GAAP"). Non-GAAP financial measures are clearly identified as such in all presentations in which they are included.

These non-GAAP financial measures exclude the impact of changes in accounting principles, certain gains and losses on the sale of assets, restructuring charges and certain other items. Dow believes that the non-GAAP financial measures presented with these adjustments best reflect the ongoing performance of the Company during the periods presented and are more useful to investors for comparative analyses. These measures should not be viewed as an alternative to GAAP financial measures. Furthermore, these non-GAAP financial measures may not be consistent with similar measures provided or used by other companies.

For a reconciliation between the bases for these non-GAAP financial measures and the most directly comparable GAAP financial measures, please see the following tables.
